1 Unladen vehicle weight includes driver (75kg) and fuel tank 90% full, calculated in accordance with the current version of Directive 92/21/EEC. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and/or the top speed will be reduced accordingly.

2 Towbar tongue kit required to be purchased via Audi genuine accessories

3 Audi connect functional features may differ or not be available for the Australian market. Please refer to your Audi dealer for up-to-date information.

4 Please check with your Audi dealer for approved Bluetooth telephones that have been tested by Audi for compatibility and functionality.

5 Digital radio and digital TV reception coverage dependent on vehicle location, requires MMI navigation plus.

6 MMI Navigation functional features may differ or not be available for the Australian market, sight-seeing information, city modes in 3D, points of interest TMC message, vehicle support and speed limit display based on navigation data function, voice control destination entered as whole words or in one statement and Audi connect services are not available for Australian vehicles. Please refer to your Audi dealer for up-to-date information.

7 SUNA™ live traffic update service is only available in metropolitan Sydney, Melbourne, Canberra, Brisbane, Gold Coast, Adelaide and Perth; it operates from information provided by Intelematics Australia Pty. Ltd. and may not cover all road incidents and/or congestion. Refer to www.sunattraffic.com.au for details.
