Mitsubishi Express knows how to get down to business, it's your perfect business partner. The economical, yet hard working Express delivers the power and torque you need to get on with the job. Plus first class manoeuvrability and advanced safety have made it one of Australia's favourite light commercial vans.

## EXPRESS SWB

The functional design and size of the SWB means that it can easily carry your loads while the optional power steering available on SWB models make it easy to park in those impossibly tight parking spaces.

## EXPRESS SWB WINDOW

Reliability. Your reputation depends on it and the unstoppable Express range has been built on it. But being reliable, also means staying safe. The Express SWB Window van boasts a range of great safety features which make it both cargo friendly and people friendly.

## EXPRESS MWB

The stylish, aerodynamic body is pleasing to the eye, while the sturdy build of the Express reflects a unique inner strength. Purpose built to take whatever the job demands, Express is a perfect combination of laid back comfort and true blue Aussie work ethic.

## EXPRESS MWB WALK-THRU

Express comes with all the luxury and safety features expected by people who are constantly on the road. Features such as the Anti-lock Braking System (ABS), driver airbag and the anti-theft engine immobiliser are installed in the Express Walk-Thru giving you the confidence that your livelihood will be protected.

\*With trailer brakes

The remote rear and side door lock provides convenient access and security.

Tilt adjustable steering wheel provides comfort to help prevent driver fatigue.

A cargo protection bar and cargo tie down rings, prevent loose loads from moving around in transit.

Cloth covered seats fully recline and the driver's seat lumbar adjuster provides comfort behind the wheel.

## POWER TO GET THE JOB DONE

Express Walk-Thru features a 2.4 litre 4 cylinder SOHC, 16 valve multi-point fuel injected petrol engine producing 97kW of power and 192Nm of torque. The Express SWB & MWB features a reliable 2.0 litre 4 cylinder SOHC, 16 valve petrol engine producing 83kW of power and 165Nm of torque. Both engines are LPG Compatible.

## EASY ACCESS

All side and rear doors open to roof height to make it easy to accommodate tall and bulky items, while the flat floor lets you make the most of all the available space.
