\* Individual Manufacturer's List Prices (MLP) of the factory fitted options quoted on this specification sheet are displayed separately excluding Luxury Car Tax (LCT)\* and including Luxury Car Tax (LCT)<sup>+</sup>. If the total price of the vehicle (excluding statutory charges) is below the Luxury Car Tax (LCT) threshold, that option price excludes LCT. If the total price of the vehicle (excluding statutory charges) exceeds the Luxury Car Tax (LCT) threshold, that option price includes LCT at the rate of 33%. The LCT threshold for the 2015/2016 financial year is \$63,184 for all vehicles except those with a combined fuel consumption value of 7.0 litres per 100 km or less which have an LCT threshold of \$75,375. LCT is payable on all luxury vehicles with a total purchase price, including the price of factory and dealer fitted optional extras and dealer delivery charges, above the LCT threshold. This is a manufacturer's specification sheet and new vehicles must be purchased from authorised Audi dealers. Specifications are as planned from March 2016, and are subject to change without notice or obligation. All information in this specification sheet is correct at the time of publication, however variations may occur from time to time and Audi Australia Pty Ltd, in so far as it is permitted by law to do so, shall not be liable in any way as a result of any reliance by any person on anything contained in this specification sheet. Authorised Audi dealers will provide up-to-date information on model specifications and price. For individual prices please contact your local authorised Audi dealer.

<sup>1</sup> Fuel consumption figures according to Australian Design Rule (ADR) 81/02. The driving style, road and traffic conditions, environmental influences and vehicle condition can in practice lead to consumption figures which may differ from those calculated with these standards.

<sup>2</sup> Figures calculated on the basis of 19 inch wheels, and may vary on factors including but not limited to driving style, driving conditions and any options, accessories or equipment that may be fitted (including without limitation, wheel size fitted).

<sup>3</sup> Weight of car, unladen, with driver (68kg), luggage (7kg), and fuel tank 90% full, calculated in accordance with the erosion of Directive 92/21/EEC. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and/or the top speed will be reduced accordingly.

<sup>4</sup> Excludes Audi music interface connector cable which must be purchased separately through Audi Genuine Accessories.

<sup>5</sup> MMI Navigation functional features may differ or not be available for the Australian market – sight-seeing information, city modes in 3D, points of interest, voice control destination entry as whole words or in one sentence and Audi connect services are not available for Australian vehicles. Please refer to your Audi dealer for up-to-date information.

<sup>6</sup> Digital radio and TV reception coverage dependent on vehicle location.

<sup>7</sup> Please check with your Audi dealer for approved Bluetooth telephones that have been tested by Audi for compatibility.

Please refer to the corresponding A5 brochure for further specification details. Options described in the brochure may differ or may not be available for Australian vehicles. Please refer to your Audi dealer for up-to-date information. Vehicle pictured is an overseas A5 Coupé 3.0TDI quattro S tronic with optional Metallic paint.
