DNA

Our DNA is what makes every Subaru a Subaru. It's our constant focus on Performance, Safety and protecting the Retained Value of your Subaru that makes Subaru distinct from any other car brand. Our DNA delivers you, the Driver, the confidence to exploit your Freedom everyday.

ALL 4 THE PERFORMANCE. THE SAFETY. THE RETAINED VALUE

POISED PERFORMANCE

Subaru has long been highly regarded for its performance technologies. From the rally circuit to the highway, Subaru's engineering and driving characteristics are focused on delivering a driving experience unlike any other, handling all road and weather conditions with ease, control and comfort.

→ SYMMETRICAL ALL-WHEEL DRIVE

Delivers outstanding grip, balance and control in a variety of road conditions when combined with Subaru's horizontally-opposed Boxer engine technology and a symmetrical drivetrain.

→ HORIZONTALLY-OPPOSED BOXER ENGINE

Ensures smooth power delivery, with less vibration and its low centre of gravity gives optimum balance and control to you, the Driver.

SUPERIOR SAFETY

Impressive safety credentials have earned Subaru the maximum five-star ANCAP occupant safety rating, plus freedom from worry for you, thanks to Subaru's -

→ VEHICLE DYNAMICS CONTROL SYSTEM

→ RING-SHAPED PASSENGER SAFETY CELL

→ DUAL FRONT, DUAL FRONT SIDE AND CURTAIN AIRBAGS

→ ABS, EBD AND 4-WHEEL DISC BRAKES

RETAINED VALUE

Freedom comes from knowing that you've made a great investment. Every Subaru comes into the world as the best car it can be, and then we help you to keep it that way. We promise to protect your freedom by looking after the performance, safety and the retained value of your vehicle. With our dedicated Subaru Service Centres and microscopic **DataDotDNA** theft protection, your car is in good hands for many years to come.

SPIRITED PERFORMANCE

Ask a Subaru owner why they chose their car and be prepared for a long chat. You'll only understand the passion, once you have driven a Subaru. Then you'll be part of the family - forever.

The secret is in the very essence of Subaru driving technology. The Liberty Exiga's low centre of gravity and perfect balance, deliver super responsive handling that you'll never take for granted. Whatever the conditions, sure-footed control and superior traction deliver a confidence that's priceless.

- The innovative Linerartronic™ Continuously Variable Transmission (CVT) delivers smooth acceleration and excellent fuel economy.
- The 2.5-litre SOHC Boxer engine utilises Subaru's intelligent Active Valve Lift System (i-AVLS) to further improve fuel efficiency, power and low speed torque.

THINK OUTSIDE THE BOXER

SOLID. BRAVE. PROVEN. SUBARU'S BOXER ENGINE DESIGN LIES AT THE HEART OF THE LIBERTY EXIGA. HOWEVER THE INNOVATION DOESN'T STOP THERE. EVERY INCH OF THE LIBERTY EXIGA IS A TRIBUTE TO THE BOLDNESS OF SUBARU'S VISIONARY ENGINEERS.

GET THE FACTS AT
SUBARU.COM.AU

→ Compact horizontally-opposed Boxer engine.

→ Four-cylinder SOHC petrol engine with intelligent Active Valve Lift System (i-AVLS).

→ Electronic Throttle Control (ETC).

Consistent across the Liberty Exiga range is the famous Subaru Boxer engine that has been designed to sit lower and flatter in the engine bay than traditional engines. Due to this unique positioning it delivers less noise and vibration to the cabin, while the lowered centre of gravity improves stability, cornering and traction with the road. The result is superior handling confidence, better balance and outstanding driver enjoyment.

The intelligent drive systems incorporated into the Liberty Exiga include Electronic Throttle Control (ETC) which seamlessly translates commands from the driver's right foot, to automatically select the optimum throttle position for an effortless performance. The ETC system also considers the environment optimising exhaust gas emissions and fuel economy.

The engine in the Liberty Exiga range has also been finely tuned to deliver optimum fuel economy, power and torque, via Subaru's intelligent Active Valve Lift System.

CONFIDENCE UNDER ALL CONDITIONS

The sign of a true performer, is good balance. And when it comes to driving a Subaru, superior balance equals superior vehicle control. That's why Subaru has built its reputation on its Symmetrical All-Wheel Drive (SAWD) system and a symmetrical drivetrain that deliver an innate sense of balance from the ground up.

SAWD delivers engine power to all four wheels simultaneously. Having power distributed across all four wheels, rather than two on conventional vehicles, gives you twice the grip capacity. So under acceleration there's more grip for cornering and more capacity to keep on track through the corners. Ultimately, having the driving force spread across all four wheels means greater control and confidence under all conditions.

The traction and control delivered by SAWD is further enhanced by the Liberty Exiga's suspension. The wide track front suspension produces more responsive steering and cornering, while the independent double wishbone rear suspension lets you enjoy sharper handling, instinctive responsiveness, better balance and a better feel on the road.

For you, the driver, it all adds up to an agile and responsive vehicle with optimum balance, control and confidence in a variety of driving conditions.

SAFETY AS ACTIVE AS YOU ARE

*THE LIFE YOU'VE LONGED FOR IS ACTIVE,
ADVENTUROUS, UNPREDICTABLE. THE BEST TIMES ARE
OFTEN THOSE THAT HAPPEN, WHEN NOTHING'S
PLANNED. THAT'S BECAUSE SUBARU HAS PLANNED
EVERYTHING FOR YOU. BUILDING ACTIVE AND PASSIVE
SAFETY INTO EVERY ASPECT OF YOUR LIBERTY EXIGA.*

CRUNCH TIME

Because you never know what's around the corner, Subaru have made safety an integral part of every vehicle. By incorporating the very latest safety technology, every vehicle in the Subaru range proudly carries the maximum five-star ANCAP* crashworthiness rating for occupant safety. The ring-shaped passenger cell is made from high-tensile strength steel, which directs impact energy around the passenger compartment, not through it.

Thanks to Subaru's electronic driver assist system, called Vehicle Dynamics Control (VDC), a range of stability and braking technologies step in to maintain safety in extreme situations. By automatically acting on information transmitted from a sophisticated array of sensors, the factors influencing the Liberty Exiga's stability are constantly monitored to help the driver stay in control.

Subaru Vehicle Dynamics Control incorporates:

- Electronic Stability Control (ESC).
- Traction Control System (TCS).
- TCS Limited Slip Device (LSD).
- Anti-lock Braking System (ABS).
- Electronic Brakeforce Distribution (EBD).
- Brake Assist.

Active safety features on the Liberty Exiga are complemented by an optimum blend of passive safety, designed to enhance driver and passenger protection:

- The Boxer engine sits low in the engine bay to help protect occupants by sliding below the cabin - not into it - in the event of a severe frontal collision.
- Ring-shaped passenger safety cell combines rigid reinforced sections with crumple zones designed to absorb impact energy and reduce injury.
- Six SRS airbags - dual front, dual front side and curtain airbags.
- Front seatbelts feature pretensioners and load limiters.
- Automatic Emergency Locking Retractors on all rear seatbelts.
- Height adjustable headrests throughout the cabin.
- Rear view reverse camera.

SUBARU GENUINE SERVICE

Entrust your Subaru only to those who know it best. They are the Subaru technicians who are passionate about maintaining your freedom and who train year after year until they know your vehicle inside out. Using specialist diagnostic equipment and Subaru Genuine Parts, they are committed to keeping your Subaru **performing** at its best. Delivering freedom from worry, while ensuring the **safety** of your family and the long-term **retained value** of your vehicle.

SUBARU NEW CAR WARRANTY - THREE YEARS / UNLIMITED KILOMETRES

Whether you're off the beaten track or cruising the open highway, you can rest assured knowing that your new Subaru is covered by a three year unlimited kilometre manufacturer's national warranty. That's three full years of worry free driving! For full details and our latest new car warranty information, visit subaru.com.au/service/warranty

But why stop there, when you're sure to have your Subaru for much longer? Protect your investment by purchasing an additional two year Subaru Assured New Vehicle Warranty. Ask your Subaru Retailer for more information.

SUBARU ASSURED USED VEHICLES

Owning a Subaru that has already traversed highways and byways is like travelling with an old friend. Every Subaru Assured Used Vehicle has passed a 116-point quality inspection and comes with a one year unlimited kilometre Subaru Assured Warranty - to complement the balance of a new vehicle warranty or the statutory warranty that remains - from participating Subaru Assured Retailers.

SUBARU PREFERRED COLLISION REPAIRER NETWORK

When you take the road less travelled, you're going to get wet and you're going to get dirty. But should you put a dent in your freedom, there is a dedicated Subaru Preferred Collision Repairer helpline available on 1800 737 179, 24-hours a day, seven days a week. Plus the national network of appointed Subaru Preferred Collision Repairers, can return your Subaru to its former glory.

DATADOT^{DNA}

Every Subaru is fitted with advanced engine immobilisers and DATADOT^{DNA} technology. Approximately 7,000 microscopic dots are laser-etched with your vehicle's unique Vehicle Identification Number - making your Subaru a much less attractive target for potential thieves. In fact, provided you meet certain terms and conditions (such as a requirement that the vehicle is properly registered and comprehensively insured at the time of theft) DATADOT^{DNA} will even pay your insurance excess (up to a maximum of \$800 incl GST) should your new Subaru be stolen in the first year of ownership and the vehicle is not recovered despite the presence of DATADOT^{DNA} and warning labels¹.

1. Claims must be received from the vehicle's registered owner within 45 days of the theft accompanied by a police report in relation to the theft and proof that the insurer has fully paid out the claim.

SUBARU FINANCE

Relax with Subaru Finance and enjoy your freedom faster with our range of personalised and affordable financial solutions to approved customers. Our finance specialists will help you find a finance package that is tailored to your individual needs - quickly and conveniently. So let Subaru Finance do the work for you, it's what we do best.
