ALL 4 THE DRIVER™

All 4 the Driver™ is far more than a simple phrase for those of us that work for Subaru. It's a philosophy that ensures a culture that's united in its passion for putting you, our customer, first.

Basically, it's about creating an extraordinary experience for you, each and every time. It means we have an uncompromising commitment to quality, especially in our dealings with you and how we make you feel. At Subaru we are all accountable for making All 4 the Driver a real experience for you. And we're all motivated by that challenge.

To find the Subaru that is right for you - don't take our word for it, Drive It Your Way®. After all, there's only one way to find out how a Subaru feels, and that's by getting behind the wheel. Put your favourite Subaru to the test on the kind of roads where you need it to perform most - from a quick, local dash around the block, to a longer freeway cruise, there's a test drive route to suit you. Ask your local Subaru Retailer for details.

Symmetrical All-Wheel Drive
Horizontally-opposed Boxer engine
Five-star ANCAP occupant safety

ALL 4 THE PERFORMANCE, THE SAFETY, THE RETAINED VALUE

Performance

Our Symmetrical All-Wheel Drive and horizontally-opposed Boxer engine technology have been developed to work together to provide superior handling, performance and balance - which gives our Drivers greater confidence. Confidence that makes for pure driving pleasure.

Safety

Thanks to its uniquely balanced design, every Subaru is made to grip the road in just about any condition. A ring-shaped passenger safety cell and advanced crumple zone technology help protect Subaru Drivers and passengers from serious injuries. It's part of the reason every Subaru is awarded a five-star ANCAP occupant safety rating – the highest occupant safety rating available in Australia – ensuring a worry-free trip, wherever you're heading.

Retained Value

Excellent retained value is no accident. Subaru starts with outstanding cars, adds world famous advanced driving technologies and provides every owner with maximum five-star occupant safety. But it doesn't end there. Our highly skilled service technicians at over 100 Subaru service centres around Australia ensure your Subaru is kept in peak condition at all times. Subaru has had an active focus on the retained value of all our models for many years. This is the result of delivering exceptional performance, safety technologies and DataDot™ theft protection to ensure that owning a Subaru is a good investment.

ALL OF THIS ADDS UP TO A BETTER EXPERIENCE FOR THE DRIVER.

THE
DIFFERENCE
IS OUR
DNA

ALL 4 THE MUD THE SWEAT THE CHEERS THE SUBARU DRIVER

Rallying has always been a brutally tough motorsport. With uncompromising terrain, wildly fluctuating conditions, and constant demands on the cars, it's one of the most challenging sports in the world – and a perfect testing ground for Subaru. We were part of the World Rally Championship for 19 years – and while we were fine-tuning our unique technologies, we were also winning championships. We won the World Rally Championship Manufacturers' title three times, and the driver's title three times as well.

And our decade of dominance in the Australian Rally Championship – from 1996 to 2005 – is a testament not only to our ongoing passion for innovative design and engineering, but our unique understanding of Australian driving conditions. It's a passion that flows through our earliest designs and drawings, into our race-bred testing regime, and into the car you drive.

Pioneering performance since 1958

From the introduction of the Subaru 360 in 1958 to Subaru's three consecutive World Rally Championship (WRC) Manufacturers' titles from 1995 to 1997, Subaru has a long history of engineering and motor sports achievement. Here's a quick look at the Subaru journey...

ALL 4 THE SUBARU HERITAGE

OUR JOURNEY

ALL 4 AN EXHILARATING DRIVE

Confidence

It reveals itself in the corners. In the wet. In the moments when it really counts. It's the same confidence that turns an everyday ride into an exhilarating drive. That's why we've made driver confidence the cornerstone of everything we do at Subaru. Every innovation, every technological advancement, every intricate detail in a Subaru is there to inspire confidence.

Pure performance in every drive

The sheer power of the Subaru WRX proves beyond doubt that its aggressive wide body styling is backed by a pure performance pedigree. The 2.5-litre DOHC turbocharged Boxer engine with Electronic Throttle Control and Active Valve Control System delivers more torque earlier in the rev range producing an enormous 195kW of power at 6,000rpm and 343Nm of torque at 4,000rpm, providing sports performance and driveability.

But with all this power comes ultimate control – thanks to Symmetrical All-Wheel Drive, our Vehicle Dynamics Control system and a fully independent double wishbone rear suspension system that gives you sharper handling, better balance and instinctive responsiveness.

IMAGE: SUBARU WRX PREMIUM HATCH

SUBARU WRX RANGE

Bold, mean and agile - the 2.5-litre turbocharged Subaru WRX is available in hatch and sedan. With new metal jackets and muscular engineering the Subaru WRX is designed to get your heart racing. It packs a punch with an STI exhaust system - four tailpipes, new lightweight 17-inch alloy wheels with gunmetal grey finish, wider tyres, wider front and rear track and a rear suspension upgrade. All underpinned by Subaru's renowned Symmetrical All-Wheel Drive system and horizontally-opposed Boxer engine, it sticks to the road and provides you with an exhilarating ride.

On the inside is a centre sports tachometer, sports bucket seats with red stitching and embroidered WRX logo and sports pedals as well as an impressive audio system featuring 10-speakers and a single CD player, which is MP3/WMA/iPod¹ compatible. A USB port² and auxiliary jack² in the centre console means you can listen to your favourite tracks and *Bluetooth*[®] wireless technology³ is standard to give you easy hands-free calling from your mobile phone.

The Subaru WRX Premium model features a seven-inch touch screen in-dash satellite navigation system that is *Bluetooth*[®] wireless technology³ enabled and features a single CD/DVD⁴ player and RCA jacks⁵. And to make your ride even more enjoyable, it features leather⁶ seats and an electric sunroof.

ALL 4 THE ENTERTAINMENT

Entertainment

One of the most important elements of any road trip is getting the soundtrack right – and with the Subaru WRX every new place you see will be matched with something great to listen to. With a 10-speaker, single CD player which is MP3/WMA/iPod¹ compatible, you'll always have the best seats in the house – wherever you're headed and a USB² port and auxiliary jack² means you can always listen to your favourite playlist on your iPod¹. On the steering wheel there are also easy-to-use audio controls.

Bluetooth® wireless technology³

The Subaru WRX features Bluetooth® wireless technology³ giving you hands-free calling from your mobile phone so you are always in touch.

Satellite navigation

The Subaru WRX Premium features a multi-information satellite navigation system, which puts destinations at your fingertips. Powered by the renowned Whereis™⁴ Map database, it has been designed to not only be accurate, but intuitive too. To operate, use the touch screen in the centre console, and you can easily move between a huge variety of options.

The impressive system features RCA⁵ jacks and a combined single CD/DVD⁶ player that presents exceptional quality sound and video. It also incorporates dual trip meter functions as well as journey duration, distance and average fuel consumption.

Satellite navigation system (standard on Subaru WRX Premium models only)

1. iPod is a registered trademark of Apple Computer Inc.

2. Auxiliary jack and USB port not available if satellite navigation is fitted.

3. Bluetooth® is a registered trademark of Bluetooth SIG Inc. System operation ability is subject to the Bluetooth® wireless technology specification of individual's phone.

4. Whereis is a registered trademark of Telstra Corporation Limited.

5. RCA jacks replace auxiliary jack and USB port when satellite navigation is fitted.

6. DVD only operates when vehicle is stationary.

ALL 4 THE EXHILARATION

You feel the difference on your very first drive. That quiet, smooth acceleration and light-footed responsiveness that has become the hallmark of the horizontally-opposed Subaru Boxer engine. Tuned for mid-range torque as well as top-end power, it offers the driver impressive performance – reminding you that this is no ordinary car.

ACTIVE CONTROL

All Subaru WRX models feature Active Valve Control System (AVCS), which varies the inlet camshaft timing to give you optimum power, torque, exhaust emissions, fuel economy and idling stability.

SUBARU 2.5-LITRE FOUR-CYLINDER DOHC TURBOCHARGED BOXER ENGINE¹

Max. power: 195kW @ 6,000rpm
Max. torque: 343Nm @ 4,000rpm

Conditions underfoot are always favourable, with the power of Subaru's award-winning 2.5-litre turbocharged Boxer engine. The intelligent AVCS helps produce an astonishing 195kW of power at 6,000rpm and maximum torque of 343Nm at 4,000rpm, complementing the Electronic Throttle Control to ensure instant response.

This technology evolved from years of motorsport experience and testing on all kinds of terrain. For you, it amounts to a consistently thrilling driving experience.

ALL 4 THE POWER THE TORQUE THE GLORY

¹ This engine requires 95RON unleaded fuel. This fuel is not available in all areas of Australia.

ALL OR NOTHING

We pioneered Symmetrical All-Wheel Drive (SAWD) over 30 years ago and it remains one of our defining achievements. The combination of SAWD and the Traction Control System incorporated within the Subaru Vehicle Dynamics Control system (VDC) optimises tyre traction

and provides the driver with outstanding control. Partnered with our horizontally-opposed Boxer engine, and symmetrical drivetrain, it gives you a sense of poise and balance that not only inspires confidence, but delivers optimum safety – whatever the conditions.

The benefit of symmetry

The drivetrain of your Subaru is perfectly symmetrical with the engine, transmission, propeller shaft and rear differential all arranged in a straight line.

The result is ideal weight distribution, a low centre of gravity, and perfect balance giving you sure-footed control, and smooth, receptive handling.

Three distinctive advantages

1. Better balance

A low centre of gravity means less body roll, flatter cornering and improved response with the benefits of SAWD grip.

2. Less vibration

Our horizontally-opposed Boxer engines are flat in shape and sit low in the engine bay, meaning less vibration, noise and greater cabin comfort.

3. More grip and traction

SAWD offers distinct advantages over two-wheel drives when cornering by optimising traction and reducing the likelihood of oversteer or understeer.

Transfers power from the wheels that slip to those with grip

Sure-footed control

The sense of control you feel behind the wheel owes a lot to our intelligent chassis design and finely tuned suspension.

The light but rigid materials in the chassis give the car extra agility,

and the McPherson strut-type independent front suspension, double wishbone rear suspension and quick ratio speed sensitive power-assisted steering combine to provide a smooth, controlled ride, with lots of road-holding grip.

Front suspension

A wide track rigid front suspension produces more responsive steering and stable cornering, optimising tyre contact with the road surface.

Rear suspension

The double wishbone rear suspension system ensures a smooth, controlled ride with enhanced handling, comfort and quietness.

SAFETY FIRST SECOND AND THIRD

FIRST – BALANCE

Symmetrical All-Wheel Drive (SAWD) is an integral part of the Subaru driving experience. SAWD enhances control by taking advantage of the traction offered by all four tyres distributing power. Which means driving on low friction surfaces like wet or snowy roads and muddy tracks becomes much safer.

SECOND – STABILITY

All Subaru WRX models come standard with a high level of collision avoidance technologies – an electronic driver assist system called Vehicle Dynamics Control (VDC). This is not just Electronic Stability Control (ESC) but a complete system of safety measures.

Subaru's VDC system is made up of both stability and braking technologies:

- Electronic Stability Control (ESC)
- Traction Control System (TCS)
- TCS Limited Slip Device (LSD)
- Anti-Lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Brake Assist

So in extreme situations – like when you have to swerve or brake suddenly – VDC is there to help. The VDC system is constantly analysing through an array of sensors, the parameters that affect vehicle stability of the Subaru WRX whilst it's in motion.

Understeer or oversteer challenge even the best of drivers. The ESC technology incorporated within the VDC system aids the driver in maintaining control during cornering and emergency manoeuvres. When the road conditions are particularly challenging such as a muddy track the VDC Traction Control System and TCS Limited Slip Device kick in, minimising wheel spin and transferring power from the wheels that slip to the wheels with grip.

The Anti-lock Braking System (ABS) – including Electronic Brakeforce Distribution (EBD) and Brake Assist work together to help avoid wheels locking up, maximise stopping power and make sure the right amount of braking force is applied in an emergency. Every centimetre makes a difference. Put simply, all these features work together to give you control when you need it the most.

THIRD – PROTECTION

Five-star safety...

Every occupant can feel that much safer knowing the Subaru WRX has been awarded the maximum five-star crashworthiness rating for occupant safety from the respected and independent Australasian New Car Assessment Program (ANCAP)¹.

Such a high safety rating has a lot to do with the innovative advancements that we've made an integral part of the Subaru WRX.

The Subaru WRX features sports bucket seats that provides enhanced protection against whiplash in heavy rear-end collisions. All rear seatbelts come with Automatic Emergency Locking Retractors, and the front seatbelts feature pretensioners that hold you securely in place in an accident.

... That's tough on the outside...

The Subaru WRX's ring-shaped passenger safety cell is made to absorb impact – and features steel reinforcements, crumple zones and a strong, rigid build designed to help reduce injury in the event of an accident.

... And soft on the inside

Six SRS² airbags help protect passengers from a heavy impact. Dual front, front side and curtain airbags come standard in all Subaru WRX models.

The chance of serious injury to the front occupants is further reduced by the ingenious positioning of the engine – low enough to slide below the cabin in a severe frontal collision. Plus the energy-absorbing collapsible steering column, and pedal intrusion limiting system, help minimise driver injuries in a heavy frontal collision.

A grand vision

Subaru design engineers take special care to optimise your field of vision from the driver's seat, without compromising the protection of all your occupants. The result is a strong passenger compartment, with outstanding visibility – helping you to avoid accidents in the first place.

Did you know?

All Subaru WRX models are fitted with advanced engine immobilisers and DataDot™ technology. Approximately 7,000 microscopic dots are laser-etched with your vehicle's unique Vehicle Identification Number – making your Subaru a much less attractive target for potential thieves.

1. The Australasian New Car Assessment Program (ANCAP) gives consumers consistent information on the level of occupant protection provided by vehicles in serious front and side crashes.
2. SRS: Supplemental Restraint System. Effective when used in conjunction with seatbelts.

MAKE A GENUINE DIFFERENCE

Subaru Genuine Accessories

The small things can sometimes make the biggest difference. So to set your Subaru apart, personalise it with our Subaru Genuine Accessories. From the added protection of carpet mats and cargo trays, to adventure packed roof carrying systems, we have a great range of accessories to help you get your Subaru just right for your lifestyle. You can see the complete range of accessories at subaru.com.au

Genuine accessories. Genuine warranty

All Subaru Genuine Accessories come with a manufacturer's warranty:

- When you have them fitted at the time you purchase your new vehicle (or at your first scheduled service by your Subaru Retailer) you get a three-year/unlimited-kilometre warranty.

- When you purchase accessories and have them fitted by your Subaru Retailer any other time you get a two-year/unlimited-kilometre warranty.
- When you purchase accessories from your Subaru Retailer at any other time, you get 12-month/unlimited kilometre warranty.

You can get full warranty information at subaru.com.au

ON THE ROAD TO TOMORROW

The maker of Subaru vehicles, Fuji Heavy Industries (FHI), understands the importance of environmental responsibility in all its business activities and services. And in keeping with its goal of being “an intelligent company that is friendly to the global environment” it’s constantly looking for ways to be more environmentally considerate – even in ways that reach beyond the automotive manufacturing sector of its business.

FHI has bettered its carbon dioxide emission reduction targets, thanks to their commitment to energy conserving programs at their factories and other facilities, including the introduction of natural gas-fuelled cogeneration facilities. It also strives to reduce CO₂ emissions in its non-automotive areas, producing fuel-efficient general use engines and wind turbine electric power generation systems.

And at the forefront of all this is their environmentally responsible manufacturing of Subaru vehicles, right across the world. For instance in North America, Subaru was the first automotive manufacturer to receive the stringent ISO 14001 environmental management standard. As well as being the first to achieve zero landfill status.

Since then, Subaru has achieved ISO 14001 accreditation across its entire Japanese business, and continues to find new ways to minimise its impact on the world we all call home.

SUBARU SERVICES

For more information about the Subaru Services listed below visit subaru.com.au

SUBARU FINANCE

Subaru Finance allows you to explore a range of tailored finance options through your authorised Subaru Retailer – so that approved customers can finalise purchase details quickly and conveniently. As dedicated automotive finance specialists, we can offer a range of private and business packages, including vehicle loans, leasing and commercial hire purchase finance.

SUBARU INSURANCE

We understand that you, as a Subaru owner, want a range of insurance options that offers features and benefits that complement your Subaru vehicle. Subaru Insurance options include:

- Subaru Comprehensive Motor Vehicle Insurance
- Subaru Motor Equity Insurance
- Subaru Loan Protection Insurance

These Subaru Insurance products are available only through participating authorised Subaru Retailers.

SUBARU FLEET AND CORPORATE

Fleet and Corporate Sales is an integral part of our business, with all Subaru Retailers equipped to support Fleet, Corporate and Government clients with your vehicle purchasing needs. Within Subaru Australia's Fleet and Corporate Sales department we have an average experience level of 19 years in or around the motor industry.

Our Fleet and Corporate Sales message is a simple one, we offer:

- Engineering Performance • Aesthetic Appeal • A commitment to the Environment
- Security • Safety • Our renowned Retained Resale Value

But don't take our word for it, please visit your local Subaru Retailer and arrange a Fleet evaluation of one of our great vehicles, whilst also reviewing the independent data and make the smart business decision of investing in a Subaru.

SUBARU PREFERRED COLLISION REPAIRER NETWORK

Subaru has appointed a network of Preferred Collision Repairers, with stringent quality standards and high customer service levels. Our dedicated helpline is available on 1800 737 179, 24-hours a day, seven days a week.

SUBARU SERVICE AND SUBARU GENUINE CARE

Inherent within every Subaru is a philosophy of engineering excellence, award-winning performance and advanced driving technology. Subaru Genuine Care delivers the technical expertise, specialist diagnostic equipment and genuine replacement parts required to keep your Subaru in optimum condition. There is also the advantage of knowing your vehicle is maintained by factory-trained technicians with unequalled knowledge of Subaru products.

SUBARU LIFESTYLE

The philosophy of building motor vehicles that perform to the highest standards extends to our range of quality merchandise. With a diverse collection of stylish apparel and accessories, there is something to appeal to every Subaru enthusiast. To see the entire Subaru merchandise range, visit shop.subaru.com.au, or ask your local authorised Subaru Retailer.

SUBARU ROADSIDE ASSIST

In the unlikely event your Subaru breaks down or experiences technical problems, Subaru Roadside Assist is available 24-hours a day, seven days a week to help customers at a competitive annual fee starting from \$71.50*. For more information on Roadside Assist, ask your local authorised Subaru Retailer.

*Prices subject to change without notice.

SUBARU ASSURED WARRANTY PROGRAM FOR USED VEHICLES

Qualifying used Subaru vehicles from participating Subaru Assured Retailers offer a two-year unlimited kilometre warranty extension to further complement either the balance of a new vehicle or the statutory warranty that remains. Every used Subaru Assured vehicle must pass a 116-point inspection.

SUBARU WRX AWARDS

- 2009 • MOTOR Magazine, Bang For Your Bucks Winner, Subaru Impreza WRX
- 2008 • International Engine of the Year Award, 2.0 – 2.5-litre class, Subaru Impreza WRX (2.5-litre turbocharged horizontally opposed Boxer engine)
- 2007 • Australasian New Car Assessment Program (ANCAP) five-star occupant safety rating for the entire Impreza range
- 2006 • International Engine of the Year Award, 2.0 – 2.5-litre class, Subaru Impreza WRX (2.5-litre turbocharged horizontally opposed Boxer engine)
- 2005 • International Association of Autotheft Investigators (IAATI), Outstanding Achievement in the Reduction of Motor Vehicle Theft in Australia, Subaru Impreza WRX
- 2004 • Australia's Best Cars, Best Sports Car 2004 under \$57,000, Subaru Impreza WRX
- 2003 • Australia's Best Cars, Best Sports Car 2003 under \$57,000, Subaru Impreza WRX
- 2001 • Australia's Best Cars, Best Sports Car under \$56,000, Subaru Impreza WRX
- 2000 • Wheels Car of the Year, Subaru Impreza
 - QLD Car of the Year Awards, Outstanding Compact Car, Subaru Impreza
 - Car of the Decade, Car Magazine UK, Subaru Impreza WRX
 - Gold Medal in Sports/Performance Car Category, Which Car, Australia, Subaru Impreza WRX
- 1999 • Best Sports Car under \$56,000, NRMA/RACV, NSW & VIC, Subaru Impreza WRX
