

FOCUS

Go Further

START MORE THAN A CAR

The always crowd pleasing Focus is now even better – with sleek modern styling, 8-inch colour touchscreen with satellite navigation and a 5-star ANCAP safety rating (excludes Focus RS which is not rated).

START AN ADVENTURE

An all-new transmission and zippy efficient engine combined with Focus' agility and precision give you the most addictive driving experience you could ever wish for.

START COMPARING

You're not average, so why should your car be one-size-fits-all? Whether you're after thrilling performance, impressive technology or the utmost in comfort, there's a Focus for you, whatever turns you on.

A SMALL LESSON IN POWER

The RS badge is reserved for the best of the best and this car is no exception. All-Wheel Drive with Dynamic Torque Vectoring delivers new levels of handling capability and driver enjoyment, while the 2.3L EcoBoost Engine outputs up to 257kW of power.* Add sports tuned suspension, Brembo brakes and anti-roll bars and you've got a performance machine that puts its peers to shame.

CUTTING EDGE DESIGN

Focus combines style with ingenious design to achieve a progressive and athletic look.

Style comes standard. With a transformed front-end design, sharp detailing, and alloy wheels — the Focus is a distinctive presence wherever it goes.

Stand out from the crowd. The body styling kit* offers an aerodynamic rear spoiler, side skirts, and front and rear bumper extensions.

Safety meets style. LED daytime running lights* help make you more visible to other drivers, while the front fog lights give an athletic appearance.

Striking and sporty. The unique shark-fin LED tail lamps^ perfectly connect to the bodyline, creating a sense of energy from every angle.

Focus Titanium interior shown.

8-inch colour touchscreen.

Ambient lighting.

CLEAN AND MODERN

The clean, modern interior with intuitive controls plays a large role in delivering a superior driving experience.

A crystal clear 8-inch colour touchscreen displays everything from navigation information to videos and photos.

Integrated functionality with a centre console offering a USB port, 12-volt power socket, and adjustable cup holders, for improved storage capacity and greater convenience.

A sporty 3-spoke steering wheel perfectly compliments the streamlined interior.

A luxury feel is achieved with ambient lighting* bringing your interior to your life.

*Standard on Sport, Titanium, ST and RS models.

Titanium interior with SYNC® 3 shown.

EFFORTLESS CONTROL

The Focus does more than make life easier. It brings the world to you.

Just say the word. SYNC® does the rest.* Use simple voice commands to make calls, play music, use satellite navigation, and even have text messages read aloud.† SYNC® also includes an 8-inch colour touchscreen, a USB port, and Bluetooth®** connectivity.

Just go. With keyless entry and push button start‡ your keys never need to leave your pocket. Your Focus with keyless entry‡ senses the key fob in your pocket and unlocks the door. Once inside, put your foot on the brake, press the START/STOP button, and you're away.

Younger drivers in the family? MyKey™ lets you program the key fob to limit car settings — like top speed, audio volume and the ability to make and take calls.

Be cool. On a hot day, open all your windows and cool your car quickly before you even get in. Just press and hold a button on your key fob and all the windows open automatically.†

Push button start.

MyKey™

†Warning: Local laws prohibit some or all of the text messaging functions while driving. Check your local road rules before using these functions.
*Bluetooth® is a registered trademark of Bluetooth SIG Inc. and is used under licence. †Standard on Sport, Titanium, ST and RS models.
‡Not all features are compatible with all phones. SYNC® 3 standard on Focus Trend, Sport and Titanium vehicles. SYNC® 3 standard on ST and RS models commencing September 2016 production, all earlier Focus models have SYNC® 2 standard.

DRIVE WITH EASE

Cameras and sensors make parking easier than ever. Focus Titanium with Enhanced Active Park Assist** even enables you to park virtually hands free.

Perfect parking. Enhanced Active Park Assist** helps you find a parking space. Then it steers you in hands free. All you have to do is operate the accelerator, brake and gears. The perfect parallel or perpendicular park, every time.

We've got your back. The rear view camera turns on automatically when you put your Focus into reverse, helping you to see objects behind you, while the beep of the rear parking sensors tells you how close you are.

No worries. The freedom of the open road is even better with cruise control. At the same time, Focus' Speed Limiter helps you stay within speed limits.

CONTROL

SERIOUSLY FUN TO DRIVE

The Focus combines our latest engine and transmission technology to deliver a dynamic driving experience.

Best of both worlds. Why choose between power and fuel economy when you can have both? Focus' EcoBoost engine gives you the performance you want, with fuel economy you'll love.

Enjoy a smooth ride with all-new 6-speed automatic and manual transmissions.

Great handling. Sports suspension* connects you to the road like never before and delivers an exhilarating drive.

Smooth hill starts every time. Take your foot off the brake and Hill Launch Assist holds the brakes for a few seconds, allowing time for you to push the accelerator without rolling back.

Saves you money. When your Focus is at a standstill, Auto Start-Stop* automatically shuts down the engine, to reduce fuel use. Release the brake and the engine restarts.

ECOBOOST

Hill Launch Assist.

*Available on Sport and Titanium models only. *Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that this fuel consumption figure will be achieved in real world driving conditions. Actual fuel consumption will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. *Deactivation will not occur in all situations.

5-star ANCAP safety rating (Focus RS not rated).

Blind Spot Information System.

Focus Trend Sedan and Focus Titanium Hatch shown.

PEACE OF MIND

Focus is packed full of safety, driver assist and security features. So you can drive with greater confidence and peace of mind.

Safety comes standard – With Dynamic Stability Control,* Anti-lock Braking, MyKey and Reverse Camera available across the range.

Can help avoid a collision. Sensors scan the road ahead. If they detect a potential collision, Active City Stop[†] applies the brakes automatically to help avoid or minimise an impact.

Help when you need it. SYNC[®]'s Emergency Assistance calls emergency services[‡] and shares your exact GPS location in the unlikely event of an accident that shuts off the fuel pump or activates an airbag.

Your extra set of eyes. Blind Spot Information System^{††} with Rear Cross Traffic Alert (RCTA) can sense if a vehicle enters your blind spot and alerts you with indicator lights in the side mirrors. When reversing, it can also detect and alert you to vehicles approaching the rear of your vehicle from either side.

Added security. Focus comes with a standard Immobiliser, which helps reduce the risk of theft by ensuring your Focus won't start if your key is not present.

*Dynamic Stability Control is also known as Electronic Stability Control. †Standard on Titanium models, available as part of a Technology Pack for Trend, Sport and ST. ‡Active City Stop operates between speeds of 3.6km/h and 50km/h. It is not a substitute for driver alertness. Function may not operate in some driving and road conditions or adverse weather. ††Driver-assist features are supplemental and do not replace the driver's judgement. ‡To use Emergency Assistance, your phone must be paired and in mobile reception range. ‡‡Designed to operate at speeds over 10km/h.

Titanium Hatch

Titanium Sedan

Focus Trend interior shown.

Focus Trend

Available Body Styles

- Hatch (Manual/Automatic)
- Sedan (Automatic)

Mechanical

- 1.5L GTDi EcoBoost
- 132kW¹
- 240Nm¹

Exterior

- Active grille shutters
- Daytime running lights
- Fog lights (front)
- Headlights – Halogen
- Power mirrors with side indicator (body coloured)
- Rear spoiler (hatch)
- 16" alloy wheels
- 16" spare wheel – steel

Interior

- Carpet mat (driver)
- Centre console with storage bin and adjustable cup holders
- Climate control – manual
- Cruise control with speed limiting function
- Rear seat – 60:40 split back
- Rear seat – base cushion 1 piece flip up
- Remote key – flip
- Seat adjustment – 4 way manual (front)
- Seat Trim:
 - Insert – Dark Charcoal Black Cloth
 - Bolster – Charcoal Black Cloth
- Tilt and telescopic adjustable steering wheel
- Trip computer
- Vanity mirrors (front)
- Windows – power operated front/rear
- Wipers (front/rear)

Infotainment

- 8" colour touch screen
- Ford SYNC® 3 connectivity system with Applink™ and enhanced voice control²
- Bluetooth® mobile phone integration³
- iPod integration (3.5mm input)⁴
- Satellite navigation system

Infotainment continued

- Single CD with AM/FM with 6 speakers
- USB integration (2 ports)
- Apple CarPlay™ and Android Auto™ integration⁵

8. iPod is a trademark of Apple Inc. 9. Android Auto™ is a trademark of Google Inc. and requires a compatible version of Android (5.0 Lollipop or higher). Apple CarPlay™ is a trademark of Apple Inc. and requires a compatible version of iOS (iPhone 5 or higher) and a connection cable sold separately. Both services may require an active data service and charges may apply. Local laws may prohibit the use of these functions. Check your local road rules before using. 10. Dynamic Stability Control also known as Electronic Stability Control. 11. Part of Optional Performance Pack.

Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully, too.

Safety

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to help protect you.

Sustainability

Using advanced technology, we're committed to creating vehicles with improved fuel economy, reduced CO₂ emissions and a lower overall cost of ownership.

Smart

Vehicles with smart, intuitive technologies designed to connect you to your world and many clever solutions that make life a little easier.

Speak to your Ford Dealer today about how we can help you make the most out of your vehicle ownership experience.

Complimentary State Auto Club Roadside Assistance and Membership.

Our commitment to your complete satisfaction plays a major role in everything we do. That is why we provide a 12 month Roadside Assistance package including State Auto Club Membership for all Retail and Blue Fleet Customers (with fleets less than 5 vehicles).

This package gives you access to the largest network of roadside assistance providers in the country, so you can be assured that you have non-stop coverage every day of the year.

The benefits of being a member are not limited to the peace of mind of 24/7 roadside assistance. You also have access to a wide range of member benefits including Show Your Card & Save. In addition, you will maintain any benefits accrued through your existing years of membership (where applicable).

Complimentary State Auto Club Roadside Assistance & Membership is valid for eligible Ford vehicles and is available from participating Authorised Ford Dealers only. Visit your local Ford Dealer or refer to ford.com.au for more information and full terms and conditions.

Warranties & Service.

3 year/100,000km new car warranty.#

For three years or 100,000km, whichever comes first, your Ford is covered against any defects in factory materials or workmanship. This also applies to Genuine Ford Accessories you may have had fitted before you took delivery.

5 year warranty against perforation corrosion.#

It's reassuring to know that the original body of your gleaming new Ford is guaranteed against perforation corrosion for the first five years of its life. If perforation corrosion occurs, we'll fix it for free.

myFord Warranties and Insurance.

When you first turn the key of your brand new Ford you want to do so without a care in the world. Our range of myFord products gives you that extra peace of mind. For more information about myFord Warranties and Insurance, visit your participating Ford Dealer for further details on the plans that best suit your needs. Terms, conditions and eligibility criteria apply.

12 months/15,000km service intervals.

Under normal driving conditions service intervals are 12 months or 15,000km, whichever occurs first.

FORD SERVICE

At Ford, we are committed to providing an outstanding ownership experience. For example, we think you should always know what you're going to pay for a standard service, before you go in. So we offer a Service Price Promise for the life of your car, which means we'll publish the maximum price you'll pay for your next A or B logbook service at participating Authorised Ford Dealers on all vehicles built from 2007.

However our service doesn't end at the service garage. With each standard service at a participating Auto Club Dealer, Retail and Small Business

Customers (fleets of less than five vehicles) will also receive up to 12 months Auto Club Membership (including free Roadside Assistance), for up to seven years. Eligible customers will even have access to a free loan car with any scheduled service, through participating dealers. Why do we do all this? Because at Ford, we think that's what service should be.

For more details visit your participating local Ford Dealer or visit ford.com.au/service/t-and-c for full terms and conditions.

Want to contact us?

For answers to your questions, or help with any concern, contact our Customer Relationship Centre on 13 FORD (13 3673) or email customers@fordcrc.com.au

Running a fleet?

Our Ford Fleet team is available to assist fleet customers with information on Ford products and services. Call 1300 13 13 30 or email askfleet@ford.com

#Conditions and exclusions apply. For more information visit your local Ford Dealer.

This brochure details specifications and features of the LZ Focus. Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions. Not all features will be available on the entire LZ Focus model range. Please visit our website www.ford.com.au for more information.

This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheet. Because of changes in conditions and circumstances Ford* reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of features and optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
