INTRODUCING THE NEW WRX

NEXT GENERATION ALL-WHEEL DRIVE

COMING APRIL 2014

GET READY FOR THE NEXT LEVEL

Launched in 1994, WRX has become a global phenomenon, with its combination of dazzling performance and amazing All-Wheel Drive control. A gripping car that's thrilled and seduced thousands of drivers around the world.

The fourth generation WRX boasts a brand new Direct Injection Turbocharged Boxer engine, underpinned by a cutting-edge All-Wheel Drive system, with Active Torque Vectoring, that delivers more control, agility and buckets of fun. Put simply, it's a weapon of mass seduction.

THE NEW WRX AT A GLANCE

REAL POWER

- All new 2.0-litre Direct Injection Turbocharged horizontally-opposed Boxer engine
- Choice of six-speed manual or sophisticated sports Lineartronic™ Continuously Variable Transmission (CVT)
- 197kW/350Nm output

PURE CONTROL

- Next-generation Symmetrical All-Wheel Drive
- Active Torque Vectoring System
- Advanced Vehicle Dynamics Control (VDC) system
- Hydraulic Brake Assist (HBA) and Brake Override System (BOS)

DESIGN & TECHNOLOGY

- New generation styling and more luxurious, roomier interior
- Daytime running lights and LED headlights
- Smart key and push button start in premium models
- Sporty 'D' shaped steering wheel

REAL POWER

Brooding under the new WRX's bonnet is an all new ferocious 2.0-litre Direct Injection Turbocharged horizontally-opposed Boxer engine, with increased power and torque, higher environmental performance and even more intense levels of excitement.

PURE CONTROL

The WRX's raw power is delivered to all four wheels by a state-of-the-art Symmetrical All-Wheel Drive system with Active Torque Vectoring, for superior traction and pure control in every corner. Get behind the wheel and you'll discover in seconds why All-Wheel Drive makes all the difference.

HIGH-PERFORMANCE DESIGN & CUTTING-EDGE TECHNOLOGY

Style and performance come together seamlessly in the new WRX. With daytime running lights, LED headlights and tail lights, the new generation exterior styling is designed to turn heads and quicken heartbeats. And inside, the roomier, more luxurious interior is fitted with the latest technology, including an advanced Multi-Function Display (MFD) and high-tech connectivity.

The new generation Subaru WRX. More power. More control. More fun. Be prepared to be seduced, pre-book a test drive with your Subaru Retailer or register your interest at subaru.com.au
