

# TRITON

love that car

# THE BEST TRITON EVER.

For over 30 years, the iconic Mitsubishi Triton has helped Australians get the tough jobs done. Building on Triton's reputation of reliability, the fifth-generation Triton is set to redefine the hard-working Aussie Pick-Up. Expect more power than ever before, a new level of comfort and manoeuvrability offering car-like handling, superior fuel economy, outstanding safety features, and a toughness like no other. The Triton range is designed to meet the increasingly diverse needs of Australians, so you can work smarter and play even harder.

READ ON. YOUR VERY OWN TRITON AWAITS.

Front cover and above image:

Exceed model shown with optional accessories including nudge bar, hard tonneau cover, towbar & towball.

# HANG TOUGH, NOT ROUGH.

Triton provides the ultimate in cabin comfort – with more space, a smooth quiet ride and refined finishes. Seamlessly blended with its core strengths of toughness and reliability, Triton's technologically advanced features and structural design adds benefits not normally associated with Pick-Ups.

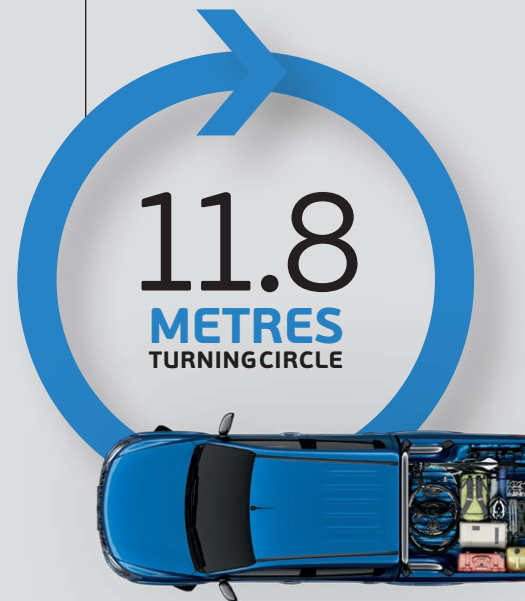

- + Triton's modern interior is both superior in style and functionality. Double Cab models provide more head and shoulder space in the front, and more legroom in the back to easily carry five adults.
- + The Exceed features the Mitsubishi Multi Communication System (MMCS). The high-definition 7-inch full colour touch screen display controls the system's audio information features and navigation system which displays 3D images of buildings and landmarks, plus a variety of useful Points of Interest and speed limit information on major roads.

- + The Mitsubishi Link System is standard across the range and uses Bluetooth® wireless technology to connect to your smartphone. To ensure safety while you drive, the primary phone call functions can be controlled by voice command or the steering wheel controls. With your device connected to the USB port and wireless system together, you can control music streaming functions by voice.
- + The Triton GLS and Exceed Multi-Information Display includes trip computer, outside temperature, driving distance and fuel consumption.
- + The Exceed is equipped with paddle shift, allowing you to have manual control of the transmission to suit your individual driving needs.
- + Cruise control and audio controls are on hand, built into the steering wheel on all models.
- + Triton Exceed's Smart Key lets you lock and unlock doors, and even start the engine with the touch of a button, all while your Smart Key is tucked safely in your bag or pocket.
- + Tilt and telescopic steering is standard across the range, enabling drivers to find their own ultimate driving position.

# LOAD IT UP.

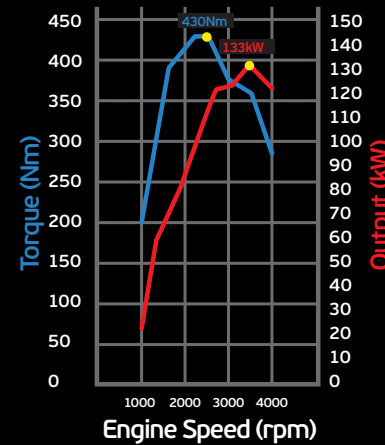

- + Triton's J-line design enables exceptional manoeuvrability and fuel economy without compromising interior cabin or load space. The compact wheel-base delivers an outstanding turning circle of 11.8 metres making parking and negotiating tight spaces easy.
- + The cargo bed on Double Cab models provides ample load capacity with 1520mm in length and 475mm in height. Featuring inner hooks and a rear gate with single handle, the extra reinforcement in the construction of the spacious cargo bed makes it even more durable.
- + Triton provides the ideal towing package. Double Cab 4x4 models have a 3.1 tonne braked towing capacity. With a Gross Combination Mass rating of 5.885 tonne and low kerb mass, Triton provides a perfect balance between towing capacity and vehicle payload to suit a range of towing requirements.

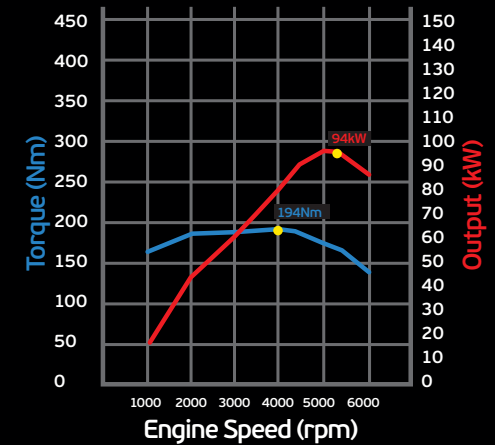

# THE POWER TO BE YOUR BEST.

2.4-litre MIVEC turbo diesel engine

2.4-litre petrol engine

## 2.4 LITRE MIVEC TURBO DIESEL ENGINE.

At the core of Triton is this refined and super-responsive 2.4L DOHC MIVEC 16 valve common rail intercooled diesel engine. An aluminium cylinder block and lightweight materials reduce weight and with a compression ratio of 15.5:1, it is amongst the quietest and most efficient diesel engines on the market. In fact, it will exceed your expectations. Peak power is 133kW at 3500 rpm, while torque is an impressive 430Nm at 2500 rpm across both manual and automatic transmission models. The lightweight engine achieves low fuel consumption and CO<sub>2</sub> emissions with consumption from only 7.0 litres to 7.6 litres per 100kms<sup>^</sup> across the range, while also delivering outstanding power and performance.

### 6-speed manual transmission or optional 5-speed auto.

Triton's turbo diesel power is matched to a reconfigured 6-speed manual transmission or optional 5-speed auto transmission with Sports Mode.

## 2.4 LITRE PETROL ENGINE WITH 5-SPEED MANUAL TRANSMISSION.

The Triton GLX Single Cab 4x2 model is available with a 2.4-litre 4-cylinder multi-point fuel injection petrol engine. Coupled with a 5-speed manual transmission, this model provides the right balance between driving performance and fuel economy.

## SUPER SELECT II 4WD

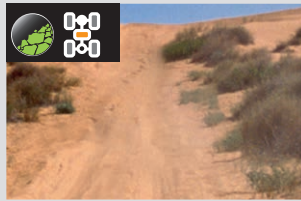

**2H (2WD High Range)**  
For normal road conditions.

**4H (Full Time 4WD)**  
For rough roads and hazardous conditions.

**4HLC (4WD High Range with locked centre differential)**  
For rugged terrain with low-grip surfaces.

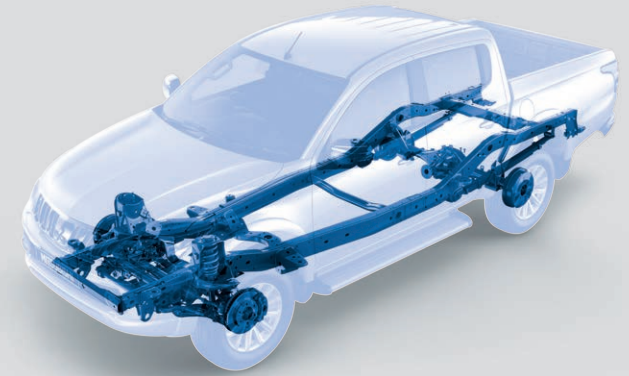

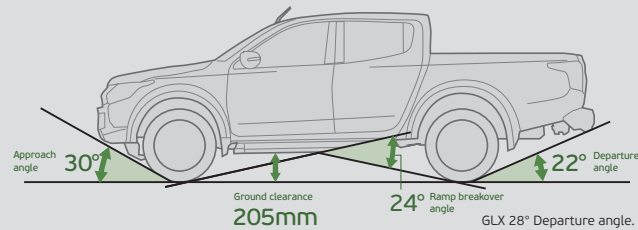

**4LLC (4WD Low Range with locked centre differential)**  
For steep hills, sand, deep snow, etc.

## FOUR-WHEEL-DRIVE CAPABILITY.

Cutting-edge four-wheel-drive capability is synonymous with Mitsubishi, and the fifth-generation Triton is no exception. GLS and Exceed models are fitted with Mitsubishi's Super Select II 4WD system, which offers four driving modes: 2WD High Range, Full Time 4WD and High and Low Range 4WD with locked centre differential. Easy Select 4WD on GLX models offers 2WD and 4WD High and Low Range. Both systems have an easy-to-operate four-wheel-drive selector dial that allows the driver to switch between 2WD and 4WD on the move at speeds under 100km/h. Exceed also features an electronic rear differential lock.

## DURABLE DESIGN AND ROBUST CONSTRUCTION.

The Triton chassis design provides an enhanced ride, feel and balance – overcoming the manoeuvrability issues associated with conventional light commercial vehicles. Upfront, Triton has a double wishbone suspension while extra reinforcement in the rear frame enables Triton's rear suspension to be tuned for better traction and ultimately better ride comfort for all occupants.

Exceed model shown with optional accessories including hard tonneau cover, towbar & towball.

### Trailer Stability Assist (TSA)

To prevent 'trailer-swing' when towing at speed, Trailer Stability Assist (TSA) controls individual wheel slip to stabilise the trailer. The system detects when the trailer is starting to oscillate and automatically warns drivers behind, by flashing brake lights on both the car and trailer.

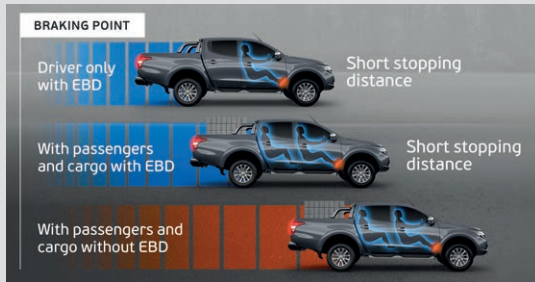

Significant safety features coupled with Mitsubishi's RISE system have earned Triton the maximum ANCAP safety rating of 5 stars, so you can rest assured you're driving one of the safest Pick-Ups on the road.

### Reinforced Impact Safety Evolution (RISE)

The Mitsubishi Reinforced Impact Safety Evolution (RISE) system means you and your passengers are protected by the latest energy absorbing chassis design and technology. In the event of a collision, impact-absorbing, crushable zones are designed to dissipate energy away from the passenger compartment.

# SAFETY IS PARAMOUNT.

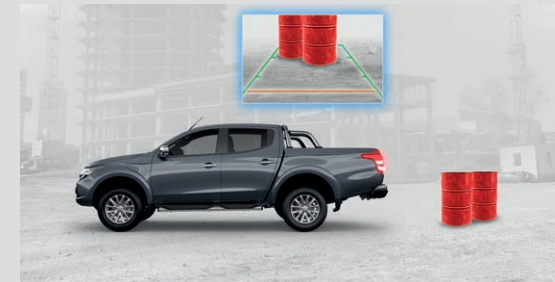

**Electronic Brakeforce Distribution (EBD)**

Electronic Brakeforce Distribution (EBD) works hand-in-hand with Triton's ABS computer to assess load and distribute braking force between the front and rear wheels. When you have a load in the rear, it helps you stop in a shorter distance than with standard brakes.

**Hill Start Assist (HSA)**

Hill Start Assist (HSA), prevents your Triton from rolling backwards on hills by maintaining the braking force to give you time to move your foot from the brake to the accelerator.

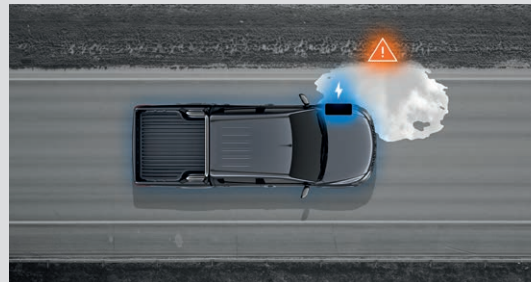

**Reverse Camera\***

When reverse gear is engaged, the reverse camera image appears automatically on the GLS' display or Exceed's MMCS screen, supplementing the driver's rear field of view.

**7 SRS Airbags**

Triton is fitted with driver and front passenger airbags and driver knee SRS airbag for maximum protection in the event of a frontal collision. Side and curtain SRS airbags are also standard fitment on all models protecting against side-on collision, inflating from the side of the seat to protect the torso, and from the roof lining to protect the head.

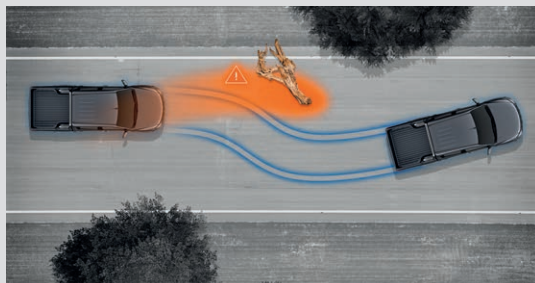

**Active Traction Control (ATC)**

Active Traction Control (ATC) helps maintain traction on the most slippery or rugged surfaces, automatically controlling the engine's output so the driving wheels are prevented from spinning. Sensing loss of traction in independent wheels, ATC applies braking force to that particular wheel and sends extra power and torque to other wheels with traction, to keep the vehicle moving.

**Rain Sensing Wipers\***

The Triton Exceed is equipped with front wipers that activate automatically when moisture is detected on the windscreen, allowing you to keep your hands on the wheel and your focus on the road ahead.

**Anti-lock Braking System (ABS)**

Triton is equipped with an Anti-lock Braking System (ABS) which allows the driver to maintain steering control of the vehicle and manoeuvre around obstructions in heavy braking conditions.

**Active Stability Control (ASC)**

Active Stability Control (ASC) intuitively recognises when you over-steer or under-steer and applies brake force to appropriate wheels to keep you online through corners.

**Dusk Sensing Headlamps\***

Dusk sensing headlamps on Exceed models automatically illuminate in fading light or when you're travelling through a tunnel.

\*Exceed model. #GLS and Exceed models.

# TOUGH CHOICES MAKE WORK A PUSH-OVER.

With muscular stylish looks, outstanding aerodynamics as well as power and agility, Triton has everything you'd expect from a tough Pick-Up, yet it feels and handles like a passenger car. Whether for work or play, the range of new Triton models make choosing the hardest option of all.

**GLX Single Cab\***  
4x2 and 4x4

The GLX Single Cab – Cab Chassis 4x2 manual is available in diesel or petrol. The 4x2 automatic is available in diesel only. With tilt and telescopic steering, multi-information display, Bluetooth® connectivity, USB input, cruise control and exceptional safety features, this work truck provides you with all the comforts you need to get the tough jobs done.

**GLX Club Cab\***  
4x4

The GLX Club Cab – Cab Chassis has all the features of the Single Cab with extra room to carry gear in the cabin or rear seats for the occasional passenger. Exterior features include clamshell style doors and platform style side steps for easy access.

**GLX Double Cab**  
4x2 and 4x4

The Double Cab's open and airy interior has more rear seat leg room and a reclined seatback angle. The J-line connecting the cab with the cargo bed provides generous interior space and a short wheel base, enabling great manoeuvrability without sacrificing payload capacity. The GLX 4x4 Double Cab is available as Pick-Up or Cab Chassis.

*\*GLX Single Cab and Club Cab shown with genuine tray accessory.*

Exceed model only.

# PUSH PLAYTIME TO THE LIMIT IN ULTIMATE STYLE.

GLS 4X4

## Exceed and GLS 4x4 Double Cabs.

Triton's distinctive exterior design has been created to maximise aerodynamics, contributing to greater vehicle stability at high speeds and low fuel consumption. The GLS and Exceed models feature HID headlamps, standard sports bar, 17" alloy wheels and LED Daytime Running Lamps.

The ergonomically designed spacious interior is quiet, comfortable and packed full of technology. Both the GLS and Exceed models feature all the safety, strength and power of the GLX models along with additional luxury, technology and convenience features including a leather bound three spoke steering wheel, leather bound gearshift, reverse camera and dual-zone air conditioning. The Exceed model is also equipped with leather seats, a power driver seat, automatic rain sensing wipers and dusk sensing headlamps, paddle shift, Mitsubishi's Multi Communication System (MMCS) and Smart Key with One Touch Start.

# 4X2

## GLX SINGLE CAB (PETROL)

### MECHANICAL

- 2.4L 4cyl SOHC 16 valve petrol engine
- 5 speed manual transmission
- Power steering
- Heavy duty suspension

### CARGO

- Cab Chassis body

### BODY

- Front skid plate
- Engine under cover
- Front tow hook

### EXTERIOR

- 16" x 6" steel wheels
- Halogen headlamps
- Chrome grille
- Mudflaps (front)

### INTERIOR

- Seating capacity – 2
- Urethane steering wheel
- Vinyl floor covering
- Silver accented instrument cluster

### COMFORT

- Air conditioning
- Side and rear window demisters
- Driver foot rest
- Driver and passenger assist grips
- Tilt & telescopic steering column

### CONVENIENCE

- Cruise control
- Central door locking with keyless entry
- Power windows
- Power door mirrors

- Variable intermittent windscreen wipers
- Steering wheel audio controls
- Steering wheel cruise control switches
- Steering wheel phone controls
- Accessory power socket
- Driver sunvisor with ticket holder
- Tachometer
- Trip meter
- Door ajar warning
- Low fuel warning

### STORAGE

- Glovebox- illuminated and lockable
- Floor console with storage box and lid
- Door pockets
- Cup holders
- Bottle holders

### SEATING – FRONT SEATS

- Cloth seat trim
- Bucket seats
- Slide and recline adjustment
- Driver height adjustment
- Height adjustable headrests

### AUDIO & MEDIA

- AM/FM radio/CD/MP3 player
- 2 speakers
- USB Input
- iPod control
- Bluetooth® phone connectivity & audio streaming with voice control
- Multi information display – includes trip computer & average fuel consumption

### SAFETY

- Driver & front passenger SRS airbags
- Driver & front passenger side SRS airbags
- Curtain SRS airbags
- Driver knee airbag
- Anti-lock Braking System (ABS)
- Electronic Brakeforce Distribution (EBD)
- Emergency Brake Assist System (EBA)
- Emergency Stop Signal Function (ESS)
- Smart Brake
- Active Stability Control (ASC)
- Active Traction Control (ATC)
- Trailer Stability Assist (TSA)
- Hill Start Assist (HSA)
- Reinforced Impact Safety Evolution (RISE) body
- Side door impact beams
- 3 point Emergency Locking Retractor (ELR) seatbelts (all seating positions)
- Front seatbelt pretensioners & force limiters
- Seatbelt warning lamp – driver & front passenger
- Child restraint anchorage points x 1
- Illuminated hazard switch
- Start Interlock
- Speed Limiter

### SECURITY

- Anti-theft encrypted engine immobiliser
- Steering lock
- Lockable fuel filler cap

## GLX SINGLE CAB (DIESEL)

Features additional to GLX Single Cab (Petrol)

### MECHANICAL

- 2.4L 4cyl 16 valve MIVEC intercooled turbo common rail diesel engine
- 6 speed manual transmission
- 5 speed automatic transmission with Sports Mode (optional)
- Engine cover

### CONVENIENCE

- Ignition key cylinder illumination (auto only)
- Automatic transmission position indicator (auto only)

### SAFETY

- Shift lock with key interlock (auto only)

## GLX DOUBLE CAB (DIESEL)

Features additional to GLX Single Cab (Diesel)

### CARGO

- Pick-Up body
- Rear body inner hooks
- One touch tailgate handle
- Rear window guard

### EXTERIOR

- 16"x 7" steel wheels
- Side steps
- Body colour fender flares
- Mudflaps (rear)

### INTERIOR

- Seating capacity – 5

### CONVENIENCE

- Power windows – rear
- Front map lamps with sunglasses holder
- Coat hook
- Remote fuel filler release

### STORAGE

- Seat back pocket – passenger
- Rear door bottle holders

### SEATING – SECOND ROW SEATS

- Centre armrest with cupholders
- Height adjustable headrests x3

### AUDIO & MEDIA

- 4 speakers

### SAFETY

- Curtain SRS airbag – full length
- Front seatbelt height adjustable shoulder anchorages
- Child proof rear door locks
- Child restraint anchorage points x 2
- ISO-Fix child seat mountings x2
- Seatbelt warning lamp – rear passengers

Triton's upgraded range of Genuine Accessories not only offer additional protection, they add supreme style, so you'll be turning heads on the job and when you're hard at play.

Mitsubishi Genuine Accessories go through an extensive program of design, development and stringent testing to ensure they meet all applicable regulatory standards as well as Mitsubishi's own rigorous engineering specifications and performance targets.

Using Mitsubishi Genuine Accessories will ensure you get the very best quality, as durable and reliable as the Mitsubishi you drive. Ask your Mitsubishi dealer for the complete list today.

## CANOPIES AND TRAYS FOR THE ULTIMATE IN PRACTICALITY.

Designed and engineered to ensure maximum performance in the toughest environments, the Mitsubishi Genuine Canopy range is constructed from durable ABS plastic, built for resistance and strength. And its stylish design integrates seamlessly into the contours of the Triton. Featuring lockable gas lift side and rear windows and with the option of either low-profile sliding or pop-up side windows, the Genuine Canopies are lightweight and painted to match the Triton's body colour. The interior of the canopy allows practical storage options and comes with an interior light. Also standard on the Mitsubishi Genuine Canopy range are roof rails, with a maximum carrying capacity of 50kg and a rear spoiler to maintain your Triton's supreme style.

Snorkel

Nudge Bar

Tub Bed Liner – Under Rail or Over Rail

Side Door Garnish

Neoprene Seat Covers – Front and Rear

Front Under Cover

**Single Cab**  
1762 x 2400mm – Narrow

# ANOTHER REASON WHY YOU'LL LOVE THAT CAR.

Diamond Advantage provides the highest standards of service, care and protection so you'll love that car every time you get behind the wheel of your Mitsubishi.

### 5 YEAR WARRANTY

You'll never have to worry, with a 5 year or 100,000km New Vehicle Warranty (whichever occurs first).

### \*CAPPED PRICE SERVICING

Know the most your scheduled service is going to cost with 4 years or 60,000km Capped Priced Servicing (whichever occurs first). It covers all items specified under the standard maintenance for normal operating conditions schedule, detailed in your service and warranty booklet.

### ^ROADSIDE ASSIST

Wherever you go in Australia, Roadside Assist provides you with complete peace of mind 24 hours a day, 7 days a week. Complimentary for 12 months with your new Mitsubishi, Roadside Assist will be extended for an additional 12 months each time you service your Mitsubishi under our Capped Price Servicing program for a maximum of up to 5 years.

Conditions apply. Excludes Government, Rental and National Fleet customers. See [mitsubishi-motors.com.au](http://mitsubishi-motors.com.au) for further information.
