 **HYUNDAI** NEW THINKING.
NEW POSSIBILITIES.

**NEW THINKING.
NEW POSSIBILITIES.**

Hello.

Welcome to Hyundai.

If you're new to us, we'd like to introduce you to a company which has become the world's fastest growing automotive brand.

We are obsessed with making visionary cars that are great to own and fun to drive. Our focus on the latest technology, the best safety features, and the highest quality engineering is the reason why so many people now choose Hyundai.

Each new Hyundai vehicle is the product of new thinking – of looking afresh and questioning the way things have been done in the past. And from new thinking comes new possibilities.

Enjoy the drive.

Elantra Elite
in Marina Blue

Why shouldn't a small car make a big impression?

Hyundai builds small cars without all the usual small car compromises. Such as space. Power. Or second-to-none safety. And every Hyundai we build is put through hundreds of rigorous tests to ensure the highest quality in performance and durability.

The Hyundai Small Car Range harnesses next-generation technology and is packed with more of the stuff you love. From the award-winning i30 (Australia's best small car¹) to the All-New Elantra Sedan, Hyundai small cars are simply a joy to drive.

All-New Elantra.....	32

1. 2015 Australia's Best Cars awards. Best small car under \$35,000 winner. The Australian Automobile Association.

WHY HYUNDAI?

We've taken a leaf from nature's book.

Our Fluidic Sculpture design approach has been globally acclaimed and awarded.

It incorporates the energy and movement found in nature's contours into the silhouette of every Hyundai vehicle. The dynamic curl of an ocean wave. The way the wind sculpts a snowbank. The flowing lines of canyon walls. And its benefits go far beyond striking good looks.

By using natural forms, we've actually made our vehicles lighter, more aerodynamic, more energy efficient. It's the least we can do to repay Mother Nature for giving us such elegant design inspiration.

Stronger, lighter, and a whole lot safer.

The Hyundai Small Car Range has been designed and built to achieve Australia's maximum 5-star ANCAP safety rating. Attaining such high levels of safety has become one of our obsessions.

For example, we weren't satisfied with the quality of steel we could get, so we built our own mills. Then, using Australian iron ore, we created an exceptionally pure steel that is a whole lot safer. And to prove it, we conducted thousands of tests where we smashed and battered cars to ensure you and your passengers will be protected in the event of a real crash.

A comprehensive system of airbags is standard across the range, and in an emergency, or difficult driving conditions, numerous safety technologies are ready to kick in, and help you maintain (or regain) control of the vehicle.

1. Only available in exterior colour Stargazing Blue.
2. Leather appointed seats mean parts of the seats have a combination of genuine and artificial leather, but are not wholly leather.

Elantra Elite with Beige¹ Leather Appointed Seats² and Airbags

Elantra Elite

Elantra Elite in Platinum Silver

We don't believe in shortcuts.

There simply isn't a substitute for quality. That's why our vehicles undergo an exhaustive design and prototyping process, followed by a thorough and brutal testing regime for durability and performance. It all adds up to more than 500 quality tests. These include high velocity track testing, high pressure water testing, corrosion testing, cold and heat chamber testing – and so many more.

After that, we put each vehicle through a gruelling set of uniquely Australian road tests – and then tweak them accordingly, so they'll tackle some of the most arduous conditions on earth.

Sounds unusual? Perhaps it is. But it's a fundamental element in making Hyundai ownership so rewarding and enjoyable.

A lasting relationship with Hyundai iCare.

Owning a car should be an enjoyable, stress-free experience with service that doesn't end in the showroom. That's why every new Hyundai comes with iCare. For years now, Hyundai has been the market leader in customer care and after sales support. To put it simply, we're with you for the road ahead.

A warranty that goes the distance

Five years. Unlimited kilometres.¹ It's a warranty idea we pioneered, and shows the belief we have in the manufacturing, quality, control, and design that's gone into your vehicle.

No unpleasant service cost surprises

With our Lifetime Service Plan², you'll always know the price of your next service before you pull into the service centre.

Should the unexpected happen, we'll be there

It's unlikely you'll run into problems while on the road. But if you do, it's nice to know that with our 24/7 Roadside Support Plan³ there's always someone on standby to get you up and running again.

Stay on track. Even when the roads change

Whether your Hyundai has Apple CarPlay^{TM4}, Android Auto⁵ or SatNav⁶, you'll always know the shortest routes and places of interest.

1. 5 year/unlimited km warranty: Applies to new passenger vehicles used for private/domestic purposes. Excludes vehicles used at any time for "commercial application" as defined in the vehicle warranty policy, for which a 5 year/130,000km (whichever occurs first) warranty applies. Refer to full warranty terms & conditions for details and exclusions.
2. Lifetime Service Plan: For the benefit of Hyundai owners, Hyundai provides online quotes, which specify the maximum price applicable for a vehicle's next scheduled maintenance service at a participating authorised Hyundai Dealer and using genuine Hyundai parts (where required). Online quotes are available at www.hyundai.com.au and apply for a stated effective period only and may change without notice after that effective period. Standard scheduled maintenance services are of limited scope. The benefit of online quotes is available for all Hyundai vehicles for their lifetime.
3. Roadside Support Plan: Complimentary 12 months Roadside Support when you purchase a new Hyundai passenger vehicle (excluding rental buyers). Further Roadside Support extensions are available, each for 12 months from the date of a scheduled maintenance service at a participating authorised Hyundai Dealer (unless vehicle is more than 108 months [9 years] from the original new car sale date, in which case entitlement to Roadside Support ends when vehicle reaches 120 months [10 years] from original new car sale date).
4. Apple CarPlayTM requires iPhone[®] 5 or subsequent model (lightning cable) in order to operate. iPhone[®] is a registered trademark of Apple Inc.
5. Android Auto requires a device with Android 5.0 operating system or subsequent version in order to operate.
6. Only applies to vehicles with factory-fitted satellite navigation.

Winning awards. Winning hearts.

When the first i30 burst onto the scene in 2007, it was an instant hit. Designed in Germany and finetuned right here for Australian driving conditions, it's been a winner in Australia's Best Cars awards in six of the past seven years, including 2015.¹

From the versatile hatch through to the power-packed SR, it's all fluid lines and sporty good looks. But those sleek curves aren't just for show. They also deliver refined aerodynamics and fewer trips to the pump.

HYUNDAI i30 ACTIVE

1. 2015 Australia's Best Cars awards. Best small car under \$35,000 winner. The Australian Automobile Association.
2. Only available on Premium and SR Premium variants, and as an option for Active X and SR variants.
3. Only available on Premium, SR and SR Premium variants.

i30 Series II Premium in Marina Blue

More get-up-and-go.

The i30 isn't just a good looker. Under the bonnet it's also a big performer. By cleverly combining aerodynamic design with smart powertrain engineering and the most modern advances in transmissions, every i30 is not just fun to drive but also amazingly efficient to run.

Petrol engine

The i30 is available with Hyundai's highly responsive 1.8 litre MPi engine¹ to ensure plenty of zip and satisfying acceleration. This advanced engine features Dual Continuously Variable Valve Timing (Dual CVVT), which provides up to 107 kW @ 6,500 RPM of power. And if you're driving the i30 SR, the 2.0 litre version of the all-alloy 'Nu' direct-injection (GDi) engine delivers the extra boost you need with a maximum power of 124 kW @ 6,500 RPM.

Diesel engine

The 1.6 litre Diesel engine² provides dynamic off-the-line acceleration with its impressive maximum torque of 260 Nm @ 1,500 – 3,500 RPM (manual) or 300 Nm @ 1,750 – 2,500 RPM (DCT) and a power output of 100 kW @ 4,000 RPM.

1. Only available on Active and Active X variants.

2. Available on Active, Active X & Premium variants.

i30 Series II Premium interior shown

Loads of space for the way you live.

Unlike a traditional 'small car', the spacious, intelligently designed and impressively quiet cabin of the i30 is big and comfortable.

There's plenty of head, leg and shoulder room for all passengers, and more than a long-weekend's worth of space for their cases, bags and sports gear. Plus, with the versatility of rear seats that can be folded down one-third, two thirds, or completely, the total carrying capacity is even more remarkable.

You'll also be impressed by the way we've made advanced technologies available. A touch screen multimedia system. Heated¹ and air ventilated¹ front seats. Dual zone climate control.² And more.

1. Available only in SR Premium and Premium variants.

2. Available only in SR, SR Premium and Premium variants.

i30 Series II
Rear View Camera

Apple CarPlay™

i30 Series II
LED Side Repeater²
and Puddle Lamps³

Packed with easy-to-use, awesome technology.

The i30 is equipped with an array of seamlessly integrated technologies. USB ports, hands-free, music streaming, and steering wheel mounted audio controls. With all this, it's even easier to stay in touch with your world.

Use your phone on the road, safely

With Apple CarPlay™¹ and Android Auto¹, do things you'd do with your iPhone® or Android device while driving. Access your apps on the touch screen display, or ask Siri®¹/Google Now™ to assist. Get directions, calls, and music all in a way that lets you stay focused on the road.

Parking made easier and reversing safer

A rear view camera is standard on all models in the i30 range, making it easier to park in tight spots and helping you reverse safely.

Have a clear view of what's around your i30 at night

LED lamps on the base of the side mirrors light up the ground by each front door, making it safer and easier to get into the vehicle at night.²

Just press the start button and depress brake pedal

With the Proximity Smart Key in your pocket, just push the start button, depress the brake pedal and you're ready to drive off.³

Apple CarPlay™ requires iPhone® 5 or subsequent model (lightning cable) in order to operate.

Android Auto requires a device with Android 5.0 operating system or subsequent version in order to operate.

Siri® and iPhone® are registered trademarks of Apple Inc.

Google Now™ is a trademark of Google Inc.

1. Available only in Active, Active X and SR variants.

2. Not available in Active or Active X.

3. Available only in Premium, SR and SR Premium variants.

i30 Series II Airbags

Peace of mind doesn't come better than this.

Whether it's bad weather or bad drivers, there are many things that can present real driving challenges. With a wide array of the latest safety technologies standing by, the i30 is ready to assist, whatever situation you're in.

Seven airbags and a 5-star ANCAP rating

To protect you and your passengers in the event of an impact, every i30 model is equipped with a comprehensive seven-airbag safety system, including a driver knee airbag. In addition you have the added reassurance that the entire range has achieved a 5-star ANCAP rating for safety.

Smart help for challenging situations

The Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) works to help prevent the brakes from locking up and also shortens braking distances. When panic braking is detected, the Brake Assist System (BAS) ensures you brake with enough force, while the Traction Control System (TCS) assists by reducing wheel spin on slippery surfaces and Vehicle Stability Management (VSM) helps ensure the vehicle stays stable.

Know what's behind you when reversing

When reversing, rear sensors start beeping when they detect objects that might be outside your field of vision.

i30 Series II SR
Sports Suspension

i30 Series II SR in Fiery Red

Heart-racing performance.

The stylish new i30 Series II includes SR and SR Premium variants that are both tailor-made for fun.

They offer sportier looks thanks to road-gripping 17" machined face alloy wheels, a sports front grille, paddle shifters¹, bucket seats with red stitching and inserts and a rear diffuser. There is also a panorama glass roof² available.

But the real fun comes from the SR range's increased performance. Both variants are powered by a 2.0 GDi Petrol engine paired with your choice of 6-speed manual or automatic transmission, offering a maximum power output of 124 kW @ 6,500 RPM and maximum torque of 201 Nm @ 4,700 RPM, as well as a bespoke sports suspension locally developed for Australian conditions. The result is a sporty and engaging drive – plus it's faster and has more responsive handling.

1. Automatic transmission only.

2. Standard on SR Premium variant. Optional extra on the SR variant.

ALL-NEW
ELANTRA
4-DOOR SEDAN

Elantra in Iron Grey

Elantra Elite in Platinum Silver

Elantra Elite in Marina Blue Side Air Ducts

Elantra Active/Elite Daytime Running Lights

Elantra Elite in Marina Blue

More luxurious and refined.

The All-New Elantra is Hyundai's visionary take on the classic sedan. Sleeker lines and refined curves. Superior drive and handling. A sophisticated and luxurious interior.

The profile is more coupé-like now with a low 0.27 co-efficient of drag. The stance, wide and assured. And the striking hexagonal, chrome front grille¹ clearly communicates confidence.

Hyundai signature hexagonal grille

The wide mouth, chrome front grille¹ adds a sophisticated and premium look that will make you feel good every time you approach your Elantra.

Side air ducts for even better aerodynamics

New air ducts tucked into the front corners help to smooth airflow around the tyres to further minimise turbulence and wind resistance, further improving fuel efficiency.

Be more visible during daylight driving

LED Daytime Running Lights (DRL) switch on automatically when the engine is started and shine forward to make the vehicle more visible during the day.

No need to turn on the wipers²

As soon as moisture hits the windscreen, the wipers are activated. No need to take your hands off the wheel or your eyes off the road.

Automatic dusk-sensing headlamps

A light sensor automatically activates the headlamps at dusk and/or during other low light conditions, ensuring you can always have high visibility without ever having to lift a finger.

Electric folding exterior mirrors² and courtesy lamps²

As the driver approaches the Elantra, the system senses the Proximity Smart Key² and welcomes the driver by illuminating the LED courtesy lamps² in the door handles and unfolding the side mirrors.

The power to take you further.

Elantra Active and Elite models are powered by Hyundai's Phi 2.0-litre Multi Point Injection (MPI) Petrol engine, which delivers more power and – critically – more useable torque than the previous Elantra Series II's 1.8-litre MPI four-cylinder engine.

The New Elantra Active and Elite are available with either Hyundai's smooth-shifting 6-speed manual transmission or advanced 6-speed automatic.

Elantra SR Turbo

The All-New Elantra SR Turbo comes with a 150 kW 1.6 T-GDi turbocharged engine, available with 6-speed manual or 7-speed dual clutch transmission (DCT).

The 6-speed manual transmission is paired with an exclusive, spherical gear knob for a more sporty look and feel.

Equipped with steering wheel-mounted paddle shifters, the 7-speed DCT offers shorter gear ratios and quicker shift speeds.

Elantra Elite with Beige² Leather Appointed Seats³

Make yourself at home.

Stretch out and enjoy the spacious, well-appointed interior
 Everything about the new Elantra has been refined with appointments and finishes often only seen in the luxury class. Superior quality Premium steering wheel¹ and gear knob¹. Contemporary high gloss black trim.¹ And all that room. Leg room. Arm room. Room for cargo, and more.

All-New Elantra also introduces a more ergonomically functional, comfortable interior environment.

At a glance, see everything you need to know

For ease of use and to create an even more driver-focused feel, All-New Elantra's centre stack is angled towards the driver by seven degrees. What's more, every Elantra features a huge 7" touch screen display.

Take control with your fingertips

Controls, such as audio and cruise control, are ergonomically positioned as steering wheel mounted switches, so you can adjust various functions while keeping your hands firmly on the wheel.

Every convenience considered

When it comes to comfort and convenience, we've considered every detail. The All-New Elantra includes an automatic windscreen defog function¹ and a sliding armrest.¹ There's even a place to store your sunglasses.

1. Not available on Active variant (feature available on Elite and SR Turbo).

2. Only available in exterior colour Stargazing Blue and Phantom Black.

3. Leather appointed seats mean parts of the seats have a combination of genuine and artificial leather, but are not wholly leather.

Hands-Free Smart Boot

Elantra Elite with
Apple CarPlay™¹

Loaded with technology. Just ask Siri®.

Technology and innovation are at the heart of Hyundai's success. We don't simply believe in harnessing the power of technology to make driving safer, easier and more enjoyable. We also believe in making it as widely available as possible.

Stream music, talk to friends, and belt out commands

The All-New Elantra is one of the first small sedans with Apple CarPlay™¹ and Android Auto² as standard. Do things you'd do with your iPhone® or Android device while driving. Access your apps on the touch screen display, or ask Siri®/Google Now™ to assist. Get directions, calls, and music all in a way that lets you stay focused on the road.

Hands-free Smart Boot and Proximity Smart Key³

The Smart Boot³ solves the problem of opening the boot when your hands are full. It's smart. With the Proximity Smart Key³ in hand or pocket, the boot opens intuitively when you stand behind the vehicle. You can also unlock and start your car without taking the key from your pocket. Great for fast entry in the rain!

Parking made easier and reversing safer

A rear view camera, front parking assist system/sensors⁴ and reverse parking sensors are standard on all models, making it easier to park in tight spots and helping you reverse safely.

Google Now™ is a trademark of Google Inc.

1. Apple CarPlay™ requires iPhone® 5 or subsequent model (lightning cable) in order to operate.

2. Android Auto requires a device with Android 5.0 operating system or subsequent version in order to operate.

3. Not available on the Active variant.

4. Not available on the Active and Elite variants.

Elantra Elite Interior Shown

A total commitment to safety.

Lots of airbags, just in case

Even with so many active safety features, accidents are sometimes unavoidable. That's why we've loaded the All-New Elantra with six airbags (front, side-impact and side-curtain) to help protect you and your passengers in the event of a collision.

Smart help for challenging situations

The Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) works to help prevent the brakes from locking up and also shortens braking distances. When panic braking is detected, the Brake Assist System (BAS) ensures you brake with enough force, while the Traction Control System (TCS) assists by reducing wheel spin on slippery or uneven road surfaces.

If you find yourself in a situation where your vehicle begins to skid, the Vehicle Stability Management system (VSM) helps you correct your steering position and maintain control and when the vehicle is on a steep incline, Hill-Start Assist Control (HAC) will temporarily hold the vehicle after you take your foot off the brake.

More Sensory Safety features

The All-New Elantra SR Turbo variant has intelligent features like Blind Spot Detection (BSD) which alerts you to objects in your blind spot when travelling at speed, Lane Change Assist (LCA) that warns you if a vehicle is approaching rapidly from the rear and when reverse gear is selected the Rear Cross Traffic Alert (RCTA) helps to identify and warn you of vehicles approaching from the side.

Clear vision of the road ahead

As dusk sets in, or when you enter a dark area such as a car park or tunnel, the headlights automatically turn on. And in foggy conditions, projector-beam foglights (standard across all models) help you maintain visibility to other vehicles and cut through the murky conditions.

Elantra SR Turbo in Fiery Red

All-New Elantra SR Turbo.

With a 150 kW turbo engine and redesigned look, the Elantra SR Turbo brings a whole new driving dynamic to the Elantra line-up.

An aggressive full body kit, leather-appointed sports interior, racing-inspired bucket seats, and unique alloy wheels ensure that it never be mistaken for a typical sedan. But what really sets the Elantra SR Turbo apart is its responsive handling and bespoke sports suspension tuned specifically for Australian conditions.

Of course, it's all powered exclusively by a turbocharged 1.6L GDi Petrol engine, paired with your choice of 6-speed manual or 7-speed dual clutch transmission – offering a maximum power output of 150 kW @ 6,000 RPM and maximum torque of 265 Nm @ 1,500 – 4,500 RPM.

In short: that's a whole lot of power. How you use it is up to you.

1. All Hyundai Genuine Accessories are subject to warranty conditions. See your nearest Hyundai Dealer or visit our website at www.hyundai.com.au for full warranty terms and usage recommendations. 2. iPad® is a registered trade mark of Apple Inc. The iPad® holder has been designed to hold an iPad® 1, 2, 3, 4 or Air securely. To ensure occupants are protected in the event of a collision, the screen protector must be fitted to the iPad® when in use. iPad® not included. 3. Only suitable for use with retractable seatbelt. 4. Please note that mudflaps cannot be fitted in conjunction with a full BodyKit or Rear Skirt. 5. Load capacity = 65kg distributed evenly across 2 bars. 6. Bike not included. 7. Front Corner Park Assist is designed as driver assist aid only and should not be used as a substitute for skilled driving and safe parking practices. While the Park Assist sensors monitor objects on approach, there may be occasions where blind spots affect the sensitivity of the sensors and as a result, the area into which the vehicle is heading must be visually monitored by the driver at all times while parking.
