

ALL-NEW
CARNIVAL

The Power to Surprise

Platinum model shown

A Real Crowd Pleaser

The All New Carnival encompasses an incredible combination of style, sophistication and technology with enough room to comfortably carry 8 passengers leaving plenty of space to spare. The people mover has moved on.

Platinum model shown

European Design

No longer does a family vehicle mean a compromise when it comes to aesthetics. The Carnival's wider stance, clean profile and bold Tiger-Nose grille culminate in a more modern, resolute design.

It's all-new design allows for a more spacious cabin with multiple seating configurations. Go ahead and experience the new standard of people mover today.

Platinum model shown

Sophisticated Style

The All-New Carnival delivers on style, and creates a truly premium experience for its driver and passengers. A sleeker, more swept back silhouette introduces a higher degree of sophistication.

Sculptured surfaces and a strong horizontal body crease ensure the Carnival conveys a dynamic appearance. Sophistication and versatility combined, the All-New Carnival offers the best of both worlds without compromising on either desire.

Platinum model shown

Comfortable Versatile & Spacious

The All New Carnival brings a whole new level of space and versatility. Because no two families are the same, the choice of 7 or 8 passenger seating configurations, slide and stand up second row seating to create floor space and fold flat third row seating means carrying bulky cargo and a tribe of children is completely possible

Platinum model shown

Superior Driver Comfort

There are times in family life when you seem to live in the car. Which is why the Carnival offers superior convenience, comfort and ergonomic support for the all-important driver. Everything from the steering-wheel-mounted controls to the 6 way adjustable seat and the navigation system (on Si, SLi & Platinum models only) is intuitively placed for convenient operation.

Heated and ventilated seats on Carnival Platinum only

Premium Features

Tuned for Australian Conditions

Like the whole Kia range, the Kia Carnival has been tuned for Australian conditions, in Australia. This results in engaging, predictable and well-suited handling and dynamics calibrated to our terrain and conditions.

360 Degree Camera

An innovative 360 degree camera display allows for extended visibility from all angles. (Platinum model only)

Power Sliding Doors

Designed for your busy lifestyle, the Carnival offers cutting edge technology with entry and exit power sliding doors. (SLi/Platinum only)

Hands-Free Smart Power Tailgate

Experience ultimate hands-free convenience with the Hands-free smart power tailgate which automatically opens when you approach with your Smart Key. (SLi/Platinum only)

Reverse camera with Parking Guidelines

To help you see things behind your vehicle that you might not see by looking over your shoulder, the All New Carnival features a Reverse Camera, which comes standard across the range. (Platinum features 360 degree camera)

Lane Departure Warning System

Designed to detect if the vehicle is leaving the lane without indicating. Stops you veering into another lane by a series of audible and visible alerts. (Platinum only)

Efficient Engines

Turbo Diesel Engine

Powerful yet frugal 2.2-litre four-cylinder engine with 147kW of power and a significant 440Nm torque.

V6 Petrol Engine

Advanced 206kW 3.3-Litre Petrol V6 engine with Gasoline Direct Injection (GDI) technology.

Advanced Safety

Smart Cruise Control

Uses radar to maintain a safe distance from the vehicle ahead of you and will automatically slow or accelerate when safe. (Platinum only)

Blind Spot Detection with Lane Change Assist

Detects other vehicles within a distance of up to 70 metres or in your blind spot and warns that it may be dangerous to change lanes. (Platinum only)

Forward Collision Warning System

Keeping you at a safe driving distance from the vehicle in front an alarm sounds if it senses you are too close. (Platinum only)

Rear Cross Traffic Alert

Activated when you put the vehicle in reverse it can detect other vehicles, motorcycles and even shopping trolleys approaching the rear of the vehicle. (Platinum only)
