IMAGINATION DRIVES US

IT'S A MAZDA LIKE NEVER BEFORE

For the very first time, Mazda sports performance and innovation will come together in a small SUV. When it gets here, the First-Ever Mazda CX-3 will be an experience unlike any you've known. The agility and efficiency of SKYACTIV TECHNOLOGY gives it all the right moves for the city, plus outstanding fuel economy in either petrol or diesel. Forward-thinking features include effortless online connectivity and truly intelligent safety.

Only a Mazda could strike an SUV stance with such sporty style. 'KODO - Soul of Motion' design captures the dynamic instant an animal leaps into action. With a choice of front or all-wheel drive, First-Ever Mazda CX-3 blends excitement and capability with unrivalled imagination.

IT'S GOING TO FEEL GREAT

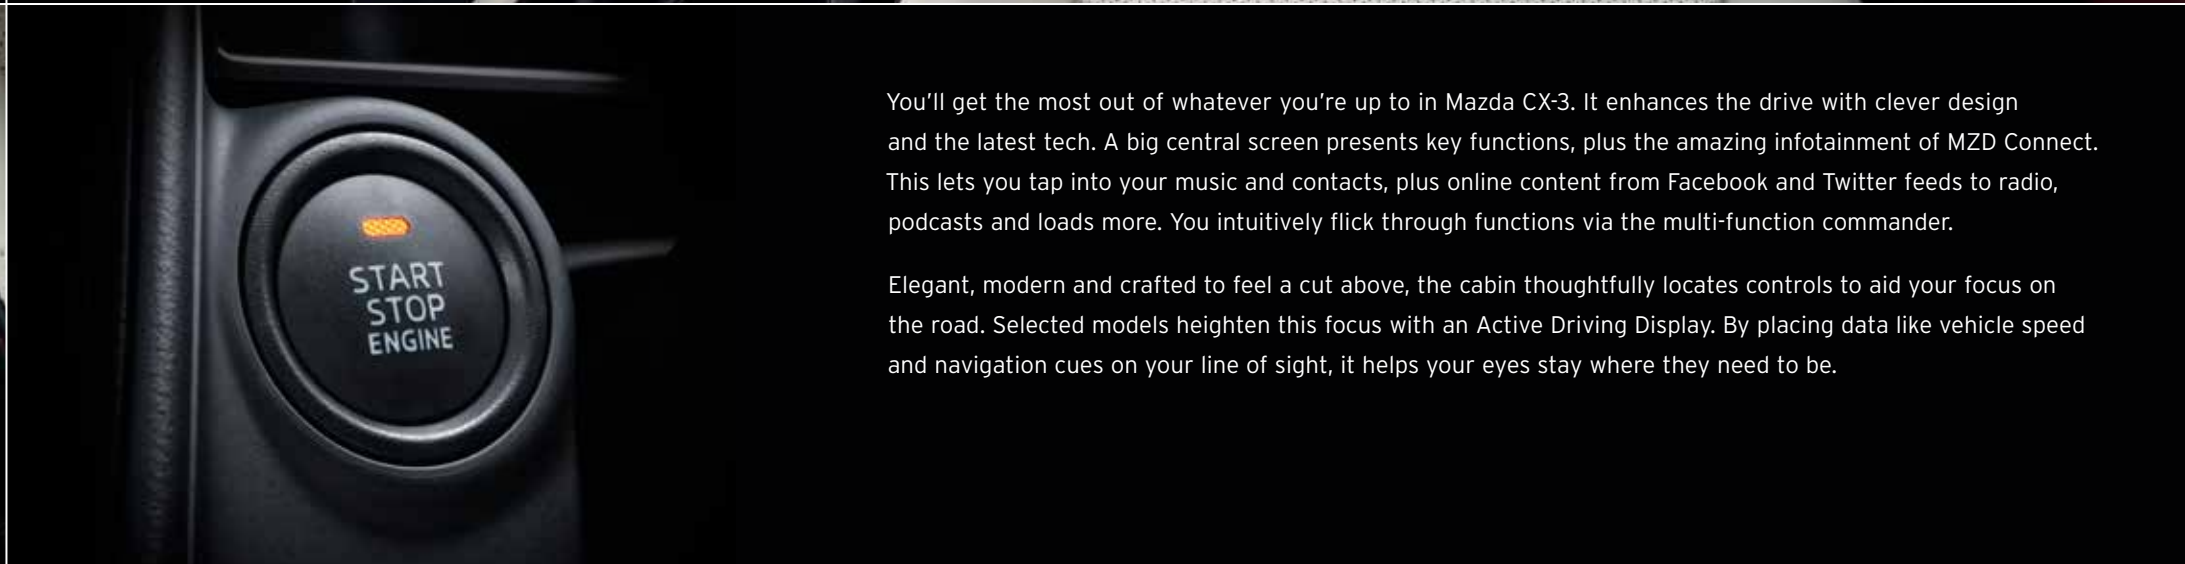

ACTIVE DRIVING DISPLAY

MZD CONNECT

MULTI-FUNCTION COMMANDER

PUSH BUTTON ENGINE START/STOP

You'll get the most out of whatever you're up to in Mazda CX-3. It enhances the drive with clever design and the latest tech. A big central screen presents key functions, plus the amazing infotainment of MZD Connect. This lets you tap into your music and contacts, plus online content from Facebook and Twitter feeds to radio, podcasts and loads more. You intuitively flick through functions via the multi-function commander.

Elegant, modern and crafted to feel a cut above, the cabin thoughtfully locates controls to aid your focus on the road. Selected models heighten this focus with an Active Driving Display. By placing data like vehicle speed and navigation cues on your line of sight, it helps your eyes stay where they need to be.

MOVE IN A WHOLE NEW WAY

First-Ever Mazda CX-3 will feel like no other small SUV. Responsive and agile, it's the product of SKYACTIV TECHNOLOGY. This breakthrough heightens performance and efficiency in every way - from lighter bodies to innovative transmissions to engines producing more power from less fuel.

The smooth, punchy 2.0 litre SKYACTIV-G petrol engine delivers outstanding fuel economy. For the first time in a Mazda, there'll be turbocharged 1.5 litre SKYACTIV-D diesel power. Lighter construction than conventional diesels unleashes spirited power and exceptional fuel economy. The Mazda CX-3 range will let you choose front or gripping all-wheel drive, sporty automatic or manual transmissions, depending on model.

You'll move with great enjoyment, and in great safety. First-Ever Mazda CX-3 naturally integrates features like ABS brakes, SRS airbags and Dynamic Stability Control as standard.

It even lets you choose the heightened confidence of i-ACTIVSENSE technology. Available in select models, these intelligent systems are designed to help you recognise potential hazards, avoid collisions and minimise the severity of accidents when they're unavoidable.

Advanced technology, design and performance. First-Ever Mazda CX-3 is set to be a small SUV like never before.
