

Spirited Cars For Spirited People

STARWAGON

> PRACTICAL

SPACIOUS > IT'S TIME TO HAVE SOME FUN TOGETHER. STARWAGON IS THE TEAM LEADER IN THE PURSUIT OF LEISURE. WITH A ROOMY "WALK-THROUGH" CABIN, STARWAGON LIKES TO PLAY HOST TO A LOT OF PEOPLE. AND LIKE EVERY PERFECT HOST, YOUR ENJOYMENT IS THE REWARD. SPACIOUS. STYLISH. SLEEK. STARWAGON.

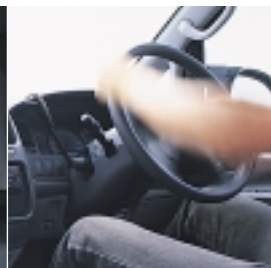

- > Sophisticated engineering and comfortable appointments combine with smart safety features to make Starwagon a people mover with real class. And the sleek, aerodynamic chassis lends a stylish spin to getting everyone where they want to go.
- > Take the doors. Entry and exit from Starwagon is easy with the flat floor design, extra wide doors and a sliding door on the side to service the rear seats.
- > A spectrum of combinations means that any range of people and cargo can be easily accommodated. Up to eight passengers can be comfortably seated in three rows. In GLX, the second row can revolve congenially to face the third row. The third row can be split folded, or folded away completely, to create a large cargo area. All the rear seats fold right down to a large, luxurious bed and even the front are fully reclining buckets.

RELIABLE > YOU WANT THE FREEDOM AND SPACE TO RELAX AND ENJOY THE GOOD THINGS IN LIFE. YOU WANT SMART MOVES AND AN ENGINE WITH HEART, BUT YOU ALSO DEMAND STATE OF THE ART SAFETY. STRONG, DEPENDABLE AND BEAUTIFULLY DESIGNED, STARWAGON IS THE PERFECT ALLY IN YOUR MOTORING LIFESTYLE.

- > 01 Starwagon GLX features a 2.4 litre and the GL a 2 litre LPG-Compatible 16 valve multipoint fuel injected engine, with enough power (97kW) to rev you up to a smooth and confident overtake. The engine is especially streamlined to fit into the body so that the floor plan is flat throughout, eliminating the unsightly engine "hump" often seen on this type of vehicle. Starwagon's sturdy monocoque structure incorporates large crush zones; front and side door impact bars add strength and enhance protection.
- > 02 A collapsible steering column is standard. With the option of a SRS Driver's airbag, and on GLX an option pack including ABS brakes, Starwagon offers optimum protection in the event of crash or sudden impact. Starwagon transmission modes make driving a smooth manoeuvre. GLX offers a standard 4 speed automatic. For GL there is an option of either a 5 speed manual or 4 speed automatic.
- > Central locking and anti-theft engine immobiliser promote an easy sense of security.

STYLISH > THERE'S NO REASON THAT PRACTICAL HAS TO MEAN PLAIN. STARWAGON'S BALANCED PROPORTIONS PROVE THAT GREAT FORM CAN FOLLOW SUPERB FUNCTION. WITH A POLISHED EXTERIOR DESIGN, THE STARWAGON INTERIOR FULFILS ALL THE REQUIREMENTS OF CONVENIENCE, ELEGANCE AND SMART FINISH.

- > 01 Keep even tempers with an even temperature. Airconditioning is standard on all Starwagon models, easily operated by fingertip driver control. Prefer some flow-through air? On GLX, power windows add a breeze at the flick of a switch. The Starwagon may be large, but it's athletic enough to take the perspiration out of parking. Power steering makes light work of tight spots.
- > 02 The smart, two tone dashboard features an attractive and easy to read array of backlit instrumentation including a security coded AM/FM radio cassette with CD controller function, 6 speakers in GLX and 2 speakers in GL. And, of course, all controls are within easy reach of the ergonomically designed driver's position.
- > 03 An appealing, contemporary range of paint and trim combinations include the retro-modern two tone paintwork option available in GLX, attractive and practical interior upholstery and full floor, high quality carpet.
