

PAJERO

LOVE THAT CAR

Take a look at the luxury interior of the Pajero and ask yourself if this isn't how you want to enjoy your next on-road-off-road adventure.

Pajero Exceed Shown

As soon as you are behind the wheel of the Exceed, relaxing in the soft, luxurious leather seating, high above everyone else on the road, you'll get an imposing and impressive view of the road ahead. Every single detail within its refined interior reflects Pajero's design quality, it's silver and leather gearshift knob, meter detailing and the leather and wood steering wheel prove irresistible to the touch. And just looking at the dashboard is enough to make your pulse quicken, too.

For each of Pajero's row of seats, you'll find yourself stretching out and relaxing in plenty of space. There's not only a surprising amount of cargo room but other storage space, too – in one quick move,

you can easily transform from a 2 seat heavy load carrier to a 5-seat off-roader or a 7 seat luxury family transporter.

The Pajero's third row seats can be quickly stowed under the floor, leaving a flat loading base with generous cargo room height. The headrests can be stowed away under the seats to further maximise room. The third row can also be removed entirely to create an under floor storage compartment.

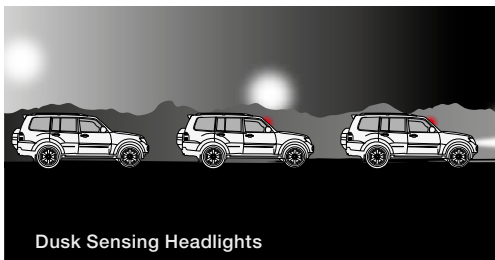

Pajero VRX and Exceed boasts dusk sensing headlamps and rain sensing wipers which help you stay focused on the road at all times.

A sensor automatically sends a signal to your headlights that turn on when it gets dark or when you're travelling through a tunnel. The same sensor also detects moisture on the windscreen then activates the wipers at the appropriate speed and according to the amount of rain present.

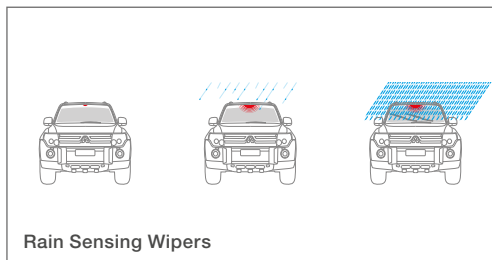

Pajero demands an engine with enough strength and muscle to conquer all punishing terrains. Pajero can also pull an impressive 3 tonnes. An advanced 3.2 litre Common Rail Direct Injection Diesel (DiD) engine gives the Pajero the power to go anywhere, quickly, smoothly and quietly and is available in both manual and automatic transmissions.

Standard in all models, while Exceed also offers a powerful 3.8 litre V6 MIVEC petrol engine. Pajero offers a choice of intelligent transmissions perfectly matched to your preferred driving style. A smooth-shifting 5 speed, all synchromesh manual gearbox is available on the turbo diesel and delivers ultimate hands-on driving experience.

Or, if you prefer automatic, the INVECS II 'Smart Logic' 5-speed automatic transmission with Sports Mode available with the 3.8 litre V6 or the turbo diesel will be sure to provide the control you need.

Dusk Sensing Headlights

Rain Sensing Wipers

Flexible Seating

The Pajero doesn't just look ultra protective and tough – it is. Sitting high up in the Pajero's driving position provides you with a clearer view of obstacles on the road. Pajero's improved brake performance and Active Stability and Traction Control with Brake Assist system provide a reassuringly safe drive.

All seats are equipped with three-point seatbelts with ELR (Emergency Locking Retractor) and in the event of a collision Pajero not only has dual-stage front driver and passenger SRS airbags but also side airbags and curtain airbags for ultimate protection.

Next-generation communications and entertainment technology have been incorporated inside the cabin to enhance your Pajero journey. Sit back and enjoy.

At the heart of Pajero's entertainment console lies a Rockford Fosgate® premium audio system featuring 12-surround sound speakers including integrated 10 inch subwoofer powered by a 860 watt amp.

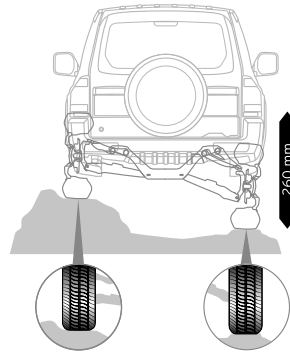

And with the help of satellite navigation in the impressive Mitsubishi Multi Communication System (MMCS) you can be guided by clear, turn-by-turn directions shown on the high definition 7" WVGA touch screen. And as soon as you engage reverse, the screen displays the images taken by the rear view camera, making tight-space parking effortless. VRX and Exceed only.

In models without MMCS, the camera's view will appear in the electrochromatic rear view mirror. Combined with reverse parking sensors that alert you when objects get a little close, parking your Pajero is easy.

Rear seat passengers in Exceed can also enjoy sophisticated in-car entertainment, with their very own DVD player and 9" full-colour screen. Game console compatible it includes two infrared cordless headphones allowing passengers to watch a DVD, while driver and front passenger can listen to music, or simply tune out and take in the surrounding scenery.

RISE Monocoque Body

Mitsubishi's RISE (Reinforced Impact Safety Evolution) monocoque body system with integrated chassis is a highly rigid one-piece shell. In the event of an accident, the super-strength cabin's impact-absorbing crushable zones minimise impact to passengers. Reinforced critical points increase stability for handling and the RISE body also provides strength for recovery and towing.

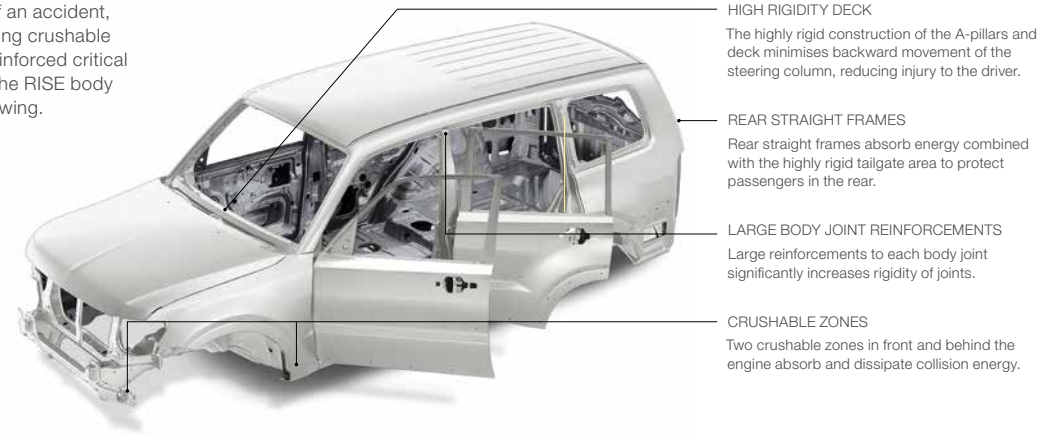

INDEPENDENT MULTI-LINK REAR SUSPENSION

Pajero boasts independent multi-link with coil springs combined with increased suspension travel and track. The result is maximum tread contact on rough terrain and a reduction in understeer.

For more information on the Pajero range scan the QR code or visit mitsubishi-motors.com.au

- HIGH RIGIDITY DECK**
The highly rigid construction of the A-pillars and deck minimises backward movement of the steering column, reducing injury to the driver.
- REAR STRAIGHT FRAMES**
Rear straight frames absorb energy combined with the highly rigid tailgate area to protect passengers in the rear.
- LARGE BODY JOINT REINFORCEMENTS**
Large reinforcements to each body joint significantly increases rigidity of joints.
- CRUSHABLE ZONES**
Two crushable zones in front and behind the engine absorb and dissipate collision energy.

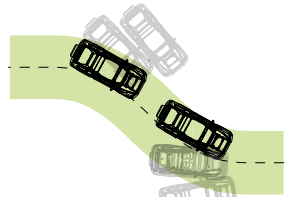

Keeping your family safe is paramount. That's why Pajero offers some of the most comprehensive and innovative safety features available. Active and passive safety features will make your journey all the more enjoyable, whether you're on the highway or in rugged terrain.

And the surety you'll feel in Pajero has also been recognized with a 5 star ANCAP Rating. ANCAP stands for Australasian New Car Assessment Program and Pajero has been awarded the highest rating possible.

ANCAP is supported by Australian and New Zealand automobile clubs, the state government road and transport authorities of NSW, Victoria, South Australia, Queensland, Tasmania, Western Australia, The New Zealand Government, The Victorian TAC, NRMA Insurance and The FIA Foundation.

Wherever you take Pajero you'll have the very best on your side.

ASC

Active Stability Control (ASC)
Maintains stability and control when cornering, by automatically recognising under-steer and over steer. It applies brakes to the appropriate wheels to keep you online through corners.

ABS

Multi-Mode Anti-Lock Braking System (ABS)
Pajero's intelligent 4-channel, 4-sensor braking system monitors wheel speeds and activates brakes to individual wheels to allow superior manoeuvring around objects under heavy braking conditions.

Towing Capacity

Pajero's impressive power and torque provides a 3,000kg towing capacity making towing a boat, caravan or trailer on your next holiday adventure a breeze.

SUPER SELECT 4WD II

Let's you alternate between 2WD and 4WD modes – the choice of around town fuel efficiency and off-road traction. You can change between modes at speeds of up to 100 kilometres per hour on any surface.

2H (2WD High Range)

Whether you're cruising down the highway or just going across town, 2H mode shifts you into rear-wheel drive for smooth, quiet, fuel-efficient performance.

4H (Full-Time 4WD)

When the weather turns bad and the road gets rough, get added traction in 4H mode. The dynamic front/rear torque split adjusts between 33:67 and 50:50 for greater control in high-speed driving.

4HLC (4WD High Range with Locked Centre Differential)

Keeping you on track in rugged or slippery conditions, 4HLC distributes power equally to all four wheels to meet off-road challenges with a steady sense of control.

4LLC (4WD Low Range with Locked Centre Differential)

Switch to 4LLC when you need all the tractor-like crawling power your Mitsubishi 4WD is capable of. Maximised low-end torque pulls you through even the roughest terrain to get to that isolated spot that only a truly capable 4WD can take you.

PAJERO GLX (Key Features)

Mechanical

3.2L High Power Common Rail Direct Injection Diesel
5 speed manual transmission
5 speed Sports Mode automatic transmission with INVECS II Smart Logic – optional
Super Select II 4WD (Full Time 4WD including selectable 2WD mode)
All Wheel Control (AWC)
Centre differential with viscous coupling unit
Rear differential lock
Synchronised auto front free wheeling differential
Power steering
Front & rear recovery points
Front skid plate
Fuel tank protector

Exterior

17" 7 spoke alloy wheels
Body coloured bumper
Body coloured bodyside and tailgate cladding
Body coloured wheel arch flares
Rear fog lamp
Mudflaps – rear
Roof rails
Secure sports spare wheel cover

Interior

Aluminium print accent panel
Leather bound steering wheel
Leather bound gearshift knob, transfer lever and park brake lever
Chrome inner door handles
Inner scuff plates
Carpet floor covering

Comfort

Climate control air conditioning with digital display
Rear seat heater ducts
Pollen filter
Tilt adjustable steering column
Side and rear window demisters
Driver foot rest
Passenger assist grips

Convenience

Cruise control
Steering wheel cruise, audio and phone controls
Central door locking (including tailgate) with remote keyless entry
Power windows – front and rear (driver auto up-down function) with safety system
Power door mirrors with fold control
Variable intermittent windshield wipers
Intermittent rear wiper and washer
Accessory power sockets (3)
Front map lights
Cargo room lamp
Rear passenger reading lamps
High-rise front centre armrest with forward adjustable slide position
Retractable passenger assist handles (4)
Sunvisor with extensions and illuminated vanity mirrors with lid (driver side ticket holder)
Remote fuel filler release

Storage

Glove box with shelf – illuminated and lockable
Centre storage console with upper and lower compartments
Door pockets – front and rear
Cup holders (6)
Sunglass pocket
Luggage tie-down hooks (4)
Seat back pocket – passenger
Underfloor storage compartment

Seating

Fabric seat trim
Front and rear seats fold flat
Front seats
– Slide, recline and dual height adjuster for driver's seat height and tilt adjustable headrests
– Access support grips (2)
Second row seats
– 60:40 split folding function
– Centre armrest with cupholders
– Height adjustable headrests

Audio & Media

AM/FM radio/CD/MP3 player
6 speakers (including 2 tweeters)
Bluetooth® 2.0 phone connectivity and audio streaming with voice control*
Audio and USB input
Multi-function display – trip computer, compass, altimeter, barometer, outside temperature, date and time.

Safety

Driver and passenger SRS airbags
Side and curtain SRS airbags
Active Stability Control (ASC)
Active Traction Control (ATC)
Multi-mode Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD)
Smart Brake
Engine Brake Assist Control (EBAC)
Reinforced Impact Safety Evolution (RISE) body
Side door impact beams
Electrochromatic mirror with reverse camera
Front seatbelt pretensioners & force limiters
Child proof rear door locks
Child restraint anchor points (3)
High mount stop lamp on rear door
Driver and front passenger seatbelt warning lamps

Security

Theft protection alarm
Anti-theft encrypted engine immobilisation
Auto relock function for central door locking
Cabin illumination on unlock and key removal
Diamond Advantage Roadside Assistance

* Bluetooth® phone connectivity depends on your phone

PAJERO GLX-R

(Features additional to GLX)

Exterior

Body coloured door mirrors
Body coloured door handles
Rear roof spoiler
Front fog lamps
Side steps

Comfort

Front and rear zone air conditioning controls
Rear air conditioning ducts

Seating

Third row seats (removable)
– Front facing reclining bench seat (3rd row seats)
– Folding stow away function
– folds flat into underfloor compartment
– Height adjustable headrests
– Retractable passenger assist grip (2)

PAJERO VRX

(Features additional to GLX-R)

Mechanical

5 speed Sports Mode automatic transmission with INVECS II Smart Logic

Exterior

Door mirrors with integrated turn indicator, demister and paddle lamp
18" alloy wheels
Chrome grille
Mudflaps – front and rear
Privacy glass
Headlamp washers

Convenience

Automatic rain sensing wipers
Automatic dusk sensing headlamps

Seating

Front seats
– Power drivers seat
– Power passenger seat
– Heated seats

Audio & Media

Mitsubishi Multi Communication System featuring 7" WVGA touch screen display with 3D navigation mapping and SD Card input

Safety

Reversing camera
Reverse parking sensors
Turn light in exterior rear view mirror
Exterior rear view mirror demister

Security

Cargo blind

PAJERO EXCEED

(Features additional to VRX)

Exterior

Chrome door mirrors
Chrome door handles
Chrome side protection mouldings
High Intensity Discharge (HID) headlamps with auto levelling

Interior

Wood and leather steering wheel
Alloy sports pedals
Woodprint accent panel
Leather seat trim

Audio & Media

Rockford Acoustic Design premium audio with 12 speakers (including subwoofer)
Rear seat entertainment system with remote control and headphones (2 sets)

Security

Premium security alarm with sensor system
