

1.6
SEDICI

Welcome to the new Fiat Sedici, a city-slicker SUV which offers both 4x4 on demand drive and pared-down dimensions making it a winner, whatever the terrain.

With a length of 411 cm, width of 176 cm and height of 162 cm, the Sedici is a compact SUV ideal for running around town and taking off-the-beaten-track.

A new range of engines ensures Sedici is compliant with Euro 5 emission standards, offering both excellent fuel economy and low CO2 emissions.

The 1.6 16v 120 hp petrol engine or 2.0 MultiJet 16v 135 hp diesel engine with particulate filter, teamed with five and six speed gearboxes respectively, ensure that Sedici delivers refinement and dynamic performance in any situation.

Available with switchable four wheel drive, Sedici is just as at home on the rough stuff as it is tackling the urban bustle of the city streets. The innovative on demand drive system provides three settings of adjustment, ensuring that whatever the road surface or weather conditions, you can be confident of Sedici's dynamic on and off-road prowess.

Mud, sand and snow

In the 'LOCK' position, drive is permanently distributed '50/50' between the front and rear axles, bringing you safe and secure starts in extreme conditions. The system remains engaged until your speed reaches 37mph at which point the AUTO mode engages automatically.

Dirt tracks and wet roads

With the switch in the AUTO position, drive is normally transferred to the front wheels, but when there is less grip, the system goes 4x4, distributing power between the front and rear axles, wherever it's needed most.

City and motorway

With the switch in the 2WD position, drive is only transmitted to the front wheels for fuel efficient everyday journeys.

Interior and exterior colours

121 Striped Grey Cloth

150 Perforated Brown Cloth

495 Brown Leather

423 Black Leather

Rugged and dynamic, comfortable and refined, the Sedici's personality encapsulates all the energy and good looks of a modern style icon. Additionally, there are many accessories to choose from for your Sedici, giving you plenty of opportunity to add personal flair and luxury to your car.

The Sedici's appeal continues inside the car. The dashboard ergonomics place the controls at your fingertips, while the whole cabin is bright and airy. Flexible reclining seats, featuring a 60/40 split configuration, can be swiftly folded to reveal a large luggage area.

Tough on the outside and tough on the inside, the Sedici is thoroughly equipped with an extensive range of safety features to protect you and your family. Seat belt pretensioners, ABS with EBD, Isofix child seat anchors on rear seats and multiple airbags as standard, ensure that Sedici delivers peak protection.
