

The Audi A3 3-door

Technology meets design

The Audi A3 3-door

From first glance, the Audi A3 3-door portrays a sense of sportiness and emotion. Audi's dynamic single frame grille, combined with the clear-glass headlights and distinct V-line on the bonnet give the A3 a very contemporary face. The high shoulder line, short overhangs at the front and rear and a silhouette reminiscent of a classic sports coupe clearly emphasise the dynamism and forward urge of the stunning Audi A3 3-door. The interior design concept emerges as the perfect partner to the sporty exterior yet also offers increased comfort, luxury and style.

As always with Audi, our engineers have ensured that this model is at the head of the field with the latest technology. A powerful 1.8 TFSI engine incorporates turbo-charging and direct fuel injection technology to create agile performance with minimal fuel consumption. Developed for Audi's Le Mans motorsport program, FSI® direct injection technology produces more power from every drop of fuel. The refined and efficient 1.6-litre petrol engine offers optimum driving flexibility. Two transmissions perfectly match these dynamic engines with a five-speed manual for the 1.6-litre model and a state-of-the-art

S tronic dual clutch transmission for the 1.8 TFSI, the latter incorporating shift paddles on the sports multifunction steering wheel.

The latest in chassis technology is also a highlight of the Audi A3 3-door. With electro-mechanical speed-sensitive steering, in combination with an independent four-link rear suspension and aluminium front suspension technology, the new Audi A3 3-door offers precise steering with a perfectly balanced, dynamic and comfortable ride.

The new A3 3-door boasts numerous safety features to ensure that its occupants are always protected. The driver and front passenger frontal and side airbags, SIDEGUARD head airbag curtain for front and rear passengers all offer the highest level of passive safety. The comprehensive list of standard active safety features includes Audi's Electronic Stabilisation Program (ESP), incorporating Anti-lock Braking System (ABS), Electronic Differential Lock (EDL), Anti-Slip Regulation (ASR) and Brake Assist.

Model	1.6 Attraction manual	1.8 TFSI Ambition S tronic
Recommended Retail Price[^]	\$33,950 [^]	\$43,700 [^]

Technical Data

• = Standard - = Not available * = Optional extra, Recommended Retail Price shown

[^]New vehicle prices shown include Luxury Car Tax (LCT) of 25% and are recommended retail prices (RRP) excluding dealer delivery which vary from dealer to dealer, stamp duty, compulsory third party insurance costs and registration charges which may vary from State to State. LCT applies to new vehicles, factory fitted optional extras and dealer delivery charges where the GST inclusive total price is above \$57,180. In the Federal Budget, the Government announced that LCT would increase from 25 to 33% from 1 July 2008. The Tax Commissioner has advised that the legislation to make that law will not be passed by then. However, if passed at a later date, the proposed law will apply retrospectively from 1 July 2008. Audi Australia Pty Ltd has determined that if the law is enacted, customers will not need to pay the retrospective additional 8% LCT on luxury vehicles delivered from 1 July 2008 to the enactment date. Customers will, however, be responsible for paying the additional 8% LCT from the enactment date of the legislation and an additional 8% will need to be added to the new vehicle prices.

*Recommended retail prices of factory fitted optional extras including LCT. Optional extra specifications and prices are subject to change without notice. Please check with your Authorised Audi dealers.

Phone cradle must be purchased separately. Please check with your Audi dealer for phone cradle availability and approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

Must be ordered with Symphony sound system (option price includes Symphony)

+ Fuel consumption figures according to Australian Design Rule (ADR) 81/101. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.

Specifications are as planned at July 2008 and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Limited, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and prices.

Overseas models are shown. Exterior images feature an A3 1.6 Attraction manual with optional front fog lights, Xenon plus headlights and metallic paint. Interior images feature an A3 1.8 TFSI. The manual transmission is only available on the 1.6 model.
