MX-5

The freedom of the open air. The thrill of every curve. Mazda MX5 is the definitive lightweight roadster experience, and it's been made even more so. Refined dynamics and comfort enhance an incomparable drive. A purposeful edge enhances an iconic shape. All this strengthens the intimate connection between car and driver achieved by MX5. This philosophy of 'rider and horse as one' is known as 'Jinba Ittai,' and it's helped make MX5 the world's favourite sports car. We call the feeling Zoom-Zoom, and this is its purest form. ◀

WATCH VIDEO >

MX5 Soft-top Touring

SOFT-TOP OR ROADSTER COUPE. YOU'LL BE IN YOUR ELEMENT.

▲
Reach for the sky.

Opening the Z-folding soft-top is a quick, simple operation.

A winding road in front of you and the sky above you. Driving doesn't get any more enjoyable than this. The only question is, how do you want to get your fresh air thrills? In Roadster Coupe it couldn't be easier. Press a button and in just 12 seconds the power-retractable roof takes you from coupe-like refinement to the open air. Alternately there's the classic Soft-top.

Its lightweight roof seals perfectly and is easy to handle, allowing single-handed operation from the driver's seat. In either form, you'll experience the feeling of being one with the car borne of lightweight construction, perfect balance and rear-wheel drive. The third generation MX-5 enhances this with a range of refinements in dynamics, comfort and style. Which means delivering driving enjoyment is still what it does best.

▲
A coupe is seconds away.
Power-retractable roof offers enhanced refinement and security.

MX5 Roadster Coupe Sports

ROADSTER COUPE SPORTS. DIAL IT UP.

With the MX5 Roadster Coupe Sports, a great drive goes up a notch. There's all the sports car involvement and comfort of Roadster Coupe, with added features designed to enhance the experience. As soon as you slide behind the wheel the feeling is gripping. The exclusively designed RECARO sports seats hold you perfectly during spirited cornering, as well as offering impressive comfort. And with leather* trim offset by luxurious Alcantara® and white stitching,

they've got serious driving written all over them. The Sports also boasts 17 inch BBS alloy wheels. A specially created design, they add a striking edge to MX5's sporty looks. They're also lightweight, heightening the responsiveness and control of already superb handling. With Roadster Coupe Sports, an iconic sports car makes even more of an impression.

*Leather trim includes some Maztex material on selected high impact surfaces. #Alcantara® is a registered trademark owned by Alcantara S.p.A.

Big and bold.

Unique 17 inch BBS wheels set Roadster Coupe Sports apart.

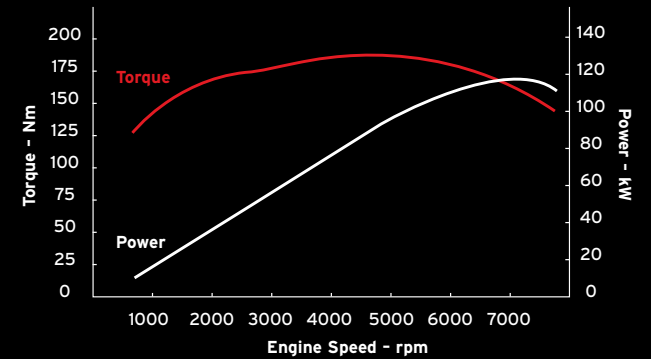

MX-5 Soft-top Touring

AND AWAY WE GO.

Turn the key in an MX-5 and it's you who'll get fired up. Its 2.0 litre four-cylinder engine with Sequential Valve Timing (S-VT) responds eagerly with smooth power and a rousing exhaust note. In manual models a forged steel crankshaft lets you rev right up to 7,500 rpm, taking excitement levels even higher.

Featuring lightweight aluminium construction the engine sits as close as possible to the car's centre, enhancing balance and handling. MX-5's transmissions are also geared to excite. The 6-speed manual shifts with quick, short-throw precision. The 6-speed Activematic lets you take manual control through steering wheel-mounted shift paddles, or enjoy automatic ease. In auto mode you'll still feel connected, as Direct Activematic (DAM) function lets you make instant manual downshifts via the paddles. So acceleration for overtaking or exiting corners is always at hand.

Rising excitement.

Power is responsive and refined from low down all the way to the redline. Figures shown are for manual models only.

[WATCH THE ACTIVEMATIC ANIMATION >](#)

Take control.

Steering wheel integrates audio and cruise control switches. Paddle-shift equipped Activematic lets you shift with your fingertips. It also features Active Adaptive Shift (AAS), which optimises gear selection to the road and your driving style.

MX-5 Roadster Coupe

ONE TURN AND THERE'S NO GOING BACK.

You haven't taken a corner until you've done it in an MX-5. With amazing agility combined with perfect weight balance, it reacts to your commands as if by intuition. And in this MX-5 the intimate connection between car and driver has been made stronger. The entire suspension system has been carefully retuned, while the front roll centre height has been

reduced. So MX-5 follows your steering inputs with uncanny accuracy and feels even more planted on the road. And while this faithful handling will give you confidence, standard Dynamic Stability Control (DSC) will enhance it. Working with the 4-wheel ABS, this advanced system manages engine power and braking force to maintain control, even on slippery roads. In MX-5 you'll take every corner with a smile on your face.

▲ **Polished performance.**

MX-5 features aluminium pedals to enhance sports driving.

WATCH THE STABILITY CONTROL ANIMATION >

▲ **Engineered for agility.**

Optimised suspension and lightweight aluminium components result in superbly responsive, accurate handling.

MX5 Roadster Coupe

MX-5 Roadster Coupe

LIGHTWEIGHT, BUT STILL LOADED.

▲ **Well adjusted.**

Seat height adjustment and tilt-adjustable steering wheel let you find your perfect driving position.

MX-5's cabin heightens your connection to a great drive. Settle into the sports seats and you'll enjoy superb comfort and support. Pedals, gearshift and adjustable steering wheel feel like extensions of your body, while sports instruments convey information clearly. MX-5 treats you to quality craftsmanship complemented by premium materials and textures. Low noise levels enhance the sense of refinement.

The user-friendly interior offers generous storage and handy features like an auxiliary jack for MP3 players. A specially designed 'Windblocker' aero board and quarter windows minimise air turbulence in the cabin. And all-weather comfort is ensured, with extra ventilation louvres in the footwells and at waist height. The six-disc CD player and AM/FM tuner features steering wheel-mounted controls. They link you to the superb sound of a premium Bose® amplifier incorporating seven speakers. But the indulgence doesn't stop there, as Roadster Coupe and Soft-top Touring also give you rich leather* upholstery.

*Leather seats include some Maztex material on selected high impact surfaces.

◀ **It all comes for the ride.**

Boot boasts 150 litre capacity while cabin offers convenient storage options.

Get revved up.

Uncluttered dials give you vital information at a glance. Speedo and tach rest at 6 o'clock position in true sports style.

Hits a note. 

Auxiliary jack lets you connect portable audio players. Soft-top Touring and Roadster Coupe boast superb 200W Bose® audio.

MX5 Soft-top Touring

HANDLE THE UNEXPECTED.

The same close connection between car and driver that makes MX-5 great to drive helps you avoid potential trouble. But it's good to know you're protected by the latest safety technologies. High-strength materials reinforce the rigidity of the body structure. This augments the protection of the Mazda Advanced Impact Distribution and Absorption System (MAIDAS), which absorbs and redirects impact energy away from the occupant cell. Seatbelts have pre-tensioners and

load-limiting retractors. The two front airbags are complemented by two double-chamber side airbags that offer head and chest protection. Even pedestrian safety is taken into account, the aluminium bonnet being designed to minimise potential injury. There's also impressive theft protection, with remote control central locking and an engine immobiliser. As a precisely engineered vehicle, MX-5 deserves the best of care. Servicing through the Mazda Maintenance Program offers the advantage of factory-trained

Service Technicians, equipped with one of the world's most advanced computer diagnostic systems. As well as maintaining your Mazda in A1 condition, you'll be protecting your investment in a vehicle that already has outstanding resale value. Like all Mazda passenger vehicles, Mazda MX-5 offers the reassurance of a 3-year, unlimited kilometre factory warranty. For more on Mazda car warranties go to mazda.com.au
