

The Urban Recreation Vehicle ***RONDO 7***

# You can have it all.

Kia is proud to present the all-new Rondo7. Why limit yourself if you don't have to? The Rondo7 combines the comfort and versatility of the multipurpose vehicle and the sporty feeling of the rugged SUV into one exciting machine. Enjoy the best of both worlds, and experience the latest sensation in automobile crossover innovation.

## Truly a renaissance of exterior and interior design

Heralding a new era in automotive style and innovation, the Rondo7 defies the conventional wisdom. Who said the needs of the week and the need for freedom on the weekend could not comfortably coexist in a single package that is both pleasing to the eye and fun to drive?

Innovative design, unique styling

# Fusing the versatility of 7 seats with SUV style

With total practicality established in the innovative design, you can also count on power and performance to complete the Rondo7 ensemble. This is a dynamic drive, with advanced engineering for a totally new experience.

## For your driving pleasure

Welcome to your new comfort zone. Drivers will relish the modern and ergonomic interior complete with mood lighting, big and bold round air vents, 4-spoke wheel and commandingly high driving position. A range of trim choices and impressive standard specification infuse an air of luxury into the comfortable and roomy interior.

# Get on board with the Rondo7

## Comfort as standard

The seating is comfortable and spacious in any of its many permutations, with head-restraints on every seat.

Innovation and ingenuity are paramount in a car that simply shouts practicality. And there's plenty of room to go around in the Rondo7. It features some of the most competitive head, shoulder, and leg room in the market. You'll sense freedom when you step inside. Special attention has been paid to the space for entering and exiting the Rondo7, with extra headroom and scope to manoeuvre. The interior is both sophisticated and open with an airy feel created by the choice of trim and maximum natural light. With the addition of moodlighting and high quality materials you'll savour the sporty yet elegant atmosphere. Practical storage is located in four

main areas of the vehicle for maximum utility, a sign of the innovation Rondo7 brings to the market. From utilising the underfloor area in the luggage zone to the clever centre console design, Kia has created new space. There are underseat trays in the front, a large glove compartment, bottle and cup holders and storage boxes front and rear, door pockets and a sunglasses case for the driver. That's space age thinking.

Underseat storage

## No job too big

Whether you're transporting people or cargo, the Rondo7 is versatile enough to accommodate virtually any vehicle load.

EX-L shown

# Let me count the ways...

At more than 4.5 metres in length, Rondo7 provides all the space you need for your family and your leisure pursuits.

1. 1st-row bed flat
2. 2nd-row bed flat
3. 2nd, 3rd-row cargo flat

...that we can make sure the Rondo7 meets your every need. It optimises the functions you need the most from both a family car and an SUV, providing smarter and more efficient travel. Versatility begins with multiple seating variations that allow you to select one of many creative layouts to deliver the space, shape and accommodation of your choice. Multiple positioning of the 7-seat layout delivers both the most adaptable and rational arrangements imaginable. Bed flat, split-fold, or cargo flat capabilities mean you can transport large items, extremely long items – or just stretch out in the full, horizontal comfort of your own vehicle.

When it comes to relaxation, the Rondo7 doesn't take a "back seat" to any competitor in its class. Rear power outlets, vents, creative storage space, lighting and countless other amenities enhance the rear passenger riding experience. In the front the cockpit has been designed to provide generous driver space with ergonomic and convenient access to the controls. The SUV-inspired design creates a spacious loading area. With the third row seats folded you have 898 litres of space, going up to 2,083 litres with 2nd and 3rd rows folded.

## Engineered for your enjoyment

Rondo7 provides a rounded driving experience, with powerful and intelligent engineering, confidence-inspiring handling, high levels of refinement and advanced safety – leaving you free to enjoy the open road.

Consult your Kia dealer.

**2.0 CVT Gasoline engine**

Savour the acceleration and power of the efficient 2.0 CVT Gasoline engine.

Max. Power (ps / kW @ rpm) : 145 / 106.3 @ 6,000  
Max. Torque (kg·m / Nm @ rpm) : 19.2 / 189 @ 4,250

# Powerful performance and precision

The art and science of Kia's engine technology has created an engine which is packed with power yet quiet and fuel efficient. The Rondo7 houses a state-of-the-art engine – the 2.0 CVT Gasoline engine – mated with advanced gearshifting mechanisms for a smooth ride and handling. The 4-speed automatic transmission offers fully-automatic gear changes or driver-controlled Tiptronic sequential manual gear selection. The 5-speed manual transmission is equipped with advanced mechanisms for smoother clutch operation, enhanced pedal sensitivity and improved efficiency enabling effortless gearshifts without a hitch. The gear

levers add to the advanced, sports appeal of the interior with a metallic finish to complement the clusters and console equipment. A rigid body shell not only reduces vibration and the harshness of the ride, it provides enhanced safety and crash protection. The fully independent suspension systems and hydraulic power-assisted steering system deliver responsive handling and a supple ride to make Rondo7 one of the most comfortable drives around.

# Confident driving begins...

The key to driving confidence is knowing you and your passengers are protected, and Rondo7 is an extremely safe place to be.

1. Active head-restraints (EX-L only)
2. Front and rear disc brakes
3. Electronic Stability Program (ESP)

There's nothing passive about our commitment to safety excellence. We're so vigilant about safety, that even our passive safety mechanisms have never been more active. Through continuous intensive research and development of the bodyshell, structure and chassis of the Rondo7, Kia has embedded a level of immunity against collision-effected injury. When combined with dual front, side and full-length curtain airbags (EX-L trim only), as well as other 360-degree safety features, this car can provide the elevated level of assurance and passenger confidence that have become increasingly associated with the Kia brand. Precision-feel rack and pinion steering,

Anti-lock Brakes System (ABS), and Electronic Brake force Distribution (EBD) technology offer superb braking capability, while standard Electronic Stability Program (ESP) and Traction Control (TCS) prevent skidding in dangerous road conditions. All features are systematically integrated with the airbags, seatbelt pretensioners and active head-restraints for force-specific and area-specific protection throughout the cabin.

So unexpectedly convenient...

**In-dash CD + AUX input:** The purpose-built Kia stereo system enhances the centre console display, with signature red-orange illumination. You have the option to listen to CDs or to plug in an MP3 player through built-in AUX input.

**Fully automatic climate control system:** Automatic climate control air-conditioning will ensure you're perfectly comfortable inside the cabin whatever the weather outside. Set the controls to your preferred temperature and the cabin climate will adjust automatically (EX-L).

**Cluster:** The gauge cluster is designed to be easy to see while driving, with instruments carefully located and able to be seen at a glance. The sporty look and Kia signature red-orange illumination underlines the athletic characteristics of the Rondo7.

**Power window console:** From the driving seat you can open and close all four windows as well as making adjustments to the door mirrors at the touch of a button, all from the convenience of the door-located armrest.

**AUX connection :** The built-in AUX socket allows you to connect a compatible MP3 player or other audio-visual device and play audio direct through the in-car speaker system, and is discreetly covered to protect it from dust and dirt.

**Steering wheel audio remote controller:** Convenient access to audio functions for greater convenience with one-touch mute, mode change and volume turning capability (EX, EX-L only).

**Sunglasses holder:** The Rondo7 offers safe and practical storage options. A sunglasses holder is within reach of the driver, conveniently located on the front roof console.

**Glove box:** The glove compartment is a sensible storage area with multi-compartments for storing documents and other items.

**Seat under-tray:** You may think space under the passenger seat would be wasted. Not in Rondo7, where a convenient pull-out storage tray can be found, perfect for storing maps and valuables away from prying eyes.

**Dual cup holders:** Second row passengers have the benefit of dual drinks holders located within the central armrest area. A light push will release the holders automatically, and then simply push them out of sight and harm's way when not in use.

**3rd-row storage boxes:** Space is at a premium in any vehicle, but the covered storage boxes for the third row offer valuable space for your passengers. Whether you store colouring pencils and pads or maps and drinks, this will keep them safe and sound.

**Power windows:** Power windows save effort, located on all side doors.

**Heated outside power mirrors:** Both near and offside door mirrors can be adjusted from the driver's door-mounted armrest. In addition you can activate the heated glass function to eliminate condensation or ice from the mirror.

**High-mounted stop lamp:** Ensure you're seen by other road users with the high-mounted stop lamp. Located behind the rear windscreen, it ensures that your brake lights aren't hindered by road spray or mud.

## Colour and style combined

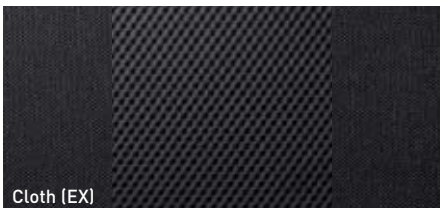

Rondo7 enables you to reflect your desires through the different trim combinations. The quality of materials, from the seats to the trim, is high and each option has been created to provide a seamless and contemporary feel.

# The Rondo7 is...

**CONCEPT** Well-defined and highlighting versatility and style, the Rondo7 captures the best of both the family and SUV segments with a dynamic, crossover design and layout. A 7-seat platform has been adapted with SUV styling cues throughout the exterior and interior for a sensational new flavour. The Rondo7 is in a class of its own as a practical and evolutionary concept in automotive development. It is the first of its kind: the Urban Recreation Vehicle.

**DESIGN** With its purposeful and outdoorsy appearance, the car exudes a next-generation, sporty ambience from the bold and robust front view, sophisticated side mouldings and angled C-pillar, to the squarer tailgate. The interior embraces versatility in the form of multiple seating capabilities worthy of the MPV label but with touches that sports utility vehicle drivers recognise and love.

**COMFORT** Kia understands that space efficiency is integral to ensuring a high level of comfort for the driver and passengers. Sporting a longer wheelbase and increased height, the cabin of the Rondo7 offers more head, shoulder and leg room for all 3 rows. With storage areas also strategically designed to ensure the most versatile and practical space utility for passengers and cargo, the Rondo7 is prepared to serve any transporting load or need.

**SAFETY** Commitment to safety is commitment to our customers. With the Rondo7, you can drive with the confidence that virtually every area of the cabin,

chassis, and exterior has been treated with an advanced safety mechanism for maximum driver and passenger protection. We offer optimal passive safety with a stiff bodyshell structure to minimise collision impact to the cabin area. Advanced safety mechanisms include all-disc braking with ABS and EBD, airbag systems, active head-restraints and Electronic Stability Program (ESP) to provide unprecedented control while driving and braking under adverse weather conditions or slippery terrain.

**PERFORMANCE** With a powerful engine and 2 transmissions, the Rondo7 embraces high performance and precision. The 2.0 CVT Gasoline engine is mated with a 5-speed manual transmission or the 4-speed Tiptronic automatic transmission.

**REFINEMENT** The Rondo7 is equipped with an upgraded suspension and NVH system for a high level of refinement traditionally unknown to the SUV segment. A computer designed bodyshell features enhanced rigidity for greater resistance to flexing and bending and lower NVH. By addressing vibration at the source of the problem – the body structure, powertrain and chassis, and wind noise – NVH is further diminished, complemented by the car's aerodynamic design. A new, state-of-the-art "Stroke Dependent" suspension design automatically adjusts the damping force to vehicle load for increased stability and comfort.

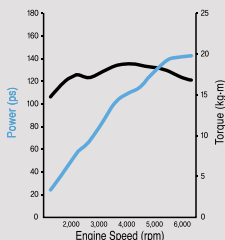

## Specifications

### Dimensions (mm)

Overall length	4,545	Overhang (Rear)	910	1st Shoulder room	1,464

## The Power to Surprise™

Kia is the newest and most exciting force of change in the automotive world and we are ready to change the way you feel and think about driving. More than just a promise, we are committed to making driving a true pleasure for customers across the globe. With youthful styling and the latest in advanced technologies, Kia cars are turning heads the world over with the power to surprise. So when you think of Kia, think exciting and enabling – the two qualities that best define what the new Kia is all about. From the Rio to the Sorento, Kia offers a full lineup of cars, SUVs and MPVs that are not only practical but downright exhilarating to drive.

### About Kia Motors Corporation

Kia Motors Corporation – one of the fastest growing automakers in the world – was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. As part of the Hyundai-Kia Automotive Group, Kia aims to become one of the world's premier automotive brands. Kia's 12 manufacturing and assembly operations in 8 countries produce more than 1.3 million vehicles a year that are sold and serviced through a network of distributors and dealers covering 165 countries. Kia today has over 33,000 employees and annual revenues of almost \$19 billion. It is the major sponsor of the Australian Tennis Open and an official worldwide sponsor of the Davis Cup. Kia is an official automotive partner of FIFA – the governing body of the FIFA World Cup – as well as a EUROTOP Partner of UEFA. Kia Motors Corporation's brand slogan – "The Power to Surprise" – represents the company's global commitment to surpassing customer expectations through continuous automotive innovation.

Kia Motors Australia reserves the right to discontinue or change the models, features, specifications, options, designs and prices of products referred to in this brochure without incurring any liability whatsoever to any purchaser or prospective purchaser of any such products. Some of the items herein are optional at extra cost. Consult your Kia dealer for the latest information on models, specifications, features, prices, options and availability.
