

COLT CABRIOLET

CABRIOLET

A NEW SENSE OF STYLE

The Colt Cabriolet takes contemporary motoring to a higher level of design and quality. And little wonder when you realise that its flawless style has flowed from the pen of none other than the Italian design house responsible for some of the most beautiful cars ever made, Pininfarina, a name more readily associated with Ferrari, Maserati and Lamborghini.

Inside and out, the Colt Cabriolet oozes the sort of sophistication one expects to see in Milan or Paris. This is European chic

in a new world presentation. All of which is revealed when you convert it from a hard top, in just 22 seconds.

Its beauty is more than skin deep; under the swooping bonnet you will find Mitsubishi's unique MIVEC technology and 5-speed manual transmission, built by the German maestros at GETRAG, which offers great fuel efficiency from its 1.5L engine of 6.6L/100km.

It's rakish windscreen shields you from the breeze when the top is down. While its daring good looks are perfectly complemented by 7-spoke alloy wheels.

As befits its cool design, the Colt Cabriolet is available in six shades, ranging from the fashionably understated to the "bright and bold." At speed or at rest, the new Colt Cabriolet, sets a new design benchmark, in an easy-to-manoeuvre package.

DRIVER CONFIDENCE

LIFE SAVING TECHNOLOGY

Colt Cabriolet is designed to inspire driver confidence. Safety comes standard, not as an expensive option, incorporating advanced passive safety features like Mitsubishi's RISE body technology. Also standard are front and side driver and passenger SRS airbags; ABS (Anti-lock Braking System) with EBD (Electronic Brakeforce Distribution); and a collapsible steering column. On the turbo model, Active Stability Control and Active Traction Control give you reassurance when the roads are slippery or you encounter tricky situations.

ABS WITH EBD

The ABS adjusts the braking pressure to prevent the wheels locking up under emergency or hard braking conditions. This means that you can steer safely around obstacles, whilst braking heavily.

The EBD system works with the ABS computer to evenly modulate braking force between front and rear wheels to provide reduced stopping distances.

SIDE AIRBAGS

Seat-mounted side airbags reduce the risk of side impact.

FRONT SRS AIRBAGS

SRS (Supplementary Restraint System) airbags protect the driver and front-seat passenger in the event of a frontal collision.

INTERIOR

SLIP INTO LUXURY

The stylish curves of the Colt Cabriolet's Pininfarina-designed exterior extend to its streamlined interior.

The luxury cabin features a 6-speaker, MP3-compatible audio system with steering wheel controls; power windows; a leather-trimmed steering wheel and gearshift; air conditioning; and remote door locking. In addition, the turbo version shown here boasts extras, such as leather sports seats, alloy pedals and a sports instrument cluster.

CABRIOLET TURBO

SPORTS STYLING

The Colt Cabriolet Turbo offers the added performance of a powerful turbo-charged 1.5L MIVEC engine, delivering 110kW of power and 210Nm of torque, and a 5-speed GETRAG manual transmission. This superbly crafted turbo-charged engine delivers outstanding fuel efficiency of 7.1L/100km.

Pininfarina brings a sporting touch to where the rubber hits the road. The Colt Cabriolet Turbo sits on 5 twin-spoke alloy wheels, chosen for their lightness as well as their appeal.

A BOLD FACE

The Cabriolet leads with a boldly-designed look, featuring a sporty front grille, sleekly faired-in lights, and confident badging - giving an aesthetic edge to what's normally just a functional piece of design.

ATTENTION TO DETAIL

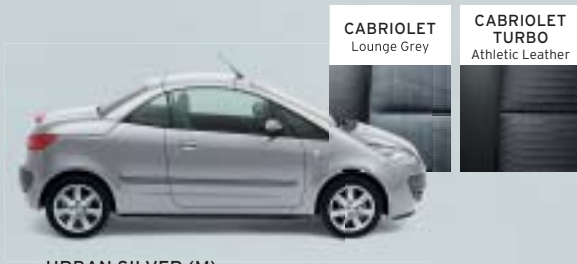

Given that this is the view which most other drivers will see, it's not surprising that even the Cabriolet's tailgate has been creatively styled. The look may be new, but it's unmistakably and proudly a Mitsubishi Colt.

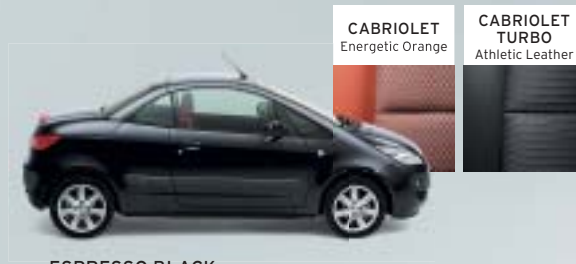

COLOURS, TRIMS & ACCESSORIES

SHOW YOUR OWN STYLE

If the Cabriolet is your canvas, Colt's range of dynamic exterior and interior colour combinations offers you a palette with which to personalise your new driving choice.

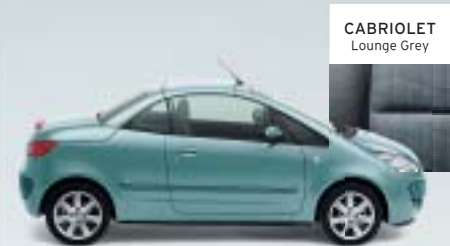

URBAN SILVER (M)

ESPRESSO BLACK

CARMIN RED (M)

OCEAN BLUE (P) (COLOUR NOT AVAILABLE IN TURBO MODEL)

ORIENTAL ORANGE (P)

RACE BLUE (P)

Metallic (M) and Pearlescent (P) paints are optional extras.

WIND DEFLECTOR (OPTIONAL ACCESSORY)

Mitsubishi have a range of accessories to suit your individual needs, including mudflaps, carpet mats, sports pedals and scuff plates. Wind deflectors as shown above are designed to reduce the effect of wind without restricting rearward visibility.

CONVERT YOUR COLT

The Colt Cabriolet's hardtop roof opens and closes in just 22 seconds, activated by a one-touch button. So you have almost instant access to the open air - plus better security and weather-proofing than with a soft top.

And even with the top stowed away, there's still plenty of room for all your shopping. What else would expect from an Italian designer!

SUPERIOR VALUE

MITSUBISHI'S DIAMOND ADVANTAGE

We stand behind our product, Mitsubishi demonstrates this with the Diamond Advantage which includes Australia's Best New Car Warranty and Diamond Road Side Assist on all new vehicles.

Finance, Insurance and Leasing arrangements are also available through our network.
