# HYUNDAI. NEW THINKING. NEW POSSIBILITIES.

At Hyundai, we understand that life is about continual change. Our progress as a company isn't measured by our actions in the past but by how we respond to our environment and listen to our customers.

Our focus today is on producing cars that embody quality, variety, innovation and individuality – cars that are underpinned by 5-star quality in design, build, features, accessories and safety.

And as a testament to our worldwide commitment to quality, Hyundai is now one of the world's fastest growing automotive brands. Our aim is to challenge and question the way things are done to create bigger new ideas and better quality solutions to enrich our customers' life experiences. Only by re-imagining what tomorrow's world will bring, can we meet our customers' needs now and into the future. We invite you to join us on our journey.

## A NEW BENCHMARK IN SERVICE AND SUPPORT

Your ix35 Series II ownership is supported by all the benefits of the Hyundai iCare program, which demonstrates our commitment to back every vehicle we build and to make Hyundai ownership an enjoyable, worry-free experience.

iCare includes:

- The peace-of-mind of a 5 year unlimited kilometre warranty\*
- Hyundai iCare Lifetime Service Plan,# to protect your car with genuine servicing
- The confidence of Hyundai Roadside Support Plan for up to 10 years^
- The convenience and exclusive benefits of myHyundai
- The support of our Customer Care Centre. Feel free to call 1800 186 306
- The assurance of a complimentary 1,500km vehicle inspection
- The satisfaction of having your vehicle serviced by qualified Hyundai factory-trained technicians using only Hyundai Genuine Parts
- The timeliness of updated mapping and content for factory installed satellite navigation through the 3 Year HERE® Satnav Update Plan†

Find out more about all Hyundai iCare plans and offers, including terms and conditions, by visiting [www.hyundai.com.au/icareterms](http://www.hyundai.com.au/icareterms)

# Introducing the powerful new ix35 Series II

A compact SUV that's tough enough to handle anything.

The ix35 is the compact SUV that changed everything, and the new ix35 Series II is just as impressive. Beautifully engineered, with a powerful engine, versatile seating and a host of smart technologies, it's tough enough to handle anything.

So whether you're after an urban cruiser or capable off-roader, the new ix35 Series II is built to handle any road you choose to take.

Overseas model shown

# Form meets function

---

Developed in conjunction with Hyundai's European-based design and technical centre, the ix35 Series II boasts an exterior based on Hyundai's 'Fluidic Sculpture' design philosophy with a muscular presence, sweeping curves and sharp creases that create a sophisticated athletic look.

It's a compact SUV that will turn heads and make your heart beat faster. Yet at the same time, every aspect of the design has been developed to improve safety, increase passenger comfort and optimise driving pleasure. The ix35 Series II's sleek body shape ensures a superior aerodynamic performance that delivers impressive fuel economy and greater road stability.

Overseas model shown

Smart thinking and styling is evident throughout and continues across every aspect of the ix35 Series II's superbly appointed five-seat interior. Comfort has been optimised with a roomy cabin that offers ample legroom and headroom, while a generous cargo space and a myriad of storage compartments ensure there's a place for everything you need, whether you're travelling cross-city or out into the countryside.

To help you maintain your concentration on the road, the instrument cluster has been positioned so that all key information is available at-a-glance, while blue backlighting provides exceptional clarity. The fully adjustable electric driver's seat\* takes the strain out of driving and provides a commanding view of the road.

From your first look, and right through all your journeys, you'll discover that every facet of the ix35 Series II's exceptional design goes beyond stylish looks to deliver superior functionality.

\*Available on Elite and Highlander models only.

# As comfortable as it is tough

---

Take a seat in the powerful new ix35 Series II and you'll find yourself surrounded by superior comfort and style. We believe that what surrounds you is important, so we've designed an interior that is ergonomic, tactile and easy on the eye. Rigorous attention to detail, quality materials and an unerring eye for sensuous flair see to that.

While you want things to be just right, you also want to be able to change them around. That's why the ix35 Series II comes equipped with a multitude of seat arrangements - enough to suit your changing lifestyle.

Overseas model shown

Overseas model shown

## Reclining rear seats

At Hyundai, we believe everyone deserves to travel in comfort – not just those in the front. So we've equipped the ix35 Series II with rear seats that recline at the touch of a lever. Something your rear seat passengers will certainly appreciate.

## Keeping your focus on the road

Whether you're negotiating peak hour traffic, zipping along the freeway or out on the open road, your comfort contributes to safe driving. From an easy-to-view instrument panel and height adjustable seats offering lumbar support, through to smart technologies such as cruise control, steering wheel mounted controls and dusk sensing headlights\*, the ix35 Series II has been designed to help remove unneeded distractions and give you more time to stay focussed on the road.

\*Available on Elite and Highlander models only.

# Taking safety to the next level

All ix35 Series II's are equipped with a comprehensive array of advanced safety features that help you control the vehicle in challenging conditions. With so much attention to safety and occupant protection, no matter where you go in the ix35 you'll find peace-of-mind.

## Vehicle Stability Management (VSM)

Introducing the next generation in safety. Vehicle Stability Management (VSM) uses state-of-the-art technology to help keep you in control. In slippery conditions or sudden cornering scenarios the VSM system helps maintain control of the vehicle by applying counter-steering assistance, guiding the driver to the correct steering position.

Standard on all models, this innovative safety technology combines the intelligence of Electronic Stability Control (ESC) with Motor-Driven electric Power Steering (MDPS) to help maintain the correct steering position in instances where the driver reacts too slowly or tries to apply the incorrect steering input.

The Anti-skid Braking System (ABS) increases safety by preventing your brakes from locking up while Electronic Brake-force Distribution (EBD) distributes braking force according to your vehicle's load.

## Multiple layers of protection

By reinforcing sections of the chassis with ultra-high tensile strength steel, the ix35's body shell is stronger and stiffer – as well as lighter. Similarly, excellent structural integrity is provided by side impact beams, integrated front and rear crumple zones, strengthened window sills and safety engineered doors with internal guard beams.

## Airbags front and back

With six airbags standard, the ix35 Series II provides comprehensive occupant safety. The protection of driver and front passenger airbags is reinforced by dual-side front (thorax) airbags, while roof-mounted side curtain airbags extend from front to rear.

Other standard protections include front-seat active head restraints that automatically shift forward in the event of an impact to reduce head, neck and shoulder injuries, as well as three-point retractable seat belts for all occupants.

## Active locking

For additional safety and security, the speed sensing Hyundai Active Locking Operation (HALO) system locks all the doors once your speed exceeds 15kph and then unlocks them when in park.\* Front seat occupants can override the system to easily exit the vehicle.

## Reverse with ease

All ix35 Series II models are equipped with Rear Park Assist reverse sensors that alert you with a warning sound when you get too close to objects behind the vehicle. The Elite and Highlander models are also fitted with a built-in rear-view camera that shows an LCD colour image displayed on the 7" touch screen.

### Electronic Stability Control

It's easy to turn suddenly and sharply when you're trying to avoid danger, but this can lead to a loss of control. ESC quickly detects when this happens, then activates brakes on individual wheels to help correct and minimise skidding, helping you to stay on your intended course.

### Hill Start Assist Control

When a vehicle is on a steep incline, HAC will temporarily hold the vehicle after you take your foot off the brake. This gives the driver extra time to apply the throttle and accelerate away without the vehicle rolling back.

### Downhill Brake Control

To keep control and maintain steady speed on steep, downhill descents, engage Downhill Brake Control.

\*Auto door unlock when in park (or ignition key removed in manual).

# Packed with smart, cutting-edge technology

The ix35 Series II showcases our passion for making rich technology and cutting-edge innovation accessible to everyone.

Throughout the ix35 Series II you'll find an array of smart technologies working intuitively behind the scenes to make driving safer, easier and more enjoyable.

## Sat Nav at your fingertips\*

Also activated by touch screen, the ix35 Series II's Satellite Navigation system is one of the most advanced available. And because navigation information is always evolving, we provide free map updates for 3 years with our HERE® SatNav Update Plan when you service with a Hyundai dealer.#

Updates include:

- Live SUNA™ traffic updates\*: provides alternate routes, delay times and estimated arrival times
- Dead Reckoning: uses the vehicle inputs to continue to calculate your location in the case of satellite signal loss
- Points of Interest: displays places of interest including restaurants, hotels, petrol stations and parking
- Driver Alerts: identifies accident black spots and knows hazards to help you avoid dangerous situations.

## Streaming music via Bluetooth®

The audio system in the ix35 Series II enables you to stream your favourite tunes quickly and easily from Bluetooth® enabled devices<sup>o</sup> via a touchscreen display (5" for Active model and 7" for Elite and Highlander models). You'll enjoy full iPod® connectivity, CD, Radio, MP3 and USB all delivered through a six speaker system with tweeters.

## Panorama glass roof<sup>^</sup>

Let the light in and the spirits soar for both front and rear passengers with ix35 Series II's audacious panorama glass roof.

## Safety window

To prevent accidental injury, the driver's side window will automatically stop and go down if it is travelling upwards and any part of your body – or any other object – is in its path.

## Proximity Smart Key and Push Button Start\*

Proximity Smart Key technology enables you to unlock and lock your ix35 Series II without taking the key from your pocket – something you'll really appreciate when your arms are full, or when you're rushing to escape the elements. Turning on the engine is as easy as pushing the start button – there's no need to insert a key. Just as importantly, your proximity key offers greater security and theft deterrence than a conventional key.

## Rear-view camera\*<sup>\*</sup>

Reverse with safety and ease with a rear camera display, including Smart Park Assist guide, cleverly and conveniently displayed on the 7" touch screen.\*

## Electric folding mirrors<sup>^</sup> and a light to see you to the door

When manoeuvring into a tight space, you can fold-in the side mirrors by simply pushing the controls located on the door. Just as convenient, the headlamps remain lit for 30 seconds after you close the ix35 Series II's doors, lighting your way to the front door or along a pathway.

<sup>\*</sup>Available on Elite and Highlander models. <sup>^</sup>Available on Highlander models. <sup>#</sup>Satnav Update Plan: Only applies to new vehicles with factory-fitted satellite navigation. HERE® is a registered trademark of Nokia Corporation. Maximum number of 2 updates, delivered on an annual cycle within 3 years of the vehicle's initial purchase. Free map updates only apply if the vehicle is serviced at a participating authorised Hyundai dealer. <sup>†</sup>SUNA™ Traffic channel coverage is available in the following metropolitan areas: Adelaide, Brisbane, Canberra, Gold Coast, Melbourne, Perth and Sydney and the following regional areas: Geelong, Bendigo, Ballarat, Hobart, Darwin, Newcastle, Central Coast, Wollongong, Sunshine Coast and Ipswich. Bluetooth® is a registered trademark of Bluetooth SIG, Inc. <sup>o</sup>Please check your Bluetooth® device's capabilities to ensure compatibility.

# Tough enough for the city and the open road

The power to handle any road you choose to take.

Powerful enough to tackle the toughest roads, while also being extremely economical, the ix35 Series II has an engine that's versatile enough to suit all your needs. Especially tuned for Australian road conditions,<sup>†</sup> it's capable enough to handle any road from the city streets to the outback.

## Choose the performance and economy that meets your needs

The ix35 Series II offers three engine variants across its model line-up.

## All terrain capability

A true crossover, the ix35 is available in the Active 2-wheel drive (2WD), the Elite (2WD or AWD) and Highlander on-demand All-Wheel-Drive (AWD) models. Whether your driving keeps you within urban limits, or you prefer the flexibility to venture out into all terrains, there's an ix35 model that meets your needs and delivers an exceptional driving experience.

The ix35 Series II suspension system has been developed and tuned especially for Australian road conditions<sup>†</sup> to ensure agile handling and responsive steering on a wide variety of road surfaces. While a compact rear multi-link suspension improves responsiveness whilst maximising interior cabin space.

## The revolutionary R-series Diesel

The R-series Turbo Diesel engine benefits from being the third generation of Bosch's common rail system, whose piezo-electronic injectors deliver fuel at 1800 bar with an unprecedented degree of accuracy and control, resulting in greater power, lower fuel consumption with CO<sub>2</sub> emissions a very low 189g/100km.<sup>^</sup>

## Helping you drive cleaner and smarter

To help you get the best efficiency and reduce your running costs, the ix35 Series II includes a standard trip computer that provides distance to empty, average fuel consumption, average vehicle speed, elapsed time and instant fuel economy.

### Nu 2.0 GDi

Available with the Active model, this latest generation all-aluminium four cylinder petrol engine delivers 122kW power via 6 speed manual or optional 6 speed automatic transmission and delivers smooth performance and a 8.2L/100km\* fuel economy.

### Theta-II 2.4 GDi

This double overhead cam petrol engine delivers extra power and torque for the AWD Elite and Highlander models, yet has 9.8L/100km\* fuel economy.

### 2.0 R-series CRDi

Available with the AWD Highlander and Elite (optional), the power leading 2.0 R-series CRDi Turbo Diesel engine delivers 135kW of power. And with a staggering 392Nm torque, similar to much larger engines, the ix35 2.0 R-series delivers sporty acceleration and agility yet with the economy of a small car - just 7.2L/100km\*.

<sup>^</sup>Australian Design Rule 81/02 static laboratory combined CO<sub>2</sub> emission for 2.0 R-series Diesel. CO<sub>2</sub> emissions will vary depending on a combination of driving habits and the condition of the vehicle.

\*Australian Design Rule 81/02 static laboratory combined average city and highway cycle test.

<sup>†</sup>MY14 vehicles built in Korea.

# Fully featured

## Alloy wheels

The ix35 Series II's dynamic looks are further enhanced by sporty new alloy wheels (17" for Elite model and 18" for Highlander model). Multi-spoked, elegant and racy, they're optimally ventilated to prevent the brakes overheating. (18" alloy wheel shown)

## Push Button Start

*(Elite and Highlander)*

The push button start, which can only be activated by an ID signal sent from your Proximity Smart Key, offers cutting edge convenience and ease, while adding a further level of theft deterrence.

## Rear-view camera *(Elite and Highlander)*

For parking with safety and ease, Elite and Highlander models are fitted with a reversing camera that's built into the vehicle's 7" touch screen providing an LCD colour image of the area behind the vehicle. For additional safety, colour distance indicators show the width of the ix35 Series II and the distance to an object behind the vehicle.

## Dusk sensing auto headlights

*(Elite and Highlander)*

To increase driving safety and the visibility of your vehicle to other drivers, headlights are automatically turned on as light begins to fade.

#### Driver Information

To help you maintain your concentration on the road, the instrument cluster has been positioned so that all key information is available at-a-glance, while blue backlighting provides exceptional clarity.

#### Dual-zone air conditioning unit with cluster ionizer

The standard easy-to-use manual temperature control air conditioning has separate vents for back seat passengers. Elite and Highlander models feature automatic dual-zone climate control with cluster ionizer that automatically cleans the air when the air conditioner or heater is running.

Overseas model shown

#### Touch screen Multimedia Player with USB/iPod® /Aux/ Bluetooth® connectivity\*

The touch screen display (5" for Active model and 7" for Elite and Highlander models) allows you to play your favourite music in your preferred format and keep the whole family entertained and happy with this six-speaker audio system that includes iPod® connectivity. Steering wheel audio controls add convenience and safety.

#### Heated front seats *(Highlander)*

For an extra touch of comfort and luxury, the Highlander features heated front seats.

1. iPad® is a registered trade mark of Apple Inc. The iPad® holder has been designed to hold iPad® models 1 and 2 securely. To ensure occupants are protected in the event of a collision, the screen protector must be fitted to the iPad® when in use. iPad® not included.

2. Only suitable for use with a retractable seatbelt.

3. AWD Maximum ball download 140kg. Towing capacity = 1600kg braked & 750kg unbraked. 2WD maximum ball download 120kg. Towing capacity = 1600kg braked & 750kg unbraked. Towbar capacity subject to regulatory requirements, towbar design, vehicle design and towing equipment limitations.

4. Load capacity = 100kg (Standard Roof) and 75kg (Glass Roof) evenly distributed over 2 bars.

5. Park assist is designed as driver assist function only and should not be used as a substitute for skilled driving and safe parking practices. While the park assist sensors monitor objects on approach, there may be occasions where blind spots affect the sensitivity of the sensors and as a result the area into which the vehicle is heading must be visually monitored by the driver at all times while parking.

**Hyundai Motor Company Australia Pty Ltd** Corner of 394 Lane Cove Road & Hyundai Drive, Macquarie Park NSW 2113 T.02 8873 6000 F.02 8873 6005

**iCare Terms (from inside cover)**

**\*5 year/unlimited km warranty:** Applies to new passenger vehicles used for private/domestic purposes. Excludes vehicles used at any time for "commercial application" as defined in the vehicle warranty policy, for which a 5 year/130,000km (whichever occurs first) warranty applies. Refer to full warranty terms & conditions for details and exclusions. **#Lifetime Service Plan:** For the benefit of Hyundai owners, Hyundai provides online quotes, which specify the maximum price applicable for a vehicle's next scheduled maintenance service at a participating authorised Hyundai dealer and using genuine Hyundai parts (where required). Online quotes are available at [www.hyundai.com.au](http://www.hyundai.com.au), apply for a stated effective period only and may change after that effective period without notice. Standard scheduled maintenance services are of limited scope. The benefit of online quotes is available for all Hyundai's, for their lifetime. **^Roadside Support Plan:** Complimentary 12 months Roadside Support when you purchase a new Hyundai passenger vehicle (excluding rental buyers). Further Roadside Support extensions are available, each for 12 months from the date of a scheduled maintenance service at a participating authorised Hyundai dealer (unless vehicle is more than 108 months (9 years) from the original new car sale date, in which case entitlement to Roadside Support ends when vehicle reaches 120 months (10 years) from original new car sale date). **\*SatNav Update Plan:** Only applies to new vehicles with factory-fitted satellite navigation. HERE® is a registered trademark of Nokia Corporation. Maximum number of 2 updates, delivered on an annual cycle and must be undertaken within 3 years of the vehicle's initial purchase. Free map updates only apply if the vehicle completes a scheduled service at a participating Hyundai dealer. **Terms, conditions & exclusions apply to Lifetime Service Plan, Warranty and iCare offers. Visit [www.hyundai.com.au/icareterms](http://www.hyundai.com.au/icareterms) for full details.**
