Drive your Ambition

ECLIPSE CROSS

HERE NOW FOR WHEREVER NEXT

HERE NOW FOR WHEREVER NEXT

Take yourself in a new direction with the striking style and cutting edge technology of the next generation Eclipse Cross.

Super All Wheel Control[^] and improved handling ensure every corner is hugged on all road surfaces, while a turbo charged petrol engine delivers next generation performance and economy.

Integrated Satellite Navigation^{*} can guide you, or you can simply lose yourself in the luxurious comfort of the Eclipse Cross cabin.

Designed to impress, built to drive, Eclipse Cross is engineered to shine every time you get behind the wheel.

BUILT FOR THE ADVENTUROUS

Be bold. Go beyond the everyday with radically sharper lines and sleeker styling for looks that thrill. Now with an extended profile, new Eclipse Cross has an even more distinctive, sportier stance fronted by slender LED Daytime Running Lights, defined head and fog light cluster and unique mesh patterned grille. Redesigned rear LED tail lights and new roof spoiler surround a restyled hatch that provides greater driver visibility and more cargo space. Eclipse Cross makes a statement everywhere you go.

Exceed model shown.

Eclipse Cross. Built for the time of your life.

Since 1917 Mitsubishi Motors has been at the forefront of technological innovations. Having launched the inventive Super-Select 4WD system and the world's first Plug-in hybrid electric SUV, our vehicles have been tested and triumphant on some of the world's toughest terrain including the Dakar rally. These engineering milestones, together with our commitment to reliability and ingenuity sets us apart. As we continue to move forward, pushing the boundaries of innovations, you can rest assured your Mitsubishi has been built for the time of your life.

ECLIPSE CROSS EXCEED

Black contrasts on dynamic 18" alloy wheels create a sophisticated balance of sport and style. Privacy glass* on the back and rear windows helps prevent unwanted attention while protecting your passengers against UV rays.

Enjoy unobscured vision with front wipers that activate automatically# when moisture is detected on the windscreen.

And as darkness falls, dusk sensing headlights* automatically illuminate in fading light or when travelling through a tunnel.

*Exceed models only. #Not available on ES model.

EXHILARATION MEETS EXCEPTIONAL

Push boundaries without compromise. The sporty, meticulously crafted cockpit of the Eclipse Cross heightens your driving experience, while next generation technology and connectivity enhance driver awareness and control, delivering a more intuitive response to your every command.

Smart Key and One Touch Start[#] allows you to unlock the doors and open the tailgate and even start the engine with one touch of a button, all while your keys are safely tucked away in your pocket or bag.

[#]Not available on ES model.

The Head Up Display in Exceed models conveys vehicle information in full colour above the instrument panel for easy viewing. You can adjust image brightness and display height to suit your preference and time of day. The Head Up Display can be set to extend or retract when you turn the ignition on or off.

Electronic park brake with Brake Auto Hold[#] applies or releases the parking brake with the simple pull or push of a switch. While stopped, Brake Auto Hold keeps the vehicle stationary even if you release the brake pedal. Pressing the accelerator then releases the brake.

STYLE WITH PURPOSE

Exceed model shown.

Intelligent design means interior sophistication and creature comforts extend to every passenger in the spacious Eclipse Cross cabin.

Bolstered seats provide relaxed driver support with Aspire models offering power adjusted driver's seat and heated front seats.

Exceed models offer the extra luxury of leather appointed seats*, power adjusted driver and front passenger seats, with the additional comfort of heated front and rear seats plus steering wheel.

Aspire model shown with optional accessories.

Rear seats feature 9-step reclining. The 60:40 split fold rear seats provide added flexibility and room for those longer items.

A dual panoramic sunroof* brings the outside in. The powered front section opens like a traditional sunroof, while both the front and rear sun blinds can be opened or closed to let in light and breathtaking views.

ALWAYS WELL CONNECTED

The Eclipse Cross features a larger 8" touchscreen with improved Smartphone Link Display Audio[^] (SDA). A true extension of your smartphone via Android Auto™¹ or Apple CarPlay², you can access your phone's compatible apps and get directions, make calls, send and receive messages and listen to music from any source including DAB+ radio. With a smartphone storage tray and USB connectors in the centre console, everything is taken care of. As you navigate freely from inside, there's no limit to the fun you can have.

Eclipse Cross Exceed goes one step further with an integrated Satellite Navigation system. Aspire and Exceed models also feature an 8 speaker and 4 tweeter Mitsubishi Power Sound System (MPSS) to bring your playlists to life.

Primary phone call and music streaming functions can be controlled by voice command that features speech recognition technology. You're always in control, just say the word.

CONFIDENCE ON ANY ROAD

The Eclipse Cross inspires complete confidence in challenging environments. Whether navigating winding roads or snowy conditions, the Super All Wheel Control (S-AWC)[#] system supplies optimal torque to the wheels for enhanced vehicle dynamics.

S-AWC integrates Mitsubishi's proprietary Active Yaw Control (AYC), which uses braking to optimally distribute torque to the left and right wheels.

You can select the NORMAL, SNOW or GRAVEL drive mode depending on road conditions to enhance turning accuracy, straight-line stability and manoeuvrability on slippery roads. An indicator in the multi information display instrument panel keeps you informed of S-AWC status at all times.

The 1.5 litre Direct-Injection turbo-charged petrol engine puts instant acceleration at your command. Developing an impressive 110kW of power and 250Nm of torque for highly efficient and responsive performance.

Eclipse Cross is available with a continuously variable transmission (CVT) that provides smooth, powerful acceleration and outstanding fuel efficiency. For hands on control, 8-speed Sports Mode creates the satisfying sensation of shifting gears. Paddle shifters are mounted within easy reach to allow you to enjoy Sports Mode while keeping both hands safely on the wheel. Shifting is quick and easy, with the current gear position clearly shown on the multi-information display.

NORMAL MODE

Optimal performance for everyday use.

SNOW MODE

Enhances stability on slippery road conditions.

GRAVEL MODE

Superior handling on rough roads for maximum control.

GUIDE. PROTECT. CONNECT.

MiTEC

Mitsubishi Motors Intuitive Technology or MiTEC, is an integrated system* of brilliant innovations in action, working in unison to guide and protect, alert and connect, even entertain. It thinks like you, reacts like you, before you even know it. MiTEC delivers unsurpassed safety and next generation features to the modern-day driver.

These significant safety features coupled with Mitsubishi's Reinforced Impact safety Evolution (RISE) body have earned Eclipse Cross the maximum ANCAP safety rating of 5 stars so you can rest assured you're driving one of the safest cars on the road.

TESTED 2017 ★★★★★

Rear Cross Traffic Alert¹

Mitsubishi's Rear Cross Traffic Alert system helps detect approaching vehicles when reversing. It alerts you via a buzzer sound, and an indicator light appearing in the combination meter and blinking light in the side-door mirror.

Blind Spot Warning² & Lane Change Assist²

Mitsubishi's Blind Spot Warning and Lane Change Assist helps you change lanes with confidence. The Lane Change Assist system sounds an audible alert and displays a blinking warning in the door mirror when the system detects a high collision probability with a vehicle coming from behind moving in the same direction within 3.5m from your vehicle's side or 70m from its rear bumper.

Lane Departure Warning*

Mitsubishi's Lane Departure Warning uses a camera to issue an audible alert and shows a warning on the multifunction display if your vehicle drifts from its lane while the turn signals are not operating.

*Please drive safely and never rely solely on these systems while driving. Drivers are fully responsible for their own safe driving. *Exceed models only. #Aspire and Exceed models only. #Not available on ES model. 1. Do not rely solely on this system, which may not detect all moving vehicles in certain conditions. 2. The detection and control capabilities of BSW and LCA are supplementary only and do not warn you of vehicles in blind spot every situation. BSW and LCA may not activate in some situations.

Forward Collision Mitigation³

Mitsubishi's Forward Collision Mitigation system detects obstructions ahead and issues a visual and audible alert when there is a danger of collision, automatically applying the brakes to avoid collision or reduce impact.

Multi Around Monitor³

Mitsubishi's Multi Around Monitor provides a 360° birds-eye view of your car. The view from cameras mounted on the front, rear and sides of the vehicle (including birds-eye view) can be displayed in various combinations to reveal what is in blind spots and help you park more safely.

Ultrasonic misacceleration Mitigation System^{*4}

Mitsubishi's Ultrasonic misacceleration Mitigation System reduces the chance and severity of hitting obstacles 4m in front or behind when a driver mistakenly presses the accelerator when stationary or at speeds up to 10km/h.

Adaptive Cruise Control¹

Mitsubishi's Adaptive Cruise Control uses radar technology to detect any cars in the lane ahead and adjusts the speed of your car accordingly while maintaining a safe distance set by you.

Active Stability Control

Mitsubishi's Active Stability Control intuitively recognises when you over-steer and applies the brake force to appropriate wheels to keep you stable through corners.

Active Traction Control

Mitsubishi's Active Traction Control helps maintain traction on most slippery or rugged surfaces. Active Traction Control automatically controls the engine output – so driving wheels are prevented from spinning. Sensing loss of traction in independent wheels it then applies braking force to that particular wheel and sends extra power and torque to other wheels with traction, to keep the vehicle moving and in control.

Hill Start Assist

Steep city streets or congested shopping mall ramps are no longer a problem with Mitsubishi's Hill Start Assist technology. It prevents the car from rolling backwards by maintaining braking force to give you time to move your foot from brake to accelerator.

Electronic Brakeforce Distribution

Mitsubishi's Electronic Brakeforce Distribution works hand-in-hand with your car's Anti-lock Braking System computer to assess load and distribute braking force between the front and rear wheels. When you have a load in the rear, it helps you stop in a shorter distance than with standard brakes.

Anti-lock Braking System

Mitsubishi's Anti-lock Braking System allows the driver to maintain steering control of the vehicle and manoeuvre around obstructions in heavy braking situations.

Auto Dusk Sensing Headlights[#]

Mitsubishi's Dusk Sensing Headlights automatically illuminate in fading light or when travelling through a tunnel, allowing you to keep your hands on the wheel and your focus on the road ahead.

Auto Rain Sensing Wipers[#]

Mitsubishi's Rain Sensing Wipers activate automatically when moisture is detected on the windscreen, allowing you to keep your hands on the wheel and your focus on the road ahead.

Auto High Beam[#]

Mitsubishi's Auto High Beam detects both the headlights of oncoming vehicles and the tail lights of vehicles ahead, automatically switching between high or low beams.

#Not available on ES model *Exceed models only. #Aspire and Exceed models only. 3. The detection and control capabilities of FCM are supplementary only and do not prevent collisions in every situation. Please read the operation manual carefully and be aware of these limitations. 4. Ultrasonic misacceleration Mitigation System (UMS) may not activate in some conditions. The engine output control activates when driving; 01-10km/h (not in N or P Position), obstacle/vehicle is within approx. 4m range; accelerator pedal is pushed hard or abruptly; driver is not turning to avoid obstacle/vehicle. The detection and control capabilities of UMS are supplementary only and do not prevent misacceleration in every situation.

MODEL FEATURES

ES 2WD

FEATURES:

- 1.5L MIVEC Petrol Engine
- 18" Alloy Wheels – Two-Tone
- CVT Auto
- Active Yaw Control (AYC)
- Rear Spoiler
- LED Daytime Running Lamps (DRL)
- Climate Control Air Conditioning
- Cruise Control
- Door Mirrors With Integrated Turn Signal
- Seating Capacity – 5
- Fabric Seat Trim
- Smartphone Link Display Audio With 8" Touch Screen
- Android Auto™
- Apple CarPlay
- Bluetooth® Phone Connectivity And Audio Streaming With Voice Control
- USB Media Control (MP3/WMA/AAC/FLAC/Vorbis/WAV)
- 2 x USB Input
- 4 Speakers
- 7 Airbags – 5 Star ANCAP Safety Rating
- Rear View Camera

MiTEC Mitsubishi Motors Intuitive Technology

- Forward Collision Mitigation (FCM)
- Emergency Stop Signal Function (ESS)
- Emergency Brake Assist System (EBA)
- Hill Start Assist (HSA)
- Active Stability Control (ASC)
- Active Traction Control (ATC)

LS 2WD

INCLUDES ALL ES 2WD FEATURES PLUS:

- LED Fog Lamps
- Front Door Trim With Illumination
- Privacy Glass
- Smart Key
- One Touch Start System
- Heated Door Mirrors With Power Fold Control
- Electric Park Brake With Auto Hold
- Rear Parking Sensors
- 6 Speakers
- Roof Rails
- LS Unique Fabric Seat Trim

MiTEC Mitsubishi Motors Intuitive Technology

- Lane Departure Warning (LDW)
- Automatic High Beam (AHB)
- Automatic Dusk Sensing Headlights
- Automatic Rain Sensing Wipers

ASPIRE 2WD

INCLUDES ALL LS 2WD FEATURES PLUS:

- Dual Automatic Air Conditioning
- Mitsubishi Power Sound System (MPSS) With 8 Speakers And 4 Tweeters
- Electrochromatic Rear View Mirror
- 8 x Corner Sensors (4 Front & 4 Rear)
- Microsuede Leather-Look Seat Trim
- Heated Front Seats
- Driver Power Adjustable Seat

MiTEC Mitsubishi Motors Intuitive Technology

- Adaptive Cruise Control (ACC) With Steering Wheel Controls And Stop And Go Function
- Blind Spot Warning (BSW)
- Lane Change Assist (LCA)
- Rear Cross Traffic Alert (RCTA)
- Multi Around Monitor

LS AWD

INCLUDES ALL LS 2WD FEATURES PLUS:

- AWD
- Super All Wheel Control (S-AWC)

EXCEED 2WD

INCLUDES ALL ASPIRE 2WD FEATURES PLUS:

- LED Headlights
- Double Sun Roof
- Leather Appointed Seats*
- Front Power Adjusted Seats
- Heated Rear Seats
- Heated Steering Wheel
- Integrated Navigation System
- Head Up Display

MiTEC Mitsubishi Motors Intuitive Technology

- Ultrasonic Misacceleration Mitigation System (UMS)

EXCEED AWD
