

CERATO
Hatch & Sedan

The Power to Surprise

SLi model shown

Stylish and Practical

The Kia Cerato offers a hard-to-find combination of stunning exterior styling and sensible functionality. Available in Sedan and Hatch variants, both are packed with the latest technology, safety and convenience features.

Cerato Hatch

Offering versatility, style and function, the Kia Cerato hatch is perfect for those who lead active lifestyles. With a flexible second row seating arrangement featuring full folding, creating a generous cargo area for oversized items can be achieved with ease. Keep the stylish design you want, and gain the practicality you need.

Cerato Sedan

The Kia Cerato Sedan is tailored to those who appreciate fine design and sleek lines, and require the extra space of a Sedan. Its sweeping roof line, shortened front and rear overhands and distinctive side character lines demonstrate its sense of style. Your passengers will enjoy the extra room throughout the airy, spacious cabin.

Bring out the driver in you

Inside both Hatch and Sedan models, a driver-oriented cockpit featuring an intuitive instrument and switch layout presents the perfect blend of functionality and style. The centre console is angled toward the driver by 9 degrees for convenience, while the distinctive wave-like design of the dashboard completes its resolute look.

The Supervision cluster lets you access a range of user settings (SLI model only)

Enhanced Ergonomics

The ergonomically-designed driver space provides you with precise, fingertip control over the Cerato's clever features. Improving convenience is a smart key with push button start, which is available on Si and SLI models. Maximising comfort is an 8-way power assisted driver's seat with integrated memory settings, that helps ensure your highly calibrated driving position is never lost. (SLI model only)

1) Rear air vents (Si and SLI models) 2) + 3) Dual-zone Climate Control with Auto Defog (SLI models only) 4) Front heated seats (SLI models only)

Intuitive Features

7" touch screen Navigation system with Bluetooth

A clear, easy to use 7" touch screen LCD entertainment system with satellite navigation takes a prime position inside the cabin. Connectivity is taken care of by Bluetooth, AUX and USB inputs.* (S Premium, Si, SLi models only)

* Not all mobile phones will be compatible with the vehicles Bluetooth system. The integration of the multimedia system will reduce some of the functions of the Bluetooth phone system.

HID Headlamps with LED Daytime Running Lights

Emitting a distinctive blue hue, HID projection headlamps light up more of the road with a more penetrative, accurate beam. These are complemented by LED daytime running lights that clearly define your position on the road. (SLi model only)

Front and Rear Parking Assist

Standard on all models is a front corner and rear parking assist system shows the distance between the car and any obstruction by means of an in-dash graphic display and audible alerts.

Rear View Camera Display

The rear view camera gives you clear sight of any obstructions behind the vehicle to make parking and backing-up both safe and easy. (S Premium/Si/SLi)

Supervision Cluster

Taking centre stage is a high-tech supervision cluster with 4.2 full-colour TFT-LCD that displays a comprehensive range of vehicle information. Using a clever interface, accessing the range of vehicle settings is a simple and doesn't distract the driver from focussing on the road ahead. (SLI model)

Smart Key with Push Button Start

For added convenience, you can lock or unlock the Cerato's doors without taking the key out of your pocket or purse by simply pressing the button on the door handle. Turning the engine ignition on and off is also as easy as pushing a button. (Si and SLI)

Efficient Engines

1.8 Litre Petrol MPI Engine

Available in S and S Premium models, the efficient 1.8 litre MPI engines produces 110 kW of power with 178 Nm of torque.

2.0 Litre Petrol GDI Engine

Available on Si and SLI models, the Gasoline Direct Injection (GDI) 2.0 litre engine produces 129 kW of power with 209 Nm of torque.

Advanced Safety

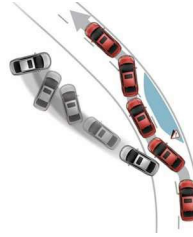

Vehicle Stability Management (VSM)

VSM controls brake force, engine torque and steering torque to provide improved vehicle stability during cornering or on loose or slippery road surfaces.

Hill Start Assist Control (HAC)

By maintaining brake grip for two seconds after releasing the brake pedal, HAC prevents the vehicle from dangerously rolling backwards when pulling away from a standstill on an incline.

Electronic Stability Control (ESC)

Electronic Stability Control reduces skidding to help maintain control in the event you have to brake or swerve suddenly.

Six Airbag System

The Cerato's airbag system comprises driver and front seat passenger airbags, front side airbags, plus curtain airbags running the length of the interior at each side.
