Audio and Electronics

Switch to smart technologies

Stay connected and entertained by choosing from a range of smart technologies such as the Bluetooth® Phone System and Premium Bass Works Speaker System. Communication and audio technologies are wired into your Honda's own audio system to deliver exceptional quality and convenience.

6 Bluetooth® Phone System†
 – communicating made easy.
 No matter where you've left your mobile phone in the car, this intelligent system lets you take calls with your hands on the steering wheel and your eyes on the road. Using versatile technology, the Bluetooth® Phone System is easy and safe to use. It automatically detects a call and conveniently turns down the audio system. Once the call has finished, the audio system is turned back up. No unsightly wires, no cradles, no hassles. Please check mobile phone compatibility with your Honda Dealer.

7 Premium Bass Works Speaker System
 – music to your ears.
 Indulge in richer deep bass sounds and brighter high-quality audio with the Premium Bass Works Speaker System. This audio performance pack includes two special low-frequency speakers for the rear positions, which guarantee high-quality sound in the lowest and low-mid frequency range. Fully adjustable to the driver/passenger's taste.

† Bluetooth® is a trademark of Bluetooth® SIG, Inc. Not compatible with Hybrid model.

Protection

What does it take to ruin your investment?

Wear and tear on your vehicle may lead to premature depreciation, and hit your hip pocket when it comes time to sell. Keeping your Honda in showroom condition may help promote higher resale value and is now simple to do with Honda Genuine Protection Accessories.

1 Honda Genuine Rear Park Assist
– A virtual sixth sense.

Imagine how easy life would be if you always had someone to guide you when reversing into a tight parking spot. This is in effect what Honda Genuine Rear Park Assist does for you. If an object is within range of a Rear Park Assist sensor head, the sensor detects its presence within the zones and depending on the distance will emit an audible beep. The closer you get to the object, the more frequent the beep sounds.

1 Rear Park Assist (set of 4). Actively alerts you to the presence of something or someone behind your car when reversing. **2 Deluxe Tailored Mat Set.** The complete front and back mat set further enhances and protects the Civic's interior. Available in Grey (VTI, VTI-L and Hybrid models only) and Black (Sport model only) with the Civic logo. **3 Luggage Area Protector Tray*.** Constructed from quality moulded plastic for long life, the tray sports a precisely fitting lip that is designed to help protect the cargo area from spills, wear and tear.

*Not compatible with Hybrid model.

4 Door Visor 4-Piece Set. The hard-wearing acrylic door visors improve airflow while helping to protect the Civic's interior from water and debris. **5 Bonnet Protector.** The hard-wearing acrylic bonnet protector helps to protect the bonnet from paint chips and marks. **6 Headlight Protector Set.** The hard-wearing acrylic headlight protectors help to shield the headlights from damage. **7 Sunroof Visor.** Help deflect wind from entering the car through an open sunroof. For Sport model only.

Protection

1 Dust and Pollen Cabin Filter
– For a clean bill of health.

The Honda Genuine Dust and Pollen Cabin Filter helps to trap harmful particles in the air entering your Honda through the ventilation and heating systems. The air inside your car may contain billions of tiny particles that can trigger allergies – pollen, dust, fungus, plant spores and everyday pollutants such as exhaust fumes and soot – all of which can be up to six times more concentrated inside your vehicle than outside.

A Honda Genuine Dust and Pollen Cabin Filter is an easy and efficient way to help reduce them.
