

The Audi A4 Cabriolet

The Audi A4 Cabriolet

Individuality starts with enjoyment.

The Audi A4 Cabriolet is a vehicle with the kind of spirited temperament that is obvious at first glance. The Audi single frame grille, high shoulder line and powerful wedge-shaped rear are all clear indications of the sporting prowess of this dynamic A4 Cabriolet.

At the touch of a button, experience instant freedom with the A4 Cabriolet's fully-automatic roof which guarantees a feeling of complete freedom and dynamism. The Audi A4 Cabriolet is a vehicle that offers all the advantages of a thoroughbred sports car, with the added pleasure of open-top motoring.

The Audi A4 Cabriolet's interior concept, in perfect harmony with the exterior design, represents sporting elegance and superior ergonomics. The luxurious and high quality interior will ensure your driving experience is involving and genuinely enjoyable.

The 3.2 FSI® V6 direct fuel injection engine creates a new benchmark in refinement and performance. Developed for Audi's Le Mans motorsport program, FSI direct injection technology harnesses more power from every drop of fuel. Developing 188 kW and 330 Nm of torque, the 3.2 FSI guarantees breathtaking responsiveness and driving enjoyment.

The powerful 147 kW 2.0 TFSI engine combines turbo-charging and FSI technology for impressive performance and economy, while the proven 1.8-litre Turbo engine also offers a high level of performance and refinement. Working hand-in-hand with these powerful engines, Audi's ingenious multitronic® continuously variable transmission ensures seamless power, greater responsiveness and impressive fuel economy.

State-of-the-art safety features are another high priority with this exceptional vehicle. Passive safety features include frontal and side airbags for front occupants and Audi's impressive roll-over protection system, which ensure two protective hoops extend within milliseconds from behind the rear seats. For greater dynamism and active safety, the Audi A4 Cabriolet features the Electronic Stabilisation Program (ESP), incorporating Anti-lock Braking System (ABS), Electronic Differential Lock (EDL), Anti-Slip Regulation (ASR) and Brake Assist.

See the world through different eyes.
The Audi A4 Cabriolet.
