The Audi R8

The Audi R8 arouses both fascination and enthusiasm, captivated by its incomparable appeal – an inspiring high performance sports car. The Audi R8 displays the name of the most successful Le Mans 24-Hour Race car of all time, and like the racing car, the Audi R8 bears the imprint of its developer's passion and desire to push back the frontiers of technical feasibility. Never before have motor racing and series car production, supreme technical achievement and everyday suitability been linked so closely as in the Audi R8.

The Audi R8 is a thoroughbred sports car that delivers enduring driving performance thanks to its all aluminium

mid-engine concept, in conjunction with superior quattro® drive technology and Audi Space Frame ASF®. The Audi R8 delivers the concentrated essence of inspired engineering, passion and true Vorsprung. The muscular, clear-cut lateral contours combined with the trademark sideblades behind the Audi R8's doors instantly allude to its racing origins.

With its high revving 4.2-litre V8 FSI or 5.2-litre V10 FSI engines, the Audi R8 evokes the dynamism of a high-performance sports car with driving experience that is equally at home on a racetrack as it is on the road.

The genes of a winner. The Audi R8
