ARRIVING SOON

Go Further

Keyless Entry

Hop in and out of your Focus Active without taking out your keys. When the Intelligent Access System detects your key nearby you can get moving at the push of a button.

No Strings Attached

No need for cables thanks to the sophisticated Wireless Charging Pad. Charge your compatible device just by placing it on the pad.

Rotary e-Shifter

Just a quick twist and you're in gear. Replacing the standard gearstick, all Focus models feature an advanced rotary dial that simplifies the cabin space and creates a more sophisticated interior.

Drive it Your Way

Change driving modes to suit your road, or your mood. Not only can you choose from Normal, Eco and Sport modes, the Focus Active has two extra modes. Slippery Mode increases control on surfaces with reduced grip, such as snow and ice. Trail Mode helps maintain momentum on soft surfaces like a sandy beach or a powdery dirt road.

Light The Way

The Dynamic LED headlights use camera technology to pre-emptively alter light patterns, helping illuminate corners before you enter them. While the Glare-Free High Beam adjusts automatically to avoid dazzling other drivers.

Room For More¹

There's always room for adventure, with durable and streamlined roof rails. Just attach your roof racks to carry everything from surfboards to kayaks for your next big road trip

Explore Inside

Stylish and practical. With Focus Active unique scuff plates and Cloth Trimmings with Nordic blue Stitching, the interior is a model of expert German design.

Tough and Ready

When the Focus Active drives as well as it does, it needs to look the part too. With raised ride height, extended wheel arches, a unique front grille and a polished chrome dual exhaust, this is a well-equipped adventurer.
