SUPER 4WD NATURAL.

FOR A SERIOUS EXPLORATION OF WORLDLY WILDS, THE CAPABLE JEEP® PATRIOT EXPANDS YOUR VIEW WITH MODERN TOUCHES AND AN OFF-READY SOUL. AN ALL-WEATHER TRAVELLER WITH IMPRESSIVE FUEL ECONOMY THAT FEARS NO MUD, RAIN OR SAND, PATRIOT FULLY RETAINS IT'S AUTHENTIC JEEP BRAND ROOTS.

FREEDOM DRIVE™ 4WD SYSTEM

Go the extra distance thanks to the Jeep Freedom Drive™ active on-demand 4WD capability with LOCK mode. It features Electronically Controlled Coupling (ECC), which constantly monitors wheel slippage and transfers torque to the axle that can use it most. In tough conditions, the system can be locked 50/50 front/rear for added low-speed capability and control.

2.0-LITRE DOHC 16V ENGINE

The 2.0-litre four-cylinder engine cranks out a healthy 115 kW of power and 190 N.m of torque producing an impressive performance for an engine this size. It's matched to a 5-speed manual transmission or the available Constantly Variable Transmission (CVT). (4x2 models only).

2.4-LITRE DOHC 16V ENGINE

This powerhouse zooms off to deliver 125 kW of power supported by 220 N.m of torque. The engine's dual Variable Valve Timing electronically controls both intake and exhaust valves, four valves per cylinder (16V total), helping to improve power and encourage an economic performance. (4x4 models only).

CONSTANTLY VARIABLE TRANSMISSION (CVT)

The Continuously Variable Automatic Transaxle (CVT) with AutoStick uses a 30-mm high-strength multi-layer steel drive belt and two active V-pulleys to vary vehicle speed, resulting in a smooth and quiet ride. The AutoStick shifter puts optimal vehicle performance under your command.

PROVEN OFF-ROAD ADVENTURER

Patriot is built to help you maintain traction and control on the toughest terrain and keep you moving on the steep slopes and slippery conditions. It also has the help- of four-wheel independent touring-tuned suspension which improves on-road handling and cornering and helps to provide a smooth and even ride.

GUARDIAN HERO.

PATRIOT'S EMPHASIS ON PASSENGER SAFETY AND SECURITY IS EVIDENT WITH IT'S THIRTY PLUS AVAILABLE FEATURES THAT GUARD AND PROTECT. FROM IT'S ADVANCED ELECTRONIC STABILITY CONTROL (ESC)⁽¹⁾ TO IT'S TYRE PRESSURE MONITORING SYSTEM, PATRIOT WORKS TO KEEP YOU SAFELY MOVING FORWARD. YOUR ALL-WEATHER HERO IS ALWAYS ON DUTY COME RAIN, HAIL OR SHINE.

ELECTRONIC STABILITY CONTROL (ESC)⁽¹⁾ An advanced system designed to assist drivers in maintaining control of their vehicle at all times. It integrates a four-wheel anti-lock brake system (ABS) with hydraulic Brake Assist, All-speed Traction Control (ASTC) and Electronic Roll Mitigation (ERM) to constantly monitor driver input against the vehicle's actual course. When needed, the system automatically helps provide braking to the appropriate wheels and reduces engine power when overly sharp steering and/or impending wheel lift is detected.

TYRE PRESSURE MONITORING DISPLAY.

Embedded sensors monitor the pressure in the tyres and immediately notify the driver when levels drop below the minimum acceptable level (packaged in Safety and Comfort Group).

SAFETY CAGE. A Jeep® engineered safety cage structure contains a front crumple zone specifically designed to absorb energy during a frontal impact.

HILL START ASSIST (HSA). This system works to prevent Patriot from rolling away when starting the vehicle on an up or downhill gradient. It holds the vehicle stationary for two seconds after the driver's foot is removed from the brake pedal, allowing time to apply the throttle (packaged with manual transmission).

SENTRY KEY.[®] A unique embedded key code matched only to your vehicle helps keep your Patriot safely where it belongs.

ADVANCED MULTI-STAGE FRONT AND SIDE-CURTAIN AIR BAGS.⁽²⁾ These air bags provide nearly instantaneous occupant protection by matching air bag output to crash severity.

SUPPLEMENTAL SEAT MOUNTED SIDE AIR BAGS.⁽²⁾ These deploy from the outboard side of each front seat to enhance protection of the driver and front passenger in certain impacts. Each side air bag has it's own sensor to autonomously trigger the air bag on the side where the impact occurs (packaged with Safety and Comfort Group).

FRONT-SEAT ACTIVE HEAD RESTRAINTS.

In the event of a rear-end collision, the head restraints move forward and upward to decrease the space between the head restraint and occupant's head, thereby helping to reduce the chance of injury.

HALOGEN HEADLAMPS AND FOG LAMPS.

These bright sources of light improve down-road visibility at night or during inclement weather (Front fog lamps packaged in Comfort and Convenience Group on Sport).

(1) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (2) Always sit properly in the seat with the seat belt fastened. Always observe the passenger air bag indicator lamp to determine if the Occupant Classification System (OCS) is appropriate. Children 12 and under should always be in the backseat correctly using an infant or child restraint system or the seat belt positioned correctly for the child's age and weight.

INFORMED AND WELL-CONNECTED.

STAY IN TOUCH WITH THE PEOPLE, MUSIC AND DEVICES THAT MATTER MOST. UCONNECT™ IS AN INTUITIVE HUB FOR ALL OF YOUR MEDIA I.E. MOBILE PHONE, NAVIGATION SYSTEM AND MP3 PLAYER. YOU'LL STAY CONNECTED, INFORMED, ENTERTAINED, WHEREVER YOU GO.

ENTERTAINMENT. Managing all of your media and accessing your audio is available in six different ways. Get the sound going via CDs/DVDs, MP3s, remote USB port, auxiliary input jack, hard disc storage, Voice Command⁽¹⁾ and Bluetooth streaming audio.

PHONE. Talking on the phone while driving has never been easier, or more responsible. Uconnect Phone⁽²⁾ is an in-vehicle, voice-activated communication system that allows you to talk on your Bluetooth® compatible phone virtually hands-free. This clever system is also smart enough to synchronise with your Bluetooth compatible phone's address book with up to 1,000 entries. (Optional on Sport, Standard on Limited).

NAVIGATION. Enjoy safe travels with the available GPS Navigation,⁽³⁾ providing voice guidance and visual display. It can also locate nearby petrol stations, restaurants, shopping, hospitals or points of local interest. (Available on Limited only).

VOICE COMMAND. It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Vocally select radio stations, make and receive calls, select navigation⁽³⁾ destinations and record voice memos. This smart system technology can also be trained to better recognise your voice and can understand commands in English, French and Spanish. (Optional on Sport, Standard on Limited).

(1) Requires Uconnect Phone. (2) Must use Bluetooth compatible phone. (3) Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. See dealer for details.

MEDIA CENTRE 731N CD/DVD/MP3/HDD/NAV⁽¹⁾ RADIO. Go anywhere, hear everything with this top-of-the-range system. Hands-free communication lets you safely talk on the phone, text, or operate the navigation/radio. It arrives loaded with Bluetooth[®] streaming audio. (Only available on Limited).

A black SUV is driving on a cable-stayed bridge over a body of water. The bridge has multiple cables supporting the deck. The car is in the center of the frame, moving away from the viewer. The background shows a clear sky and distant hills.

ON-ROAD WARRIOR.

Patriot delivers a smooth and comfortable ride with solid help from its four-wheel independent suspension, with MacPherson struts up front and a multi-link system in the rear. These systems work together to ensure solid contact with the road, no matter what surface you're driving over. Patriot's rack-and-pinion power-assisted steering results in handling that's exact, nimble and responsive at all times.

Patriot Sport shown in True Blue Pearl.
(Front fog lamps packaged in Comfort and Convenience Group).

- 1 GO EVERYWHERE +** Dream destinations are possible, thanks to Genuine Jeep® Accessories by Mopar®. Shown: sport utility bars, roof top cargo basket, roof basket cargo net and front air deflector. Ensure that all cargo is properly secured.
- 2 FIND YOUR WAY +** The clever dome light above the cargo area doubles as a removable and rechargeable LED flashlight. Another convenient feature is the standard illuminated cup holders to help beverages land securely in the centre console.
- 3 EXCEPTIONAL STABILITY. +** Standard Electronic Stability Control (ESC)⁽¹⁾ includes Electronic Roll Mitigation (ERM) and Hill Start Assist (HSA)⁽²⁾. They all work together to help keep you moving safely in all types of weather.
- 4 GEAR UP +** When you're headed to the outback, you can take your toys with you by lowering the 60/40 split-folding reclining rear seats. You'll open up a roomy 1,357-litres of cargo volume.
