# SUBARU BRZ HYPER BLUE EDITION<sup>1</sup>

## Introducing the Subaru BRZ – gone hyper.

Revealing its true blue-blooded heritage, Subaru's Hyper Blue performance-driven compact sports car is turning corners, then heads.

The Subaru BRZ is engineered to deliver maximum power and fun via the rear wheels. This radical departure is combined with Subaru's legendary low centre of gravity and optimum weight distribution for great balance and improved cornering, braking and acceleration.
