

RENAULT
Passion for life

Renault KOLEOS

Out of the ordinary, Renault Koleos.

Bigger. Bolder. Better.

Renault Koleos is an evolution in automotive design and technology. With space that defies expectations and levels of comfort and finish that have to be experienced to be believed, Koleos sets the new standard in SUVs.

Out of the ordinary design.

Renault Koleos is the latest evolution of Renault's design philosophy 'Emotion in Motion'. Laurens van den Acker, Renault Head of Design:

"Our challenge was to imagine an SUV that was elegant, but also modern and dynamic. We accentuated taut, powerful, horizontal lines, muscular haunches and a high ground clearance."

His passion and dedication has been rewarded by being named '2016 Designer of the Year'.

You can see why.

Take a seat.

Renault's meticulous design philosophy and attention to detail applies to every aspect of Renault Koleos... including the cabin.

The interior design and standard of finishes are exceptional – even for a European brand. For the driver, the 7" instrument display is amongst the largest in its category.

The screen itself is a dynamic TFT (Thin-Film Transistor). With more depth and colour than a regular screen, driver information is delivered with brilliant clarity – even for moving imagery.

Satin chrome finishes across the dash and throughout the cabin look, and feel, fantastic. The electric panoramic sunroof~, with a motorised sun blind, extends over the rear seats. To reduce wind noise it opens underneath the cabin roof.

Choose between 5 different colour display options for both the multimedia, instrument display, and the cabin ambient lighting†.

With leather upholstered, heated or cooled^ front ergonomic seats, (available in three different styles of leather*) total cabin climate control, and a state of the art BOSE® premium sound system*, you could be sitting in your lounge room.

* Standard on Intens

^ Heated seats available on Zen, Heated and cooled on Intens

~ Standard on the Intens, Optional on the Zen

† Ambient lighting not available on Life variant

Out of the ordinary technology.

Central to Koleos Intens technology is an 8.7" portrait touchscreen* – one of the largest in its category. It's a 'capacitive' touchscreen, which means it's easy to use. Simply drag, pinch, or swipe to navigate the same way you would on a tablet or smart phone. After all, good technology makes life simpler, not more complicated.

Renault Koleos allows you to design your personal home screen by choosing the size and position of the maps, radio, favourite contacts, navigation~ and more. Voice control means ease of use and safety while driving.

And when you have created the interior ambience to match your mood with all the different lightening options, engage the rich, acoustic experience delivered via the BOSE® premium sound system*.

12 high-performance speakers* deliver an experience similar to being in the middle of a concert hall performance. High notes are crystal clear and the deep bass delivered without distortion. It's a complete, immersive experience controlled via the touchscreen tablet.

* Standard on Intens
~ Navigation/Maps not available on Life variant

Out of the ordinary space.

If there is one feature that sums up Koleos' 'total comfort', it's the room for occupants sitting in the back.

The Renault Koleos has abundant rear passenger leg room. Yet there's still a cavernous 458 litres of luggage space.

Rear passengers in the Renault Koleos enjoy dual air vents, dual USB charging ports* and rear seat nets to keep things neat and tidy. Pull down the overstitched, leather trim* centre arm rest if you need somewhere to put your drinks. Enjoy the ambience of LED interior cabin lighting... this could be the first SUV where you'd prefer to sit in the back seat.

* Standard on Intens

Out of the ordinary versatility.

The leather wrapped grab handles for both driver and front passenger aren't there for show. With its high clearance and off road ability, the Renault Koleos is a genuine 4WD. The Koleos offers a range of driving options so you can confidently traverse a variety of surfaces and driving conditions. Introducing Renault ALL MODE 4x4-i Technology*. With the push of a button, you can switch between three different driving modes to suit the conditions you're driving in.

2WD mode

In this mode, only the front wheels will power the vehicle. It's designed for driving on sealed roads, manoeuvring through city traffic or cruising down a highway. This mode delivers maximum fuel efficiency in safe driving conditions.

Auto mode

Use this mode when conditions are wet, slippery or the road surface is unsealed. Sensors will distribute torque between the front and rear wheels to match road conditions, reducing the chance of wheel spin. In tight cornering or braking situations, this mode will deliver optimum torque to the rear wheels.

4WD/Lock mode

Lock the Renault Koleos in 4WD when driving on unsealed roads, slippery roads, snowy roads, off roads or steep hills.

Front and rear wheel torque distribution is fixed, ensuring permanent transmission between the four wheels to maximise the vehicle's clearance capability and stability. When LOCK mode is selected, the Koleos will switch automatically to AUTO mode when your speed increases.

* 4x4 drive is standard on the Intens and optional on the Zen

Freedom of movement.

Renault Koleos knows when you are coming.

There is no need to take the key out of your pocket or bag; simply press the button on the door handle to unlock your Koleos.

To open the boot, either use your remote key card or place your foot underneath the rear bumper. Sensors will open the motorised tailgate* automatically, revealing 458 litres of luggage space in seconds.

The 'one-touch' easy folding rear seats^ fold down to create a colossal luggage area. Even better, it's storage that's easily accessible with a low loading sill that makes it easier to pack cumbersome items inside. Even a rear boot cover hides your load and rear Privacy Glass protects it from prying eyes.

* Standard on Intens

^ One-touch system not available on Life variant
Optional Chestnut Brown Leather shown

Driver assists

Renault engineers have long studied and re-imagined different driving situations to develop new technologies and systems to assist the driver. And not just in case of an emergency. They can help prevent emergencies from happening in the first place.

Easy Park Assist*

The parking assistance system measures the parking space with its sensors (whether parallel, perpendicular, or angled) and defines the parking trajectory. Then it takes over the wheel and steers itself while the driver controls the speed and braking. It can also help to exit parallel parking spots.

Front, Side, and rear parking sensors^

The Renault Koleos has you covered from all directions with sensors that give you an audible warning when moving or static objects are too close, as well as visual guidelines displayed on the touchscreen let you know exactly how close you are to an obstacle.

Automatic high and low beams

The Pure Vision LED headlamps* on the Intens model will automatically switch from high to dipped beams when your Renault Koleos enters a built-up area or approaches another vehicle from the front or behind. Cornering foglights automatically switch on when turning corners.

Blind spot warning system#

The Renault Koleos detects vehicles entering your blind spot. An indicator light located on each wing mirror will warn you of any potential hazards.

*Standard on Intens.

^Side sensors standard on the Intens. Rear sensors standard across the range.

#Standard on Zen and Intens.

Out of the ordinary safety.

Driving safety is a cornerstone of Renault's corporate culture and builds on 50 years of research and development into accident protection and prevention.

Advanced Emergency Braking

If you have to brake in an emergency, this system complements the ABS and ESC to reduce stopping distances and collision risks. If a vehicle suddenly stops in front of you, a forward collision warning light and tone alerts you.

Simultaneously, the vehicle is actively preparing for emergency braking by bringing the brake pads and discs closer together for maximum braking power in the minimum response time. If you don't react and step on the brakes, the car will activate braking for you.

Adaptive airbags

The Renault KOLEOS protects occupants with multi-stage, variable force deployment airbags. This variable deployment is determined by the severity of the accident and proximity of the driver and front passenger to the dash or steering wheel. The KOLEOS also features lateral pelvis and chest level airbags for front occupants, and curtain airbags for the entire cabin.

Emergency braking lights

In the case of heavy braking, the Renault KOLEOS activates its hazard lights to warn other vehicles around you.

Lane departure warning*

At higher speeds the front camera monitors the lanes and activates a warning light and tone if your Renault KOLEOS strays from its marked lane. The warning tone even mimics the sound of driving over lane markers.

Automatic locking

When driving, or leaving the car, the Renault KOLEOS will automatically engage the door locks, never leaving you exposed.

* Standard on the Intens. Advanced Emergency Braking system is optional on the Zen.

Out of the ordinary performance.

The Renault Koleos packs a punch under the bonnet. The Koleos' 2.5L naturally aspirated multipoint fuel injection engine generates 126kW at 6,000rpm and 226Nm of torque. It can also tow 2,000kgs thanks to its power, torque and rigid chassis. However, if Diesel is more your style, the Koleos offers a 2.0L turbo diesel direct engine that generates 130kW at 3,750 rpm and 380Nm of torque.

2.5L ENGINE

The 2.5L petrol engine gives the Renault Koleos power all of its own. You'll be delighted by the quiet in-cabin volume and the feeling you get with rapid acceleration, responsiveness and fluidity. Perfect for drivers who expect their vehicle to not only be economical, but enjoyable to drive as well.

2.0L TURBO DIESEL ENGINE

The 2.0L turbo diesel engine (available in the Renault Koleos Intens) raises the Koleos to a new driving experience.

With impressive fuel economy of 6.1L/100km* and enhanced power with 380Nm of torque, this diesel engine is great for drivers who are looking for a car with great cruising range. It's the perfect combination of power plus fuel economy.

An engine is only as good as its transmission. Combined with Renault's new X-TRONIC continuously variable automatic transmission, Renault Koleos guarantees real driving pleasure.

X-TRONIC

The new X-Tronic automatic transmission offers fluid, responsive driving without interruption of torque. X-Tronic adjusts continuously while maintaining optimal engine speed and can also simulate gear shifts, producing even more powerful acceleration.

A wider gear ratio delivers excellent fuel economy, lower CO₂ emissions, quieter driving at low speeds and stronger acceleration at high revolutions.

*Vehicle tested in accordance with ADR 81/02 based on combined cycle (city/highway). Actual fuel consumption and CO₂ emissions depend on factors such as traffic conditions, vehicle condition and how you drive.

ZEN (LIFE +)

Soft touch, artificial leather

18" Taranis alloys

- 4x2 or 4x4 options available
- Electronic parking brake
- Front and rear parking sensors with rear view camera
- Blind Spot Warning (BSW)
- Engine start button with hands-free smart key
- Automatic 'walk away' door locking
- Welcome sequence with lighting signature illumination
- Heated front seats
- Brushed silver and satin chrome interior cabin highlights
- Soft-touch & easy clean artificial leather seats
- Electrically adjustable driver's seat with electric lumbar support
- One-touch easy folding rear seat system

- Tinted rear glass and boot cover for privacy
- R-LINK 2 – Navigation and multimedia system with voice control* and custom home screens
- Landscape 7" capacitive touchscreen, AUX, 2x USB, and fingertip controls
- 18" Taranis alloy wheels with full size temporary spare wheel – 17" steel

Options

- Metallic paint
- Sunroof Pack – Electric sunroof, and automatic dimming rear view mirror)

* Voice control uses Bluetooth® capability. Bluetooth® compatibility may vary depending on phone.

INTENS (ZEN +)

Full grain black leather (Standard)

18" Argonaut alloys

- Advanced emergency braking system (AEBS) – (Inter-urban)
- Blind Spot Warning (BSW)
- Forward collision and Lane Departure Warning system (LDW)
- Pure Vision LED headlights with automatic high/low beams
- Side parking sensors
- Easy Park Assist – parking assistance system
- Remote engine start
- Interior ambient cabin lighting
- Automatic dimming rear view mirror
- Height adjustable front passenger seat
- Electrically adjustable driver and passenger seats with driver electric lumbar support
- Black leather trimmed upholstery with heated and ventilated front seats
- Hands-free power tailgate
- 2x rear seat USB charging ports
- 2.5L naturally aspirated or 2.0L turbo diesel engines available

- Portrait 8.7" capacitive touchscreen, AUX, 2x USB, and fingertip controls
- BOSE® premium sound system with 12x speakers, subwoofer, and digital amplifier
- Wood grain effect interior cabin trim
- Chrome front and rear door sill plates
- 18" Argonaut alloy wheels
- Chrome trim exterior highlights
- Electric panoramic sunroof – Front opening, tilting, sliding, and anti-pinch

Options

- Metallic paint
- Platinum grey leather trimmed upholstery
- Chestnut brown leather trimmed upholstery

Platinum grey leather (No-cost option)

Chestnut brown leather (No-cost option)

The seats are completely upholstered in full grain leather on the front side of the seat cushion, the seat back, the headrests and the side impact bars. Other elements are covered in coated textile.

Genuine Accessories

Storage & Cargo

For your day to day drive, or an extraordinary road trip adventure, there's a genuine accessory perfect for keeping you organised and on track.

1. **Luggage organiser** (8201665632)
2. **Reversible boot mat** (8201665646)
3. **Coat hanger** (7711578137)

View the full range of accessories at [renault.com.au](https://www.renault.com.au)

Genuine Accessories

Towing & Payload

Every adventure is made better with the right gear. There a diverse range of accessories to safely transport your gear – whether it is a snowboard, bicycle, or boat – safety to your destination.

1. **Ski carrier – 6 ski** (7711420779)
Also available:
Ski carrier – 4 ski (7711420778)
Surfboard carrier (7711419628B)
Bicycle carrier – fits to roof bars (7711577325)
2. **Towbar** (G9162HZG00AU)
3. **Aluminum roof bars** (8201622100)

Renault Services. For peace of mind.

Comprehensive Warranty

Renault has been building and racing motor vehicles for more than 100 years, creating a legacy of invention, innovation and a competitive spirit that drives us to excel. The wealth of experience we've gained is reflected in the design, performance and quality of every vehicle we sell. We're so confident that your new Renault will provide you with many years of reliable and enjoyable driving that we're backing our quality promise with a comprehensive 5 years unlimited kilometre warranty on all of our passenger vehicles.

24/7 Roadside Assistance

Renault Roadside Assistance is a service Renault provides to you as a new Renault owner up to 4 years when you service your vehicle with Renault, regardless of how many kilometres you travel. You could run out of fuel, lose your car keys, or have a flat tyre near or far from your home. Just call 1800 009 008 and we'll provide the support you need. Available 24/7, 365 days per year and covers you across Australia.

Capped Price Standard Servicing[^]

Fantastic Renault value doesn't end once you've got your new vehicle home – you'll enjoy the benefits of lower maintenance costs for your first 3 years or 90,000 km (whichever occurs first) behind the wheel thanks to Capped Price Servicing. The Capped Price Service program covers the cost of all genuine parts, lubricants and labour required for standard scheduled maintenance services. And because you're busy, Renault vehicles are designed to require servicing only once per calendar year or every 30,000km (whichever occurs first) – not every six months like some manufacturers.

Genuine Renault Parts

Genuine Renault parts, lubricants and accessories are of the highest quality, and specifically designed for Renault vehicles. They are purpose-built to our exacting specifications, guaranteeing fit, function and performance first and every time. They are also covered by our 1-year unlimited kilometres warranty. Authorised Renault Dealers keep high stock levels of commonly used genuine Renault parts to ensure continuous availability.

Terms and conditions apply. Call our Customer Service Team on 1800 886 885 or view the terms and conditions statement [here](#).

[^]Koleos is subject to adaptive servicing requirements as determined by the Oil Condition Sensor and may require servicing prior to the standard 12 months or 30,000 km service interval.

Renault Koleos

Out of the ordinary.
