

Audi allroad quattro Nature is the best designer.

There is nothing more satisfying than achieving the impossible. This is the vision that sparked the creation of the Audi allroad quattro – to create a vehicle that offers both luxury driving on-road and performance off-road.

The Audi allroad quattro is a completely new concept for Audi. It combines all the best qualities of a luxury road-going vehicle with exceptional off-road capabilities. Its multi-faceted character has been achieved by combining high-technology features such as quattro® permanent all-wheel drive to convert power with unflinching efficiency into forward movement, with an intelligent 4-level air suspension that offers maximum dynamics in all driving conditions.

On difficult terrain, this intelligent system allows the allroad quattro to be raised to its highest level of 208mm above the ground, while on expressways, it can be lowered to just 142 mm. This unique suspension system can be operated either automatically as a function of speed, or manually at the press of a button.

The introduction of the powerful 4.2-litre V8 allroad quattro represents a new level of driving dynamism and refinement. The sensational 184kW 2.7-litre V6 biturbo with twin turbochargers, offers a superior level of driving flexibility and sports car responsiveness, whilst the 2.5-litre V6 TDI® (Turbocharged Direct Injection) diesel engine, offers extreme power at very low engine speeds. Audi's TDI® technology is an advanced engine combustion system that combines quiet and refined driving with exceptional fuel economy. With the added benefit of turbocharging, Audi's TDI® engine technology also guarantees sporty performance on and off the road.

The ground has many different characters. And so does a good chassis. The Audi allroad quattro is a "no compromise" solution for a versatile lifestyle.

Technical Data	2.5 TDI	2.7T	4.2
Cylinders/valves	6/4	6/5	8/5
Capacity (cc)	2496	2671	4163
Power (kW/rpm)	132/4000	184/5800	220/6200
Torque (Nm/rpm)	370/1500-2500	350/1800-4500	380/2700-4600
Transmission	5 tiptronic	5 tiptronic	5 tiptronic
Acceleration 0-100km/h (seconds)	10.2	7.7	7.2
Wheels	17" alloy	17" alloy	18" alloy
Tyres	225/55	225/55	245/45
Safety	2.5 TDI	2.7T	4.2
Anti-lock Braking System (ABS) with Electronic Brake Force Distribution	●	●	●
Airbags for driver and front passenger	●	●	●
Side airbags front and rear seat mounted	●	●	●
SIDEGUARD head airbag curtain for front and rear occupants	●	●	●
Electronic Stabilization Program (ESP) incorporating Anti-Slip Regulation (ASR), Electronic Differential Lock (EDL) and Anti-lock Braking System (ABS)	●	●	●
Four-level air suspension with automatic ride height control	●	●	●
Head restraints and three point seat belts for all five seats, front and outer rear seats with pyrotechnical pre-tensioners	●	●	●
quattro® all-wheel drive	●	●	●
Safety dividing net between rear seats and cargo area	●	●	●
Steering column with tilt and telescopic adjustment	●	●	●
Exterior Features			
Acoustic Parking System (APS) front and rear	○	○	○
Anti-theft alarm system with interior movement detector	○	○	●
Body shell fully galvanised	●	●	●
Engine immobiliser system	●	●	●
Exterior mirrors electrically adjustable/heated	●	●λ	●λ
Fog lights integrated front and rear	●	●	●
Metallic paint	○	○	○
Remote central locking with auto open, close window function	●	●	●
Sunroof, tinted glass electrically adjustable	○	○	○
Ellipsoid headlights with automatic beam angle adjustment and headlight cleaning system	●	●	–
Xenon headlights with automatic beam angle adjustment and headlight cleaning system	○	○	●
Interior Features
