Where the MLP is below the Luxury Car Tax (LCT) threshold that price excludes LCT. Where the MLP shown, plus the dealer delivery charge, is above the LCT threshold that price is inclusive of LCT at the rate of 33%. The LCT threshold is \$57,180 for all vehicles except those with a combined fuel consumption value of 7.0 litres per 100 km# or less which have an LCT threshold of \$75,000. LCT is payable on all luxury vehicles with a total purchase price, including the price of factory and dealer fitted optional extras and dealer delivery charges, above the LCT threshold.

<sup>^1</sup>Prices on this list are the manufacturer's recommended drive-away prices for NSW, based on the relevant statutory charges, CTP insurance (averaged out between three insurers and based on a 45 year old male driver in a metropolitan area), and the average dealer delivery prices of all Audi dealers within NSW. Registration fees are in accordance with the individual state legislation, fitted with a premium licence plate (where applicable) and based on private ownership. This is a manufacturer's publication, and new vehicles must be purchased from authorised Audi dealers. Prices may vary from dealer to dealer. All individual model prices are based on a standard vehicle with no optional equipment.
