

ASX

love that car

ASX is the city-sized SUV. So, it combines benefits like a higher drivers perspective, legroom and a cavernous boot – with the practicalities of a small car. It's a head turner with its distinctive front grille styling, alloy wheels and chrome trim.

ASX Aspire shown

ASX is available in 2WD or the top of the line 2WD and 4WD Aspire, and with the option of a 2.0L MIVEC petrol or 1.8L MIVEC turbo diesel engine.

The ASX interior envelops you in comfort making it as striking on the inside as it looks on the outside. Our aim was to get the balance between style, comfort and practicality, just right.

For instance, the ergonomically designed seats are as comfortable as they look, and when combined with the telescopic steering wheel, offer the ideal driving position whatever your size.

The instrument cluster has been designed to give the driver maximum visibility, while encased within ASX's gently rounded shape to blend seamlessly with the dash.

In the back ASX is surprisingly spacious with more leg room than you would expect in such a compact SUV. And throughout ASX, the clever storage space design means there's plenty of room for everything. ASX has the latest hands-free phone system technology with Bluetooth® phone connectivity, so you can make and receive calls at the touch of a button.

Smart Key gives you complete keyless operation.

ASX recognises the key within a 70cm radius, so you can lock and unlock the doors, open the tailgate and even start the engine with the touch of a button, all with the smart key safely tucked in your pocket or bag.

A **rain sensor** automatically detects moisture on the windscreen and, according to the amount of rain falling, will activate the wipers at the appropriate speed, while further sensors automatically switch on the headlamps when it gets dark or when travelling through a tunnel. That's fewer things to distract you from the road ahead.

ASX is powered by a 2.0 litre petrol or 1.8 litre turbo charged common rail direct injection diesel engine. Each uses the latest MIVEC engine technology to deliver uncompromised power with extremely efficient fuel consumption.

Continuously Variable Transmission (CVT)

offers infinitely variable gear ratios that allow the engine to always operate at optimum RPM, irrespective of the vehicle's speed. This maximises power and economy helping to ensure a smooth, stable ride with seamless gear changes. Sports Mode allows you to switch between the ease of a CVT automatic and the control of a 6-step manual transmission without a clutch.

Smart Key

One Touch Start System

Dusk Sensing Headlights

Rain Sensing Wipers

ASX has a long list of advanced safety features. But it's the way they all work together that makes ASX such a safe vehicle for the driver and occupants.

ASX has seven SRS airbags. Side airbags to protect occupants against thorax injuries. Curtain airbags to give protection from side collisions. And driver and front passenger airbags and a driver knee airbag for protection in head on collisions.

ASX 4WD Aspire comes with All Wheel Control (AWC). You can push button select instantly (at speeds of up to 100km/h) between '2WD' if you want greater efficiency and '4WD' if you need increased traction on slippery or loose roads. There's also a 'Lock' mode, which provides positive drive to both front and rear wheels for when roads become unpredictable.

A reversing camera appears automatically whenever reverse gear is engaged. The Mitsubishi Multi Communication System option available on ASX Aspire will display the rear view camera's view on its screen. While on all Aspire models, it appears on the audio system display. Either way, when combined with reverse sensors, parking your ASX in the tightest city car park is easy.

Staying connected in an ASX is easy with minimal interruption to the driver. The optional MMCS is an integrated system that provides you with complete control over audio, media and communications via a 7" full colour in-dash touch screen. Not only can you control the satellite navigation and stereo system, but you can also make calls through the hands free Bluetooth® and control your iPod all via the touch screen.

While, the optional Rockford Fosgate® Premium Audio system with 710 Watts, 9-surround sound speakers including integrated 10-inch subwoofer will make every drive in an ASX sound brilliant.

And, with USB connectivity, you can easily access your music through the audio system – whether it's on an iPod, iPhone, MP3 player or USB stick.

RISE Body

Mitsubishi's Reinforced Impact Safety Evolution body system (RISE) with integrated chassis is a highly rigid, one-piece shell. RISE integrates a rigid ladder frame, side impact bars with collision absorbing joints. This super strength cabin cocoons you and your passengers with outstanding protection in the event of an accident.

The side-frame door surrounds consist of a reinforced ring structure and the corners of openings such as rear door and tailgate are intensively reinforced to achieve a high degree of rigidity.

The frame comprises of pillars joined to the roof and a closed-section frame for the entire tailgate, with large cross members providing further reinforcements in the underbody.

Plastic Fenders – provide excellent shape recovery in the event of minor impacts.

HSC

Hill Start Control (HSC)

This technology makes it easier to start off steep city streets by preventing the vehicle from rolling backwards. It maintains the braking force for two seconds giving you time to move your foot from the brake to the accelerator.

ASC

Active Stability Control (ASC)

ASC maintains stability and control when cornering by automatically recognising under-steer and over-steer. It applies brakes to the appropriate wheels to keep you online through corners.

ATC

Active Traction Control (ATC)

ATC helps maintain traction on slippery surfaces. When sensing loss of traction in an independent wheel, ATC applies braking force to that wheel and sends extra power and torque to other wheels that have traction to keep you moving and in control.

ABS

Anti Lock Braking System (ABS)

ABS is ready to perform if you're faced with the unexpected. ABS helps the driver maintain steering control and avoid hazards by adjusting the braking pressure to prevent the wheels from locking up under hard braking or during an emergency stop.

EBD

Electronic Brakeforce Distribution (EBD)

This technology reduces stopping distances by detecting passengers or heavier loads and then automatically increasing the rear-braking force to deliver predictable and consistent stopping performance.

2WD (Key Features)

Mechanical

2.0L 4cyl DOHC 16 valve MIVEC engine
5 speed manual transmission
Continuously Variable Transmission (CVT) with INVECS III
Smart Logic and 6 step Sports Mode (optional)
Electric power steering

Exterior

16" Alloy wheels
Body colour door handles
Body colour door mirrors with turn indicator
Rear spoiler with high-mount stop lamp
Grey colour side airdam

Interior

Leather bound steering wheel
Leather bound gearshift
Dark titanium centre console
Door trim with cloth inserts
Carpet floor covering
Chrome inside door handles
Gearshift panel with chrome accent

Comfort

Climate control air-conditioning
2nd row rear heater duct
Tilt and telescopic steering column
Rear window demister
Retractable assist grips (4)
Driver foot rest

Convenience

Cruise control with steering wheel controls
Keyless entry with 2 transmitters
Power windows front and rear (driver auto up and down)
Electric tailgate opener
Power door mirrors with electric fold control
Variable intermittent windshield wipers
Rear window intermittent wiper and washer
Room lamp
Map lamp
Sunvisor with illuminated vanity mirrors and ticket holder
Cargo room lamp
Welcome light
Multi information display
Trip computer
Headlamps on warning
Door and tailgate ajar warning
Low fuel warning
2 Accessory power sockets (console and instrument panel)

Storage

Glovebox – illuminated
Floor console with upper and lower storage
Front door pockets
Passenger seat back pocket
Luggage tie down hooks
Front door bottle holders
Cup holders

Seating

Cloth seat trim
Driver seat with slide, recline and height adjuster
Passenger seat with slide and recline adjuster
Height adjustable headrests
60/40 split fold rear bench seat with recline
Rear centre armrest with cup holders

Audio & Media

AM/FM radio with single CD/MP3 player
4 speakers
USB input
iPod control
Bluetooth® 2.0 hands free phone with steering wheel mounted controls and voice control*
Steering wheel mounted audio controls

Safety

Side and curtain SRS airbags
Drive and front passenger SRS airbags
Driver knee airbag
Anti-lock Braking System (ABS)
Brake Override System (Smart Brake)
Electronic Brakeforce Distribution (EBD)
Active Stability Control (ASC)
Active Traction Control (ATC)
Hill Start Control (HSC)
Reinforced Impact Safety Evolution (RISE) body
Intrusion minimising brake pedal
Power brake booster with emergency brake assist system
3-point Emergency Locking Retractor (ELR) seatbelts (all positions)
Auto Locking Retractor (ALR) seatbelts on outbound rear seats
Front seatbelt pretensioners & force limiters
Front seatbelt height adjustable shoulder anchorages
Seatbelt warning lamp-driver & front passenger
Tether anchor child restraint points (3)
Child proof locks
Day/night rear view mirror

Security

Anti-theft encrypted engine immobiliser
Theft protection alarm

Options

Safety Pack

- Chrome exhaust tip
- Display audio system with rear view camera interface
- Reversing camera
- Reverse parking sensors

2WD ASPIRE (Features additional to 2WD)

Exterior

17" Alloy wheels
Privacy glass
Front fog lamps with chrome bezel
Chrome radiator grille surround
Chrome belt line moulding
Chrome exhaust tip

Interior

Leather look door trim

Audio & Media

Display audio system with rear view camera interface

Comfort & Convenience

Automatic rain sensing wipers
Automatic dusk sensing headlamps
Smart Key
One Touch Start System
Paddle Shift (CVT)

Seating

Leather seat facings with driver power seat
Heated front seats

Safety

Reversing camera
Reverse parking sensors
Electrochromatic mirror

Option

Mitsubishi Multi Communication System (MMCS) with satellite navigation.
Rockford Fosgate® premium 710 Watt audio with 9 speakers including 10-inch subwoofer

4WD ASPIRE (Features additional to 2WD Aspire)

Mechanical

All Wheel Control (AWC)
2.0L 4 cyl DOHC 16 valve MIVEC petrol engine with Continuous Variable Transmission (CVT), INVECS III Smart Logic and 6 step Sports Mode or
1.8L 4 cyl 16 valve MIVEC intercooled turbo common rail direct injection diesel engine with 6 speed manual transmission

Interior

Panoramic glass roof

Option

Mitsubishi Multi Communication System (MMCS) with satellite navigation.
Rockford Fosgate® premium 710 Watt audio with 9 speakers including 10-inch subwoofer
