IMAGINATION DRIVES US

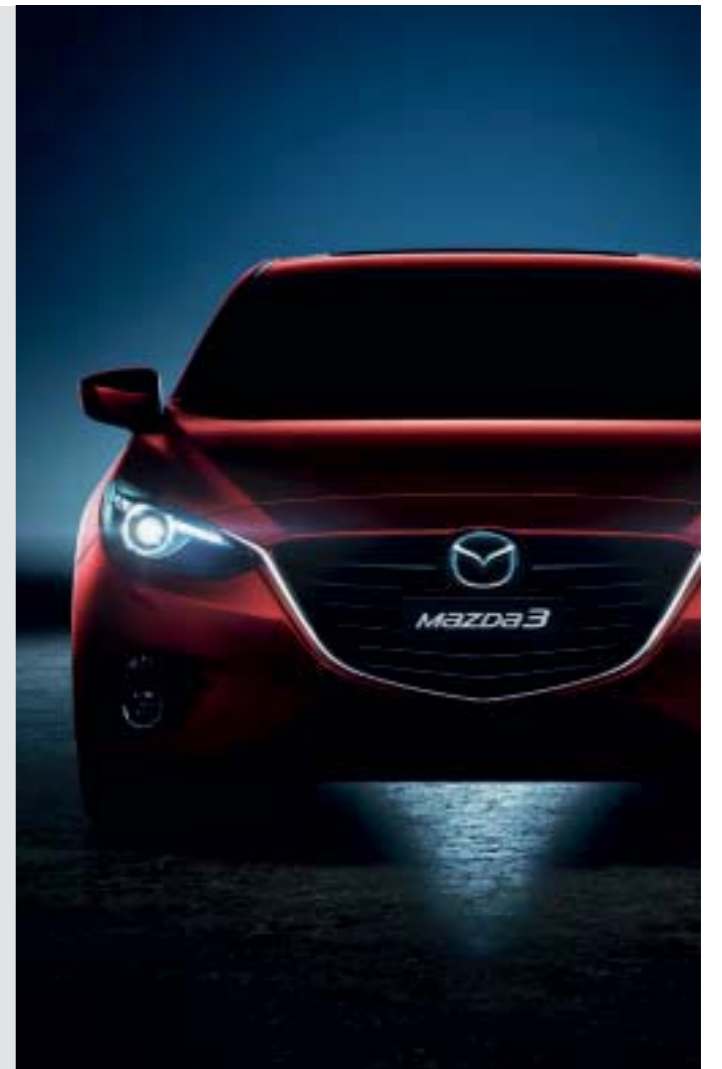

IMAGINATION DRIVES US

Imagination is the world's most valuable resource. It's our window to the future, because if we can imagine it, we can create it. Mazda is built on a foundation of imagination and ingenuity. It's the fuel behind all we create and achieve. It has given us SKYACTIV TECHNOLOGY, 'KODO – Soul of Motion' design and countless successes that once existed only in someone's imagination. These pages show how imagination is an integral part of our innovative cars.

Download the App

Discover more of the imagination and inspiration that defines Mazda vehicles. Just download the 'Mazda3 Experience' App from the Apple App Store or Google Play Store and hold your device over pages with the phone icon to unlock extra content. Or if you already have a QR code reader, simply scan the QR code below to download the App.

*ALL-NEW MAZDA3.
THE NEXT LEVEL OF DRIVING ENJOYMENT*

Every element that makes driving rewarding takes a leap ahead in All-New Mazda3. A totally new generation vehicle, it delivers sophisticated design and sports performance, yet achieves outstanding fuel economy thanks to SKYACTIV TECHNOLOGY. It also brings a level of connectivity that's unprecedented in a Mazda, and the advanced safety of i-ACTIVSENSE.

MOVES YOU FROM THE FIRST LOOK

Innovative technology, exciting performance and stunning presence too. The dynamic style of All-New Mazda3 is the result of 'KODO – Soul of Motion' design. KODO captures the moment energy becomes motion. It's the powerful grace of an animal pouncing, or a human leaping into action. This athleticism is expressed with elegance, allowing All-New Mazda3 to make a premium impression.

NOW YOU'RE REALLY IN THE DRIVER'S SEAT

All-New Mazda3 uses intuitive technology to connect you more closely to the enjoyment. In Maxx and above, a large central screen puts system information at eye line level, while select functions respond to voice. Plus, there's a whole new level of web-based connectivity. The advanced infotainment of MZD Connect links you to content ranging from internet radio to social media.

The elegant cabin is precisely crafted. It carefully locates controls and information to keep you focused on the road ahead. Concentration is enhanced by the Active Driving Display in selected models, which projects key data into your line of sight.

Confidence is heightened by the availability of advanced i-ACTIVSENSE technology. These intelligent and intuitive systems are designed to assist you in recognising and avoiding potential trouble.

GO LIKE NEVER BEFORE

The way All-New Mazda3 moves will leave you wanting more. Its light weight unleashes sporting agility, delivered with smooth-riding, sure-steering confidence. SKYACTIV-G petrol engines are quick to respond, with refined thrust from 2.0 or 2.5 litres. SKYACTIV-D gives you 2.2 litres of smooth turbo diesel muscle. Whatever the choice, exceptional economy adds to the thrill. Whether automatic or manual, transmissions shift gears with polished precision. Your progress is always quiet and efficient, thanks to a sleek body that effortlessly cuts through the air.

**SKYACTIV TECHNOLOGY.
HIGHER PERFORMANCE, YET GREATER FUEL ECONOMY**

All-New Mazda3 will have drivers smiling more than ever. It dials up sports performance – yet also achieves exceptional fuel economy. This is possible because for the first time Mazda3 integrates the full suite of SKYACTIV TECHNOLOGY. It's a breakthrough innovation, which completely re-engineers every vehicle aspect to heighten performance and unleash greater efficiency. Clever features like i-stop save you even more fuel. It turns off the engine when you come to a halt, restarting the instant you want to move.

SP25 Astina Hatch in Soul Red Metallic.

2.0 & 2.5 litre petrol engine (SKYACTIV-G)

A fundamental redesign of the internal combustion engine lifts performance, while cutting fuel consumption by up to 25% over the previous model. The SKYACTIV-G engine features precise multi-hole direct injection to minimise fuel use, while a unique piston design enhances fuel combustion – boosting power and lowering emissions. Reduced friction unlocks extra power, while a 4-2-1 exhaust layout improves efficiency. The 2.0 litre 4-cylinder engine produces 114kW of power and 200Nm of torque using as little as 5.7 litres of fuel every 100km³. The punchy 2.5 litre gives you 138kW and 250Nm, with fuel consumption as low as an impressive 6.0 litres per 100km³.

2.2 litre diesel engine (SKYACTIV-D)

A significantly lower compression ratio than conventional diesels allows for much lighter internal components. This reduces friction and inertia, enabling sportier power delivery – right up to an exceptionally high 5,500rpm. Multi-hole piezo injectors and variable valve lift (VVL) combine to optimise engine breathing and economy. The 2.2 litre 4-cylinder engine gives you 129kW and a meaty 420Nm of torque, using just 5.2 litres of fuel per 100km³. With a two-stage turbocharger boosting power and efficiency, the SKYACTIV-D engine meets strict Euro Stage 5 emissions standards.

Automatic transmission (SKYACTIV-Drive)

We've combined the best aspects of conventional automatic, continuously variable and dual clutch transmissions. So you get maximum driving fun and high efficiency. The SKYACTIV-Drive transmission couples directly with the engine over a far wider range than other automatics. This delivers a significant increase in fuel economy and a more direct, manual transmission-like power delivery and driving feel. Shifts are smooth, quick and accurate across the 6-speeds.

Manual transmission (SKYACTIV-MT)

The manual transmission gives you the wrist-flicking shift feel of a sports car, like our iconic Mazda MX-5. Simplified internal design, plus a finely-honed shift mechanism has delivered this sensation. The 6-speed SKYACTIV-MT is much more compact and also much lighter than comparable transmissions. Match this with a significant reduction in internal friction and fuel economy is much improved.

SKYACTIV-Body

New-generation design and materials achieve amazing lightness and rigidity. The underbody's straight-frame construction runs uninterrupted through the framework to boost stiffness and save weight. Key joints are strengthened by advanced techniques that require no heavy reinforcement. The employment of high and ultra-high tensile steel cuts weight, bolsters rigidity and aids safety. We've worked tirelessly to save every gram. Despite being light, All-New Mazda3 disperses crash energy in multiple directions to achieve collision performance that is world-class.

SKYACTIV-Chassis

We've re-examined every component to strengthen the sense of 'oneness' between car and driver. For nimble handling and refinement, the lightweight front strut and rear multi-link suspension uses firmer bushings and totally revised geometry. Innovative welding of the front and rear cross members achieves impressive stiffness with low weight. Fuel-saving electric power-assisted steering features a high ratio for quick handling, yet delivers great stability at all speeds.

i-ELOOP

Mazda3 XD Astina integrates our unique brake energy regeneration system, i-ELOOP. Braking energy is captured, then stored in a capacitor. It's then used to power systems including climate control, audio and headlamps, reducing fuel consumption. The capacitor charges and discharges more efficiently than conventional battery systems – full charge achievable in under 10 seconds. Clever i-stop saves even more fuel by switching off the engine when you come to a standstill, re-starting instantly as required. Altogether fuel use is reduced by up to 10% in everyday traffic conditions.

**SKYACTIV
TECHNOLOGY**

*STAY CONNECTED.
KEEP FOCUSED*

See the advantage

The cockpit's thoughtful layout and intuitive technology help you stay focused on the road. Large 7-inch screen gives access to everything from vehicle systems and navigation to online content. Multi-function commander allows swift, easy navigation of features.

A responsive drive isn't the only thing letting you feel in sync. Just hook up a compatible⁴ smartphone in Maxx and above, and MZD Connect brings you web content including music, audio books, podcasts, Facebook and Twitter feeds and more. You can even hear emails and texts aloud. It's all integrated through a central touch screen positioned to help your eyes stay focused ahead. Selection is driven by a rotary commander that you reach intuitively, without having to look away from the road. Adding to the effortless control is voice command of menu switching, audio and navigation.

*YOU'RE
CLEARLY
AHEAD*

Everywhere you look, there's a clever idea giving you an edge. In SP25 GT and up, an Active Driving Display helps you keep your attention on the road. A clear screen located above the instrument pod projects vehicle speed, turn-by-turn navigation cues and even emergency warnings into your line of sight.

The instrument cluster also aids focus on what's important. A sporty central tachometer is flanked by digital readouts incorporating speedometer, shift indicator, trip and vehicle status information and more.

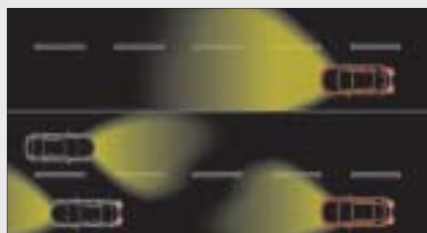

i-ACTIVSENSE. AN ADVANCED SENSE OF SAFETY

As a next-generation vehicle, Mazda3 integrates the very latest in safety. The availability of advanced i-ACTIVSENSE technology⁵ takes confidence to the highest level. These intelligent systems are designed to help you recognise potential hazards, avoid collisions and to minimise the severity of accidents when they're unavoidable. Core i-ACTIVSENSE features are optional across the range - the full suite is standard on SP25 Astina and XD Astina.

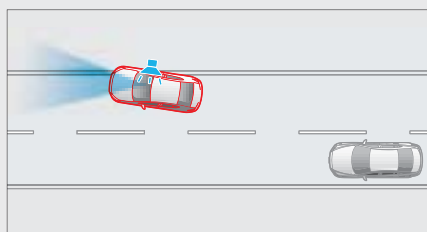

Forward Obstruction Warning (FOW) with Smart Brake Support (SBS)

Operating at 15 - 145km/h the system monitors the distance to the vehicle in front and its speed. FOW senses if a collision is likely and prompts you to take evasive action via audible and visual alerts. Also incorporates SBS. If the system senses a high risk of impact it applies initial pressure to the brakes, enabling faster response should you brake. If you take evasive action the system de-activates. If no evasive action is taken, the brakes are applied automatically. SP25 Astina and XD Astina only.

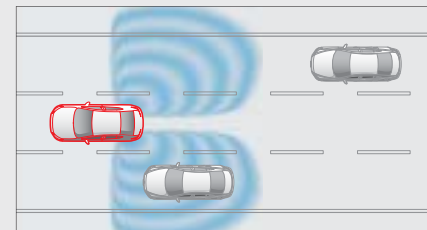

High Beam Control (HBC)

Enjoy the enhanced safety of high beam illumination, without having to manually switch to low beam. A camera detects oncoming cars' headlights, or the taillights of cars in front, and automatically switches to low beam, then back when it's safe. Also selects low beam in lit areas or at low speed. SP25 Astina and XD Astina only.

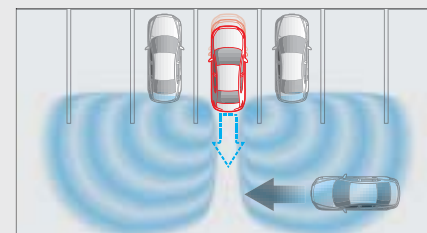

Lane Departure Warning (LDW)

Works at approximately 70km/h and above. Using a windscreen-mounted camera to monitor road lane markings, this system warns you in advance if you're about to stray from your lane, via an audible warning. SP25 Astina and XD Astina only.

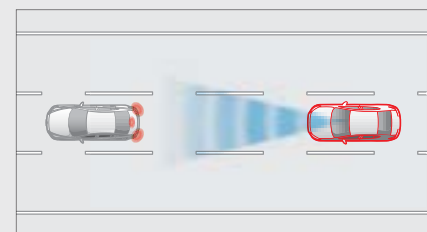

Blind Spot Monitoring (BSM)

By scanning external mirrors' blind spots, this innovation warns of unseen vehicles to help you avoid making hazardous lane changes. A flashing icon on the relevant mirror is accompanied by warning beeper.

Rear Cross Traffic Alert (RCTA)

Assists you when you're reversing from a parking space, warning if a car is approaching from either side of your vehicle. The LED icon on both mirrors is accompanied by beeping alert.

Smart City Brake Support (SCBS)

Helps prevent, or lessen, low-speed impacts. At speeds of 4 - 30km/h, SCBS monitors the vehicle in front to assess the possibility of a collision. If the system detects a high risk of impact, it applies initial braking pressure to deliver faster response should you brake. If you brake, the system de-activates. If you don't brake, the brakes are applied automatically.

LOOKS AFTER YOU AT EVERY LEVEL

You've got agile responses to help you stay clear of trouble, plus a suite of safety features that are steeled for anything. All-New Mazda3 is light to allow sporty performance - yet its body is immensely strong. Multiple load paths divert crash energy from the occupant cell, helping achieve world-class collision-safety. Six SRS airbags are integrated, including front, side (front) and curtain (front and rear). Seat belt reminders feature throughout while driver and front passenger belts have pretensioners and load-limiters. The latest in safety is there for you. Dynamic Stability Control (DSC) with integrated Traction Control System (TCS) is standard. The stopping power of four big disc brakes incorporates ABS and Electronic Brake-force Distribution (EBD), which optimises braking force according to the vehicle's load. Emergency Brake Assist (EBA) recognises urgent braking, maximising braking force right when you need it. The Emergency Stop Signal (ESS) bolsters safety by flashing the hazard lights to warn drivers behind. Mazda3 also gives you high security. Remote control locking and an engine immobiliser are standard.

Applies to petrol models only, diesel models not tested by ANCAP.

Surrounded by strength.

Light weight SKYACTIV-Body aids performance, but is also incredibly rigid. It incorporates the Mazda Advanced Impact Distribution and Absorption System (MAIDAS). This protects the occupant cell by diverting impact energy away. Driver and passenger front and side airbags, plus front and rear curtain airbags are included.

Real vision.

The more powerful light and longer, broader beam of Bi-Xenon headlamps help to reduce eye strain. Adaptive Front-lighting System (AFS) swivels headlamps up to 15 degrees in the direction you're steering, showing more of the corner. SP25 GT, SP25 Astina and XD Astina only.

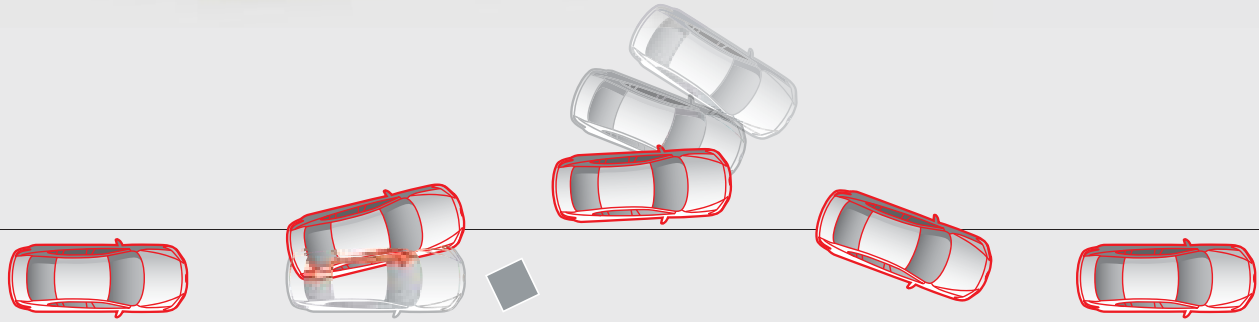

Advance warning.

In case of sudden braking from speed, ESS automatically flashes the hazard lights to warn following drivers of the situation.

Smooth take off.

Hill Launch Assist (HLA) features on all models. Remove your foot from the brake on an incline and the brakes are kept applied for about two seconds. This allows time to apply the accelerator for a controlled take-off.

Ready to help.

If you ever need to react to a hazard, Mazda3 is ready. DSC acts instantly, braking the inner rear wheel to counter understeer (or outer front wheel to combat oversteer). The TCS also reduces torque to the driven wheels to minimise slip. With control maintained, the vehicle can be steered around the hazard.

Stopping power.
Stopping distance with EBA, ABS and EBD.

Stopping distance with no assistance.

MAZDA 3

NEO

Neo features include:

- 2.0 litre in-line 4 cylinder 16 valve DOHC S-VT petrol with i-stop
 - Max power: 114 kW @ 6,000 rpm
 - Max torque: 200 Nm @ 4,000 rpm
 - 16 inch steel wheels
 - Headlamps (Halogen)
 - Power mirrors and windows
 - Rear spoiler (hatch only)
 - Wipers (front) 2-speed with variable intermittent function
 - Advanced keyless push-button engine start
 - Air-conditioning
 - Cruise control
 - Seat trim: cloth
 - Seat (front) with: height adjustment (driver) and seat back pockets
 - Seats (rear) with: 60/40 split-fold backrest
 - Trip computer⁶
 - Audio system with: AM/FM tuner, single disc CD player (MP3/WMA compatible) and 4 speakers
 - Bluetooth[®] hands-free phone and audio capability⁴
 - USB input (iPod[®] compatible)
 - Emergency Stop Signal (ESS)
 - Hill Launch Assist (HLA)
- Safety pack option:**
- Rear-view mirror with auto dimming function
 - Blind Spot Monitoring (BSM)
 - Rear Cross Traffic Alert (RCTA)
 - Smart City Brake Support (SCBS)

Bodystyles:

■ Hatch

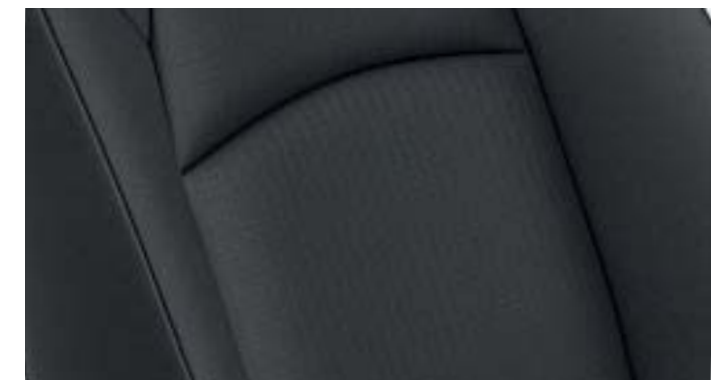

■ Sedan

Sophisticated style, advanced technology, great performance and economy. Neo combines it all to give you a great drive.

Comfort at every turn.

Integrated air-conditioning and heating controlled by stylish, easy-to-use dials.

Nice touch.

Comfort of supportive seats is bolstered by high quality cloth.

See and hear.

Powerful 4 speaker audio system with CD player is USB and Bluetooth[®] compatible⁴. Control is via compact display unit.

Start it up.

Push-button engine starting is the easy and exciting way to get the drive going.

MAZDA 3

MAXX

Maxx features additional to Neo include:

- 16 inch alloy wheels
- Leather-wrapped: gear shift knob, handbrake handle and steering wheel
- Paddle shift gear control (auto only)
- Satellite navigation
- Audio system with: 6 speakers
- Multi-function commander control
- MZD Connect infotainment system
- Reverse camera

Safety pack option:

- Rear-view mirror with auto dimming function
- Blind Spot Monitoring (BSM)
- Rear Cross Traffic Alert (RCTA)
- Smart City Brake Support (SCBS)

Bodystyles:

■ Hatch

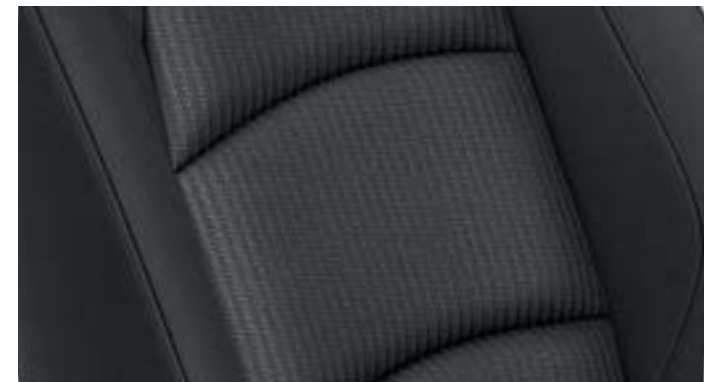

■ Sedan

With ramped-up style, more features and amazing connectivity, Maxx takes you to the next level of driving enjoyment.

Dynamic design.

Elegant 16 inch alloy wheels look great and enhance ride and handling.

Feels special.

Expertly trimmed premium cloth heightens the feeling of comfort.

Web content comes along.

Through MZD Connect you can access content from internet radio to social media feeds.

Command centre.

Easily reached rotary commander lets you flick between menus and functions with minimum distraction.

MAZDA 3

TOURING

Touring features additional to Maxx include:

- Air-conditioning (dual-zone climate control)
- Headlamps auto on/off function
- Wipers (front) 2-speed with rain-sensing function
- Overhead sunglass storage box
- Seat trim: leather¹
- Seats (front) with: lumbar adjustment (driver)
- Vanity mirrors (front) with illumination

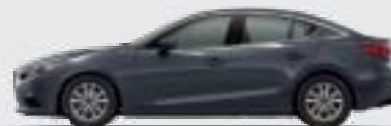

Safety pack option:

- Rear-view mirror with auto dimming function
- Blind Spot Monitoring (BSM)
- Rear Cross Traffic Alert (RCTA)
- Smart City Brake Support (SCBS)

Bodystyles:

■ Hatch

■ Sedan

Superb luxury touches are complemented by intelligent features that enhance driving convenience.

Custom comfort.

Driver and passenger can individually optimise temperature with dual-zone climate control.

Indulgent inside.

Choose luxurious leather¹ interior in either Off-white or Black. Contrasting stitching highlights craftsmanship.

That's brilliant.

Automatic headlamps assess ambient light and switch on/off accordingly.

Reflex action.

Rain-sensing wipers automatically switch on and off as required.

Mazda3

SP25

SP25 features additional to Maxx include:

- 2.5 litre in-line 4 cylinder 16 valve DOHC S-VT petrol with i-stop
- Max power: 138 kW @ 5,700 rpm
- Max torque: 250 Nm @ 3,250 rpm
- 18 inch alloy wheels
- Fog-lamps (front)
- Headlamps auto on/off function
- Rear spoiler (sedan)
- Wipers (front) 2-speed with rain-sensing function
- Advanced keyless entry
- Air-conditioning (dual-zone climate control)

Safety pack option:

- Rear-view mirror with auto dimming function
- Blind Spot Monitoring (BSM)
- Rear Cross Traffic Alert (RCTA)
- Smart City Brake Support (SCBS)

Bodystyles:

■ Hatch

■ Sedan

Alloy attraction.

18 inch sports alloy wheels add purpose to SP25's dynamic stance.

Light the way.

Integrated fog-lamps augment style and aid visibility in all conditions.

Sporting air.

SP25's spirited personality is amplified by aerodynamics-enhancing rear spoiler.

Convenience is key.

Advanced keyless entry lets you get going without needing to find keys. As long as you're carrying the remote locking unit, you just press the front door button to enter.

A boost in performance and sportier looks too. Add selected luxuries and you've got the exciting drive that is SP25.

MAZDA3

SP25 GT

SP25 GT features additional to SP25 include:

- Daytime running lamps (LED)
- Headlamps (Bi-Xenon) with Adaptive Front-lighting System (AFS)
- Power mirrors (heated)
- Tail-lamps (LED)
- Active Driving Display
- Rear-view mirror with auto dimming function
- Seat trim: leather¹
- Seats (front) with: 6-way power adjustment (driver), heating function and lumbar adjustment (driver)
- Vanity mirrors (front) with illumination
- Premium Bose® 231 watt amplifier and 9 speakers

Safety pack option:

- Blind Spot Monitoring (BSM)
- Rear Cross Traffic Alert (RCTA)
- Smart City Brake Support (SCBS)

Safety pack and sunroof option:

- Sunroof
- Blind Spot Monitoring (BSM)
- Rear Cross Traffic Alert (RCTA)
- Smart City Brake Support (SCBS)

Bodystyles:

■ Hatch

■ Sedan

SP25 GT packs in even more technology and features to increase safety, add convenience and heighten your enjoyment.

Performance focus.

Active Driving Display projects information above instrument pod to reduce distraction from the road. Central tachometer boasts 3-D metallic accents.

Truly illuminated.

Adaptive Front-lighting System (AFS) pivots the powerful Bi-Xenon headlamps up to 15 degrees in the direction you're steering, illuminating more of the corner. Daytime running lights help other road users see you.

Premium seating.

Sculpted seats finished in superb leather¹ are accentuated by contrasting details.

A-grade audio.

Premium Bose® digital audio teams 231 watts of power with 9 speakers for a stirring musical performance.

Mazda3

SP25 Astina

SP25 Astina features additional to SP25 GT include:

- Sunroof
- Radar cruise control
- Blind Spot Monitoring (BSM)
- Forward Obstruction Warning (FOW)
- High Beam Control (HBC)
- Lane Departure Warning (LDW)
- Rear Cross Traffic Alert (RCTA)
- Smart Brake Support (SBS)
- Smart City Brake Support (SCBS)

Bodystyles:

■ Hatch

■ Sedan

With SP25 Astina you enjoy a superbly luxurious drive. You also get the latest intelligent safety technology.

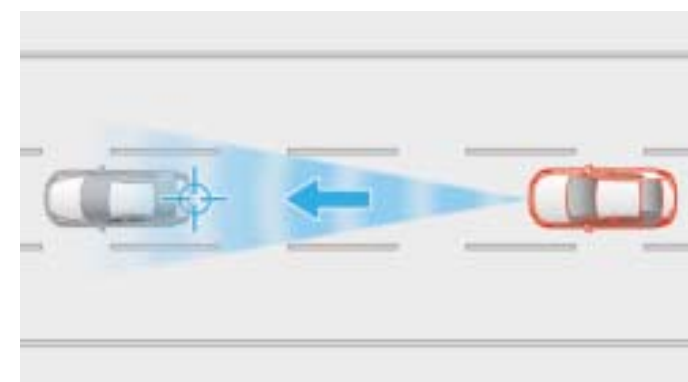

Follow the sun.

Fresh air and sunshine are yours thanks to power operated sliding glass sunroof with tilt function.

Dynamically detailed.

Antenna is shaped to reflect the flowing forms that define Mazda3. Hatch only.

Radar equipped.

Radar cruise control monitors the car ahead, automatically adjusting your speed to maintain a safe distance. Can be switched on and off as needed.

Smarter safety.

Intelligent i-ACTIVSENSE technology helps you detect potential hazards and avoid collisions. Find out more on pages 18-19.

Mazda 3

XD Astina

XD Astina features additional to SP25 Astina include:

- 2.2 litre in-line 4 cylinder 16 valve DOHC intercooled turbo diesel with i-stop and i-ELOOP
- Max power: 129 kW @ 4,500 rpm
- Max torque: 420 Nm @ 2,000 rpm
- 18 inch bright alloy wheels
- LED fog-lamps (front)
- Brilliant black painted lower rear bumper
- Seat trim: suede / black leather¹

Bodystyles:

- Hatch

Premium luxury and safety combine with the advanced technology and efficiency of the SKYACTIV-D engine.

The mark of higher performance

Every aspect of the vehicle has been re-engineered to unleash greater efficiency and performance.

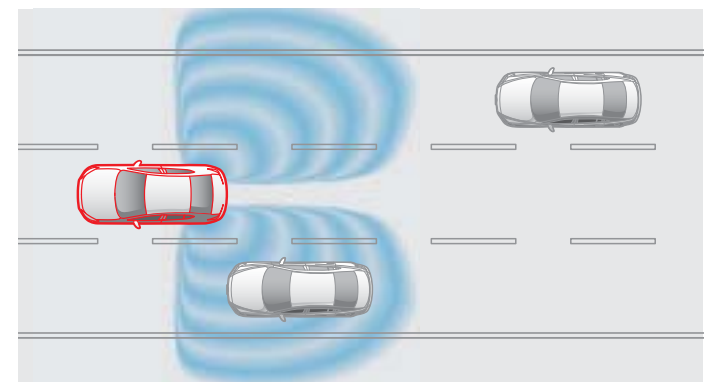

Nice touch.

Suede inserts compliment leather trim. They combine smoothly luxurious texture with hard-wearing quality.

Energy efficient.

Our unique i-ELOOP system harvests braking energy to a capacitor, then uses it to save you fuel.

Smarter safety.

Clever i-ACTIVSENSE technology can assist you in recognising potential hazards, avoiding collisions and reducing the severity of accidents.

ENJOY ALL-NEW MAZDA3 WITH CONFIDENCE

Rest assured – your warranty

The quality built into Mazda3 is backed up by a 3-year, unlimited kilometre factory warranty and 6-year panel protection warranty.

Maintain that Zoom-Zoom

Your Mazda3 deserves the best in care. Servicing with Mazda Service Select gives your car the advantage of factory trained Service Technicians and advanced computer diagnostic systems. As well as maintaining your Mazda in A1 condition, you'll also be protecting your vehicle's outstanding resale value.

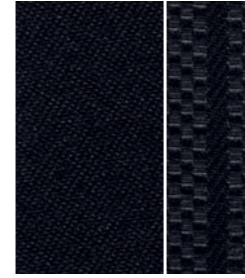

Help is at hand – Mazda Roadside Assistance

Flat batteries, running out of fuel, flat tyres – everyone faces hiccups from time to time. When the unexpected happens, Mazda Roadside Assistance is there to keep you moving. You'll be covered 24 hours a day, 365 days a year, all round Australia. Better still, your Mazda will only be worked on by Mazda-approved technicians. Choose a Standard policy offering everything needed to get going again, or Premium with extras like accommodation, a rental car and vehicle recovery. Either can be purchased across the entire Mazda range. (Terms and conditions apply.)

¹Leather interior includes some Maztex material on selected high impact surfaces. Off-white leather interior only available with selected exterior colours. ²Mazda3 automatic Sedan, combined fuel consumption as per ADR 81/02 test results. ³Mazda3 XD Astina automatic Hatch, combined fuel consumption as per ADR 81/02 test results. ⁴Please check the compatibility of your Bluetooth® device (particularly your mobile phone) with the specific Mazda vehicle you intend to purchase as not all devices operate correctly. Visit www.mazda.com.au/Bluetooth or consult your Mazda Dealer for further information. ⁵i-ACTIVSENSE safety technologies are driver assist technologies only and should not be used in place of skilled and safe driving practices. It is the driver's sole responsibility to constantly monitor vehicle surroundings and conditions at all times. ⁶Trip computer displays current and average fuel consumption, distance to empty and average vehicle speed. ⁷Fuel consumption figures are based on ADR 81/02 test results. They are useful in comparing the fuel consumption of different vehicles. They may not be the fuel consumption achieved in practice. This will depend on traffic and road conditions and how the vehicle is driven. ⁸Not included in SP25 GT Safety Pack – featured as standard. ⁹Subject to State or Territory regulations.

Kuroi Sports Pack¹

Add even more visual impact with this streamlined aerodynamic sports kit matched to striking multi-spoke alloy wheels.

- Front spoiler
- Side under spoiler
- Rear under spoiler
- Rear lip spoiler
- Door mirror caps
- 18-inch multi-spoke alloy wheels

Featured here

- Roof racks
- Headlight protectors
- Slimline weathershields
- Front parking sensors
- Front mud guards
- Fog-lamps
- 16-inch 7-spoke alloy wheels

SP25 Astina Hatch in Soul Red Metallic.

Bike rack (wheel on)

Bring your other wheels along without having to remove one.

Bike rack (wheel off)

Makes it easy to take your bike along for the ride.

Kayak holder

The perfect solution for transporting kayaks or canoes.

Featured here

- Welcome illumination
- Alloy pedal covers
- Scuff plates
- SP25 floor mats

Welcome lighting radiates soft blue illumination from both front foot wells, while select additions enhance the sense of occasion.¹

Floor mats - Mazda3 (set of four)

Protect your carpet with these high-quality, tailor-made branded floor mats. Fastening system enhances safety.

Floor mats - SP25 (set of four)

Protect your carpet with these high quality, tailor-made branded floor mats featuring suede edging and metallic corners. Fastening system enhances safety.

Rear bumper step plate

Safeguard your rear bumper from marks and scratches while adding visual flair.

Boot lip protector

Protect your rear bumper and boot lip from scratches and scuffs during loading and unloading.

Mobile phone holder

Safe, stylish and compatible with many popular phones, this gives drivers easy phone visibility and access. Allows portrait or landscape use.

Seat covers (rear)

Made from durable, waterproof neoprene material, these fitted covers keep your seats free from dirt and grime. (Front seat covers also available)

Bonnet Protector (smoke)

Protect your car against damage from stones and other debris.

Mud guards (rear)

Keep bodywork free of mud and road grime. (Front guards also available)

Mirror-integrated reverse parking camera

Enhances convenience and parking ease. Stylish replacement rear view mirror integrates rear camera's image into 4.3" LCD, which activates when reverse is selected. Screen brightness adjusts automatically to ambient light. (Neo only)

Display screen integrated parking sensors (front and rear or rear only)

Augments audible warnings with graphic display of the object detected by parking sensors, and its proximity. Graphic appears on vehicle's 7-inch display. (Available on Maxx and above)

16-inch multi-spoke alloy wheels

Your Mazda3 will stand out even more with this arresting wheel design.

Tow bar

1,200kg braked towing capacity with 75kg maximum tow ball download limit.² Detachable tongue kit makes tow bar invisible once tow ball is removed. (Tow ball sold separately)
