# Financial Services.

The 500 range can be completely personalised, even in the choice of financing and leasing solutions, offering various options that can be adapted to suit individual needs.

 Financing for those who always want to drive a new car with the freedom to choose from 3 different end of contract options :part exchange your car and replace it with a new one, return it without any obligation to buy another\* or hold on to it by paying the final remaining instalment or by refinancing. Ideal for who always want to drive a new car, maintaining its actual use only.

 An original and “fresh” finance pack is available for the new Fiat 500 C. It combines a very competitive Fiat I-deal offer with aggressive monthly payments together with a ‘Beauty Treatment’ service for the car for free. This service has been designed for you to maintain your car in the same beautiful condition when you first buy it and also to clean, preserve and protect fabric roof of your Fiat 500 C.

\* If you opt to return your car you’ll just need to make sure that you haven’t gone over your agreed mileage and your car is in good condition.

# Fiat customer benefits

When you buy a new Fiat, you buy more than just a car. Behind every car we sell there is the reassurance of a whole range of customer benefits and services designed to make the ownership of your Fiat as enjoyable, affordable and trouble free as possible.
