The new Fiat 500 Vintage '57 is directly inspired by the 50's. A homage to the first Fiat 500, made in 1957. Because delight, style and authenticity never go out of fashion, they return today more relevant than ever.

*More original
than the original.*

It's difficult to go unnoticed with a dress like this. A retro bicolour livery, with roof, aerial and mirror caps in white, to be combined with your preferred pastel shade. A precious jewel which will make everyone envious: from collectors to fashion bloggers.

Interiors in tobacco Frau leather with ivory inserts and finishing crafted in every detail, from the historic Fiat logo on the steering wheel to the ivory leather gear knob. All this gives the cabin that particular chic and retro style that makes the Fiat 500 Vintage '57 a unique icon.

Roaring underneath.

Whilst the style is vintage, the engine and the equipment are more up-to-date than ever. And thanks to the Start&Stop system, Fiat 500 Vintage '57 reduces consumptions and emissions: just another way to show its joy of life.
