

## Pushing the limits. The new Audi A4

Independent. Elegant. Dynamic. The new Audi A4 pushes the limits in every sense. Flowing surfaces, Audi's single frame grille, high side line and sporting stance captures the unmistakable design of the new A4. Audi's carefully planned ergonomics ensure your driving experience is involving and intriguing, and with the beautifully sculptured interior in combination with supple leather upholstery, guarantees that you will always arrive in comfort and style.

Audi's engineers ensure they are at the head of the field with the latest technology. The art is to lead, never to follow. Powerful new FSI® (Fuel Stratified Injection) petrol engines and TDI® (Turbocharged Direct Injection) diesel engines have been developed for the Audi A4. The 2.0-litre TDI® developing an amazing 320 Nm of torque offer's a high level of responsiveness and economy, with exceptional refinement. With the introduction of the new 147 kW 2.0 T FSI® and 188 kW 3.2 FSI® V6, Audi has achieved optimum vehicle dynamics and performance. Developed for Audi's Le Mans motorsport program, FSI® direct injection technology creates more power from

every drop of fuel. The responsive 1.8-litre Turbo and all-alloy 2.0-litre petrol engines offer a high level of performance and unmatched refinement. Working hand-in-hand with these powerful engines, Audi's ingenious multitronic® continuously variable transmission ensures seamless power and greater responsiveness.

The new Audi dynamic suspension, incorporating four-link front and self-tracking trapezoidal link rear suspension system, represents pioneering engineering. The dynamics of the new Audi A4 have been optimised even further with a new servotronic speed sensitive steering system. The new Audi A4 offers a dynamic yet comfortable ride, precise steering, and by virtue of Audi's famous quattro® all-wheel drive technology, dynamic and surefooted performance.

A truly safe car doesn't just minimise the effects of an accident, it minimizes the risk of an accident happening. Standard active safety features include Audi's Electronic Stabilisation Program (ESP), incorporating Anti-lock Braking System (ABS), Electronic Differential Lock (EDL), Anti-Slip Regulation (ASR), brake disc wiping system and Brake Assist. In case of an accident, standard passive safety features in the new Audi A4 incorporate active front head restraints, intelligent two stage frontal airbags, seat mounted side airbags for front and rear passengers and SIDEGUARD head airbag curtain for front and rear passengers.

The A4 pushes the limits. Experience it.  
The new Audi A4
