

## The Audi A1 1.4 TFSI Sport

## The Audi A1 1.4 TFSI Sport.

### The Audi A1 in sport mode.

Exceptional design, state of the art technology and uncompromising quality – this is the essence of the concentrated luxury found in every Audi A1. And now with the A1 1.4 TFSI Sport, Audi has unleashed the most powerful, most dynamic and the best equipped car in the segment. The Audi A1 1.4 TFSI Sport is the sportiest car in its class.

The athletic design is centred on the large Audi single frame grille, which is surrounded by the wrap-around bonnet and framed by the sharp and stylish Xenon headlights with daytime running lights. The bold shoulder line runs along the length of the car, linking front and rear in a dynamic and muscular fashion. These design highlights accentuate the car's wide, hunkered-down stance, emphasising its sporting abilities. The aggressive S line exterior kit, including lower and deeper front and rear bumpers, combined with the S line roof edge spoiler and a rear diffuser, give the A1 TFSI Sport an unmistakably powerful presence.

For the interior, the design lines are inspired by a yacht and an airplane wing. These sophisticated styling cues are found in the centre console, the door trims and the instrumental panel, with air vents that can be ordered in a wide range of colours to suit any taste.

The combination of black headlining, extended colour interior elements in mono.pur material, the interior lighting package, a 6.5 inch high-resolution colour screen and the ergonomic leather steering-wheel are unique in this class, cementing the A1's position as the only truly premium car in this segment..

The 1.4 TFSI engine is a technological powerhouse, employing both super- and turbo-charging utilising FSI® direct-injection injection technology bred on the racetrack through Audi's all-conquering LeMans race cars. This advanced engine produces a muscular 136 kW of power and an impressive 250 Nm of torque. The sprint from zero to 100 km/h takes just 6.9 seconds, and the top speed is 227 km/h. Audi's acclaimed seven-speed S tronic transmission is standard, directing the power to the front wheels and switching gears in just a few hundredths of a second without any interruption in power flow.

Thanks to advanced driver assistance systems such as ESP and EDL, the A1 TFSI Sport always stays on track. The ESP with electronic cross-axle lock applies the brake to a spinning wheel and transfers torque to the other wheel, maximising traction and keeping the car under control at all times.

The Audi A1 1.4 TFSI Sport offers concentrated luxury, white-knuckle performance and genuine driving pleasure, all wrapped in the quality expected of an Audi.

The A1 1.4 TFSI Sport is the next big Audi ... in sport mode.

\* Individual Manufacturer's List Prices (MLP) of the factory fitted options quoted on this specification sheet separately exclude LCT. If the total price for the displayed vehicle (excluding statutory charges) exceeds the LCT threshold then total price will need to be recalculated including LCT. This is a manufacturer's specification sheet and new vehicles must be purchased from authorised Audi dealers. Specifications are as planned from September 2011, model year 2012, and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Ltd, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and price. For individual prices please contact your local authorised Audi dealer.

1. Fuel consumption figures according to Australian Design Rules (ADR) 81/02. The driving style, road and traffic conditions, environmental influences and vehicles condition can in practice lead to consumption figures which may differ from those calculated with these standards.

2. Please note Audi music interface (AMI) connector cables must be purchased separately through Audi Genuine Accessories.

3. Phone cradle must be purchased separately. Please check with your Audi dealer for phone cradle availability and approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.
