

Ford EVEREST

Go Further

FREEDOM IS WAITING

Choose the 3.2L TDCi diesel engine with 6-speed auto transmission or the extraordinary new 2.0L Bi-Turbo engine with 10-speed auto that delivers 157kW of power and 500Nm of peak torque, with greater engine refinement and outstanding fuel economy. RWD or 4WD, five seats or seven, the Everest is ready to discover what lies beyond the road's end.

Titanium model shown.

Smart Technology

The Everest has the smarts. Reverse with confidence with a full and clear vision of what's behind you. If it senses there's an obstacle in your way, the rear parking sensors will sound to alert you. If Adaptive Cruise Control with Forward Collision Alert on Trend and Titanium models senses slow moving traffic in front, it will slow down the vehicle too⁵, while Lane Departure Warning and Lane Keeping System⁵ can help keep you stay on track on long road trips.

Everest Rear Wheel Drive

If you're looking for size, technology and safety to take on the city and beyond, the Everest Ambiente and Trend RWD models are the perfect fit. With Satellite Navigation, Rear View Camera, Rear Parking Sensors and a commanding road presence you'll feel comfortable and in control. Plus, you can fit up to three child seats in the 5-seater Ambiente and five in the 7-seater models¹² to help keep the family moving.

ONE EPIC SUV

Our most adventurous SUV is now more advanced. Introducing the 2019 Ford Everest. Incredibly dynamic on the road and right at home off-roading it. The design is bolder and more aerodynamic on the outside, while inside the tech is smarter and the addition of a new 2.0L Bi-Turbo Diesel with 10-speed automatic transmission takes power and fuel efficiency to the next level. So get ready to free your SUV and see what this Everest can really do.

Notes

Big Towing Capacity

Be ready for any task, no matter how big. Everest Trend and Titanium models with the new Bi-Turbo diesel engine can now tow even heavier loads with a maximum rated towing capability of 3,100kg⁹.

Keyless Entry & Push Button Start

Set off without ever taking the key out of your pocket. Just open the door to unlock the Everest and press a button to start the engine.

Panoramic Power Sunroof

Open up your world and experience life under clear blue skies with a glass panoramic sun roof that comprises nearly 50% of the Everest Titanium's roof space and includes a powered sun blind.

Terrain Management System

Tackle any surface¹⁴, on-road or off, at the turn of a dial. With Terrain Management System¹⁵ on 4WD models you can shift modes to maximize traction and stability whether you're on snow, mud, grass, sand, rock or road.

Pre-Collision Assist with Pedestrian Detection (Autonomous Emergency Braking)

On Trend and Titanium models, this feature is designed to scan the traffic ahead and warn you if it senses the possibility of a collision with traffic or pedestrians. If a collision is likely, it can apply the brakes⁵.

Extraordinary Capability

The Everest 4WD will confidently wade through water up to 800mm deep¹⁶, and with a high ground clearance of 227mm. Uphill isn't a battle either, thanks to Hill Launch Assist.⁵ And on the way back, Hill Descent Control⁵.

Total Comfort

The Everest's interior is designed to get you and everything you need comfortably from A to B and beyond. Whether you choose the 5-seater Ambiente with optional 3rd row, or the more luxurious leather appointed 7-seater Trend or Titanium models,¹² it's easy to switch between cargo and people.

1. Apple CarPlay/Android Auto requires phone with compatible version of Apple iOS/Android™ (as applicable), active data service & connection cable (sold separately). SYNC³ does not control Apple CarPlay/Android Auto while in use. Apple/Google & other third parties are responsible for their respective functionality. Message & data rates may apply. Apple CarPlay is a trademark of Apple Inc. Android™ is a trademark of Google Inc. 2. Bluetooth® is a registered trademark of Bluetooth SIG, Inc. & is under license. Some phones not compatible. 3. Not all SYNC³ features are compatible with all phones. Local laws may prohibit some or all of the phone functions while driving. Check your local road rules before using these functions. Ford Applink™ is available on selected SYNC³ models and is compatible with select smartphone platforms. Users must download an Applink-enabled app from the usual store to your iOS or Android smartphone. Requires phone to be connected to SYNC³ with a genuine USB cable (Apple devices) or Bluetooth™ (Android devices). Warning: Local laws prohibit some or all of the text messaging functions while driving. Check your local road rules before using these functions. 4. Proper functioning requires use of Diesel Exhaust Fluid (AdBlue⁸) which must be refilled periodically. 5. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. 6. Needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off. 7. 7 Seat Ambiente option includes 5 child seat anchor points. 8. Kerb mass includes the vehicle with a full tank of fuel, without occupants, luggage or cargo and with all standard equipment. Additional weight of optional features must be taken into account when calculating kerb mass. 9. Maximum towing capacity using a Genuine Ford tow pack. Subject to State and Territory regulations. To comply with these limits, occupants and / or luggage may need to be restricted. For further details regarding passenger and luggage restrictions, please consult your authorised Ford Dealer and / or refer to the Owner's Manual. 10. Subject to State and Territory regulations. Payload is defined as the Gross Vehicle Mass minus the kerb mass. Payload is the maximum combined value of occupants, cargo, added options, added structures and tow ball download (when towing). GVM must not be exceeded. 11. Traffic Message Channel is currently provided through an arrangement with Intellematics Australia Pty Ltd (Intellematics). The ongoing provision of this feature cannot be guaranteed if Ford's arrangements with Intellematics cease for any reason. 12. 5 seats standard in Ambiente models, 7 seats optional. 7 seats standard in Trend and Titanium. 13. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that this fuel consumption figure will be achieved in real world driving conditions. Actual fuel consumption will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. 14. The driver is responsible for assessing off-road situations, determining if the terrain is passable and using appropriate off-road driving techniques. 15. To activate Rock mode the vehicle must be stationary and in 4WD low range. Mud, Grass or Snow mode does not replace the need to fit chains if required. 16. Maintaining a steady speed of not more than 7km/h. 17. Prestige Paint is an option that incurs an additional charge.
