## The hidden advantages of hybrids

At Honda, hybrids are also a part of the family.

And when a hybrid passes the inspection, you can buy it with the same confidence as any Honda Approved Pre-owned Car.

That's because it comes with Honda Hybrid Rewards, which entitle you to a \$100 rebate for each of the next four scheduled services<sup>A</sup> conducted at a Honda Dealership.

For more information, contact your participating Honda Approved Pre-owned Car Dealership.

<sup>A</sup>Valid for up to 4 scheduled services and/or 2 years. Please refer to the Owners Warranty and Service Log Book for schedule services.

## What if a pre-owned car felt just like a new car?

That's the standard the meticulous service technicians at Honda set for every Honda Approved Pre-owned Car.

For a candidate car to qualify it must first be a well maintained, late model Honda.

And then to earn this esteemed title, each car is put through a thorough 150-point inspection by a trained technician to meet the most stringent qualifications.

Once they've passed this test, Honda are so confident of their condition, all Honda Approved Pre-owned Cars come with the kind of warranty and roadside assistance you'd expect with a new car.

You'll also enjoy other benefits, including Honda's financial and insurance services and membership to the HondaOne club.

But the best part is knowing it's a Honda.

That's because at the heart of every Honda is advanced technology that ensures it's fun to drive, environmentally aware and superbly safe.

So, just like a new Honda, a Honda Approved Pre-owned Car is cleverly engineered and makes driving a simple pleasure.

## It starts with a solid foundation

Before the inspection process even starts, a pre-owned Honda has to satisfy some fundamental selection criteria.

All candidate cars must:

- Be less than five years old\*
- Have travelled less than 100,000km#
- Include a full service history^

If the car meets all of these requirements, then the real test begins.

Part of Honda's unique G-CON technology, the Advanced Compatibility Engineering (ACE) body structure absorbs the energy from an impact and actively channels it away from the passenger compartment, providing the utmost protection for driver and passengers.

## Survival of the fittest

There's nothing wrong with high standards.

Unless, of course, you happen to be a car trying to earn the Honda seal of approval.

A Honda Approved Pre-owned Car must live up to the most stringent requirements, which only the strong survive.

First and foremost, it has to look the part.

So only a well-maintained, late-model Honda is eligible for a start.

Then a rigorous examination scrutinises its finish from top to bottom, front to back and inside and out.

But appearances can be deceiving.

That's why its 'Revs Check' Vehicle Reports and service records are carefully screened, too.

Then, in a comprehensive 150-point inspection, a Honda-trained Dealer Service Technician puts a candidate car through its paces.

So you know it's more than just a healthy looking body; the brakes, engine, exhaust and drivetrain, steering and suspension, tyres, wheels and interior are all fighting fit, too.

When a car makes the grade, it's officially a Honda Approved Pre-owned Car and backed by the very best warranty and support.

So in the end, it's a natural selection.

Honda's renowned i-VTEC engine recognises throttle speed and uses a clever cam set up to regulate fuel use accordingly. By using low fuel at low engine revs, but still giving higher performance at high engine revs, it provides the perfect combination of power and economy.

## With quality comes assurance

When it comes to used car warranties you never know what you're going to get from one place to another.

But with a Honda Approved Pre-owned Car all doubt is removed.

That's because a Honda Approved Pre-owned Car warranty guarantees its quality bumper to bumper, no matter where it's purchased.

One of the most extensive available, it matches the coverage of a Honda new car warranty and comes with a 12 month/20,000km extension beyond the standard new car warranty.

Which covers all the items included in the Honda New Car Warranty.

And with Honda Warranty Plus or Honda Assured Warranty, your cover continues as if nothing had changed, until its expiry.

At which time the 12 month/20,000km Honda Approved Pre-owned Car warranty kicks into gear.

So your vehicle is covered for a total of 6 years/160,000km.

And because life needs to be flexible, the warranty is fully transferable.

So review the Honda Approved Pre-owned warranties with a Honda Dealer today.

Because once that's done, the only thing left to wonder is 'where to next?'
