DESIGNED TO IMPRESS.

Dare to dream and bold things can happen. It's that kind of brave and innovative thinking that led to the creation of the Civic Sedan. With its sharp lines and wide stance, the Civic Sedan's bold styling is evident from the outside-in. Its powerful profile stems from the chiseled, piano black front grille[~] before arching back into a low, muscular body with a coupe-like roofline.

The 18-inch alloy wheels^{**} further enhance the car's sporty aesthetic. And with contemporary LED technology featured within the headlights[^], tail lights, daytime running lights and side mirror indicators[~], the Civic's style continues to shine. For those who were born to stand out, it's safe to say this Civic is our most daring model yet.

◀ LED Tail Lights

STRETCH OUT IN STYLE.

The Civic Sedan's superior standards for quality know no bounds for driver and passenger alike. Take a seat and you'll quickly discover that comfort and sophistication are key, with high-quality finishes throughout the spacious interior, such as the premium, leather-appointed[†] heated front seats[‡], for that extra touch of luxury. You'll also be able to feel fully part of your surroundings with the one-touch tilt electric sunroof[‡], with a sliding sunshade to control levels of light.

Journeys will be more comfortable for everyone with up to 525 litres of boot space, which is easy to load and unload with its large rear opening and low lift height. From its sleek technological features, like the 7-inch Advanced Display Audio, to its convenient 60/40 split-fold seats and discreet storage beneath the centre console, everything is designed around you. It's what puts the Civic Sedan in a class of its own.

[‡]RS and above. ^{*}VTi-LX only. [†]Leather-appointed seat trim means some parts of the seats may contain non-leather material.

CONNECTED AND IN CONTROL.

The Honda Civic keeps you connected and in control at all times. As an iPhone® or Android™ user, you can seamlessly integrate your device to the 7-inch Advanced Display Audio, allowing you to make calls, send and receive messages, listen to music, podcasts and more, all while staying focused on the road. Turn-by-turn information and live traffic updates will make journeys a breeze with built-in Garmin®± satellite navigation*. For technology that's got your back, the multi-angle reversing camera automatically comes to life when you shift into reverse, guiding you in and out of tricky spots. And with LaneWatch™, a feature designed to minimise your passenger side blind spot through streaming kerb-side traffic, you'll feel safer with every move.

POWER YOU CAN FEEL.

No matter where your curiosity leads you, you'll be able to fully enjoy the power that comes from the 1.5 litre VTEC turbocharged engine, delivering a thrilling 127kW. Select the VTi or VTi-S and there's the refined 1.8 litre i-VTEC generating a handsome 104kW. Whichever you choose, both engines come equipped with Honda's Earth Dreams Technology which gives you the perfect balance of performance and fuel efficiency. To push performance further, the light yet rigid chassis and independent suspension setup means the Civic takes corners with sheer confidence. There's no denying it's a thrilling drive like no other.

Earth Dreams Technology

RS in Phoenix Orange Pearllescent shown.

SAFETY FIRST.

The Civic Sedan comes equipped with a range of standard safety features to keep you and your passengers safe and sound. With technology to help keep you in control like Electronic Brake-force Distribution, Traction Control System and Vehicle Stability Assist, you'll feel safe behind the wheel.

When emergency braking is detected, the Electronic Brake Assist applies maximum braking pressure on each wheel for further support, while the Anti-lock Braking System arms Civic with superior stopping power. In the event of a collision, the Honda i-SRS driver airbag system inflates at different rates depending on crash severity.

Honda SENSING

Honda Sensing[^] can support and enhance your driving senses to help keep you safer on the road.

These intelligent technologies may improve your situational awareness, and, in some cases, intervene to help avoid a collision or lessen its severity.

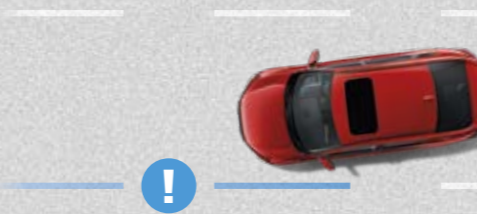

FORWARD COLLISION WARNING

Alerts you when it detects the possibility of your vehicle colliding with the vehicle in front of yours.

COLLISION MITIGATION BRAKING SYSTEM (CMBS)

Can assist you when there is a possibility of your vehicle colliding with a vehicle or a pedestrian detected in front of yours. The CMBS is designed to alert you when a potential collision is determined, as well as to reduce your vehicle speed to help minimise collision severity when a collision is deemed unavoidable.

LANE DEPARTURE WARNING FUNCTION

When the vehicle enters the warning area, the LKAS alerts you with slight steering wheel vibration as well as a warning display.

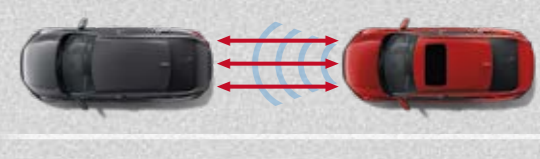

ROAD DEPARTURE MITIGATION SYSTEM

Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings.

LANE KEEPING ASSIST SYSTEM (LKAS)

Provides steering input to help keep the vehicle in the middle of a detected lane and provides audible and visual alerts if the vehicle is detected drifting out of its lane.

ADAPTIVE CRUISE CONTROL (ACC) WITH LOW SPEED FOLLOW (LSF)

Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours and, if the detected vehicle comes to a stop, can decelerate and stop your vehicle, without you having to keep your foot on the brake or the accelerator. When ACC with LSF slows your vehicle by applying the brakes, your vehicle's brake lights will illuminate.

[^]Honda Sensing technologies are driver-assist technologies and should not be used in place of safe driving practices. Drivers should continue to monitor the road at all times. The accuracy and operation of Honda Sensing technologies may vary based on weather, speed, traffic, road conditions, markings and other factors. Honda Sensing is available on VTi-L, RS and VTi-LX.

SELECT YOUR MODEL.

VTi

The VTi comes standard with:

- 1.8 litre SOHC i-VTEC 4-cylinder engine
- 104kW @ 6500rpm and 174Nm @ 4300rpm
- Fuel consumption 6.4L/100km*
- Continuously Variable Transmission (CVT)
- Electric parking brake with automatic brake hold
- 16-inch steel wheels
- Electrically adjustable door mirrors
- Halogen projector beam headlights with auto off timer
- LED Daytime Running Lights (DRL)
- Tail lights with integrated LED light bars
- Intermittent front windscreen wipers
- Rear window demister
- Black fabric seat trim
- Cruise control
- ECON assist system
- Single zone climate control
- Power windows (auto up/down function driver and front passenger)
- 60/40 split fold rear seats
- 8-speaker audio
- LCD Driver Information Interface with colour display
- Advanced Display Audio (7-inch colour touchscreen) including:
 - AM/FM radio
 - Bluetooth® phone and audio connectivity*
 - USB connectivity
 - Apple CarPlay®+
 - Android Auto™
- Multi-angle reversing camera with dynamic guidelines
- Anti-lock Braking System (ABS)
- Electronic Brake-force Distribution (EBD)
- Emergency Stop Signal (ESS)
- Hill Start Assist (HSA)
- SRS airbags: dual front, side and full-length curtain
- Tyre Deflation Warning System (DWS)
- Traction Control System (TCS)
- Agile Handling Assist System (AHAS)
- Vehicle Stability Assist (VSA)
- Security alarm
- Sunvisor vanity mirror
- Rear seat armrest with 2 cup holders

VTi-S

Additional features over the VTi:

- 16-inch alloy wheels
- Door mirrors with integrated LED indicators
- Variable intermittent front windscreen wipers
- Smart keyless entry with walk away locking
- Push button start
- Front halogen fog lights
- Black fabric seat trim with chequered accent
- Leather-wrapped steering wheel
- LaneWatch
- Front parking sensors
- Rear parking sensors
- Piano black sports grille
- Privacy glass (rear)

RS

Additional features over the VTi-L:

- 18-inch alloy sports wheels
- Piano black B and C pillars
- Fuel consumption 6.3L/100km*
- Front LED fog lights
- LED headlights with auto-levelling
- Shark fin antenna
- Auto rain sensing wipers
- Tailgate spoiler
- Leather wrapped steering wheel with red stitching
- Black leather-wrapped gear shift knob
- Black leather-appointed[†] seat trim with red stitching
- Heated front seats
- Drilled alloy sports pedals
- 452-watt premium audio system with 10 speakers, including subwoofer
- 8-way adjustable electric driver seat
- Dual zone climate control
- Digital Audio Broadcast Radio (DAB)[‡]
- Paddle shifters

VTi-L

Additional features over the VTi-S:

- Honda Sensing suite of driver-assist technologies:
 - Adaptive Cruise Control (ACC) with Low-Speed Follow (LSF)
 - Forward Collision Warning (FCW)
 - Collision Mitigation Braking System (CMBS)
 - Lane Departure Warning (LDW)
 - Lane Keeping Assist System (LKAS)
 - Road Departure Mitigation System (RDMS)
 - High Beam Support System
- 1.5 litre DOHC VTEC turbo engine
- 127kW @ 5500rpm and 220Nm @ 1700-5500rpm
- Fuel consumption 6.0L/100km*
- 17-inch alloy wheels
- Auto headlights (dusk sensing)
- Auto retractable door mirrors
- Illuminated sunvisor vanity mirror (driver)

VTi-LX

Additional features over the VTi-L:

- Front LED fog lights
- LED headlights with auto-levelling
- Electric sunroof
- Shark fin antenna
- Auto-dimming rear view mirror
- Power windows auto up/down function (all)
- Leather-wrapped gear shift knob
- Black leather-appointed[†] seat trim
- Heated front seats
- Dual zone climate control
- 452-watt premium audio system with 10 speakers, including subwoofer
- Satellite navigation with SUNA™ live traffic updates
- 8-way adjustable electric driver seat
- Digital Audio Broadcast Radio (DAB)[‡]
- Paddle shifters
- Auto rain sensing wipers
