Style with a whole lot of substance

### Premium features

The Accord Euro comes with a long list of superb features to enhance your motoring experience. And with so many clever touches at your fingertips, even the daily commute feels like a special occasion.

### Power/Economy

Using a very clever cam widget, the 2.4L i-VTEC engine provides the perfect balance of power and efficiency.

### Safety

Equipped with a vast array of preventative and protective safety features, the Accord Euro has a 5-star ANCAP safety rating. So now, precision also comes with peace of mind.

### Precision drive

The road ahead may be filled with twists and turns, but the Accord Euro handles them with aplomb, thanks to its taut body and remarkably responsive steering.

### Interior form, fit and finish

Inside the Accord Euro, the atmosphere is premium without a trace of pretension. It has all the appointments you'd expect from a car of its standing, and every last detail is meticulously finished with an attention to detail bordering on the obsessive.

Euro Luxury shown in Premium White.

## Precision without peer

There's something about the Accord Euro that just feels 'right'. Wherever you look, inside or out, every last detail is as it should be.

The distinct curve of the front grille. The refined profile of the door handles. Right down to the subtle satin finishes of the interior. Every last detail has been pondered, appraised and thoroughly considered. But when you take a step back, the overall effect is nothing short of effortless.

Take the wheel and you'll find the Euro's handling is just as impressive as its sleek exterior. Meanwhile, under the hood, the ingenious 2.4L i-VTEC engine cleverly combines power with enviable efficiency.

Naturally, a car with such effortless precision should also deliver peace of mind, so the Euro boasts a 5-star ANCAP safety rating.

Read on and you'll soon appreciate just how much thought and passion Honda's engineers have invested into every aspect of the Accord Euro. But it's you, the driver, who gets to thoroughly enjoy the fruits of their labour and the effortless performance that makes it all worthwhile.

Euro Luxury Navigation shown in Graphite Lustre.

## It's time to take things up a notch

There are moments in life when you need to step it up. When near enough is not even remotely close to good enough.

For the engineers at Honda, designing the exterior of the Accord Euro was one of those times. It had to look polished, but not flashy. Sporty, yet refined. Sophisticated, not stuffy.

From this seemingly impossible wish list came a car that's thoroughly considered – from its distinctive V-shaped grille, bold wheel arches and smooth aerodynamic curves, right down to the decidedly stylish alloy wheels.

And the body is finished with touches of chrome that subtly catch your eye without screaming, "Look at me!"

Because after all, the Accord Euro isn't a car that demands attention, it's the sports sedan that commands respect.

Euro Luxury Navigation shown.

## A new aura in automobiles

There's something quite electrifying about sliding into the driver's seat of a premium sports sedan.

No one appreciates this more than Honda's connoisseurs of cleverness (better known as 'engineers'), who've made the Accord Euro positively radiant with comfort and class.

Upon easing behind the perfectly positioned steering wheel into its comfortably contoured seats, you'll be enveloped by the Euro's unique dashboard. Suddenly, you're struck with

the sense that everything feels just right – that this is unmistakably a real 'driver's car'.

The interior is both clever and comfortable, thanks to some hidden touches that activate without you ever having to lift a finger. Such as the dual-zone climate control air-conditioning, which lets the driver and front passenger set their own temperature. And on the Luxury Navigation model there's also a GPS-linked solar sensor that's bright enough to monitor

the sun's position and intensity. So, it knows when the sun is significantly warming one side of the cabin and automatically adjusts to compensate.

Your favourite music is always as close as your steering wheel, thanks to the Accord Euro's iPod®/MP3-ready sound system with 6-CD stacker. This brilliant sound system boasts no fewer than 10 speakers, which can be customised to perfectly suit your musical tastes.

And because no detail escapes the notice of a true driver, the Euro is appointed with subtle satin finishes throughout the cabin.

So after a quick pause to appreciate all the delightful details of the interior, there's only one thing left to do. Fasten your seatbelt and get down to some high quality driving.

#iPod® is a trademark of Apple Inc. iPod is integrated through audio display for iPod Nano and iPods from 5th Generation onwards. Older iPod models will only operate through the audio system and firmware updates may be required for audio display compatibility. Please refer to your iPod User Guide for information on iPod firmware updates.

## And now for the feature presentation

Take your rightful place in the driver's seat of the Euro and you'll find a clear-cut collection of premium features. The well-appointed cockpit has everything a discerning driver could possibly need, and then some. But rather than distract you from the job at hand, the Euro's numerous features have been thoughtfully set out, with everything you need right at your fingertips. So you can focus your attention where it really counts – the beckoning road.

### 1. Satellite navigation

There's no such thing as a wrong turn in the Euro's Luxury Navigation model. With Honda's ingenious Satellite Navigation System, you'll enjoy turn-by-turn directions to virtually anywhere in Australia.

### 2. Multi-jog dial

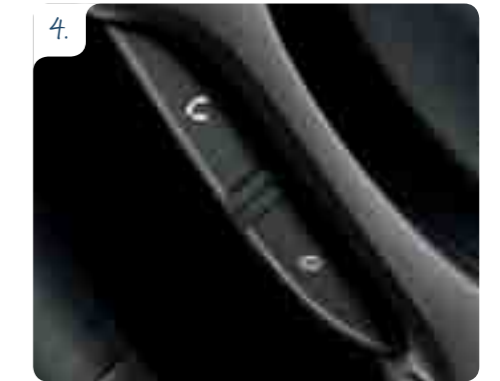

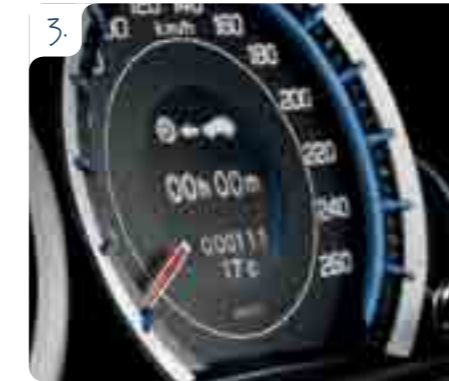

One brilliant button that brings new meaning to the term 'multi-tasking'. The handy Multi-jog dial controls your audio, driver information, climate, and (where fitted) Satellite Navigation controls from one central point.

### 3. LCD Multi-information display (MID)

The very clever MID gives you up-to-the-second data, including instant and average fuel economy, seatbelt alarm and refuelling distance. So it's precisely what you need to know, precisely when you need it.

### 4. Bluetooth® phone system\*

Take your calls without taking your eyes off the road. These steering wheel-mounted controls make using your phone wonderfully safe and effortless.

### 5. iPod® connectivity

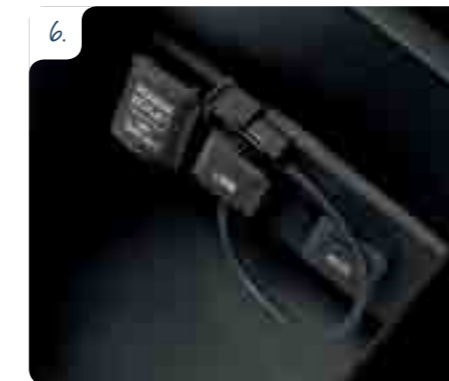

Your playlist will sound better than ever when plugged directly into the Euro's premium audio system. So plug in and rock out with superior sound quality and fingertip functionality for your iPod.

### 6. AUX power outlet and USB connectivity

A smart phone isn't so smart with a flat battery, so this handy power outlet can be used to charge most USB devices, such as smart phones and portable media players.

### 7. Memory seat buttons

The Luxury and Luxury Navigation models come with remarkably smart 8-way power adjustable seats that allow you to save your favourite driving position for when you next take the wheel.

### 8. Heated front seats

On cold mornings, your posterior will be positively toasty thanks to the heated front seats in the Luxury and Luxury Navigation models.

### 9. Electric sunroof

Get closer to nature from the comfort of your own cabin. This electric glass sunroof has tilt or slide function so you can feel the wind in your hair whenever the mood takes you. (Luxury and Luxury Navigation models only).

### 10. Reversing camera

Manoeuvring into a spot is a breeze, thanks to the front and rear parking sensors on the Luxury and the Luxury Navigation. The Luxury Navigation model also features a reversing camera, which gives a direct visual feed of the view behind your Euro.

# A high-speed balancing act

Infused with Honda's meticulous nature, the Accord Euro is perfectly poised to handle the unexpected with complete composure.

Whether tackling a summit or taking a Sunday drive, the 2.4L i-VTEC engine balances power and efficiency with such precision it's like driving with two separate engines.

The i-VTEC engine is one of Honda's most brilliant innovations, but its engineers are never content to rest on their laurels. Which is why the Euro features improvements to the alternator, along with reduced cylinder friction and piston ring surface tension for smoother and more efficient operation of the i-VTEC engine.

But it takes more than an ingenious engine to achieve its precision performance.

Both the 6-speed manual and 5-speed automatic transmissions gear up and down with the effortless fluidity of a tai chi move. (Especially with the automatic's Grade Logic Control and the Sport mode's steering wheel mounted shift controls and 'kick down' function).

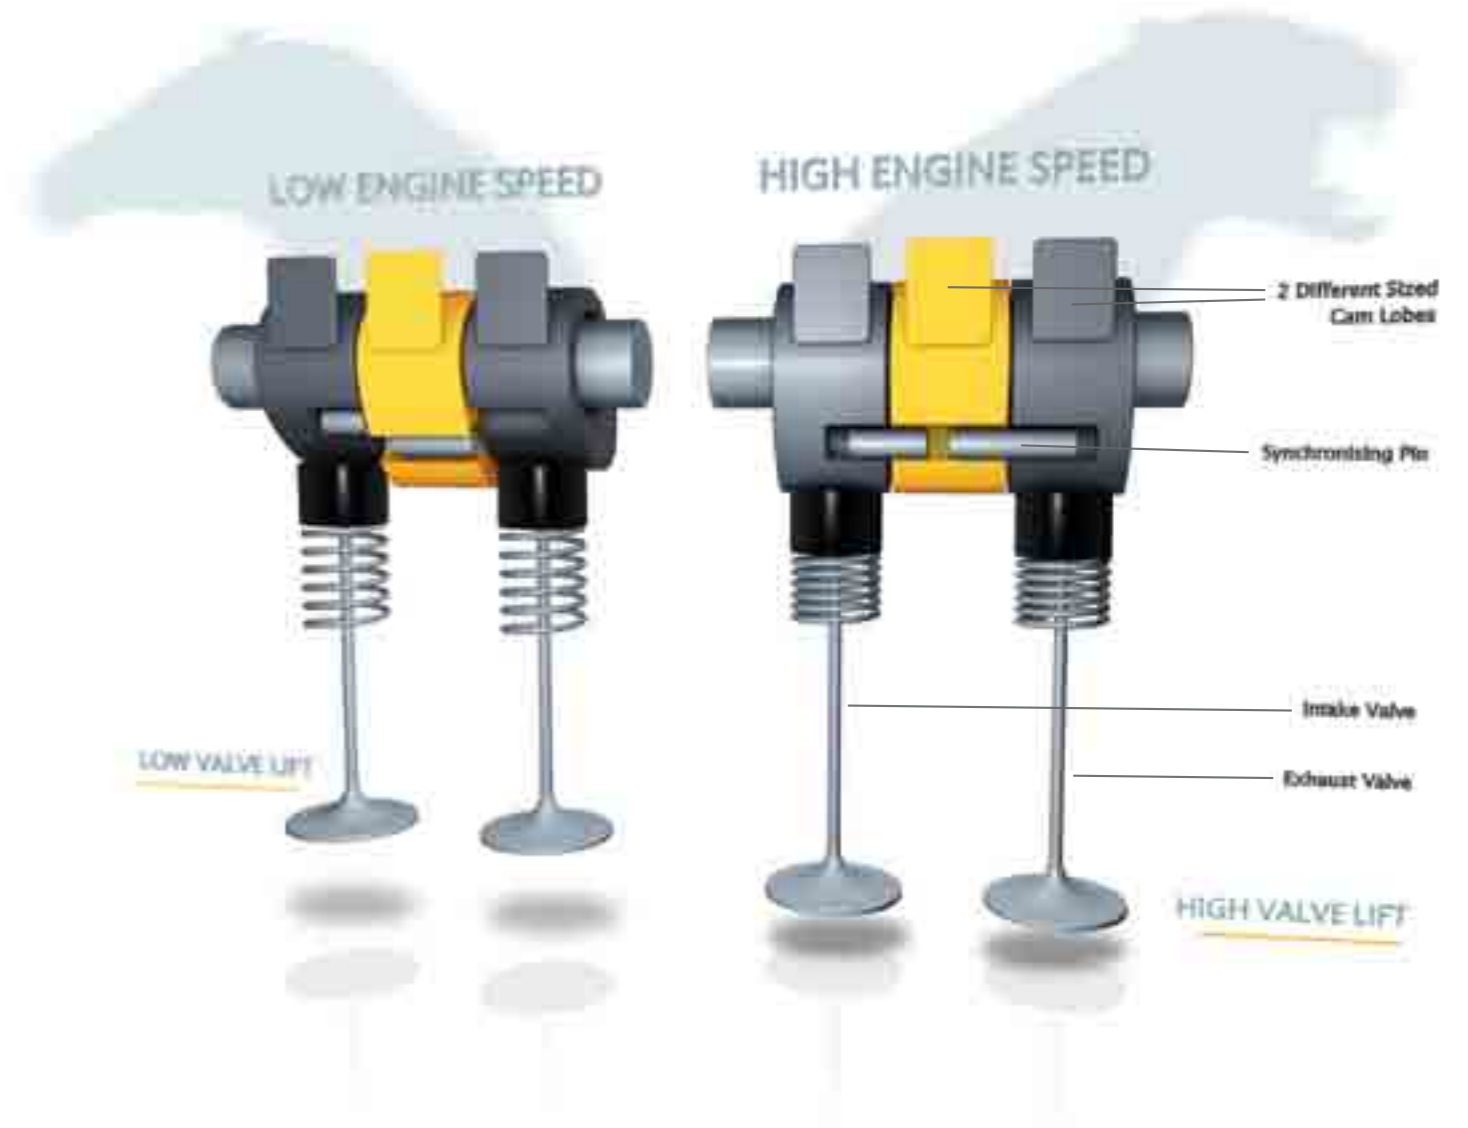

If the Accord Euro's gears are smooth, then its sharp, direct steering is positively awe-inspiring.

Its low centre of gravity, wide track and double wishbone suspension give the Euro super-sensitive agility and stability, gripping the road even at high speeds. Once again, the Euro sees subtle yet significant enhancements, with even more refined aerodynamics for minimal drag and effortless efficiency.

Through turns, cornering lamps on the Euro Luxury Navigation's front bumper automatically activate, so you'll always know what's around the bend.

If something unforeseen does crop up, though, the Accord Euro's superior brakes will stop on the proverbial sixpence.

So you can be sure to handle anything that comes your way with control.

When Honda created the i-VTEC engine, motoring was changed forever. Up until that point, engines were typically either economical or powerful, but not both.

Using a clever cam widget, i-VTEC has the incredible ability to recognise throttle speed and regulate fuel use accordingly.

It operates by using low fuel at low engine revs, but still giving higher performance at high engine revs.

Thanks to the power of i-VTEC, your Euro is endearingly economical, yet satisfyingly responsive just when you need it.

# If something goes wrong, a lot of things go right

What if, rather than safely getting out of a sticky situation, you were able to avoid it altogether?

Luckily that's how Honda's cautious engineers see it.

Which is why the Accord Euro is among the very best when it comes to facing the worst.

Its Vehicle Stability Assist (VSA), Motion Adaptive Electric Power Steering (MAEPS) and Traction Control maintain full control and smooth out instability if you're in a rough patch.

Meanwhile, the Anti-lock Braking System (ABS) and Electronic Brake-force Distribution (EBD) mean the Euro can stop quickly and safely at the first sign of the unexpected. And in the Luxury and Luxury Navigation models, the High Intensity Discharge (HID) xenon headlights make it even easier to see what's coming.

Even with a load hitched to the back, the Accord Euro's ingenious Trailer Stability Assist won't let the cargo dictate where the car goes.

If things should, however, take a turn for the worse, the G-force Control (G-Con) system and ACE body structure disperse the force of impact around the body frame and away from you and your passengers.

There's front, side and full-length curtain airbags, front seatbelt pre-tensioners with load limiters and front active head restraints to protect you in the cabin; and progressive crumple zones help protect pedestrians, too.

With so many features it's hard to remember them all. But there's one thing that stands out – its 5-star ANCAP safety rating. Which means the Accord Euro always offers safe passage.

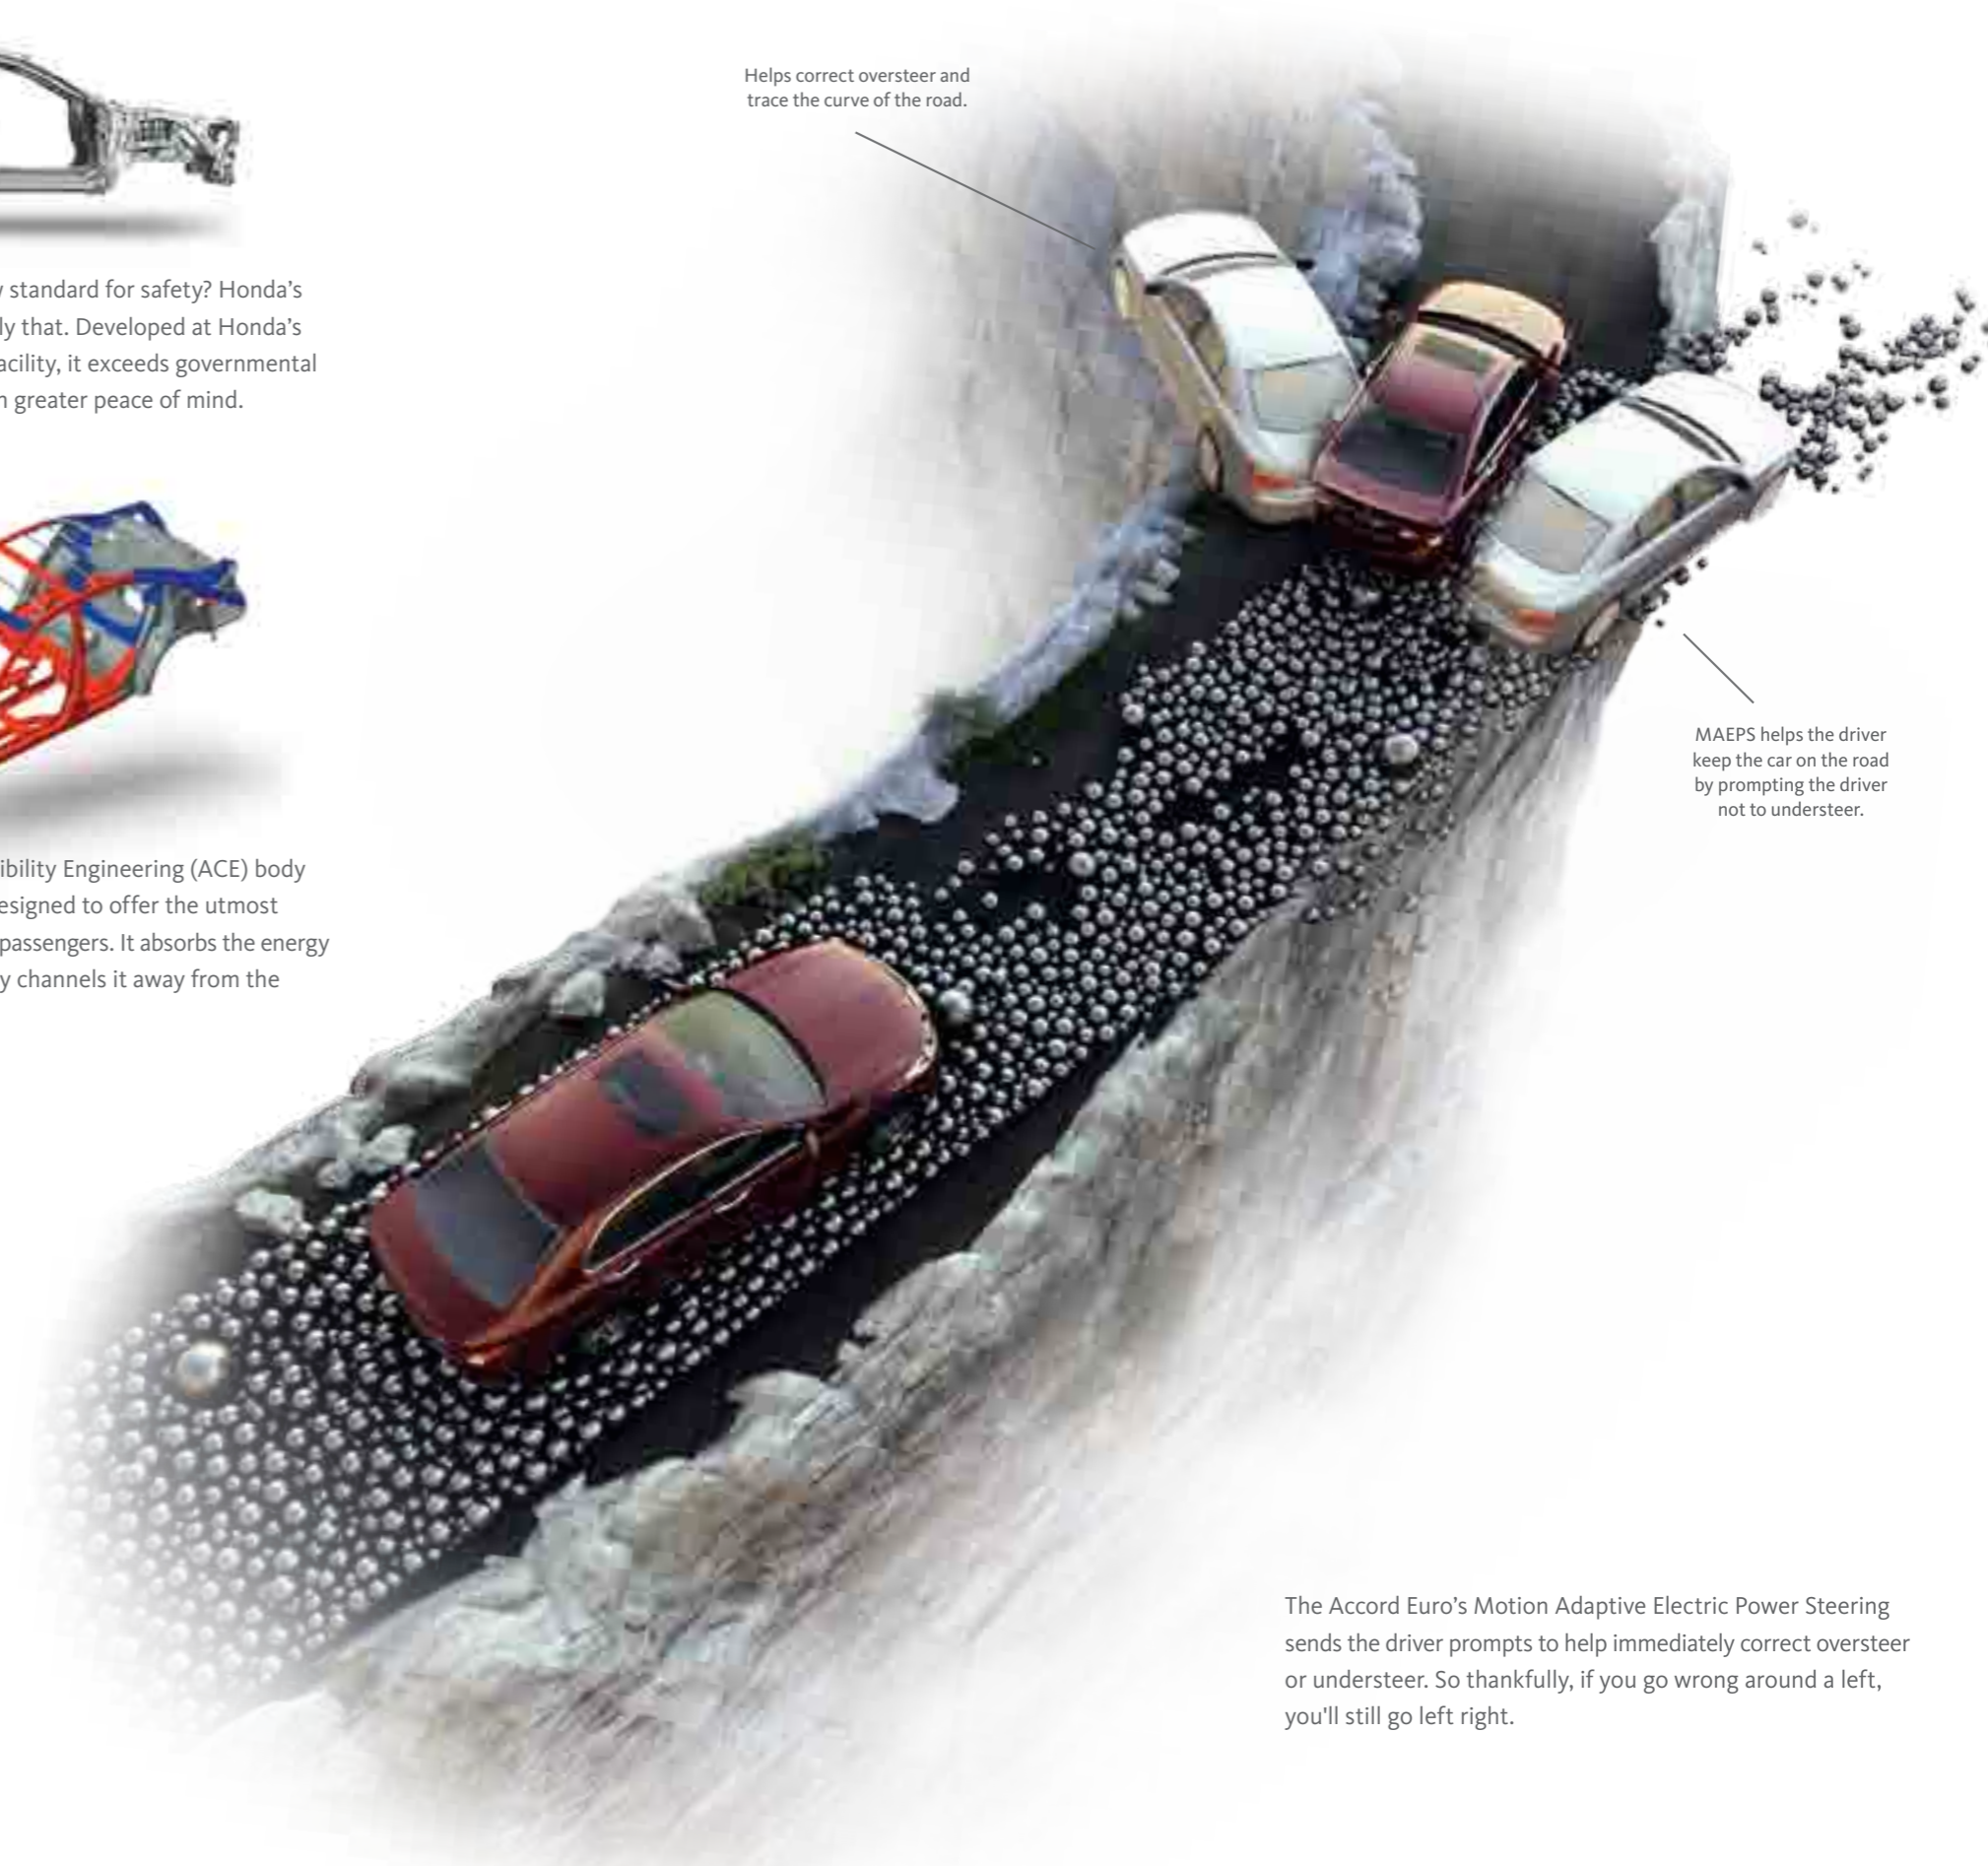

What if you could set a new standard for safety? Honda's G-force Control does exactly that. Developed at Honda's Real World car-to-car test facility, it exceeds governmental regulations to give you even greater peace of mind.

Honda's Advanced Compatibility Engineering (ACE) body structure has been deftly designed to offer the utmost protection for you and your passengers. It absorbs the energy from an impact, and actively channels it away from the passenger compartment.

Helps correct oversteer and trace the curve of the road.

MAEPS helps the driver keep the car on the road by prompting the driver not to understeer.

The Accord Euro's Motion Adaptive Electric Power Steering sends the driver prompts to help immediately correct oversteer or understeer. So thankfully, if you go wrong around a left, you'll still go left right.

## Euro

The Euro comes standard with:

### POWERTRAIN

- 2.4 litre DOHC i-VTEC engine
- 148kW @ 7000 rpm
- 234Nm @ 4300 rpm (M/T)
- 230Nm @ 4200 rpm (A/T)
- 6-speed manual transmission
- 5-speed automatic with Grade Logic Control
- Drive-by-wire throttle system
- Cruise control

### EXTERIOR

- 17-inch alloy wheels with full size spare
- Dual exhaust
- Chrome door handles
- Heated mirrors
- Reverse tilt passenger side mirror
- Keyless entry with remote boot release
- Auto headlights
- Rain sensing wipers

### INTERIOR

- Cloth seat and interior trim
- Leather steering wheel
- Tilt and telescopic steering
- LCD Multi-information display (MID)
- Power windows with auto up/down on all
- Dual-zone climate controlled air conditioning
- Climate controlled glovebox and centre console
- Integrated Bluetooth® phone system\*
- 6-disc 10-speaker premium audio system with subwoofer, MP3, WMA and speed sensitive volume control (SVC)
- Auxiliary jack with USB port (iPod® compatible)

### SAFETY AND SECURITY

- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Vehicle Stability Assist (VSA) with Traction Control System (TCS)
- Motion Adaptive Electric Power Steering (MAEPS)
- Trailer Stability Assist (TSA)
- Honda G-Con technology
- Advanced Compatibility Engineering (ACE) body structure
- SRS airbags: dual front, side and full length curtain
- Active front head restraints
- Security alarm and immobiliser system
- Jack Knife key

## Euro Luxury

Features in addition to Euro:

- 18-inch alloy wheels
- Electric sunroof
- HID headlights with washer
- Front fog lights
- Leather appointed seat and interior trim
- Heated front seats
- Driver and front passenger seat 8-way power adjustable
- Driver seat 2-position memory adjustment
- Front and rear parking sensors

## Euro Luxury Navigation

Features in addition to Euro Luxury:

- 5-speed automatic with Grade Logic Control (standard)
- Bi-Xenon High Intensity Discharge (HID) headlights with active cornering lamps and auto hi-low beam
- Satellite navigation system
- Reversing camera
- Auto dimming rear view mirror
- GPS-linked temperature control

# Modulo accessories. They're anything but pedestrian

Enhance your Euro's already arresting façade with some thoroughly distinctive Modulo accessories. Choose the complete set, or your own unique combination to make your Euro appear even sleeker, sportier, edgier and more aerodynamic than ever before. So get ready to turn heads, every time you turn the key.

#### **Euro in Graphite Lustre shown featuring Modulo accessories:**

- Aero Bumper Front<sup>1</sup>
- Aero Bumper Rear
- Side Skirt Set
- Rear Boot Spoiler – Wing
- Sports Grille
- Front Fog Lights (For Base only. These are standard on Luxury and Luxury Navigation)
- 18" Alloy Wheels<sup>2</sup> (Shown. 17" Alloy Wheels also available)

See your Honda Dealer for advice regarding Genuine Honda Accessories. Pictured accessories are all sold separately. All Genuine Honda Accessories installed at the time of retail sale of a new motor vehicle are covered by Honda's 3-Year/100,000km Warranty. If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months – whichever is greater – provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co.

<sup>1</sup>Sports Grille is mandatory with Aero Bumper Front. Front Fog Lights are mandatory when Aero Bumper Front is fitted to Euro Base model.  
<sup>2</sup>17" and 18" Alloy Wheels available on Euro Base only. 18" tyres sold separately. Consult your Honda Dealer.

## And now for the finishing touches

The interior of a car is like a sanctuary. So here's the chance to truly make the Euro feel like home. And with such a refined car as this, what better way to start than with some luxurious appointments?

### **Euro in Graphite Lustre shown featuring the following accessories:**

- 17" Alloy Wheels (For Base only)
- Front Fog Lights (For Base only. These are standard on Luxury and Luxury Navigation)
- Front and Rear Corner Styling Guards
- Door Styling Guards
- Rear Spoiler – Ducktail

### *Rear spoiler – Ducktail*

The subtle shape of this ducktail spoiler adds a sporty edge to the Accord Euro's well-rounded body.

### *Leather steering wheel and pedal set*

A high-quality leather steering wheel and race inspired alloy pedals serve as elegant reminders of the Euro's prestige design and performance engineering.

### *Leather shift knob – auto*

You can literally feel the Euro's sense of sophistication when you touch the high-quality leather gear stick.

### *Leather shift knob with boot – manual*

Available in both metal and woodgrain-look finishes, the manual leather shifter adds a stylish sporty touch to your Euro's interior.

See your Honda Dealer for advice regarding Genuine Honda Accessories. Pictured accessories are all sold separately. All Genuine Honda Accessories installed at the time of retail sale of a new motor vehicle are covered by Honda's 3-Year/100,000km Warranty. If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months – whichever is greater – provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co.

# Genuinely ingenious options

Some accessories exist to enhance a car's features, while others preserve them. Then there are some that do both, like these Genuine Honda Accessories. To find out more, simply contact your local Dealer or visit [honda.com.au/euro](http://honda.com.au/euro)

## Other accessories include:

- Accent Lighting Set
- Auto Dimming Mirror (For Base only)
- Bonnet Protector
- Cargo Hooks
- Door Handle Protection Film
- Door Visor Set
- Headlight Protector
- Leather Maintenance Kit
- Storage Pocket
- Tongue and Towball
- Touch-up Paints
- Tow Bar Kit
- Wheel Lock Nut set

Front corner styling guards™

It would be a shame to find a blemish on your Euro's pretty face. So shield it from chips and marks with this protective guard.

Rear corner styling guards™

With this fashionable and functional shield you'll make sure every side of your Euro is its best side.

Door styling guards

Car doors see a lot of action and these sporty buffers safeguard against wear and tear, so you'll always make a stylish entrance to your Euro.

Organiser box

The sturdy canvas of the organiser box keeps your belongings separate, safe and secure and folds neatly away when not in use.

Luggage area protector tray

With all the bits and bobs that go in the boot it's a good idea to protect the inside from scuffs and damage. And that's exactly what the protection tray does.

Bootlip protector

This neat and tidy liner fits over the bootlip protecting it from scuffs and scratches.

Cargo net

This tight-fitting flexible cord mesh keeps your odds and ends safely tucked away to guard them and the interior from damage.

Mud guard set

This subtle 4-piece set comes in a colour-keyed finish to complement the Euro's elegant aesthetic and help protect the pristine paintwork. (Not available with Rear Aero Bumper or Side Skirt Set).

Rear park assist

The 'small space squeeze' is a breeze thanks to these rear parking sensors that let out a timely beep if you get too close to unseen objects behind you. (For Base only).

Door sill garnish set

Branded with the Accord logo, these stainless steel door sill garnishes are a mark of its meticulous attention to detail and dedication to preserving every inch of the Euro.

Tailored carpet mat set

You'll hardly notice these high-quality and durable mats until you see how well they've preserved the Euro's stylish interior in years to come.

Roof rack set\*

These aerodynamic roof racks are simple to install and remove and can hold up to 50kg of bikes, skis, snowboards or even kayaks.

Roof box

This handy roof-mounted storage box has a weight capacity of 36kg, so when you're packing the car there's always plenty of room to move.

Bike attachment

Instead of taking your bikes apart and squeezing them into the car, this attachment offers a trouble-free way to transport your bike.

Ski/snowboard attachment

Keep the cabin cosy rather than cramped with this convenient and secure way to transport your gear up the mountain.

Kayak attachment

Even the size of your toys won't stop you from getting outdoors in the Euro with this secure roof-mounted kayak attachment.

Surfboard attachment

Easy to connect and remove, this device lets you play the professional from Monday to Friday and surf the weekend away.

See your Honda Dealer for advice regarding Genuine Honda Accessories. Pictured accessories are all sold separately. All Genuine Honda Accessories installed at the time of retail sale of a new motor vehicle are covered by Honda's 3-Year/100,000km Warranty. If installed after retail sale, they are covered for the remainder of the warranty or a minimum of 12 months - whichever is greater - provided that the accessory is fitted only to the vehicle for which it was intended by Honda Motor Co.

\*In the interest of aerodynamics, Honda recommends the roof rack set be removed when not in use. \*\*Corner Styling Guards not compatible with Aero Bumpers.

## You're never alone in a Honda

Buy a Euro and you'll be amazed at how well you'll be looked after.

The care starts with a three year/100,000km warranty and six year rust perforation warranty.<sup>5</sup>

And for a small extra investment, you can enjoy a huge amount of peace of mind with Honda's extended warranty and Premium Roadside Assist.<sup>6</sup>

You'll also have access to HondaONE, our exclusive website that gives you up-to-date service history, vehicle records, maintenance tips and service reminders.

And by using your Honda Dealer, you'll also be sure that they'll protect your investment by using Honda Genuine Parts.

So with all these benefits, your Euro will be as pleasurable to own as it is to drive.

## Insurance

If you're looking for cover every bit as reliable as your Euro, you really need Honda Motor Vehicle Insurance.

You'll enjoy a range of benefits, including:

- 3-year new replacement if your Honda is a total loss;
- Genuine Honda approved parts for the first 5 years;
- Lifetime guarantee on authorised repairs.

Approved applicants only. Normal underwriting and excess payment rules apply.<sup>7</sup>

## Finance

Whether you're buying a Honda for yourself or a business, we have a wide range of flexible finance and leasing options.

So see your Honda Dealer to find a financial solution that suits you as perfectly as your Euro does.

## What's next?

As a Euro owner, you're part of a brand that's always doing something new.

Because if there's one thing Honda prides itself on, it's always asking, "What's next?"

It was this inventive spirit that led to developing the Insight's brilliantly playful Eco Assist system.

It also produced the new CR-Z, the world's first sporty hybrid coupe.

And that's not our first 'world first' either.

There's the FCX Clarity, which is powered by a hydrogen cell and whose only emission is water vapour.

Or the unique CIGS solar cells that produce twice as much energy than they take to make.

Then of course there's ASIMO, the world's most advanced humanoid robot and the incredibly fuel-efficient HondaJet.

And now there's a glimpse of the future with the altogether different U3-X, a personal mobility device that takes you in any direction by simply shifting your weight.

All of these things, which were once dreams, are now realities thanks to Honda.

So what's next?

<sup>5</sup>Honda warranties apply where due care is exercised by the owner and the vehicle is maintained in accordance with the vehicle's owners manual. Please refer to Honda's warranty documentation for exclusions and conditions. <sup>6</sup>Conditions apply. Refer to Honda's warranty documentation for details. <sup>7</sup>Honda motor vehicle insurance is issued by GIO General Limited ABN 22 002 861 583 (GIO). Conditions and exclusions apply. Please read the Product Disclosure Statement before making any decision regarding this product and whether it is appropriate to meet your needs. To obtain a copy, please contact Honda on 1300 780 964. Honda dealers are either authorised representatives or insurance distributors of GIO.
