

ASPIRE

love that car

ASPIRE

The latest addition to the exciting and innovative Mitsubishi Lancer range, Aspire adds a new level of refinement and sophistication to Lancer's renowned sports performance heritage. Black leather trimmed seats, woodgrain print interiors and chrome exterior styling highlights give Aspire a feeling of refinement and class.

NEXT-GENERATION TECHNOLOGY

Aspire is packed with next-generation technology to enhance your enjoyment behind the wheel and help you stay focussed on the road ahead.

VOICE ACTIVATED BLUETOOTH® PHONE CONNECTIVITY

The latest hands-free technology allows you to make calls with simple voice commands and receive calls at the touch of a button, without your hands ever leaving the wheel. All of this is integrated through a powerful audio system.

ROCKFORD FOSGATE® PREMIUM AUDIO SYSTEM

The Rockford Fosgate® Premium Audio System includes a 6 disc CD with MP3 compatibility and 9 speakers to deliver crystal clear sound.

MITSUBISHI MULTI COMMUNICATION SYSTEM (MMCS)

MMCS, is an integrated communication and media system that provides satellite navigation, audio control, DVD function and a host of other features, controlled via the 7" full colour in-dash touch screen.

In addition to iPod connectivity, available with a dealer fitted accessory, and integration with the 9-speaker Rockford Fosgate® Premium Audio System, MMCS allows you to customise features such as dusk sensing headlamp sensitivity, wiper speed, and room lamp shutdown delay.*

*6 disc CD changer is replaced with a single CD player and Bluetooth® voice activation is over-riden by satellite navigation voice control if MMCS option is selected.

HIGH INTENSITY DISCHARGE HEADLAMPS (HID) WITH AFS

Taking visibility to a new level, HID headlamps provide optimal night time visibility with a wide view and a bright, daylight-type illumination. The Adaptive Front Lighting System (AFS) responds to your steering input to better illuminate periphery items ahead, which is especially useful heading into corners and bends.

CLEVER FEATURES

Other features that do the thinking for you include Smart Key which provides key-less entry and operation, Dusk Sensing Headlamps and Rain Sensing Wipers.

PERFORMANCE TECHNOLOGY

Aspire also features a powerful and efficient 2.4L MIVEC engine to provide better economy without sacrificing on the performance you demand. In addition, Aspire features all of the latest advanced technology found throughout the entire Lancer range.

A powerful MIVEC (Mitsubishi's Innovative Valve timing Electronic Control) engine combines with the automatic transmission to deliver a responsive and smooth drive. Behind the wheel you'll discover that the true essence of performance and technology can be delivered with a sense of style and sophistication.

MIVEC ENGINE

The all-alloy 2.4L MIVEC engine offers the latest technology in the form of a lighter engine to deliver excellent fuel economy and emissions. This engine delivers a powerful 125kW@6,000rpm and 226Nm@4,100rpm.

SUPERIOR AUTOMATIC TRANSMISSION

Aspire's automatic transmission offers the ease and convenience of the smooth 6-step Continuously Variable Transmission (CVT) with INVECS-III 'Smart Logic'. The on-board computer actively learns and adapts to your driving habits to make for a more enjoyable, and extremely efficient, driving experience.

SPORTS MODE

When you're ready for more 'hands-on' control, simply switch to 'Sports Mode' and enjoy an added level of control with six close steps neatly dividing the CVT's gear range. Combine this with Aspire's paddle gear shifters for responsive gear changes. Driving just got a whole lot more fun.

SAFETY

Comprehensive safety features ensure that you have maximum control in an emergency situation. You'll enjoy peace of mind on every journey taken in the Mitsubishi Aspire, knowing that it's built with safety of its occupants as a top priority.

ANTI-LOCK BRAKING SYSTEM (ABS)

ABS helps the driver maintain steering control and avoid hazards by adjusting the braking pressure to prevent the wheels from locking up under hard braking or during an emergency stop.

ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

When carrying passengers or heavier loads, EBD distributes braking force between the front and rear wheels to ensure optimum braking and reduce stopping distance.

ACTIVE STABILITY CONTROL (ASC)

ASC maintains stability and helps prevent loss of control when cornering by automatically recognising understeer and oversteer. It then applies the brakes to the appropriate wheels to keep you on a straight line and in control through corners.

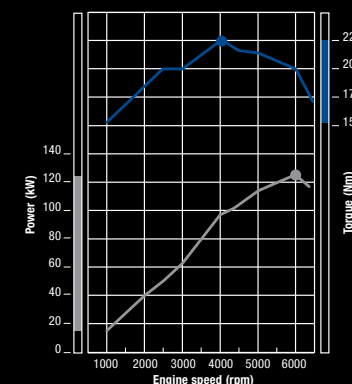

ACTIVE TRACTION CONTROL (ATC)

ATC automatically controls and improves the stability and acceleration of the car by minimising wheel spin, maintaining traction at all times even in the most slippery conditions.

SUPPLEMENTARY RESTRAINT SYSTEM (SRS) AIRBAGS

To provide ultimate protection in the event of a collision, Lancer Aspire is equipped with seven SRS airbags including driver and front passenger airbags, side and curtain airbags, and a driver knee airbag.

2.4L MIVEC DOHC Engine

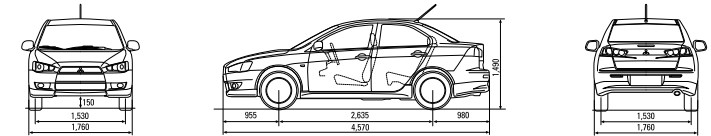

ASPIRE SPECIFICATIONS

ENGINE	
TYPE	2.4L DOHC 16 VALVE MIVEC
BORE X STROKE	88.0 X 97.0mm
CAPACITY	2,360cc
COMPRESSION RATIO	10.5:1
PERFORMANCE	
POWER	125kW @ 6,000rpm
TORQUE	226Nm @ 4,100rpm
FUEL SYSTEM	
FUEL SUPPLY EQUIPMENT	ECI MULTI-POINT INJECTION
CAPACITY	59L
FUEL ECONOMY	8.5L/100km (ADR 81/01)
These figures are obtained from controlled laboratory tests conducted by Mitsubishi Motors Australia Limited to Australian Standard ADR 81/01 and are provided to assist you in comparing the fuel consumption of Aspire with other vehicles. The actual fuel consumption you achieve will depend, however, on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use.	
ELECTRICAL SYSTEM	
BATTERY	55D23L
ALTERNATOR	12-120

TRANSMISSION	
INVECS-III AUTOMATIC CONTINUOUSLY VARIABLE TRANSMISSION (CVT) WITH 'SPORTS MODE'	
GEAR RATIOS	
RATIO	2.349 - 0.394
1ST	2.349
