We haven't reinvented the wheel.
Although after so many tests,
you would almost suppose we had.

Audi cast aluminium wheels are subjected to constant strain during daily use. Comprehensive testing ensures that they nevertheless fulfill the high quality standards required of them. Complex casting processes also lead to very strong components, and the multiple coats of high-quality paint do not just create a stunning look but also offer effective protection against scratches.

1 Cast aluminium wheels in 5 triple spoke design

The cast aluminium wheels in size 8.5 J x 20 for 255/35 R 20 tyres impress with their elegant design and spokes with a high-gloss turned finish.

2 Cast aluminium wheels in 5 semi spoke V design

This distinctive eye-catcher for your Audi A6 is available in size 8.5 J x 19 for 255/40 R 19 tyres.

3 Cast aluminium wheels, 5-segment spoke design, silver

The sporty and progressive nature of this striking design will perfectly match your A6. In size 8.5 J x 20 for 255/35 R 20 tyres.

4 Forged aluminium wheels, 10-spoke V design

With a combination of Anthracite spokes and a polished face this design will cast a powerful impression - even when standing still. In size 8.5 J x 20 for 255/35 R 20 tyres.

5 Cast aluminium wheels, 7-double-spoke design, silver

Set an unmistakable accent to your Audi A6 due to the sharp design of this classic Audi wheel. In size 8.5 J x 19 for 255/40 R 19 tyres.

6 Cast aluminium winter wheels in 5 spoke V design

More sportiness in winter. In size 7.5 J x 18 for 225/50 R 18 tyres.

7 Cast aluminium wheels, 5-arm rotor design, titanium look

The latest design wheel available in two-tone colour is bound to impress. In size 8.5 J x 20 for 255/35 R 20 tyres

8 Cast aluminium wheels, 5-twin-spoke design, Silver

Stylish and simple design that compliments the new A6. In size 8.5 J x 19 for 255/40 R 19 tyres.

9 Cast aluminium wheels, 15 -spoke star design, silver

This star design wheel accentuates the dynamic lines of the A6. In size 8.5 J x 19 for 255/40 R 19 tyres.

1 Valve caps

The 4 metal valve caps with the embossed Audi logo provide better protection for the valve against dust, dirt and moisture. Available for rubber, metal and aluminium valves.

2 Sports-style tailpipe trims

Made from chrome-plated stainless steel. Available for four-cylinder models. Colour variants: silver and black.

Subject: Quality

Cast aluminium wheels

One must suffer for beauty.

By undergoing a copper accelerated acetic acid salt spray test, for example. When our experts test the quality of Audi Genuine Accessories wheels, they are just as innovative as our designers. Intense heat, high humidity, strong sunlight – there is practically no limit to the number of possible tests. But the most extreme endurance test is the copper accelerated acetic acid salt spray test, known as CASS. In the test, wheels which have been previously damaged by simulated stone chips are sprayed with this extremely corrosive solution for several days. Yet they must overcome all these challenges without visible adverse effects, so that even after many miles, you can be as thrilled by the design of your Audi Genuine Accessories wheels as you were on the first day.

If your hotel does not offer sport and leisure opportunities, just bring them with you.

Where will the mood take you next? Skiing in the mountains, for an extended kayak tour or a relaxed bike trip in the countryside? Just make a spontaneous decision. The smart transport solutions from Audi Genuine Accessories give you the freedom to spend your leisure time as you want.

1 Bicycle mount

The cycle mount, made from a specially shaped aluminium profile and powder-coated steel, enables a bicycle to be mounted particularly easily onto the vehicle. Lockable. Maximum load 17 kg. (Can only be used in conjunction with the carrier unit.)

2 Bicycle fork mount

Easy to handle. Lockable. Suitable for cycles with a quick-action lock on the front wheel. Maximum load 17 kg. (Can only be used in conjunction with the carrier unit.)

3 Carrier unit for roof rails

Carrier unit with embossed Audi logo for various roof rack modules. The profile section is made from anodised aluminium tube. The carrier unit is easy to install and lockable. Maximum permissible total weight of carrier, modules and load 100 kg. Only for the A6 Avant.

1 Roof carrier bag

For the storage or transport of the carrier unit and smaller roof modules. Made from strong material, with several loops and a side pocket for tools or small items.

2 Carrier unit

Carrier unit for various roof rack modules such as cycle mount, kayak rack or ski and luggage box. The profile section is made from anodised aluminium tube. The carrier unit is easy to install and lockable. Maximum permissible total weight of the carrier, modules and load 100 kg. Only for the A6 saloon.

3 Ski and snowboard rack

For convenient transport of up to six pairs of skis or four snowboards. Lockable. (Can only be used in conjunction with the carrier unit.)

1 Kayak rack

For a single-person kayak weighing up to 25 kg. (Can only be used in conjunction with the carrier unit.)

2 Luggage box (370 l)*

Compact box, easy to open with easy-to-clean surface, lockable. Its aerodynamic shape reduces wind noise more effectively. (Can only be used in conjunction with the carrier unit.)

3 Ski and luggage box (450 l)*

Lockable and can be opened from both sides. Suitable for skis up to 2.10 m in length. (Can only be used in conjunction with the carrier unit.)

4 Ski and luggage box (480 l)*

Ski box for winter sports equipment and other items of luggage. Lockable and can be opened from both sides. Easy to clean thanks to smooth surface. (Can only be used in conjunction with the carrier unit.)

Trailer towing hitch

Removable and lockable, vertical hitch with a chrome tongue eliminates the need to cut the rear bumper. The 13-pin socket is located out of sight behind the bumper skirt. When removed, the tongue can be stored in the provided bag.

* Maximum permissible load 50 kg.

Whether you're going to the Simpson, the Snowies or Kakadu – our roof modules know the climate.

Subject: Quality

Roof rack modules

Weather tests simulate the different climatic zones in which Audi Genuine Accessories products are used.

Hot and dry, cold and damp, hot and humid. The Earth's range of weather conditions poses considerable challenges for developers. Because, no matter if there is a storm, rain, or a burning sun; a product must be able to withstand the most varied climatic influences for a long time. This is why Audi examines and improves items such as the luggage box in specially designed extreme weather tests. Xenon lights and artificial rain are used to simulate the passing of an entire year in a shorter period of time. Furthermore, tests on the carrier units serve, for example, to optimise operating and driving comfort. This is why the strut shape of the carrier unit is inspired by the aerodynamic profile of aircraft wings to reduce wind noise. Many tests, one goal: An optimum start to your next holiday with Audi Genuine Accessories. Even if you are not going to the Simpson desert.

A communications expert that also knows the way.

The versatile range of communications options in the Audi A6 ensures that your favourite people and your favourite music are with you at all times. And, with the new map material for your navigation system, you might even discover a new favourite route.

1 Adapter cables for Audi music interface*

Enable connection of various iPod models and other portable media players. Operation via the MMI system if the function is supported by the media player. Additional adapter cables are required to connect portable media players. iPod not included.

Navigation update*

New map material with new content. More convenient and a more relaxed driving experience. Our tip: combine the update with your vehicle's next service interval.

*For more detailed information, please contact your Audi partner.

Drive an Audi. Before you even learn to walk.

Even if it will still be a few years before the youngsters are driving themselves, Audi children's world from Audi Genuine Accessories ensure that the little ones have just as much fun on the journey as the grown-ups.

1 Audi children's world

The comfort cushion and blanket, neck supports, cocoon blanket and baby comfort sack offer a feeling of security for your child. The Audi plush steering wheel, comfort cloth, baby toy chain and cuddly animal ensure fun and games.

There's only one thing that doesn't get on with our ideas for providing comfort and protection: dirt.

Everyone loves riding in the Audi A6. Even unwanted guests such as dust, dirt and traces of wear. The intelligent solutions from Audi Genuine Accessories can protect the A6 from them and enable it to retain its value for longer. This means that everyone can enjoy the ride for longer.

*Please note: Partition grille shown in this image is not available in Australia due to compliance regulations.

1 Luggage compartment tray

Optimally suited for all items of luggage that often leave marks behind when they are being transported. This highly cut plastic insert is built robustly and is easy to clean. Wide grooves prevent the load from slipping out of place. Only for the A6 Avant.

2 Boot liner

Custom-made protection for the luggage compartment. Washable and robust. The lip around the edge better protects the luggage compartment floor from any leaking fluids. Only for the A6 Avant.

Boot tray

Lip all the way round provides the boot floor with better protection against soiling. The non-slip pattern reduces any slipping of the load. Easily stowed away and takes up little space. Only for the A6 saloon.

Who says that high heels only play a role in fashion?

Subject: Quality

Rubber floor mats

Our testers pay particular attention to them in the heel test. Braking, changing gear, accelerating. These movements are made almost automatically by most drivers, but they put constant strain on the floor mats. The mats are subjected to a great deal of wear by shoes, especially by sharp-edged, high-heeled women's shoes. At Audi Genuine Accessories, therefore, a test procedure is used to examine the durability of the materials: the heel test. This involves clamping a floor mat in a special device. A rubber heel is then used to simulate the strain on the floor covering around the accelerator, brake and clutch pedals. The resulting findings are used to optimise the product, so that even when it has been in use for a long time, the floor mat continues to meet the high standards of Audi Genuine Accessories - and of course your own. You see, high heels play an important role at Audi, too. At least when this is a good thing for your vehicle's floor mats.

1 Rubber floor mats

Exact-fit. Offer improved protection from heavy soiling. Attached to the vehicle by means of the fastening points on the vehicle floor. With A6 logo.

2 Premium textile floor mats

Cut to the dimensions of your Audi A6's floor. Made from hard-wearing, densely woven velour. They are attached to the vehicle by means of additional backing and the fastening points provided in the floor. With A6 logo.

3 Vehicle cover

Exact-fit, in Anthracite, with Audi logo, made of breathable and anti-static material. Piping accentuates the shape of the vehicle. Optimal protection from dust and dirt. For indoor use only.

Loading-sill protective sheet

The exact-fit loading-sill protector made from transparent sheeting provides the bumper with better protection against damage when loading or unloading the boot.

Protective film for paintwork

Transparent and therefore almost invisible high performance protective film with an extra layer of clear varnish. Reduces the effects of stone chips, scratches and scrapes. For installing on the front of your Audi.

Mud flaps

Made from high-quality plastic. Reduce paint damage and dirt around the sills and the rear apron panel. Available in sets of two for the front and/or rear.

1

1 Luggage compartment box (foldable)

The functional and handy box made from black polyester can hold up to 32 litres. Can be easily assembled using velcro strips. Can be used as an additional protective underlay for the luggage compartment when folded out completely. Washable and easy to clean.

2

2 Sun protection system

This exact-fit sun protection system provides you with almost total protection from the sun in your Audi. It is available in a 2-piece or 3-piece set. The 2 sets can be combined. Easy installation. Easy to store.

3

3 Care products

The Audi range of cleaning and care products is specially tailored to the high-quality materials of your Audi. Suited to exterior maintenance or many applications inside the vehicle, depending on the product.

Even more A6? But of course.
