

LANCER

love that car

# LANCER

**With athletic, purposeful styling and an enviable motor sport heritage, the Mitsubishi Lancer delivers an exhilarating driving experience. Its looks and performance may have been forged in competition, but its road manners are utterly refined.**

At the heart of Lancer is a stylishly sleek, bold design combined with the latest engineering technology. Every Lancer within the range offers its own unique personality, there's the stylish sedan, the versatile, fun Sportback through to the refined Aspire and exhilarating Ralliart.

# LANCER RANGE

With nine unique personalities to choose from, you're certain to find the Lancer that suits you perfectly. With every choice you're guaranteed a bold, stylish design that's sure to turn heads, with the reliability born from over 35 years of testing in the world's toughest rallies.

## LANCER SPORTBACK

The Lancer Sportback is perfect for a busy, active life. The hatch range combines versatility with stylish design, and all of Lancer's performance and innovative features in a sleek, compact package. The Sportback is available with a 2.0 litre (ES,VR) and a 2.4 litre (VRX) engine.

## LANCER SEDAN

The Lancer sedan combines athletic looks, sports performance and the latest technology to make the most of everyday driving. A 2.0 litre (ES, VR) or 2.4 litre (VRX, Aspire) efficient MIVEC engine, combines with the latest advanced technology to provide power with superior stability and control. Inside you'll find plenty of room for driver and passengers, along with a host of comforts to make every drive enjoyable.

#### ASPIRE

The premium Aspire adds a level of refinement and sophistication to Lancer's renowned sports performance heritage. Black leather trimmed seats, wood print interior highlights and chrome exterior styling give Aspire a sense of style. These features combine with a powerful and efficient 2.4 litre MIVEC engine. Of course, Aspire also includes all of the latest advanced technology found throughout the Lancer range.

#### LANCER RALLIART SPORTBACK

Sharing all of the high performance features and technology of the sedan, the Sportback offers a versatile alternative to those looking for a thoroughbred 'hot hatch'. The rear of the Sportback gives it a distinctive styling all of its own. In addition to the typical hatch flexibility, Sportback includes easy release 60/40 split fold rear seats and the option to lower the rear floor, increasing the available storage space.

#### LANCER RALLIART SEDAN

In terms of body styling, the Lancer Ralliart sedan is the closest relative of the Lancer Evolution. It carries on the traditional sports sedan concept and blends high performance with some of the more practical features of a sedan. There is plenty of room inside to comfortably seat 5 adults, and a generous rear boot space, with 60/40 split fold rear seats.

# ENHANCED EXPERIENCE

Lancer is packed with next-generation features to enhance your driving experience. Race inspired paddle gear shifters offer instant response while Bluetooth® phone connectivity enables you to use your mobile hands-free without taking your concentration off the road ahead. Lancer is ready to put the fun back into driving and put you in control behind the wheel.

## mitsubishi Multi Communication System (MMCS)

MMCS is an integrated communication and media system that provides satellite navigation, audio control, DVD function and a host of other features, controlled via the 7" full colour in-dash touch screen.

In addition to iPod connectivity, available with a dealer fitted accessory, and integration with the 9-speaker Rockford Fosgate® Premium Audio System, MMCS allows you to customise features such as dusk sensing headlamp sensitivity, wiper speed, and room lamp shutdown delay. ^

## Rockford Fosgate® Premium Audio System

The Rockford Fosgate® Premium Audio System is designed to provide crystal clear, low-distortion fidelity to make any type of music come to life. A 6 stacker CD player\*, with MP3 compatible auxiliary input and 9-surround sound speakers, including a 10-inch subwoofer, delivers an impressive 650 watts. ^

## Rain Sensing Wipers

A sensor automatically detects moisture on the windscreen, activating the front wipers, allowing you to keep your hands on the wheel and stay focussed on the road ahead. This feature is especially handy when it's raining intermittently.

## Dusk Sensing Headlamps

Dusk sensing headlamps do the thinking for you. Your lights automatically come on when it gets dark outside or when you're travelling through a tunnel.

## Cruise Control and Steering Mounted Audio Controls

For your convenience, cruise and audio controls are built into the steering wheel. You can manage all cruise functions, along with audio volume, track selection and sound modes without the need to take your hands from the wheel.

## Smart Key

Smart Key is Mitsubishi's advanced security transmitter, giving you completely key-less operation. Standard on Lancer VRX and Aspire, Smart Key recognises when you are within a 70cm radius of the front doors and boot lid. You can lock and unlock the doors, open the boot and even start the engine, all whilst the Smart Key is still tucked in your pocket or bag.

## Paddle Shifters

Take command of the driving experience in a whole new way with Lancer's racing-inspired paddle shift system. Built directly into the steering wheel, they provide the thrill of total control in your CVT automatic without taking your hands off the steering wheel.

## Bluetooth® Phone Connectivity

Drive safely. Talk freely. VRX and Aspire feature the latest hands-free Bluetooth® technology allowing you to make and receive calls at the touch of a button, all integrated through the vehicle's audio system.

## Automatic Climate Control

Thanks to this clever system you'll never feel too hot or too cold. Temperature, fan speed and air source are automatically adjusted to keep you comfortable at all times.

Available features vary by model. ^MMCS is an option on Aspire and VRX. Rockford Fosgate® Premium Audio System is standard on Aspire and optional on VRX. \* Single CD when integrated with MMCS.

# DRIVER CONFIDENCE

## ANTI-LOCK BRAKING SYSTEM (ABS)

Lancer is ready to perform if you're faced with the unexpected. ABS helps the driver maintain steering control and avoid hazards by adjusting the braking pressure to prevent the wheels from locking up under hard braking or during an emergency stop.

## ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

EBD helps you to stay in control should you need to stop quickly. When carrying passengers or heavier loads, EBD distributes braking force between the front and rear wheels to ensure optimum braking and reduce stopping distance.

## STOPPING DISTANCE WITHOUT EBD

## ACTIVE STABILITY CONTROL (ASC)

ASC maintains stability and minimises loss of control when cornering by automatically recognising understeer and oversteer. It then applies the brakes to the appropriate wheels to keep you on line and in control through corners.

## ACTIVE TRACTION CONTROL (ATC)

ATC automatically controls and improves the stability and acceleration of the car by minimising wheel spin, maintaining traction at all times even in the most slippery conditions.

## PASSIVE AND ACTIVE SAFETY

The safety of you and your family is paramount. That's why Lancer offers some of the most comprehensive active and passive safety features available. You'll enjoy peace of mind on every journey taken in the Lancer, knowing that it's built with the safety of its occupants as a top priority.

## SUPPLEMENTARY RESTRAINT SYSTEM (SRS) AIRBAGS

To provide ultimate protection in the event of a collision, Lancer is available with up to seven SRS airbags. Driver and front passenger airbags are standard, whilst side and curtain airbags are standard on VR, VRX and Aspire models and are an option on ES.

Lancer is the only car in its class to come equipped with a driver's knee airbag as standard across all models. In some head-on accidents, it stabilises the driver's legs and lower body. This allows the other airbags to do their job of protecting the upper body more effectively.

## ANTI-INTRUSION PEDAL SYSTEM

In the event of a front-on collision the brake pedal automatically moves away from the driver, protecting the legs and feet from injury.

## SEATBELT PRETENSIONERS AND FORCE LIMITERS

Designed to work in conjunction with the SRS airbags, the driver and front passenger seatbelts feature pretensioners and force limiters, which combine to help protect you in the event of an accident. The pretensioners instantly draw back the belt, maximising restraint, while force limiters help reduce the sudden impact on you and your passengers.

## REINFORCED IMPACT SAFETY EVOLUTION (RISE) BODY 5-STAR ANCAP SAFETY RATING

Lancer is safer than ever before, thanks to Mitsubishi's next-generation RISE rigid frame design. The RISE body system combines an energy-absorbing front section with a strong, rigid occupant cell to provide outstanding protection in the event of an accident. Crushable zones teamed with a straight frame chassis and octagonal section frames are designed to absorb and dissipate energy from the passenger compartment. In addition, curved floor panels reduce vibration and further add to body strength, keeping you and your passengers protected in the event of an accident.

Lancer has been awarded a 5-star rating by the Australasian New Car Assessment Program (ANCAP), the highest rating possible. ANCAP, Australia's leading automotive safety authority is supported by Australian and New Zealand automobile clubs, the state government road and transport authorities of NSW, Victoria, South Australia, Queensland, Tasmania, Western Australia, the New Zealand Government, the Victorian TAC, NRMA Insurance and the FIA Foundation.

# ADVANCED TECHNOLOGY

## ENGINE AND TRANSMISSION

Exhilaration behind the wheel; it's been the philosophy of every generation of Lancer. From the powerful MIVEC engines to the sporty responsiveness of the transmission, you'll discover the true essence of performance and technology in this rally-bred car.

### MIVEC ENGINES

The Lancer range features two powerful yet fuel efficient MIVEC (Mitsubishi Innovative Valve timing and Electronic Control) engines. ES and VR models feature a 2.0 litre engine while VRX and Aspire models deliver more power thanks to the 2.4 litre engine.

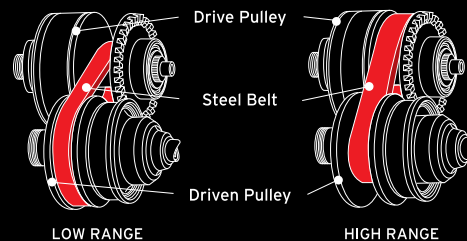

MIVEC offers the latest technology in the form of a lighter engine with intelligent valve timing technology to deliver excellent fuel efficiency and lower emissions, while providing improved drivability. It matches your driving style to minimise fuel consumption at lower revs, while increasing airflow at high revs for greater power and performance.

### CONTINUOUSLY VARIABLE TRANSMISSION (CVT) WITH SPORTS MODE

CVT automatic transmission is electronically integrated with MIVEC to ensure Lancer is operated in the best gearing for optimum revs. This ensures maximum power, excellent fuel economy and a smoother ride with seamless gear changes.

The transmission's advanced INVECS-III adaptive shift control system even tailors its response to your driving habits. The on-board computer learns and adapts to your preferences by recording engine and foot braking data. The control logic then adapts the automatic gearshift timing to suit your driving style. That makes for a better driving experience – and a more efficient one.

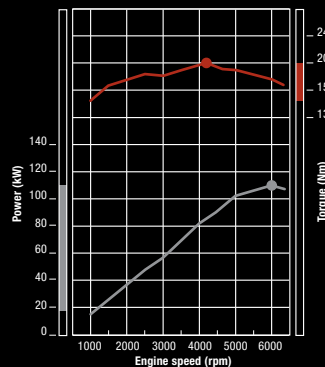

Sports Mode allows you to switch from the ease and convenience of an automatic to the control and performance of a manual. Combine this with paddle gear shifters in VRX and Aspire for sporty, lightning fast gear changes. Driving just got a whole lot more fun.

### RESPONSIVE 5-SPEED MANUAL TRANSMISSION

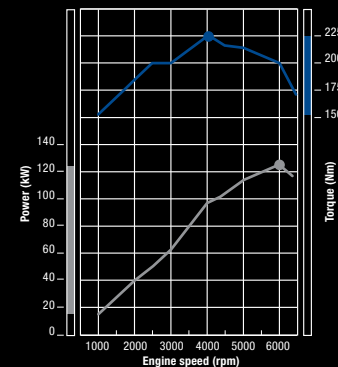

Driving enthusiasts may opt for the sporty performance of the smooth-shifting 5-speed manual transmission that offers the excitement of hands-on performance and control. This precisely tuned system features keyless synchronisers on all gears to achieve a superior shift-feel and tighter gear ratios. (Not available in Aspire).

## **PERFORMANCE**

**Power means nothing without control. Lancer's advanced handling and stability should come as no surprise. Incorporating the lessons of the racetrack and rally stages, Lancer fuses quick-responding suspension with a rigid body construction for confident, high performance driving.**

## **RIGID BODY AND SUBFRAMES**

The Lancer body has been reinforced at key points to minimise bending and twisting, keeping everything smoothly on track through strength and stability. The flat front sub-frame helps resist flex-inducing forces, so the wheels keep their precise relationship with the road for impressive grip. The suspension is then able to provide a smoother ride over bumps and potholes. Lancer offers a truly enjoyable drive with its great road-holding ability and smooth ride.

## **SPORTS-TUNED SUSPENSION**

The suspension in VRX and Aspire was developed with handling and performance in mind. It has front and rear suspension that's as effective as it is high tech – MacPherson struts up front and the rear multi-link independent system help keep you in control.

The suspension in VRX and Aspire is more rigid with the incorporation of a front strut tower brace under the bonnet for more precise, directional handling and enhanced driving performance.

Both vehicles are also equipped with larger front and rear brakes, providing controlled stopping power for everyday performance. The brake booster further increases stopping power, especially for emergency situations. All this is matched with a muscular set of 18" lightweight 10-spoke alloy wheels and high performance tyres for improved grip, cornering and overall stability.

# DESIGNED FOR LIFE

REAR CUP HOLDERS

SPORTBACK SPLIT FOLD REAR SEATS

60/40 SPLIT FOLD REAR SEATS

REAR ADJUSTABLE CARGO FLOOR - UP

REAR ADJUSTABLE CARGO FLOOR - LOWERED

Inside Lancer you'll find a cabin that is both spacious and flexible to meet the carrying demands of an active, busy life. There's plenty of load space in the rear, aided by 60/40 split folding rear seats, in addition to loads of clever compartments throughout the cabin to keep your valuables neatly hidden away. There's also plenty of space for friends and family, comfortably seating 5 adults.

## CLEVER STORAGE

Intelligent interior design means there's a place for everything in Lancer. In fact, everywhere you look you'll discover a clever place for storing items. So it's easy to keep your car clutter free.

## FLEXIBLE CARGO SPACE

Carrying extra large or long items is so much easier thanks to Lancer's 60/40 split folding rear seats, giving you an even greater cargo space and room for bigger items. The rear seats fold down automatically with one quick pull of an easy-access lever in the rear of the hatch.

Sportback also gives you the option to lower the rear floor, increasing the available storage space. The sedan includes a smartly – designed anti-intrusion hinge, providing maximum space inside your boot by keeping hinges out of the way.

## HEIGHT ADJUSTABLE HEADRESTS

The perfect combination of form and function, the front and rear height adjustable headrests not only look stylish but provide added head support for your passengers in the event of a rear-end collision.

**VRX offers the perfect blend of bold style, sports performance, and the latest innovative technology to ensure you enjoy every moment behind the wheel.**

Its sculptured body will certainly turn heads, with sleek lines through the midsection and an aggressive, shark-like front end. But it's not all just about looking good...the VRX Sportback and sedan both feature the very latest, highly advanced technological features – making Lancer the perfect car if you love driving.

Performance is enhanced with a more powerful **2.4 litre MIVEC engine**. Available with a 5-speed manual transmission or optional CVT automatic with Sports Mode, VRX includes rally inspired paddle shifters that allow you to make lightning quick gear changes, without your hands ever leaving the wheel.

**18" alloy wheels**, a rear sports spoiler, privacy glass, and front and side air dams add to the distinctive, sports styling of the VRX. The interior provides both style and comfort with a geometric check print instrument panel and door trim, sports seats with larger bolsters for lateral stability, 6-way adjustable driver seat function, audio steering wheel controls and rally-inspired alloy sports pedals.

VRX offers the latest **Bluetooth® phone connectivity** that allows you to make calls with simple voice commands and receive calls at the touch of a button, without your hands ever leaving the wheel. All this is integrated through the vehicle's audio system that includes a 6 disc CD with MP3 compatibility and 6 speakers.

For complete entertainment, the **Mitsubishi Multi Communication System (MMCS)** is available as part of an option pack that includes a Rockford Fosgate® Premium Audio system with 9 speakers, and an electric sunroof.\*

VRX also includes Smart Key, which allows you to lock and unlock the doors, open the boot and even start the engine, all whilst the Smart Key is still in your pocket or bag.

\*6 disc CD is replaced with a single CD player and Bluetooth® voice activation is overridden by satellite navigation voice control if MMCS is selected.

Adding a new level of sophistication to Lancer's renowned sports performance heritage, Aspire features the advanced performance, safety and entertainment technology found in the VRX, with an added level of style and refinement.

Aspire is powered by an efficient **2.4 litre MIVEC engine** and Continuously Variable Transmission with INVECS III 'Sports Mode' automatic.

A number of **chrome exterior accents** are found throughout Aspire, including a chrome radiator grille, belt line moulding and boot lid. Inside, features such as **black leather trimmed seats<sup>^</sup>** and a woodgrain print within the instrument panel, door trim, shift panel and front console, give Aspire a new level of comfort and sophistication.

Aspire is also packed with next-generation technology to enhance your driving experience. MMCS, available as an option, is an integrated communication and media system that provides satellite navigation, audio control, DVD function and a host of other features, controlled via the 7" full colour in-dash touch screen.

In addition to iPod connectivity, available with a dealer fitted accessory, and integration with the 9-speaker Rockford Fosgate<sup>®</sup> Premium Audio System, MMCS allows you to customise features such as dusk sensing headlamp sensitivity, wiper speed, and room lamp shutdown delay.\*

Taking visibility to a new level, **High Intensity Discharge (HID)** headlamps provide optimal night time visibility with a wide view and a bright, daylight-type illumination. The Adaptive Front Lighting System (AFS) responds to your steering input to better illuminate periphery items ahead, which is especially useful heading into corners and bends.

\*6 disc CD is replaced with a single CD player and Bluetooth<sup>®</sup> voice activation is over-ridden by satellite navigation voice control if MMCS option is selected.

Featuring the sporty lines and aggressive styling that distinguishes the Lancer range, along with Lancer's sports performance heritage, ES is equipped with a host of impressive features making it perfectly suited to take on the demands of an active, busy life.

Space and seating flexibility ensure ES is up to any challenge, whether you're carrying passengers or cargo of all shapes and sizes.

There's a place for everything. Lancer's intelligent interior design means there's a host of locations for storing items, with front door pockets, cup holders in the centre console and front doors, cup holders in the rear arm rest for those in the back and a glove box.

Carrying extra large or long items is so much easier thanks to Lancer's **split folding rear seats**, which give you direct access to the boot and expand your storage space. As a result, it's easier than ever to load and transport the bulkiest of items. The adjustable rear cargo floor feature of the hatch gives you even greater flexibility should you need to carry particularly tall cargo items.

With **cruise control** on the steering wheel, auxiliary audio input, power windows and electric door mirrors, it's easy to stay relaxed and comfortable, however long the journey. A driver height, slide and recline adjuster, tilt adjustable steering wheel and adjustable headrests ensure you can customise your Lancer to provide the perfect driving position for you. To keep you entertained a single CD player with **MP3 compatibility** provides clear sound through 4 speakers.

ES boasts a host of passive and active safety features that ensure you and your passengers remain safe at all times. These include Anti-lock Brakes (ABS) with Electronic Brakeforce Distribution (EBD) and Brake Assist (BA), driver and front passenger SRS airbags, and a driver knee SRS airbag, **Active Stability Control (ASC)** and **Active Traction Control (ATC)**, and of course the Mitsubishi RISE one-piece body shell. Side and curtain airbags are available as an option.

# STYLE YOUR LANCER

A range of fashionable and sporty colours allow you to personalise your Lancer. With 8 colours (including pearlescent and metallic) available in the Sportback and Sedan range, and 6 in the Aspire range, there is sure to be a colour to suit you.

Mitsubishi's rally credentials are second to none. You don't win the world's most notorious rallies time after time without breakthrough, advanced engine technology and superior technological innovations.

Every Mitsubishi rally driver starts a race knowing they have a support system to back them up through every torturous, testing kilometre. It's a level of commitment every Mitsubishi driver can expect, and it's why we've created a comprehensive, efficient and sophisticated support system.

## **DIAMOND** warranty 5/10 YR **ADVANTAGE**

Mitsubishi Motors Australia Limited offers a 5 year/130,000km (whichever comes first) New Vehicle Warranty, a 10 year/160,000km (whichever comes first) non-transferable Powertrain Warranty and a 5 year Perforation Corrosion Warranty on all Mitsubishi cars and light commercial vehicles. Service conditions apply. See your dealer for details.

## **DIAMOND** GENUINE PARTS **ADVANTAGE**

Your Mitsubishi will be serviced regularly by skilled Mitsubishi-trained technicians. Only genuine Mitsubishi parts are fitted to your car during scheduled servicing – parts that have been fully tested and meet Mitsubishi's stringent quality control. All these parts carry the Mitsubishi Genuine Parts 12 months/20,000km guarantee (whichever comes first).

## **DIAMOND** Finance **ADVANTAGE**

Take the burden out of financing your new Mitsubishi vehicle with our competitive range of finance products, developed by Mitsubishi Motors Australia Limited and St. George Motor Finance Limited.

## **DIAMOND** GENUINE SERVICE **ADVANTAGE**

Diamond Advantage Genuine Service guarantees that your Mitsubishi is serviced as the maker intended. Mitsubishi Dealer Technicians are factory trained and have access to the latest technical information and service procedures relating to your vehicle and the tools and diagnostic equipment developed by the maker specifically for your vehicle. Enjoy peace of mind motoring by ensuring that your Mitsubishi gets the specialist care that only Diamond Advantage Genuine Service can deliver.

## **DIAMOND** Insurance **ADVANTAGE**

With the sound backing of Swann Insurance and Mitsubishi Motors Australia Limited, Mitsubishi owners can choose between vehicle and personal protection solutions including motor vehicle, gap cover and loan protection insurance as well as a range of tailored warranty policies.

## **DIAMOND** CUSTOMER ASSIST 24/7 **ADVANTAGE**

We're here to help, 24 hours a day, seven days a week. So just call Mitsubishi Motors Australia Customer Assistance Centre on 1300 13 12 11 if you have any questions, or for the location of your nearest Mitsubishi Dealer.

## **DIAMOND** 5 YR ROADSIDE ASSIST **ADVANTAGE**

Peace of mind is guaranteed anywhere in Australia with our free 5 year/130,000km (whichever comes first) Roadside Assist, 24 hours a day, 365 days a year. Our fast, comprehensive roadside service offers assistance, repairs, towing and storage. Our Premium Roadside Assist clients also enjoy the added benefits of accommodation, medical and transport facilities.

## **DIAMOND** Leasing **ADVANTAGE**

Our tailored fleet leasing services offer innovative, highly competitive features such as card purchasing, roadside assistance, specialist maintenance services, accident and claims management, optional insurance and more.

## **DIAMOND** 200+ DEALER NETWORK **ADVANTAGE**

With a network of more than 200 dealers, Mitsubishi is never too far away.
