DISCOVER A WHOLE NEW WORLD.

ALL 4 THE PERFORMANCE. THE SAFETY. THE RETAINED VALUE

Our DNA is what makes every Subaru a Subaru. It's our constant focus on Performance, Safety and protecting the Retained Value of your Subaru that makes Subaru distinct from any other car brand. Our DNA delivers you, the Driver, the confidence to exploit your Freedom everyday.

POISED PERFORMANCE

Subaru has long been highly regarded for its performance technologies. From the rally circuit to the highway, Subaru's engineering and driving characteristics are focused on delivering a driving experience unlike any other, handling all road and weather conditions with ease, control and comfort.

→ SYMMETRICAL ALL-WHEEL DRIVE

Delivers outstanding grip, balance and control in a variety of road conditions when combined with Subaru's horizontally-opposed Boxer engine technology and a symmetrical drivetrain.

→ HORIZONTALLY-OPPOSED BOXER ENGINE

Ensures smooth power delivery, with less vibration and its low centre of gravity gives optimum balance and control to you, the Driver.

SUPERIOR SAFETY

Impressive safety credentials have earned Subaru the maximum five-star ANCAP occupant safety rating, plus freedom from worry for you, thanks to Subaru's -

→ VEHICLE DYNAMICS CONTROL SYSTEM

→ RING-SHAPED PASSENGER SAFETY CELL

→ DUAL FRONT, DUAL FRONT SIDE AND CURTAIN AIRBAGS

→ ABS, EBD AND 4-WHEEL DISC BRAKES

RETAINED VALUE

Freedom comes from knowing that you've made a great investment. Every Subaru comes into the world as the best car it can be, and then we help you to keep it that way. We promise to protect your freedom by looking after the performance, safety and the retained value of your vehicle. With our dedicated Subaru Service Centres and microscopic **DataDotDNA**® theft protection, your car is in good hands for many years to come.

ALL OF THIS ADDS UP TO A GREATER EXPERIENCE FOR YOU - THE SUBARU WRX DRIVER. SUBARU. ALL 4 THE DRIVER.

RARELY DOES A FAMILY HAVE TWO BLACK SHEEP

To stand out from the pack, is to set your own path. You follow your passion and you drive a car that is an extension of yourself. A car that's All 4 the Driver™.

The fearsome reputation of the Subaru WRX has its origins in the car's awesome power. The aggressive widebody styling of the Subaru WRX is also designed to harness

airflow with an air outlet integrated into front bumper and front side fender, large bonnet scoop, rear spoiler and rear diffuser on the hatch.

Bold, mean, agile and backed by our motor sport heritage, the Subaru WRX is a car like no other.

BORN FREE

The Subaru WRX was born on the world's stage, with the world at its feet. It defies definition and reviles convention. It's free to rule. And free to lead the field, leaving the wannabes and try-hards in its turbocharged wake.

The aggressive body design reveals its heritage and is enhanced by the aerodynamic sports body kit. The exhilarating front styling sets the tone and is matched by 17-inch 15-spoke alloy wheels, side garnish with WRX logo, rear spoiler, sports mesh grille with WRX logo, front fog lights, STI exhaust system with twin dual tail pipes and self-levelling low beam Xenon headlights.

A RED HOT FAVOURITE

Red. It's the colour of passion. It's your heart pounding in your chest. It's the line on your tachometer. It's the colour of the Subaru WRX with its unique red interior illumination and the red highlights glowing in the cockpit.

Acknowledgement of the vehicle's sports intent can be seen in the instrument cluster with centre sport tachometer and the electroluminescent gauges. The in-dash multi-information display features fuel economy information, temperature and clock, while steering wheel audio and cruise controls let the driver keep their eyes on the road. Fully integrated *Bluetooth*^{®1} wireless technology completes the picture, with steering wheel controls and handsfree

mobile communication. Plus, two 12 volt power jacks let you charge your phone while you're on the go.

In the Subaru WRX you can pick your favourite driving anthem and turn it up on the ten-speaker single CD player. Plus you'll find a USB connection² and an auxiliary jack² in the centre console, giving you MP3 and iPod compatibility. In the Subaru WRX Premium there's a multi-information in-dash satellite navigation system, with seven-inch touch screen, powered by the intuitive Whereis^{™3} Map database. Information functions include a dual trip meter, journey duration, distance and average fuel consumption. RCA jacks deliver audio compatibility and the combined single CD/DVD player present exceptional sound and video quality.

LET THE COUNTDOWN BEGIN

Take the steering wheel in your hands and feel the adrenalin pumping through your veins. Feel the sports bucket seats hug your body and the engine trying to hold itself back. Inside the Subaru WRX cockpit is a design that's pure power.

From the body hugging sports seats for both driver and passenger, to the ergonomic cabin design and sports pedals, the Subaru WRX influence is unmistakable. Red stitching and the WRX insignia on the seats is matched by the tactile leather steering wheel. While the Subaru WRX Premium model boasts the allure of black leather¹ seats and an electric sunroof.

The generous cabin lets you take passengers on a hot lap and when the action really heats up the climate control air-conditioning will keep everyone cool. The seductive interior features smoked metal highlights and plenty of storage including a spacious front centre console box, front centre tray and door pockets with integrated bottle holders. And when you're ready for adventure, the 60/40 folding rear seats create a cargo area big enough to fit all your other grown up toys.

THINK OUTSIDE THE BOXER

Solid. Brave. Proven. Subaru's Boxer engine design lies at the heart of the Subaru WRX. However the innovation doesn't stop there. Every inch of the Subaru WRX is a tribute to the boldness of Subaru's visionary engineers.

SUBARU WRX 2.5-LITRE, FOUR-CYLINDER DOHC TURBOCHARGED BOXER PETROL ENGINE¹

→ Compact 2.5-litre four-cylinder DOHC turbocharged horizontally-opposed Boxer petrol engine with Active Valve Control System (AVCS).

→ Electronic Throttle Control (ETC).

Consistent across the Subaru WRX range is the famous Subaru Boxer engine that has been designed to sit lower and flatter in the engine bay than upright engines. Due to this unique positioning it delivers less noise and vibration to the cabin, while the lowered centre of gravity improves stability, cornering and traction with the road. Coupled with the Subaru WRX's symmetrical drivetrain, this configuration delivers superior handling confidence, better balance, smoothness and ultimately, outstanding driver enjoyment.

The intelligent drive systems incorporated into the Subaru WRX include ETC which seamlessly translates commands from the driver's right foot to automatically select the optimum

throttle position for effortless performance. The ETC system also considers the environment, optimising gas emissions and fuel economy.

The Subaru WRX engine has also been finely tuned to deliver optimum power, torque, exhaust emissions, fuel economy and idling stability via Subaru's Active Valve Control System (AVCS) which varies the inlet camshaft timing. This helps the Subaru WRX produce an astonishing 195kW of power at 6,000rpm and maximum torque of 343Nm at 4,000rpm, providing thrilling sports performance and drivability.

The Subaru WRX is a pure performance pedigree that delivers power and control in equal measures. It demands and delivers the best with a five-speed manual transmission for heart-stopping, hands-on control.

ALL WHEELS, ALL OF THE TIME

Scientifically conceived. Rigorously tested for the last 40 years. Subaru's iconic Symmetrical All-Wheel Drive system is the pinnacle of superior Japanese technology. Technology that sets you free.

CONFIDENCE UNDER ALL CONDITIONS

The sign of a true performer is good balance. And when it comes to driving a Subaru, superior balance equals superior vehicle control. That's why Subaru has built its reputation on its Symmetrical All-Wheel Drive (SAWD) system and a symmetrical drivetrain that deliver an innate sense of balance from the ground up.

SAWD delivers engine power to all four wheels simultaneously. Having power distributed across all four wheels, rather than two on conventional vehicles, gives you twice the grip capacity. So under acceleration there's more grip for cornering and more capacity to keep on track through the corners. Ultimately, having the driving force spread across all four wheels means greater control and confidence under all conditions.

The traction and control delivered by SAWD is further enhanced by the Subaru WRX's suspension. The wide track rigid front suspension produces more responsive steering and cornering, while the independent double wishbone rear suspension lets you enjoy sharper handling and grip, instinctive responsiveness, better balance and a better feel on the road.

For you, the driver, it all adds up to an agile and responsive vehicle with optimum balance, control and confidence in a variety of driving conditions.

SAFETY WE'RE PROUD TO RALLY BEHIND

On the rally track conditions can change in an instant. Driver reflexes are coiled tight, their attention is unwavering. Confidence in their car is paramount. While Subaru rally cars proudly carried the scars of uncompromising terrain, the lessons we've learned from their adventures are designed to help keep you unscathed.

CRUNCH TIME

Because you never know what's around the corner, Subaru have made safety an integral part of every vehicle. By incorporating the very latest safety technology, every vehicle in the Subaru range proudly carries the maximum five-star ANCAP* crashworthiness rating for occupant safety. The ring-shaped passenger cell is made from high-tensile strength steel, which directs impact energy around the passenger compartment, not through it.

Thanks to Subaru's electronic driver assist system, called Vehicle Dynamics Control (VDC), a range of stability and braking technologies step in to maintain safety in extreme situations. By automatically acting on information transmitted from a sophisticated array of sensors, the factors influencing the Subaru WRX's stability are constantly monitored to help the driver stay in control.

Subaru Vehicle Dynamics Control incorporates:

- Electronic Stability Control (ESC).
- Traction Control System (TCS).
- TCS Limited Slip Device (LSD).
- Anti-lock Braking System (ABS).
- Electronic Brakeforce Distribution (EBD).
- Brake Assist.

Active safety features on the Subaru WRX are complemented by an optimum blend of passive safety, designed to enhance driver and passenger protection:

- The Boxer engine sits low in the engine bay to help protect occupants by sliding below the cabin - not into it - in the event of a severe frontal collision.
- Ring-shaped passenger safety cell combines rigid reinforced sections with crumple zones designed to absorb impact energy and reduce injury.
- Six SRS airbags - dual front, dual front side and curtain airbags.
- Front seatbelts feature pretensioners and load limiters.
- Automatic Emergency Locking Retractors on all rear seatbelts.

SUBARU GENUINE SERVICE

Entrust your Subaru only to those who know it best.

They are the Subaru technicians who are passionate about maintaining your freedom and who train year after year until they know your vehicle inside out. Using specialist diagnostic equipment and Subaru Genuine Parts, they are committed to keeping your Subaru performing at its best. Delivering freedom from worry, while ensuring the safety of your family and the long-term retained value of your vehicle.

SUBARU NEW CAR WARRANTY - THREE YEARS / UNLIMITED KILOMETRES

Whether you're off the beaten track or cruising the open highway, you can rest assured knowing that your new Subaru is covered by a three year unlimited kilometre manufacturer's national warranty. That's three full years of worry free driving! For full details and our latest new car warranty information, visit subaru.com.au/service/warranty

But why stop there, when you're sure to have your Subaru for much longer? Protect your investment by purchasing an additional two year Subaru Assured New Vehicle Warranty. Ask your Subaru Retailer for more information.

SUBARU ASSURED USED VEHICLES

Owning a Subaru that has already traversed highways and byways is like travelling with an old friend. Every Subaru Assured Used Vehicle has passed a 116-point quality inspection and comes with a one year unlimited kilometre Subaru Assured Warranty - to complement the balance of a new vehicle warranty or the statutory warranty that remains - from participating Subaru Assured Retailers.

SUBARU PREFERRED COLLISION REPAIRER NETWORK

When you take the road less travelled, you're going to get wet and you're going to get dirty. But should you put a dent in your freedom, there is a dedicated Subaru Preferred Collision Repairer helpline available on 1800 737 179, 24-hours a day, seven days a week. Plus the national network of appointed Subaru Preferred Collision Repairers, can return your Subaru to its former glory.

DATADOTDNA®

Every Subaru is fitted with advanced engine immobilisers and DATADOTDNA® technology. Approximately 7,000 microscopic dots are laser-etched with your vehicle's unique Vehicle Identification Number - making your Subaru a much less attractive target for potential thieves. In fact, provided you meet certain terms and conditions (such as a requirement that the vehicle is properly registered and comprehensively insured at the time of theft) DATADOTDNA® will even pay your insurance excess (up to a maximum of \$800 incl GST) should your new Subaru be stolen in the first year of ownership and the vehicle is not recovered despite the presence of DATADOTDNA® and warning labels¹.

1. Claims must be received from the vehicle's registered owner within 45 days of the theft accompanied by a police report in relation to the theft and proof that the insurer has fully paid out the claim.
