

## The Audi A3 Sportback

## A new approach to elite performance.

Ian Thorpe and the Audi A3 Sportback have much in common – each is a finely-tuned combination of form and function. The A3 Sportback offers you the practicality of a 5-door hatchback, with the sportiness of a classic coupé. Its striking front design, high shoulder-line, and distinctive rear, embrace a unique set of dynamic and emotional characteristics.

You can choose from an exclusive range of efficient high-performance engines that all employ turbo-charging and direct fuel injection. The 1.8 TFSI petrol as well as the 2.0 TDI diesel engine both offer improved responsiveness and impressive economy. The powerful 147 kW 2.0 TFSI guarantees breathtaking performance and enjoyment, whilst the 1.4 TFSI and the 1.6-litre TDI engine offer greater driving flexibility.

At Audi, the issue of fuel consumption has always been a key focus in the technical development of all Audi vehicles. The 1.6 TDI petrol engine delivers an impressive 250 Nm of torque and 77 kW of power while only consuming 4.5 litres per 100 km (combined) showcasing how efficiency and performance can go hand in hand.

Thanks to the S tronic dual clutch transmission, the Audi A3 Sportback offers sports-style performance, with class-leading refinement and economy. The Audi dynamic chassis, combined with electromechanical speed sensitive steering creates a perfectly balanced, sporty yet comfortable ride. With Audi's famous quattro® permanent all-wheel drive technology, the Audi A3 Sportback offers surefooted sports performance. The A3 Sportback boasts numerous standard safety features including driver and front passenger airbags, front side airbags as well as head level curtain airbags for front and rear passengers. Standard active safety features also include Audi's Electronic Stabilisation Program (ESP), incorporating Anti-lock Braking System (ABS), Electronic Differential Lock (EDL), Anti-Slip Regulation (ASR) and Brake Assist.

\*Individual Manufacturer's List Prices (MLP) of the factory fitted options quoted on this specification sheet separately exclude LCT. If the total price for the vehicle (excluding statutory charges) exceeds the LCT threshold then total price will need to be recalculated including LCT. This is a manufacturer's specification sheet and new vehicles must be purchased from authorised Audi dealers. Specifications are as planned from October 2011, model year 2012, and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Ltd, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and price. For individual prices please contact your local authorised Audi dealer.

1. Fuel consumption figures according to Australian Design Rule (ADR) 81/02. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.

2. The Comfort package and S line sport package (SSP1 / SSP2) and Audi exclusive line cannot be combined.

3. It is not possible to install a phone cradle adapter as this is a Bluetooth connection only. Please check with your Audi dealer approved Bluetooth telephones that have been tested by Audi for compatibility.

4. Please note Audi music interface (AMI) connector cables must be purchased separately through Audi Genuine Accessories.

Model shown is an overseas model Audi A3 Sportback 1.8 TFSI Ambition with optional Xenon Plus headlights, open sky roof system, Navigation system, mobile phone preparation and 16-spoke design alloy wheels.
