

MITSUBISHI SIGMA SE

SE SIGMA SEDAN AND WAGON. THE ULTIMATE IN SIGMA POWER AND LUXURY.

Mitsubishi Sigma SE is the premium sedan and wagon in the Sigma range.

Improved aerodynamics make SE even more enticing.

SE sedan's new roll-over bonnet is enhanced by flush fitting quartz halogen headlamps and raked laminated windscreen.

With new black window surrounds, large, bold bumpers, and cast alloy road wheels that add stylish touches to SE's streamlined form.

Space and Luxury.

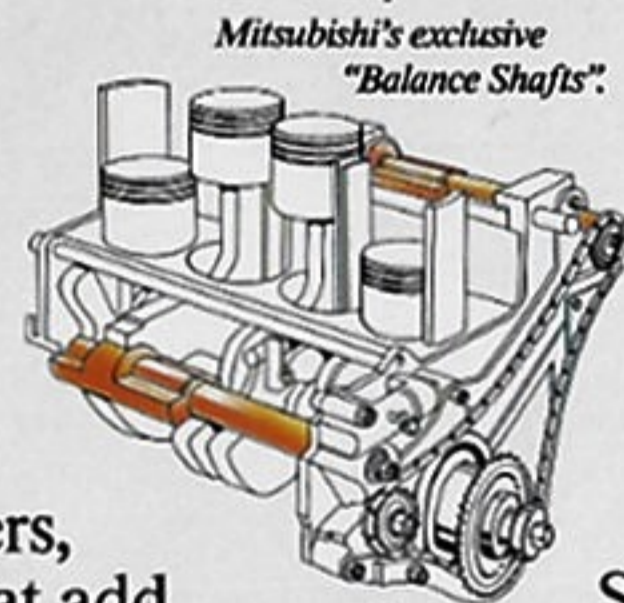

Sigma SE's combination of space, luxury and power is unique.

Inside there's plenty of head, shoulder, leg and knee room for

five adults, with plenty of space for luggage.

SE's interior is finished in plush velour upholstery and cut-pile carpet. For additional driving comfort, there's the luxury of adjustable lumbar supports and head restraints on both driver and front passenger seats. And for quiet, relaxing driving comfort Sigma

SE also features full under-bonnet insulation plus a double thickness toe board.

Other impressive SE features include an AM/FM/MPX radio and stereo-cassette with four speakers, boot access via a folding rear armrest, tilt-adjustable steering column, 4-door courtesy lights, digital clock, plus remote controls for boot release, fuel-filler, door and side mirrors.

A headlamp interlock system reduces the

chance of a flat battery by automatically switching your headlamps off with the ignition.

SE Wagon.

The SE Wagon gives you a high, wide and spacious cargo area—complete with a folding rear bench seat for long, bulky loads.

Chromed skid strips protect SE's carpeted cargo area. And a large heated rear window with wiper/washer gives clear visibility at all times.

Impressive Power and Performance.

Sigma SE sedan is powered by Mitsubishi's legendary Astron 2.0-litre or optional 2.6-litre "Balance Shaft" engine. Australia's most powerful 4-cylinder engine, the Astron 2.6, is standard in SE wagon. Automatic transmission is optional for sedan and wagon. Both feature a 5-speed manual gearbox, as standard. Braking is positive

due to SE's 4-wheel power-assisted disc brakes, and the suspension provides excellent stability and handling even under adverse driving conditions.

Optional Luxury Features.

SE Sigma gives you a host of luxury options to improve comfort, performance and security, including: fully-integrated air-conditioning* and power windows for total control over driving comfort, power steering for smoother handling and easier parking, and a central locking system for quick, convenient Sigma security.

*Mitsubishi fully-integrated air-conditioning —dealer fitment.

Sigma SE Wagon

Sigma SE Sedan

SPECIFICATIONS: SIGMA SE

Engine: Sedan: Mitsubishi Astron 2000 'Balance Shaft' overhead cam 4-cylinder, with electronic ignition and single two barrel carburettor with automatic choke.

the transmission tunnel and operates mechanically and independently on the rear wheels.

Chassis and Body: All steel monocoque body structure provides strength for maximum passenger protection and ensures freedom from squeaks and rattles. Zincrometal and galvanised steel are used for important body parts and the complete bodyshell is protected from corrosion by the total immersion-dip Cathodic Electrocoat process. Front wheel arches are also fitted with tough polyethylene liners. Body mouldings are also insulated from the body with polyvinyl chloride stripping to prevent corrosion.

Accessories: Have your Dealer fit genuine Mitsubishi airconditioning to your Sigma Sedan or Wagon. Only Mitsubishi airconditioning is recommended and warranted by Mitsubishi Motors Australia Ltd. Your Mitsubishi Dealer also has a wide range of genuine Mitsubishi accessories available, including a specially designed towbar.

Warranty: Our Unlimited Kilometres Warranty. Mitsubishi is always out to build better cars. And here's further proof. Every Sigma is covered by a 12 month unlimited kilometres warranty. So you can drive as far as you want in the first year with full warranty protection. We were the first Australian car manufacturer to show this kind of confidence in its products. It just goes to show how deeply Mitsubishi is committed to your driving pleasure.
