8,5 J x 19 is particularly striking with
size 255/35 R 19 tyres.

**Wheel bolts
with anti-theft locks**

The special supplied adapter is required
to loosen the anti-theft wheel bolts.

The right workout for your Audi A4.

You can give your A4 an even sportier touch with the aerodynamic style package. It consists of a front spoiler with blade, rear spoiler, rear diffuser with blade and distinct side sills. Rounded off in the sedan by a tailgate spoiler and in the Avant by a roof spoiler. The style package is available in two different designs, which already differ in the appearance of the blades. The next pages provide more information on the style package in aluminium finish in the colour of your choice.

**Front spoiler with blade
in the colour of your choice**

Very individual: in this style package, the blade is primed at the works and can be painted in one of the many colours of your choice. In body colour too, of course. (Only available in conjunction with the tailgate spoiler or roof spoiler.)

Tailgate spoiler

For an even more dynamic rear appearance: the permanently installed tailgate spoiler (here painted in body colour).

Only for the A4 Sedan

**Rear diffuser with blade
in aluminium finish**

Elegantly rounds off the Audi A4: the blade in aluminium finish.

Roof spoiler

The roof spoiler at the rear contributes to the good aerodynamics of the A4 Avant and signals sheer power.

Only for the A4 Avant

Tail gate spoiler

The rear spoiler underlines the sporty and dynamic design of the rear of the vehicle. It perfectly complements the rear diffuser with blade.

Sports-style tailpipe trims

The sports-style tail pipe trims sparkle in chrome-plated stainless steel. They are available for all 4-cylinder models.

Load your luggage, put your seat belt on, and off you go.

Where's your next destination? Skiing in the mountains, an extensive kayak tour or a relaxing cycling trip in the countryside? The intelligent transport solution from Audi Genuine Accessories® enables you to spend your leisure time as you wish.

Base carrier bars

Carrier unit for various roof rack modules. The profile section is made from anodised aluminium tube. The base carrier bars are easy to install and lockable. Maximum permissible weight of the carrier unit, attachment components and a load of 75 kg must be observed.

Only for the A4 Sedan

Ski and snowboard mount

For convenient transport of up to six pairs of skis or four snow boards. Lockable. (Can only be used in conjunction with the base carrier bars.)

Kayak mount

The kayak mount has been developed specially for the transport of a kayak. It enables you to carry a 1-seater kayak of up to 25 kg. (Can only be used in conjunction with the base carrier bars.)

Carrier unit for the roof rails

Carrier unit for various roof rack modules. The profile section is made from anodised aluminium tube. The base carrier bars are easy to install and lockable. Maximum permissible weight of the carrier unit, attachment components and a load of 90 kg must be observed.

Only for the A4 Avant

Cycle rack

The lockable cycle rack is made of a specially formed plastic profile.

The bicycle can easily be mounted on the high-gloss chrome steel frame bracket.

(Can only be used in conjunction with the base carrier bars.)

Ski and luggage box (480 l)

This attractively designed and compact ski box is suitable for other items of luggage. It is lockable and easy to open.

(Can only be used in conjunction with the base carrier bars.)

**Ski and luggage box (450 l)**

This attractively designed and lockable ski box is suitable not only for the winter holidays. It is convenient for stowing other equipment as well.

(Can only be used in conjunction with the base carriers bars.)

**Ski and luggage box open (480 l)**

Can be opened from both sides, lockable, easy to clean thanks top smooth surface profiles on the stainless steel carrier unit.

With quick-fastening system.

**Ski and luggage box open(450 l)**

Regardless of which side you wish to use to load the car the ski box can open from one side or the other side. Here an extra large opening angle provides additional support. Suitable for a ski length of up to 2.10 m.

**Trailer towing hitch**

Removable and lockable. The 13-pin socket can be swivelled out of sight behind the bumper skirt; when removed, the towing device can be stored in the spare wheel well. Trailer stabilisation system using ESP. (European model shown)

The Audi A4 is a communication artist.

And as any artist, the Audi A4 masters the entire range of modern communication options. Enjoy every note of your favourite concert with the various options for playing music. For your mobile phone calls, make use of the mobile phone adaptor for the optional mobile phone fittings or the adaptor with SIM card access (SIM-Access). Small talk or a longer conversation? The decision is entirely up to you.

Audi music interface

For connecting 4th generation iPods (iPod, iPod mini, iPod nano, iPod photo, iPod video) as well as other portable media players. Operation via the MMI-System, if the function is supported by the media player. Located in the glove compartment with charging facility.

**Adapter with SIM card access (SIM-Access)**

Supplements the factory-fitted hands-free system with Bluetooth for the SIM access-capable car phone. You can switch between many popular rSAP-compatible mobile phones without having to charge the adaptor.

**Telephone console**

The intelligent retrofittable solution for vehicles without mobile phone fitting. The design of the ergonomically sensible fastening for your mobile phone is made to match the vehicle interior.

Mobile phone adaptor for optional mobile phone fittings (Bluetooth)

The mobile phone adaptor makes use of the optionally installed mobile phone fittings and enables phoning using a hands-free facility. The adaptor includes the holder and charger and connects the mobile phone to the antenna. Suitable for many popular mobile phone models.

Enjoy your Audi A4 every day.

As is it were the first.

To provide even more enjoyment with your Audi A4, Audi Genuine Accessories® offer functional and practical solutions for tidiness and cleanliness.

This helps you to reduce traces of wear in your Audi A4, thus enabling you to relax and enjoy its high-quality interior in future, too.

Securing set

The telescopic bar and securing belt enable individual partitioning of the luggage compartment for better securing of objects. (Can only be used in conjunction with the optional rail system with variable lashing eyes.)

Only for the A4 Avant

**Luggage Tray**

The high cut plastic insert is suitable for everything that leaves marks behind during transport. It is robust and practical to clean. Wide grooves prevent the load from slipping out of place.

Only for the A4 Avant

**Boot tray**

The boot tray features a lip all the way round, providing the boot floor with better protection against soiling. The non-slip pattern reduces any slipping of the load. The tray is easily stowed away and takes up little space.

Only for the A4 Avant

**Luggage compartment shell**

The custom-made luggage compartment protection is washable, robust and resistant to acid. The edging offers improved protection of the luggage compartment floor from any fluids that may have escaped.

**Parking aid**

Four ultrasonic sensors are concealed discreetly in the rear bumper and warn you, by means of an acoustic signal, if you are too close to an obstacle.

Care products

The Audi range of care and cleaning products is matched to the high quality materials of your Audi. Suited to exterior maintenance or many applications inside the vehicle, depending on the product.

Rubber floor mats

The exact-fit rubber floor mats offer improved protection from heavy soiling. The floor mats are attached to the vehicle by means of the standard-fitted fastening points on the vehicle floor. With A4 emblem.

Storage pocket

The practical all-purpose pocket offers versatile storage space to keep the vehicle neat and tidy. It is attached to the back rest. The pocket can be easily folded up and taken with you.

Premium textile floor mats

The textile mats, cut to the dimensions of your Audi A4's floor, are made from hard-wearing, densely woven velours. They are attached to the vehicle by means of the additional backing and the fastening points provided in the floor. With A4 Emblem.

Rechargeable LED power light

The powerful rechargeable LED light is connected to the cigarette lighter or power supply socket. Its design enables the light to be easily carried in any pocket.

Loading sill protector

The exact-fit loading-sill protector made from transparent sheeting provides the bumper with protection against damage when loading and unloading the luggage compartment.

Mud flaps

The robust mud flaps made of rubber reduce paint damage and dirt around the sills and the rear apron panel. Available in sets of 2 for the front and/or rear.

High-visibility vest, warning triangle, first aid kit

The orange high-visibility vest with reflective strip, the warning triangle and the first-aid kit ensure that you are well prepared.
