HYUNDAI | NEW THINKING. NEW POSSIBILITIES.

NEW THINKING.
NEW POSSIBILITIES.

HELLO.

Welcome to Hyundai.

If you're new to us, we'd like to introduce you to a company which has become the world's fastest growing automotive brand.

We are obsessed with making visionary cars that are great to own and fun to drive. Our focus on the latest technology, the best safety features, and the highest quality engineering is the reason why so many people now choose Hyundai.

Each new Hyundai vehicle is the product of new thinking – of looking afresh and questioning the way things have been done in the past. And from new thinking comes new possibilities.

Enjoy the drive.

FLUIDIC DESIGN

Hyundai's Fluidic Design philosophy is inspired by nature and life itself. It blends the natural and fluid elements that surround us all with the more rigid surfaces and structures of each vehicle, to create an impression of constant graceful motion.

We consider it an integral part of our DNA, for although each Hyundai has its own individual character, Fluidic Design constitutes a common platform that connects each and every vehicle in the range via a distinctive and stylish look; one that is unmistakably Hyundai.

However, there is more to our Fluidic Design approach than meets the eye. The All-New Tucson and Santa Fe Series II also incorporate advanced aerodynamics that translate directly into improved performance, at both high and low speeds, along with reduced fuel consumption.

Santa Fe Series II Highlander in Ocean View

THE NEW STANDARD IN CUSTOMER SERVICE AND SUPPORT

At Hyundai, we believe that designing and building vehicles with an uncompromising approach to quality is just the first step to ensuring many years of enjoyable motoring. The next step is to provide you and your new Hyundai with the highest levels of ongoing service and support, through the Hyundai iCare program.

Customer Care Centre 1800 186 306
www.myhyundai.com.au

Tucson Highlander in Platinum Silver

LIFETIME SERVICE PLAN#

Protect your car with genuine servicing, flexible online bookings and competitive quotes for every Hyundai model.

ROADSIDE SUPPORT PLAN*

A helping hand when you need it – Roadside Assist for up to 10 years when you service with us at a Hyundai iCare Service Centre.

5 YEAR UNLIMITED KILOMETRE WARRANTY^

We're so confident in the quality of our passenger vehicles, we back them with a 5-year unlimited kilometre warranty.

SATNAV UPDATE PLAN+

For vehicles equipped with satellite navigation, you can stay on track with updated maps – refreshed twice in the first 3 years, when you service with Hyundai.

GENUINE SERVICING; GENUINE PARTS

Your Hyundai iCare Service Centre offers the assurance of factory-trained technicians, using Genuine Hyundai Parts.

CUSTOMER CARE CENTRE

Our Australian-based Customer Care Centre is available Monday to Friday between 8:30am and 7pm (AEST), on 1800 186 306. Feel free to call if you have any questions.

To learn more about the benefits available to Hyundai owners, simply go to **www.hyundai.com.au/owners**

Lifetime Service Plan: For the benefit of Hyundai owners, Hyundai provides online quotes, which specify the maximum price applicable for a vehicle's next scheduled maintenance service at a participating authorised Hyundai dealer and using genuine Hyundai parts (where required). Online quotes are available at www.hyundai.com.au, for a stated effective period only and may change after that effective period without notice. Standard scheduled maintenance services are of limited scope. The benefit of online quotes is available for all Hyundai vehicles for their lifetime.

* **Roadside Support Plan:** Complimentary 12 months Roadside Support when you purchase a new Hyundai passenger vehicle (excluding rental buyers). Further Roadside Support extensions are available, each for 12 months from the date of a scheduled maintenance service at a participating authorised Hyundai dealer (unless vehicle is more than 108 months (9 years) from the original new car sale date, in which case entitlement to Roadside Support ends when vehicle reaches 120 months (10 years) from original new car sale date).

^ **5 year/unlimited km warranty:** Applies to new passenger vehicles used for private/domestic purposes. Excludes vehicles used at any time for "commercial application" as defined in the vehicle warranty policy, for which a 5-year /130,000km (whichever occurs first) warranty applies. Refer to full warranty terms and conditions for details and exclusions.

\+ **SatNav Update Plan:** Only applies to new vehicles with factory-fitted satellite navigation.

Find out more about all Hyundai iCare plans and offers, including terms and conditions, by visiting **www.hyundai.com.au**

HYUNDAI SUV RANGE

Game changing, stylish and strong

Hyundai has re-imagined the SUV, creating two exceptional vehicles that combine sophisticated styling with uncompromising engineering to deliver the highest levels of comfort and driving performance, both in the city and out on the open road.

The agile and compact All-New Tucson is available in Active, Active X, Elite and Highlander variants, while the spacious and sporty Santa Fe Series II is available in Active, Elite, Highlander and SR variants.

Whether taking the family across town, or heading off on roads less travelled, a Hyundai SUV offers brilliant comfort and an outstanding driving experience.

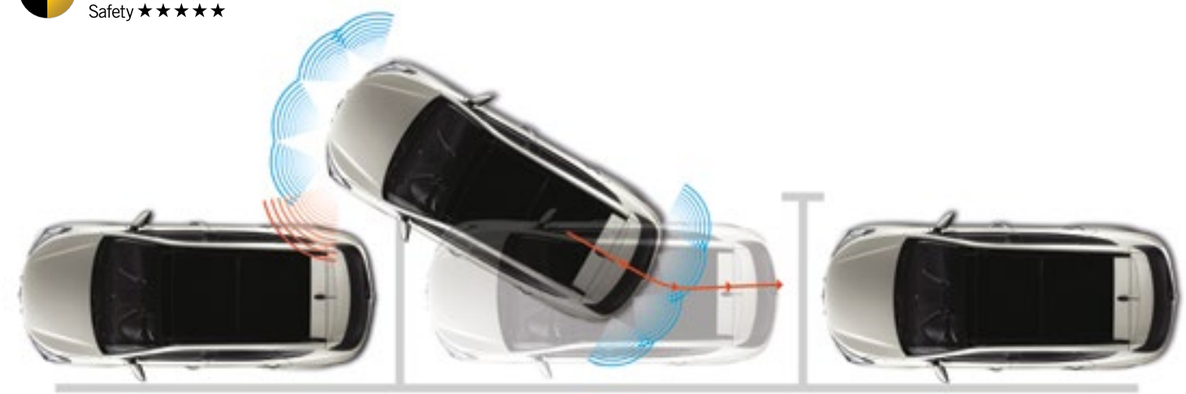
Tucson Highlander in Ara Blue and Santa Fe Series II Highlander in Titanium Silver

5 STAR ANCAP SAFETY IS OUR FIRST PRIORITY

At Hyundai, ensuring the highest levels of safety for you and your passengers is our key focus throughout the design, engineering and production process of every Hyundai vehicle. That's why the All-New Tucson and Santa Fe Series II incorporate a rigid, reinforced high-tensile strength steel chassis, numerous airbags and the latest driver assist technologies to ensure you maintain – or regain – control in even the most challenging driving situations.

We are constantly researching and developing even better ways to help you avoid accidents and to provide maximum protection when a collision occurs. And once such new innovations and technologies have been tested and proven, we immediately look at ways to incorporate them into our next generation vehicles.

ANCAP Safety ★★★★★

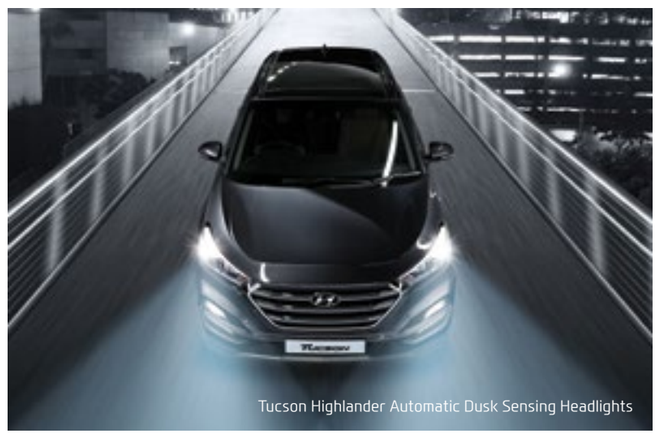


Santa Fe Series II Highlander Smart Parking Assist and Rear View Camera

Tucson Highlander reinforced high-strength tensile steel chassis

Santa Fe Series II Down Hill Brake Control

Tucson Electronic Stability Control (ESC)



Tucson Highlander Automatic Dusk Sensing Headlights

ACTIVE SAFETY

Hyundai SUV's are available with the following active safety technologies.

ANTI-LOCK BRAKING SYSTEM (ABS) WITH ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

To help keep you out of danger in emergency situations, ABS with EBD work to prevent the brakes from locking up, optimising braking pressure between the front and rear wheels to shorten braking distances.

BRAKE ASSIST SYSTEM (BAS)

BAS assesses how fast the brake pedal is pressed, then if an emergency is detected, instantly applies maximum force, thereby shortening braking distances.

VEHICLE STABILITY MANAGEMENT (VSM)

If you find yourself in a situation where your vehicle begins to skid away from your intended direction, VSM applies steering assistance, guiding you to the correct steering position to help you maintain control.

LANE DEPARTURE WARNING (LDW)

On the Highlander and SR variants, LDW uses a camera to scan the road ahead and will alert the driver if it senses the vehicle is unintentionally veering from it's current lane.

HILL-START ASSIST CONTROL (HAC)

When a vehicle is on a steep incline, HAC will temporarily hold the vehicle after you take your foot off the brake. This gives the driver extra time to apply the throttle and accelerate away without the vehicle rolling back.

FRONT AND REAR PARK ASSIST

When reversing, rear sensors (across all variants) together with front sensors (in Tucson Highlander and Santa Fe Elite / Highlander / SR) emit an audible warning sound to alert you to objects that might be outside your field of vision.

REAR VIEW CAMERA

To assist you while parking in tight spots and to help avoid accidents, a rear view camera displays the area behind the vehicle in the centre console LCD colour touch screen.

LED DAYTIME RUNNING LAMPS (DRL)

LED DRLs integrated into the front bumper moulding create a striking impression and increase visibility of the vehicle to other road users.

AUTOMATIC DUSK SENSING HEADLIGHTS WITH ESCORT FUNCTION

To increase driving safety and the visibility of your vehicle to other drivers, headlights are automatically turned on as daylight begins to fade. When exiting the vehicle at night, the headlamps remain lit for a short period of time, illuminating the pathway ahead.

Santa Fe Series II 7-Airbag Safety System

ANCAP Safety ★★★★★

PASSIVE SAFETY

In the event of a high impact, a range of passive safety features will help protect you and your passengers.

RIGID BODY CONSTRUCTION

The chassis of the All-New Tucson and Santa Fe Series II features a rigid construction that has been reinforced with high-tensile strength materials.

TUCSON

6-AIRBAGS

The All-New Tucson has an ANCAP 5 star safety rating and is equipped with a comprehensive six airbag safety system, including driver and front passenger airbags (to reduce head and neck injuries in the event of a head-on collision), nearside and offside curtain airbags (improving protection for the head in case of a side collision) and front side thorax airbags (to protect the chest and pelvis more effectively).

SANTA FE SERIES II

7-AIRBAGS

In the event of a collision, a comprehensive system of up to seven airbags are designed to be activated, depending on the area of impact. This includes driver and front passenger airbags, driver and front passenger side (thorax) and side curtain airbags (front and second row) as well as driver's knee airbag.

INTUITIVE HI-TECH INCLUSIONS

Hyundai has gained an enviable worldwide reputation for harnessing leading edge technologies to make driving safer, more comfortable and even more enjoyable. Our commitment to making such technologies available to everyone is demonstrated by the wide array of impressive features you'll find across the entire SUV range.

Tucson Highlander interior shown

IN-DASH LCD TOUCH SCREENS

The focal point of each SUV's centre console is a high-tech LCD touch screen that controls the vehicle's multimedia system, displays images from the reversing camera, and in some variants incorporates a satellite navigation system.

BLUETOOTH® CONNECTIVITY

Each vehicle's audio system includes Bluetooth® connectivity as standard, providing you with a safe and convenient way to stay in touch with business, family and friends when out on the road.

STEERING WHEEL-MOUNTED AUDIO AND CRUISE CONTROLS

To help you keep your eyes on the road, ergonomically positioned steering wheel-mounted switches, located near the thumb area, allow you to control audio, Bluetooth® and cruise control functions.

DUAL ZONE CLIMATE CONTROL*

The fully automatic climate control system offers dual zone functionality that allows the driver and front passenger to select separate temperature settings for maximum individual comfort.

PROXIMITY SMART KEY AND PUSH BUTTON START#

The proximity Smart Key system allows you to unlock and lock your vehicle without handling the vehicle's key and to turn on the engine by simply pushing the start button and depressing the brake pedal.

APPLE CARPLAY™^

The All-New Tucson Active/Active X and Santa Fe Series II Active models come with Apple CarPlay™. You can play music, compose texts, navigate or access your calendar using voice activation to control these and other functions through your phone. So you can stay totally focused on the road at all times – just plug in and go.

Apple CarPlay™^

* Available on the Elite and Highlander variants of Tucson and Santa Fe Series II. Also available on Santa Fe Series II SR.

\# Not available in the Active or Active X variants of the All-New Tucson and Santa Fe Series II Active .

^ Apple CarPlay™ requires iPhone 5 or subsequent model (lightning cable) in order to operate. Apple® and iPhone® are registered trademarks of Apple Inc.

FIRST CLASS COMFORT AND STYLE

When it comes to crafting spacious interiors, Hyundai's ergonomic engineers know how to optimise the space afforded to passengers and luggage, and then ensure exceptional levels of comfort through the use of superior materials and finishes. Even on short trips you'll appreciate this attention to detail; however, on long journeys – or when driving on minor country roads – the meticulous planning behind every aspect of your Hyundai SUV's interior becomes even more evident and enjoyable.

Throughout the All-New Tucson and Santa Fe Series II ranges, premium soft touch surfaces – that are also durable and tough – add an extra sense of style, while every control, button or handle has been logically positioned for ease of use.

Santa Fe Series II Highlander with Beige Leather appointed seats*

ADJUSTABLE SEATS PROVIDE TOTAL SUPPORT

Across the Hyundai SUV range, driver comfort is maximised through electric lumbar adjustment that provides optimum lumber support and ensures the best sitting position to reduce stress and fatigue. Some models and variants include front seats with heating and/or cooling options, as well as electrically adjustable front passenger seats, and other comforts. Finishes range from long-wearing woven cloth through to leather appointed seats.*

PREMIUM STEERING WHEEL AND GEAR KNOB^

To make driving even more enjoyable and relaxing, the steering wheel and gear knob feature a premium cushioned finish that improves grip and provides greater control.

AN ABUNDANCE OF CARGO AND STORAGE SPACE

In addition to providing ample room for all occupants, the Hyundai SUV range offers generous cargo space and a myriad of storage compartments throughout each vehicle, ensuring there's a place for everything you need, for every journey.

Tucson Electrically Adjusted Driver's Seat#

Tucson Luggage Screen

Santa Fe Series II 6 Speed Automatic Transmission

* Leather appointed seats means parts of the seats have a combination of genuine and artificial leather, but are not wholly leather.
^ Not available on the Tucson Active variant.
# Available on the Elite and Highlander variants of Tucson only.

THE ALL-NEW TUCSON

Bolder, bigger and even smarter

As one of Hyundai's most important models worldwide, the All-New Tucson has been redesigned from the ground up, to create a stronger, wider and more spacious compact SUV. It delivers a truly rewarding drive thanks to its superb level of appointments and exceptional use of innovative technologies.

Available with four engine choices (including both petrol and diesel), in either two-wheel or all-wheel drive trains, there's an All-New Tucson variant that offers power and performance you want from a compact SUV.

Tucson Highlander in Ara Blue

Tucson Highlander in Platinum Silver

A STYLE THAT SAYS CONFIDENT AND CAPABLE

From the first glance, the All-New Tucson makes an impressive statement. Its wide stance and long wheelbase provide the strong proportions of an SUV, while the dynamic design lines accentuate its sleek profile, giving the sense of constant motion. This unmistakable sense of agility sweeps all the way from the elongated headlamps through to the tail lights.

Exciting to see, and fun to drive, this high-quality compact SUV has almost chameleon-like qualities. It looks equally at home on the driveway of a 5-star city hotel, as it does when generating a cloud of dust while heading down a dirt track, taking you on a weekend escape.

Designed to cheat the wind

Through improving the curvature of the A-pillar, adding a rear spoiler garnish, and optimising the underbody structure, the design of the All-New Tucson achieves an incredibly low drag coefficient, which enhances high-speed stability and reduces fuel consumption.

SANTA FE SERIES II

Built for every family experience

From the ground up, the bold and modern Santa Fe Series II incorporates the features and performance you'd expect from a premium All-Wheel-Drive SUV. It is rugged yet elegant, lighter and stronger, with the very latest in advancements for today's SUV's.

Inside and out, quality engineering and finishes back up every detail of the Santa Fe Series II's stunning and sophisticated looks. With comfortable seating for seven, everyone can enjoy a luxurious experience with an abundance of technologies that deliver easy driving and total enjoyment.

As with every Hyundai, safety remains top priority. For the Santa Fe Series II, tough high tensile steel and numerous advanced safety technologies are constantly at work to protect you and your family. Just as importantly the Santa Fe Series II delivers power with economy, without sacrificing responsiveness or driving fun.

Santa Fe Series II Highlander in Red Merlot

ENGINEERED FOR POWER & PERFORMANCE

When driving a SUV, you want the reassurance of an engine that delivers an abundance of power and torque, yet does so with great fuel efficiency and lower CO_2 emissions.

Hyundai's engineers have developed a line-up of responsive and durable, advanced technology powertrains, enabling you to choose the Santa Fe Series II variant that best matches your family's needs and lifestyle.

Santa Fe Series II Highlander in Red Merlot

2.4 GDi Petrol engine

Santa Fe Series II engine shown

2.2 CRDi Diesel engine

Santa Fe Series II engine shown

LATEST TECHNOLOGY PETROL OR DIESEL ENGINES

The award-winning Santa Fe Series II, features AWD across all variants and you have the choice of either a 2.4 litre GDi petrol engine (Active only) that utilises the latest gasoline direct injection technology, or the outstanding 2.2 litre CRDi Diesel engine (Active, Elite, Highlander and SR).

FINE-TUNED FOR AUSTRALIAN CONDITIONS

The suspension and steering systems of Hyundai SUVs have undergone rigorous testing and extensive local tuning to achieve a delicate balance between compliance and control on all Australian road conditions. Each vehicle incorporates an array of intelligent driver assistance technologies that ensure a smooth ride and assured road-holding, no matter where your adventures take you.

COMFORT WITH ROOM FOR ALL

The elegant and comfortable Santa Fe Series II interior is highly functional and designed and equipped to maximise your enjoyment of every journey.

Special care and attention has been given to the finishes and trims, with a focus on premium soft-touch materials that are also tough and durable. A great deal of thought has also gone into making sure that driving is easy and stress free.

The many smart touches include air vents in every row, a 'wrap door' that keeps the cabin entry clean, the convenience of steering wheel-mounted controls for audio – and much more. The Elite, Highlander and SR offer a 12-way power driver seat with lumbar support, a second row window blind, rain sensing wipers and headlights that turn on at dusk or in darkened areas. And passengers in the third row will enjoy their very own air vents, allowing them to enjoy the temperature-controlled comfort of the cabin. Take it for a drive and you'll soon discover even more clever inclusions.

VERSATILITY AND CONVENIENCE

Hyundai's interior engineers have crafted a flexible interior that offers exceptional versatility. There are numerous storage compartments in really handy places, and with 40:20:40 split second row rear seats, plus a generous cargo area with underfloor storage, you can quickly configure the Santa Fe Series II to meet the carrying needs of every trip.

PANORAMA GLASS ROOF*

The twin-panel roof, on the Highlander variant, lets you fill the cabin with air and light. At the touch of a button, the front panel opens and a wind deflector activates for passenger comfort.

FLEXIBLE SECOND ROW SEATING

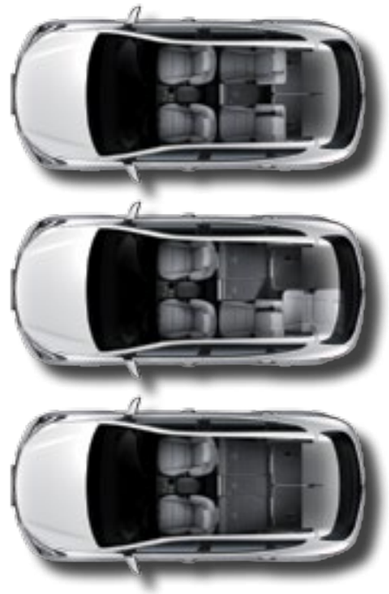
Second row seats offer the flexibility and convenience of sliding, reclining, one-touch folding from the rear, and being configured in numerous ways through their 40:20:40 split capabilities.

7 SEATS

Elegant and comfortable 7 seater interior design.

* Available as an optional extra on Elite variants.

Santa Fe Series II Highlander Panorama Glass Roof



Santa Fe Series II Flexible Second Row Seating

Santa Fe Series II Rear Armest Cup Holder

Santa Fe Series II Highlander Glove Box Cooler

Santa Fe Series II Highlander with Beige Leather appointed seats∞

THE ULTIMATE DRIVING ENVIRONMENT

Santa Fe Series II is equipped to meet your every demand and desire. From Bluetooth® and iPod® connectivity,* through to features that are designed for convenience – or offer a higher level of luxury – you'll discover loads of innovative and intuitive technologies that make it easier and safer to get to your destination faster.

SATELLITE NAVIGATION AND PREMIUM AUDIO

The high-tech in-dash 8" LCD colour touch screen satellite navigation system (Elite, Highlander and SR variants) is paired with a premium audio system that features 10 speakers, including a sub-woofer, and is powered by an external amplifier to provide a better audio experience for all passengers. The satellite navigation system incorporates SUNA™ Live Traffic Updates.† You are also entitled to our SatNav Update Plan# when you service your vehicle at a participating Hyundai dealer.

AUTOMATIC DUSK SENSING HEADLAMPS AND RAIN SENSING WIPERS

When you leave the headlights on auto setting, they will automatically turn on as daylight begins to fade, or when you are entering darkened spaces such as tunnels or poorly lit underground car parks. In Elite, Highlander and SR variants, the rain sensing wipers give you one less thing to worry about by automatically activating the wipers when moisture is detected on the windscreen.

APPLE CARPLAY™^

The Santa Fe Series II Active model comes with Apple CarPlay™ compatibility. You can play music, compose texts, navigate or access your calendar using voice activation to control these and other functions through your phone. So you can stay totally focused on the road at all times – just plug in and go.

† SUNA™ Traffic channel coverage is available in the following metropolitan areas: Adelaide, Brisbane, Canberra, Gold Coast, Melbourne, Perth and Sydney and the following regional areas: Geelong, Bendigo, Ballarat, Hobart, Darwin, Newcastle, Central Coast, Wollongong, Sunshine Coast and Ipswich.

SatNav Update Plan: Plan only applies to new vehicles with factory-fitted satellite navigation. Maximum number of two updates, delivered on an annual cycle within 3 years of the vehicle's initial purchase. Complimentary map updates only apply if the vehicle completes a scheduled service at a participating authorised Hyundai dealer.

^ Apple CarPlay™ requires iPhone 5 or subsequent model (lightning cable) in order to operate. Apple® and iPhone® are registered trademarks of Apple Inc.

∞ Leather appointed seats means parts of the seats have a combination of genuine and artificial leather, but are not wholly leather.

STYLISH, STRONG, SPORTY

The Santa Fe Series II sets a new benchmark for styling in an SUV

Developed at Hyundai's design centre in Southern California, the ready-for-action stance, sweeping bonnet line and aerodynamic silhouette built on Hyundai's signature Fluidic Sculpture design language create a sophisticated and contemporary family vehicle that combines great looks with high levels of comfort and versatility.

In addition, when you're heading off on an unforgettable adventure, you'll appreciate its dynamic character lines, low stance and athletic swept-back roof line that help cheat the wind and enhance its open road performance.

Santa Fe Series II SR in Pure White

Santa Fe Series II Highlander in Ocean View

SENSORY SAFETY

In addition to the host of safety features which come standard on all Santa Fe Series II vehicles, the Highlander and SR variants also boast some of the latest cutting-edge sensory safety technology.

AUTONOMOUS EMERGENCY BRAKING (AEB)

Combining radar and camera data, the Autonomous Emergency Braking (AEB) system activates the brakes when it detects dangerous, sudden braking by the car ahead.

FORWARD COLLISION WARNING (FCW)

This system helps to alert you of approaching objects and detects relative speeds between the vehicle and obstacles on the road to warn against a potential collision.

BLIND SPOT DETECTION (BSD)

When driving at a speed of 30km/h or higher, the BSD function will alert the driver to blind spot objects in close proximity, including during lane changes.

LANE CHANGE ASSIST (LCA)

The LCA system provides a visual warning when radars detect a vehicle that is approaching rapidly from the rear. When the turn signal is being used, a flashing warning as well as an audible alert, notify the driver of the potential hazard.

REAR CROSS TRAFFIC ALERT (RCTA)

When reversing at a low speed, objects approaching on the left and right side of the vehicle are detected and an alert is given to safely avoid a potentially dangerous situation.

SMART PARKING ASSIST SYSTEM (SPAS)*

The SPAS safely steers the car in and out of parking spots, in 'Reverse Parking (90°)', 'Parallel Parking' and 'Exit' modes. All you need do is press the accelerator, brake and gear levers as necessary.

SMART CRUISE CONTROL (SCC)

A radar in the front grille helps to automatically regulate the speed preset by the driver (between 30-180km/h), while maintaining a safe distance from the vehicles ahead.

*Available only on the Highlander variant.

Only suitable for use with a retractable seatbelt. 3. Lights not included. 4. Maximum weight load per step 200kg. 5. Maximum ball download 100kg (150kg with Hyundai Genuine Load Assist Kit, at additional cost. See your nearest Hyundai dealer for prices). Towing capacity Diesel and Petrol Auto = 2000kg, Towing capacity Diesel and Petrol Manual = 2500kg braked; 750kg unbraked all models. 6. Load Capacity = 75kg evenly distributed across 2 bars. 7. Park Assist is designed as driver assist aid only and should not be used as a substitute for skilled driving and safe parking practices. While the Park Assist Sensors monitor objects on approach, there may be occasions where blind spots affect the sensitivity of the sensors and as a result, the area into which the vehicle is heading must be visually monitored by the driver at all times while parking.

Tinted Stylevisors (set of 4)
- Reduces fogging without you getting wet
- Slimline and UV-resistant

Bonnet Protector (smoked)
- UV-resistant
- Durable

Cargo Liner
- Protects your boot
- High quality material

Tailored Carpet Floor Mats (set of 4)
- Contoured and colourfast
- Driver's side locating clip

Towbar, Towball and Trailer Wiring Harness[5]
- Engineered to suit Australian conditions
- Trouble-free towing

Slimline Side Steps
- Adds safety and accessibility
- Smooth lines and integrated design

Snowboard Carrier[6]
- Secured by double lock function
- Push-button release for easy access
