

The Audi Q7

The Audi Q7. More is less.

The Audi Q7 progresses the established strengths of its pioneering heritage. Featuring even greater luxury, state-of-the-art technology and a discreetly revised design, this performance 7-seat SUV impresses from every perspective – and on every terrain.

The unmistakable single-frame grille has been enhanced with striking chrome struts contrasted with a high-gloss black finish. Piercing Xenon headlights feature a unique LED daytime running light design, complemented by a straight-line of LED indicators incorporated above the front air in-takes. Behind this distinct front end lies the heart of the Audi Q7 with a choice of powerfully efficient engines. Experience the sports performance of the 3.0-litre TFSI® petrol or 3.0-litre TDI® engines producing an impressive 245kW or 180kW respectively. And with the innovative quattro® all-wheel drive and Electronic Stability Program (ESP) for greater control, the Audi Q7 handles superbly in every situation to ensure ultimate driving pleasure.

The bumpers are finished with contrasting tones to promote the energetic profile of this high performance SUV. The electric tailgate is constructed in light-weight aluminium for effortless operation, giving the Audi Q7 a distinctive finish.

A luxurious interior has been enhanced with additional touches of aluminium and an updated rear seat for even greater passenger comfort. Add to this the sophisticated Audi Music Interface and Bluetooth capabilities and it's easy to see why the Audi Q7 is a worthy successor for the genuine performance SUV in the modern day.
