BOLD AND BEAUTIFUL INSIDE AND OUT

Dare to dream and bold things can happen. That's the sort of brave, innovative thinking that inspired us at Honda when we were creating our Bold New Civic.

In fact, the internationally-awarded 10th generation Civic elevates small car sophistication to a whole new benchmark.

From its low, muscular stance emerges a roofline inspired by the world's most elegant sporting coupes. Contoured wheel arches perfectly frame a set of 17-inch alloy wheels; while a futuristic array of LED Daytime Running Lights give the exterior of the New Civic a bold appeal.

The careful detail continues within, where a flawlessly arranged dash awaits. Premium, soft-touch surfaces combine with high-tech gadgetry like electrostatic volume control, dual-zone climate control* and push button start# to satisfy your every creature comfort. And if all this seems generous, so too does the Civic's practicality – with improved visibility in front and more boot space in the rear.

We've even replaced the manual park brake with a more intuitive electronic design. Actually, we've streamlined your drive in just about every way conceivable.

Dare to dream. Meet the Bold New Civic.

*VTi-L models and above. †VTi-LX and RS models. ‡VTi-S models and above. †Leather trim includes non-leather materials in some areas. **Alloy sports wheels shown on RS model.

On the road, we wanted the New Civic to feel urgent and in command. A thrilling drive like nothing before it. So we started by inventing a whole new engine.

Introducing Honda's first ever 1.5 litre VTEC turbocharged engine available in VTi-L models and above. Equipped with the latest in Honda's revolutionary Earth Dreams Technology, this direct-injected powerplant generates an impressive 127kW with the ruthless efficiency of just 6 litres of fuel per 100km*. Select the VTi or VTi-S and there's the refined 1.8 litre i-VTEC option generating a handsome 104kW.

Both come paired to Honda's all-new Continuously Variable Transmission (CVT), intuitively discerning the optimum gear ratio for smoother, more rapid acceleration.

We've helped that along even further by crafting a lighter yet more rigid chassis. Together with a revised independent suspension setup, the Civic leans into corners with sheer confidence. A lower centre of gravity and wider track boosts stability, gripping the road even at high speeds.

Because to stay ahead in today's world it helps to be able to reinvent yourself.

A DREAM TO DRIVE

LaneWatch#

Apple CarPlay™+
Android Auto™‡

Multi-angle
Rear-view Camera

INTUITIVELY CONNECT TO YOUR WORLD

It wouldn't be a Honda without its cleverly designed interface. Whether it's keeping you entertained, in-touch or out of harm's way, the New Civic takes the things that matter to you most and puts them right where you need it – in full colour, 7-inch glory. Simply tap, press or swipe your way through music, contacts, camera displays and more.

Apple CarPlay™+ and Android Auto™‡: As an Android™ or iPhone® user, you can now seamlessly integrate your device to the Civic's touchscreen display. Get directions, make calls, send and receive messages, listen to music and even interact with some of your favorite apps. The best part? You can do it all while staying focused on the road. Just plug in your phone and go.

Voice commands: With access to Siri®+ or Google™ Voice Search‡; composing a text message, finding a location or checking the weather can all be done without ever having to take your hands off the steering wheel. All you have to do is ask.

Digital Radio (DAB+)®: Experience digital quality sound and a broader range of stations with improved track display info.

Satellite navigation: Built into the VTi-LX display you'll find Garmin®+ satellite navigation and thanks to SUNA™ live traffic updates, you'll always know how the traffic situation is looking.

Multi-angle rear-view camera: Shift into reverse and the multi-angle rear-view camera automatically comes to life on the 7-inch display. With up to three views to choose from and guidance lines to plot your projected path, it's your new best friend in the face of tight spots.

LaneWatch#: Designed to minimise one of the most notorious blind spots, LaneWatch really has got your back. Mounted beneath your left-hand door mirror, the blind spot camera projects vision on screen from the moment you signal left or push a button.

SENSE THE SAFETY

The New Civic employs some of the most advanced safety technologies available today. Introducing Honda Sensing. Standard on the VTi-LX, this intelligent suite of driver-assist technologies is designed to help improve your situational awareness, and, in some cases, intervene to help avoid a collision or lessen its severity.

REACTS TO A HAZARD BEFORE YOU MIGHT

FORWARD COLLISION WARNING

Looks for vehicles in front of you and warns you if there's a risk of collision.

COLLISION MITIGATION BRAKING SYSTEM

Helps to mitigate the severity of an unavoidable accident by automatically applying strong brake pressure when needed.

PAYS ATTENTION, EVEN IF YOU DON'T

LANE DEPARTURE WARNING

Reads road markings and alerts you visually and audibly if you cross lanes without indicating.

ROAD DEPARTURE MITIGATION SYSTEM

Senses if you're drifting away from the road without signalling and gently corrects your steering or braking to help keep you on track.

KEEPS YOU IN A SAFE POSITION

LANE KEEPING ASSIST SYSTEM

Takes the stress out of long drives by subtly reinforcing your steering to help keep you centred in your lane.

ADAPTIVE CRUISE CONTROL WITH LOW-SPEED FOLLOW

Helps you maintain a set speed and following distance, even in start and stop traffic conditions.

Images are for illustrative purposes only. Honda Sensing technologies are driver-assist technologies and should not be used in place of safe driving practices. Drivers should continue to monitor the road at all times. The accuracy and operation of Honda Sensing technologies may vary based on weather, speed, traffic, road conditions, markings and other factors.

SELECT YOUR MODEL

VTi

The VTi comes standard with:

- 1.8 litre SOHC i-VTEC 4-cylinder engine
- 104kW @ 6500rpm and 174Nm @ 4300rpm
- Fuel consumption 6.4L/100km*
- Continuously Variable Transmission (CVT)
- Electric parking brake with automatic brake hold
- 16-inch steel wheels
- Electrically adjustable door mirrors
- Halogen projector beam headlights with auto-off timer
- LED Daytime Running Lights (DRL)
- Tail lights with integrated LED light bars
- Variable intermittent front windscreen wipers
- Black fabric seat trim
- Cruise control with speed limiter
- Single-zone automatic climate control
- 60:40 split fold rear seats
- 8-speaker audio
- Electrostatic volume control
- LCD Driver Information Interface with colour display
- Advanced Display Audio (7-inch colour touchscreen) including:
 - AM/FM radio
 - Bluetooth® phone and audio connectivity^o
 - USB connectivity
 - Apple CarPlay™[†]
 - Android Auto™[‡]
- Multi-angle rear-view camera with dynamic guidelines
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Emergency Stop Signal (ESS)
- Hill Start Assist (HSA)
- SRS airbags: dual front, side and full-length curtain
- Tyre Deflation Warning System (DWS)
- Vehicle Stability Assist (VSA)
- Security alarm

VTi-S

Additional features over the VTi:

- 16-inch alloy wheels
- Door mirrors with LED integrated indicators
- Smart keyless entry with walk away locking
- Push button start
- Front halogen fog lights
- Black premium fabric seat trim
- Leather-wrapped steering wheel
- LaneWatch
- Front parking sensors
- Rear parking sensors

VTi-L

Additional features over the VTi-S:

- 1.5 litre DOHC VTEC turbo engine
- 127kW @ 5500rpm and 220Nm @ 1700-5500rpm
- Fuel consumption 6.0L/100km*
- Paddle shift gear control
- 17-inch alloy wheels
- Auto headlights (dusk sensing)
- Auto front windscreen wipers (rain sensing)
- Privacy glass (rear)
- Shark fin antenna
- Digital radio (DAB+) ^o
- Dual-zone auto climate control

VTi-LX

Additional features over the VTi-L:

- Front LED fog lights
- LED headlights with auto-levelling
- Electric sunroof
- Auto-dimming rear view mirror
- Leather-wrapped gear shift knob
- Black leather-appointed seat trim[†]
- Heated front seats
- 452-watt premium audio system with 10 speakers, including subwoofer
- Satellite navigation with SUNA™ live traffic updates
- Honda Sensing suite of driver-assist technologies including:
 - Forward Collision Warning (FCW)
 - Collision Mitigation Braking System (CMBS)
 - Lane Departure Warning (LDW)
 - Road Departure Mitigation System (RDM)
 - Lane Keeping Assist System (LKAS)
 - Adaptive Cruise Control (ACC) with Low-Speed Follow (LSF)
